Expectations of the TOTF for March 28-29 Memphis Meeting

Transmission Options Task Force Webinar

March 15, 2012

Expectations of TOTF PAs

- Review the Pass_1 model (both Block 1 & 13):
 - Review the list of constraints identified
 - Perform coordinated analyses
 - Develop transmission options
- Present transmission options to the TOTF stakeholders.
 - No proposal developed is final...

Expectations of TOTF Stakeholders

- Review the Pass_1 model:
 - Review the list of constraints identified by the PAs
 - Perform independent analysis
 - Develop alternatives
- Be prepared to bring project proposals to the Memphis meeting to be tested by the PAs

Activities of March 28th Meeting

- PAs will present proposed transmission options
 - Will demonstrate the effectiveness of proposals
- Stakeholders comment on proposed options and recommend alternatives
 - PAs will test/validate the alternatives “live” and in person to determine the feasibility of alternatives
