

Name: _____

Working College List

Final College List 8-12 Schools

Reach Schools (2-3)	Likely Schools (4-6)	Safety Schools (2-3)
A REACH school is one where a student's GPA & test scores fall well below the school's range for admitted students. Reach schools should be difficult, but not impossible, for students to gain acceptance.	A LIKELY school is one where a student's GPA & test scores either match, or fall slightly above or below, the school's range for the average admitted student.	A SAFETY school is one where a student's GPA & test scores are above the school's range for the average admitted student. Students should be reasonably certain they will be admitted.
