- P14
- b) Public Auction – previously Council had set the parameters for the pending public auction of Lot 4, Block 1, Plan 2941 MC including the auction date of November 14th, 2022. The landowner was working to secure financing to allow them to clear up their outstanding taxes so the public auction was postponed from November 14th to December 21st to allow the property owner this opportunity. Then this auction was further postponed from December 21st, 2022 to January 13th, 2023 to allow the landowners to continue to work on securing funding for these outstanding taxes.

(that the postponement of the public auction for Lot 4, Block 1, Plan 2941 MC from December 21st, 2022 to January 13th, 2023 be ratified)

- P15-16
- c) Brownlee LLP Emerging Trends in Municipal Law Seminar – this annual law seminar is scheduled for Thursday, February 16th, 2023 in Edmonton with an in person cost of \$185.00 plus GST or virtual cost of \$100.00 plus GST.

(authorize attendance of Council and Administration, or accept for information)

- P17
- d) Alberta Municipalities – Munis 101 Course, please refer to the attached December 19th, 2022 email noted upcoming virtual opportunities to take the noted training session over 4 Thursdays from 2 p.m. to 4 p.m. I believe all Council members had taken this course shortly after the 2021 election, if not, here it is again and some may wish to retake the course.

(authorize attendance of Council and Administration, or accept for information)

- P18-19
P 20
- e) Town of Ponoka letter on Medical First Response – please refer to the November 23rd, 2022 letter from Mayor Ferguson to Minister of Health Copping citing the increased strain on rural volunteer fire departments in picking up the slack for medical first response calls as a result of the ambulance struggles throughout the Province. I have also attached

some information put together by Onoway Regional Fire Services Chief Dave Ives on what our fire service is seeing and facing. This matter will be brought up at the next Onoway Regional Fire Services meeting.

(accept for information, or draft a similar letter on behalf of the Summer Village of Silver Sands)

- f) 3 tax arrears properties in Poppy Place subdivision – titles have been transferred to the Summer Village and the CRA Writ discharges are in the queue for processing. We are now in a position to discuss how to dispose of these lots and recover the outstanding taxes on same (offer for sale by sealed tender, list with realtor, or sell through auction). In the past, we have had success with the sealed tender process, which is certainly the least expensive route.

(that the Summer Village of Silver Sands offer these 3 lots for sale through sealed bid with conditions, and noting lowest or any bid not necessarily accepted, or some other direction as given by Council at meeting time)

- g) Draft 2023 Operating and Capital Budget – to be reviewed at meeting time.

(that changes be made to the Draft 2023 Operating and Capital Budget as directed by Council at meeting time, and that this revised draft operating and capital budget be brought back to the next Council meeting for further review)

Hi there,

This is Dang [REDACTED]

I got a letter to remove a shed and materials around it. It bought the lot as is with the shed, it is frozen to the ground and barried in snow, I would like an extension til summer (May 29 or so) when it all melts and I will have it remove and filled in properly so it does not hold water there. And have lot cleaned up. Thanks

Re: Enforcement Order File 22STOP04-31

I am responding to Enforcement Order File 22STOP04-3, in my capacity as Stuart of the property referred to, in the above order.

I would like to inform you that the above order was not received by the owner until December 14, 2022. Upon notification from the owner, I contacted the Designated Officer for the Summer Village of Silver Sands on December 15, 2022 to discuss the order and in the spirit of cooperation, and being a taxpayer myself, have agreed to remove the camper by May 31, 2023, however, in my opinion the camper poses no danger to the public.

This is an unimproved lot with common natural environmental components that function naturally without human intervention including vegetation. I will endeavor to compile other vegetation and seasoned lawn clippings, placed on the lot by others.

Yours truly,

From: David Fowler and Wendy Gartner
Re: Registered letter, Order to Remedy Unsightly Property
Dear: Summer Village of Silver Sands Council,

In response to your registered letter dated November 25, 2022, David Fowler and Wendy Gartner would like to provide the following information and feedback and plan of action.

We picked up this registered letter from the post office on November 29, 2022.

This registered letter included pictures taken of our property at [REDACTED] on October 20, 2022.

At no time prior to the date of the pictures being taken in October 2022 did any person of authority from Silver Sands advise us that our property was not considered to be safe or that there was a requirement to remedy any issue.

We were present at [REDACTED] many times from May through September 2022 sometimes during the week, and almost every weekend, weather permitting, and made significant changes and improvements to the land and building during that time.

Multiple attempts were made to secure a contractor to put siding on the building, but those multiple contractors that we contacted to do the job backed out of the verbal contract and we were unable to secure a reliable contractor to complete the job before it was too late in the season to finish the job.

We want to finish construction on this building more than you want us to finish it.

As Tony indicated to me in a 20-minute phone call, yes, we purchased this land quite some time ago and yes, life happened, and we did not previously have the time and the resources to build and finish this project.

Thank you in advance for respecting that life does happen, and even our best intentions are often sidelined by things that are well beyond our control.

12

This all being said, we made significant improvements to our property at [REDACTED] [REDACTED] in 2022, which was the hiring of a company to facilitate the removal of the 2 large spruce and pine trees at the front of the property that were identified as diseased trees and were a hindrance to moving our trailer onto the property. We hired a bobcat operator who needed to wait for the roads bans to be removed in order to bring in new dirt and level out the land at the front of our property at [REDACTED]

We put a door with lock on the building and did some clean up of the inside of the building and moved in items for the purpose of doing work on the inside of the building to finish the interior of the cabin.

The Order to Remedy Unsightly Property was issued on November 25, 2022, and only gave us 30 days to act on the issue and remedy the situation.

This work would not have been possible in the 30-day window indicated by your Order to Remedy Unsightly Property.

This is an unreasonable time frame. We would have had to hire a contractor to put up siding in the busiest time of the Christmas season in extremely cold weather, about -40 Celsius at the time. No contractor that we could afford would have taken that job as we couldn't even get someone to do the work during the warmest months of the year.

We want to finish and finalize work on this project more than you want us to finish it.

Our plan of action is to secure a reliable contractor that can complete the work on the siding of the building once weather permits. We anticipate this should be completed as soon as possible, weather permitting, which should be in April, May, or June of 2023.

We will get to work on securing a contractor for the work as soon as possible.

We have the financial resources to finish the siding on the building but work on this project is dependent on securing an available and reliable contractor to do the job.

If you have any questions or concerns, we are both available to discuss this issue and can be contacted via the contact information listed below.

Thank you.

David Fowler, [REDACTED]

EOEP offering virtual Munis 101 course as an orientation and refresher

Exec. Assistant on behalf of Dan Rude <EA_DRude@abmunis.ca>

Mon 12/19/2022 9:41 AM

To: Summer Village Office <administration@wildwillowenterprises.com>

Good morning,

The Elected Officials Education Program (EOEP) is offering Munis 101: The Essentials of Municipal Government via zoom over 4 sessions from 2 to 4pm starting on Thursday, January 12 and running January 19, 26 and February 2.

Whether you recently joined municipal office via a by-election, are a veteran elected official, or somewhere in-between, this course has something for you.

Munis 101 was developed with the support of Municipal Affairs to meet orientation requirements in the MGA. It is facilitated by municipal experts with experience in municipal law, administration and finance, who share their wisdom and create space for participants to learn from each other over the course of the four sessions.

While EOEP courses are designed for elected officials, CAOs are welcome participate. Only elected officials are eligible to receive the Municipal Elected Leaders Certificate bestowed in partnership with the University of Alberta's Augustana Extended Education program.

Click [here](#) to register and visit [eoep.ca](#) to learn more about the program and course offerings.

Sincerely,

Dan Rude Chief Executive Officer

Office of the Mayor

November 23, 2022

Honourable Jason Copping
Minister of Health
432 Legislature Building
10800 – 97 Avenue
Edmonton, AB T5K 2B6
health.minister@gov.ab.ca

Dear Minister Copping:

I am writing to you on behalf of our Ponoka Volunteer Fire Department. Actually, I think I could be writing on behalf of most volunteer fire departments in rural Alberta. However, right now I am very concerned for the volunteer fire fighters of my community who bravely step forward and protect us all.

My main concern is with the current state that we find our ambulance service in. This is something that isn't new. It has been brewing for a number of years now and I believe we are about to hit critical mass, which means we are not too far away from doing far more damage to all of our emergency services, simply because we cannot collectively get a handle on how to manage this situation.

On November 21, 2022, we had an incident in the Town of Ponoka, where a pedestrian was hit on one of our roads by a motor vehicle. The first responders on the scene were our volunteer fire fighters. They had an ambulance dispatched from Bashaw which is about 30 minutes away. Ten minutes after the dispatch it was rerouted to Red Deer. By this time the next dispatched ambulance was to come from Leduc, 42 minutes away. In the meantime, the patient was seizing and his heartbeat had dropped to 28 beats per minute. At that time rather than continue to wait for an ambulance and lose the patient, our firefighters made the decision to pack him into the box of one of their pickups, and with a police escort got him to our local hospital. This is a summation of the report I read, and the complete absurdity of this situation I find astounding.

Two months prior, on September 21, 2022, we had a shooting in our downtown. Once again, our volunteer fire fighters were first on the scene because an ambulance had to be dispatched out of Red Deer, about 45 minutes away. In the meantime, our volunteer fire department bandaged and stabilized the victim, and some of the members learned how to deal with a person who had their ear shot off.

In the last year our volunteer fire department has been the first to arrive on the scene of a medical event 18 times. They do this for the love of their community, and are not being paid-----I would say for them money is not the issue. What is the issue is that after they have been faced with the trauma of a catastrophic medical event, they then have to go back to their real jobs the following day. So I put it to you, that while we are trying to somehow figure our way around this ambulance crisis, we are doing it on the backs of our rural volunteer fire fighters. I represent a rural municipality, and I am telling you what I see is that my friends, neighbours, and fellow citizens are being put at risk on a daily basis because we can't figure this ambulance thing out.

We are running out of time and something needs to be done not only for our cities, but for our rural communities too.

Yours sincerely,

Kevin Ferguson
Mayor

Executive Committee,

At the last meeting, I was asked if medical calls wait times for ambulances were going up. My off-the-cuff answer was "We are certainly busier, but I don't know if the average time we are alone is longer." This precipitated a request for a report on ORFS engagement on AHS callouts. I will provide some graphs and a narrative at the next meeting, but have included the highlights for you below. After the highlights is a copy of the data set I have used for this report.

Highlights:

- Medical Calls are up 32% year-over-year. This has put pressure on EMS and on your fire department.
- Fire First to the scene as per quarter breaks out as 60%, 58%, 71%, 63%. At first glance, these numbers would suggest fire has been taking the first-on-scene brunt of the 32% increase in medical calls. However, when comparing the call volume increase per half-year (medical call increase 31% & 32% comparatively) this is not likely the case. Instead, the data suggests there has been a slow-down (fire first 59% vs 68% of the time) in AHS response during the second ½ of 2022.
- Fire's time as the sole PT care provider (other than first aid/bystanders) per quarter tends 8min, 12min, 12min, 10min. While the fourth-quarter reduction in AHS lag-time when not first on scene; when comparing the first half of the year to the second (10min to 11min), the fire department is alone with the patient 10% longer.
- Delays in excess of 20-minutes are not out of the ordinary with the longest time the fire department provided patient care alone in 2022 was 47-minutes.
- With a limited data timeframe, it is difficult to tell if the early trending is an anomaly or the new normal. It is clear that the fire department is a critical piece of the pre-hospital care strategy. However, watching trends only shows a part of the picture. What is arguably more important would be a clinical opinion on how long is too long to wait for an ambulance – even with BLS care from the fire department. To this end, I am considering asking our Medical Director Dr. Richard Martin for his advice.

Summary:

- The fire department attended 32% more calls in 2022 when compared to 2021
- The fire department is arriving first 15% more often when comparing the first half of 2022 to the second half
- The fire department is spending 10% more time as the sole caregiver when comparing the first half of 2022 to the second half.
- In a nutshell: The fire department arrives first roughly two-thirds of the time the spends 10-minutes 27-seconds alone with the patient, but regularly fills in for an ambulance for periods longer than 20 minutes.

SVSS Council Meeting January 13, 2023

Update from November 25, 2022 Council Meeting

1. Snowmobilers continue to ignore No Off Highway Vehicle signs and move them to pass into drainage areas.

New Items

1. Working on organization and storage in the Quonset. Put in a new office area and fresh paint. Cleaning out obsolete stored items.
2. Have had numerous problems with the alarm triggering at all hours. One sensor seems to randomly go off if it is stormy or cold. Currently have sensor disabled. Possibly upgrade the alarm system, potentially to a wi-fi enabled unit with some cameras.
3. Overhead door requires maintenance, as the cable keeps coming off, or binding.

To the Council members of the Summer Village of Silver Sands:

My name is Chaddie Langman and I am the new Library Manager at the Darwell Public Library. The Darwell Public Library Society and library staff would like to take a moment to offer our sincere gratitude for the contribution that the Summer Village of Silver Sands makes to our community library each year. The \$1500.00 the library received from you this year will go towards providing programs and services to our community that will help them to read, discover and connect at the library. During July and August, the library ran an amazing 7 week Summer Read Program that was well attended by many families in our community. Each week there were several crafts and activities organized and we had over 25 kids of various ages that logged their summer reading hours with several ambitious readers earning prizes. We run a monthly children's craft program where we have an afterschool snack then get right to work learning, creating and most of all having fun! The library has recently started a Friday afternoon program for students in grades 6 and 7 with hands-on STEAM activities. Organizing and facilitating these programs has given me an opportunity to really get to know the kids and families in this community and I am truly grateful that the funds the Summer Village of Silver Sands provide the library will allow us to continue to run and expand on these types of programs for this community.

With sincere thanks,

Chaddie Langman

West Inter Lake District Regional Water Services Commission
Box 8
Alberta Beach, AB. T0E 0A0

Att: Lorne Olsvik, Chair

Dear Lorne:

Re: Membership in the WILD Water Commission

In reference to the above noted, please accept this letter as follow-up to our October 29th, 2018 letter requesting information on potentially becoming a municipal member of the WILD Water Commission (copy attached).

As discussed at our November 25th, 2022 meeting, the Council of the Summer Village of Silver Sands is still very interested in potentially becoming a member, and we ask for the Commission's consideration of same. It is exciting to see the progression and construction of this waterline in our region, and we commend the Commission on its vision and commitment to get this project completed.

We thank-you for your consideration of our request, *and wish you and yours, along with the entire Commission board and staff, a wonderful holiday season and all the best in 2023!*

Yours truly,

for Bernie Poulin

West Inter Lake District (WILD) Regional Water Services Commission
Box 8
Alberta Beach, AB. T0E 0A0

Att: Lorne Olsvik, Chair

Dear Lorne:

Re: Membership in the WILD Water Commission

In reference to the above noted, and our attendance at the October 25th, 2018 meeting in Seba Beach with Betula Beach and South View, please be advised this matter was discussed by the Council of the Summer Village of Silver Sands at their regular meeting of October 26th, 2018.

Further be advised the Summer Village is very interested in becoming a member of the WILD Water Commission and being part of this regional waterline initiative. Council is requesting information with respect to potential buy in costs, capital costs and annual operating costs. Also, the Summer Village is requesting the Commission give consideration to the feasibility of constructing a truck fill station near Twp Rd 540 and Rge Rd 52 which would service properties within the Lake Isle area.

On behalf of Council and the residents of the Summer Village of Silver Sands, we thank the Commission for allowing us the opportunity to join at this time, and look forward to further discussions on this project.

Yours truly,

Bernie Poulin
Mayor

Good afternoon,

The meeting for Darwell Lagoon Commission that was scheduled for January 6, 2023, has been cancelled. There was discussion at the Lac Ste. Anne County Council planning meeting today, around the funding for the 10% of Phase B. LSAC has decided that LSAC will be picking up the 10% cost of the 11 Million. Further discussion to happen at the next Darwell Lagoon Commission meeting which will be call of Chair. If you have any questions, you can reach out to Joe Blakeman, or myself.

**Thank you,
Trinity Hindes**

NEWS RELEASE

ASVA Members,

We would like to advise that our Executive Director, Sherry Poole has resigned and is therefore no longer with ASVA.

The ASVA Board is extremely happy to announce that Deb Hamilton has accepted the role of Interim Executive Director effective immediately. Deb has a great history with ASVA having been our Executive Director from 2019 to 2021. Her experience and knowledge of ASVA and with municipal government will be a great asset as we transition to our next Executive Director.

Please welcome Deb to her new role.

I would also like to take this opportunity as we approach year end to thank all of our Members for their continued support of the ASVA. The ASVA Board works hard representing your interests to the Government of Alberta and to our sister organizations, ABmunis and RMA. We wish you all a Merry Christmas and look forward to great 2023.

Sincerely,
Mike Pashak
President, ASVA

Dear Community Leader:

Over the last number of weeks, many of our Alberta municipalities have been in contact with government, requesting further information and clarification on a number of items related to the provincial changes to victim services announced July 19, 2022, and scheduled for implementation by April 1, 2024.

I have heard from the many of you about your concerns with the redesign initiative. I am writing to provide clarification on a number of points.

I would like to reassure you the move to a regional governance model for police-based victim services units has always been intended to improve the consistency, stability, and continuity of services received by victims of crime across all regions of the province - municipal, rural and remote. It was also designed to ensure that all victims would continue to be supported locally, by dedicated workers and volunteers from within and around their own communities. While board governance is moving toward integration, all front-line services remain local. I appreciate this opportunity to provide further information about the ongoing redesign work that has occurred to date as it relates to your community and others like it.

Is victim services being removed from your community?

In short, no. The new governance model will empower more than 130 paid, front-line victim caseworkers (full and part-time equivalents), each of them living and working in the communities they serve now. Our new model never contemplated centralizing front-line victim caseworkers in a regional office. They will continue to be co-located with RCMP members in their local detachments, work alongside their volunteer advocates, and be supported not only by their regional boards but also by a new, full-time centralized professional support staff (CPSS); one CPSS for each region. These CPSS teams will consist of, at minimum: an executive director; human resources professional; regional operations manager; regional court support coordinator; cultural safety specialist; admin/office manager; qualified financial management professional; and a retained legal resource.

For smaller, rural and remote communities in Alberta, the new regional governance model for police-based victim services means all areas of the province will have uniform, flexible and sustainable victim services. The new layer of full-time, professional support staff for front-line victim caseworks will stabilize and improve programs above and beyond what is offered under the current governance structure. Front-line caseworkers will have more time to focus on working alongside volunteer advocates and with their local RCMP officers to support victims in the immediate aftermath of a crime, to provide court support within an integrated and coordinated court support program, and for engaging with local and community partners.

How will our communities be represented at the regional level?

As stated, front-line staff will work in the same detachment areas in which they live, as will their cadre of volunteer advocates. The new regional governance boards themselves will be virtual in nature, and will consist of members from communities all across the region. While every detachment area will not necessarily be represented at the board level, no more than one board member per detachment area will be selected.

Did the MLA-led review ever seek to engage municipalities, and did it engage local victim services units (VSUs)?

The MLA-led review of victims services took place over 2020/21 and included participants from the Rural Municipalities of Alberta and the Alberta Municipalities. Other individuals and organizations engaged during this period included MLAs from across the political spectrum, volunteers and staff at police-based VSUs, victim-serving community organizations, a variety of police service representatives, the RCMP, legal experts and Indigenous organizations. Alberta held about 40 engagement sessions, with around 150 stakeholders and organizations attending. The Victim Service Redesign is based on feedback received during these engagements and reflects the final report and recommendations of the MLA-led review. The Victims Services Redesign team continues to meet with affected and/or interested groups and municipalities to gather any outstanding questions, concerns and suggestions. These meetings have already been instrumental in informing improvements to the model.

Will there be a reduction in scope of services provided by the new victim services model, and will this new model serve Albertans who have been traumatized by non-criminal and tragic events?

As Minister of Public Safety and Emergency Services, I recognize that services other than those provided solely to victims of crime, such as for victims of non-criminal trauma, are incredibly important to Albertans. As such, Albertans will not experience a reduction in services currently available, now nor when the new zonal model is implemented. If legislative amendments to the Victims of Crime and Public Safety Act are required to assure this, then our government will pursue those.

Are program managers and other staff guaranteed jobs or do they have to re-apply for positions within the new zonal model?

The hiring of the victim caseworker positions will be the responsibility of each new executive director and respective support staff group. GOAVS will collaborate with the support staff groups, preferring a process that honours the skills and experience of the current cadre of police-based victim services workers. We will be recommending that current VSU employees be invited into a stream-lined on-boarding process prior to any positions being advertised publicly.

These changes to victim services in Alberta are an exciting step forward to ensure victims in our province have the help they need when they need it most. Over the next year, we will continue to work closely with municipalities and Indigenous communities to design and implement the new service delivery model. To ensure that you continue to have the most accurate and up to date information about the new victim services redesign, I encourage you to maintain direct contact with the Director of Victim Services Trent Forsberg at Trent.Forsberg@gov.ab.ca. He would be happy meet with you should you have any future questions, concerns, or suggestions. We look forward to continuing to engage Alberta municipalities on this important initiative.

Thank you for your ongoing commitment to ensuring the needs of victims in your community continue to be met.

Sincerely,

Honourable Mike Ellis, ECA
Minister
