UBAM

United Business Association of Midway

The purpose of this Association
shall be to encourage, to support
and to develop a strong and active
business community

The United Business Association of Midway began in 1985 as an association with the intent to increase and maintain the economic stability of businesses impacted by Midway Airport.

In 2002, Midway Airport became an International hub. It changed the landscape of the southwest side. It impacted the surrounding communities with increased traffic flow and more visibility opening up business opportunities. UBAM led the way in helping business owners meet the opportunities and challenges of growth. It is the resource to give business members the information and tools needed to be successful.

In these challenging times we continue to address the changing issues influencing economic growth preserving and enhancing the cultures of a diversified business community and the quality of life of the residents.

Consider being a part of the ever evolving force to keep our communities viable and expanding.

JOIN UBAM TODAY

Start taking advantage of all the benefits provided by the most innovative southwest side business organization:

Join UBAM ! Our " no nonsense" business meetings will provide information, networking opportunities and a strong support group of knowledgeable business leaders!

UBAM AT WORK

Cong. Sean Casten (D-6th), at center, along with Ald. Marty Quinn (13th) and Ald. Silvana Tabares (23rd) joined the UBAM board of directors for a discussion covering issues of pending legislation related to business, infrastructure and jobs.

UBAM partnered with Nathan Hale Elementary School to develop & expand their community garden.

UBAM board members and Fair Share staff gathered as a delivery truck was loaded with boxes of food and other necessities for UBAM'S 23rd annual "Something for Seniors" holiday fundraiser.
