Dear Family and Friends,

February 2019

PLEASE REMEMBER to **label** all of your children's items. **Coats and hats are important for this time of the year.** Our weather temperatures are always colder because our school is located across from Lake Michigan. I will inform you, via email, when we plan on going outside to play in the snow.

February is National Dental Month. During Community Helper Week we will have helpers visit our school and share their occupation. We will enjoy role playing and art projects that make this week special. On Valentine's Day we share Valentines with our friends in class. Please bring Valentines to share, we have a total of 9 children. Information for Valentine's Day will be provided via email.

Each day I will list the activities we enjoyed during our time together on the **Whiteboard** located outside of our door.
