Lady that does pictures for Prom and other events has informed us that people are taking her pictures with water mark on them and sharing. She has requested multiple times to please not do this without purchasing them, which is stealing. We are enforcing a \$50.00 fine to the member that copies and shares pictures without purchase. There will be a text and email sent out prior to prom informing all members of this rule.

Voted All in Favor by the Board

There is zero tolerance for unfavorable conduct. A warning letter is sent on 1st offense and 2nd is dismissal from the Association. This can be from a parent, guardian, sibling or anyone there to see that member. You are responsible for your people's actions.
