

Kendall County Republican Women

Cordially Invite You to Attend Our February 2019 Luncheon

February 12, 2019

11:30am-1pm

Speaker:

David H. Garrison, J.D.

“How Universities are Setting Up a Generation for Failure”

Garrison is a popular conservative speaker who has presented to our group before, but he is back by popular demand with a **new** topic: **“How Universities are Setting up a Generation for Failure”**. Garrison will present his beliefs on how American universities are fostering ideologies that are causing students to think in distorted ways. “College students,” Garrison says, “are being encouraged to desire ‘safe places’, protection from ‘triggering words’ and to oppose traditional American values. As a result, he says, students have become more liberal, less religious and intolerant of different views. Dave will discuss these recent trends, as well as what we can do, as Republicans, to help stem this tide.

Please Bring a Friend and Get Involved This Year!

This is going to be such a great year! We have some a great new Congressman (Chip Roy), and he and his staff (District Director is Nathan McDaniel) will be hard at work in the coming weeks and months. We also look forward to continued outstanding representation by State Senator Donna Campbell, and State Rep. Kyle Biedermann.

We also have some dynamic new locally-elected officials, including KCRW's own Nicole Bishop and Kirsten Cahoon, Richard Chapman, and Darrel Lux. We also are proud to have as our members a host of precinct chairs, city and county officials, judges, and regional office holders and official from other Republican clubs in the area.

Lastly, if you have an idea for a speaker or you have contact information for someone that we should get in touch with, please let us know. We strive to bring you the best presentations and topics that are relevant to Republicans. *And lastly... thank you for being a member, or renewing your membership in 2019!*
