Section F Expansion

The Town Board of the Town of Union Vale proposes to establish a Special Permit in the RD10 District for Catering Facilities with a Temporary Lodging Component and the Elimination of Conference Centers as a Permitted Use in the RD10 District.

With respect to impact mitigation, the entire purpose of the legislation is to allow for limited venue services and residential-style short term accommodations without the negative impacts associated with “conference centers.” Conference centers are currently allowed in the R10 district. This legislation would make conference centers a prohibited use in the R10 and add catering facilities as a special permit use.

By creating a special permit specifically tailored to the type of catering facility deemed appropriate in the district, the Town exercise control over the impacts of any such development while encouraging attractive designs in keeping with the character of the district and the Town as a whole.

Limitations on the number of overnight lodging rooms available as well as tailored setback and design criteria ensure low impact development.
