

IS HERE!

We are pleased to offer our members and visitors a direct way to make online donations, including your annual pledge as well as to a variety of other church funds. Just visit our church website (www.firstnw.org) and click on the blue "To Make a Donation" button located below a similar button for accessing our church directory. This will direct you to "eservicepayments.com" where you may create a profile and schedule any contribution you might choose to make, whether it is a one-time donation to the emergency fund, a special offering to our children's fund, or a regularly scheduled monthly pledge amount. Most of our regular funds are available as options.

We hope this new feature will make financial participation in our church ministry more convenient in a day and age when smart phones and web-based commerce are increasingly the norm. The service we are using is endorsed by The United Methodist Church and offers excellent support and security. We also wish to reassure everyone that traditional forms of contribution that have been used in the past, including checks and cash contributions will always be welcome! E-giving isn't replacing our collection plates, but we hope that the added convenience will assist our members and guests with making stewardship a regular part of their participation in the life of our church.

If you have any questions, you may contact Marie Chambers, Financial Assistant (336-838-2691).
