APPLICATION FOR PRODUCTION PERMIT FOR NEW WELL

Complete one application for each well - Refer to District Rules 3.9 - 3.10.

This application must be completed and submitted in conjunction with the District's Application for New Well Registration (Form NTGCD-100), which will be incorporated and considered as part of this application.

Applicant Information

Name: _____ E-mail: _____

Phone: _____ Ext. _____ Alt. Phone: _____ Ext. _____

Mailing Address: _____
Address City State Zip code

Well Information

Owner Name: _____ Well Name: _____

Well Address: _____
Address City State Zip code

Well Spacing

Does the proposed well location comply with the District's spacing requirements? Yes No
If No, please explain (Application for Exception to Spacing Requirements of the District may be required): _____

Purpose and Amount of Water Use

For each proposed purpose of use of water from the well, provide the proposed amount of use:

Use: _____ Amount (gallons/year): _____

Use: _____ Amount (gallons/year): _____

Use: _____ Amount (gallons/year): _____

Total Amount of Water Requested (gallons/year): _____

Will the entire amount of water requested be put to beneficial use in the first full calendar year of production?
 Yes No *If No, please attach supplemental information describing in detail the projected timeframe for use.*

Aquifer or subdivision water is to be drawn from: _____

Will the groundwater produced from the well be resold, leased, or otherwise transferred to others, whether inside or outside of the District? Yes No

If yes, provide the following:

1. *Description of purpose of use and location to which the groundwater will be delivered:*

2. *Attach a copy of the legal documents establishing the right for the groundwater to be sold, leased, or otherwise transferred (e.g. contract for the sale, lease, or transfer of groundwater).*

Will the groundwater produced from the well be transported out of the District? Yes No

If yes, attach supplemental information describing the following issues and provide documents relevant to these issues:

1. *Availability of water in the District and in the proposed receiving area during the period for which the water supply is requested;*

2. *Projected effect of the proposed transport on aquifer conditions, depletion, subsidence, or effects on existing permit holders or other groundwater users within the District; and*

3. *How the proposed transport is consistent with the approved regional water plan and District Management Plan.*

Hydrogeological Report Requirement

Is the proposed production capacity of the well, or proposed aggregate production capacity if the well is part of a well system, 200 gpm or more? Yes No

If Yes, attach a Hydrogeological Report that complies with all of the requirements of the District's Hydrogeological Report Requirements.

Attachments

Please check off/describe all items attached to this permit application (not all items listed may be required):

Application for New Well Registration – Form NTGCD-100 (REQUIRED)

Location Map Showing Proposed Well Location (REQUIRED)

Hydrogeological Report

Water Conservation Plan (WCP)*

Drought Contingency Plan (DCP)*

Application for Exception to District Spacing Requirements

Other (explain): _____

** In lieu of submitting the WCP and DCP, the applicant may declare via the *Certification* section below that he/she will abide by the District's Management Plan and Drought Contingency Plan, respectively, except in cases where the applicant is required by other law to prepare a drought contingency plan.

Certification – please read carefully

I hereby certify that the information given herewith is true and accurate to the best of my knowledge and belief. I further certify that all water produced from the well that is the subject of this permit will at all times be put to beneficial use. I further certify and declare that I will comply with the District's Rules and all groundwater use permits and plans promulgated pursuant to the District's Rules, the District's Management Plan, and the District's Drought Contingency Plan. My signature below represents my acknowledgement that other political subdivisions (such as the county or municipality, for example) may impose additional requirements related to the drilling and completion of water wells under certain conditions, and that I am solely responsible for obtaining any other necessary governmental approval.

By signing below, I hereby represent and warrant that I have the full right, power, and binding authority to execute this document on behalf of the owner/responsible party. My signature below further represents my declaration that I am responsible for reporting any closure of the well to the District and the appropriate state agencies and that I will strictly comply with all District well plugging and capping guidelines.

I further acknowledge that I am not authorized to drill the well that is the subject of this application until receipt of a Production Permit from the District, and that a District Production Permit is not complete until District receipt of a fully complete and accurate Well Report and Well Completion Form.
