

Principals,

I would like to share with you our positive experience of working with Best Results Fundraising this past month. In 26 years of working in education I have never been more pleased with a fundraising company. Best Results showed us what they had to offer with the promise of exceptional service from their company. They had no problem fulfilling ALL of their promises.

Fundraisers are always a considerable amount of work for the school that runs them. With Best Results "*White Glove*" service we did little to nothing to help with the fundraiser. Best Results organized a very motivational kickoff assembly, separated the packets by teacher, collected the order forms, counted the money and orchestrated all parts of the delivery. Staying until 6 pm to hand out all the products to parents. They even handled any NSF checks and money collection issues. My secretaries simply collected the orders every morning and put them in a box for pick up on a daily basis.

The team at Best Results has over 30 years combined experience in helping schools. They are a family owned and operated company located in Powell. They are Ohio born and raised which we liked!

Without hesitation, I would encourage you to reach out to Best Results Fundraising for all of your fundraising needs, big or small. The Holmes family which own the company are genuine, honest, friendly, and always approachable. It has been a pleasure to work with Best Results and we look forward to a continued partnership with them. Our PTO has signed up for the Fall 2016 fundraiser and I have renewed for our Spring 2017 fundraiser.

Please feel free to contact me if you have any questions regarding this recommendation. You can reach, Eric, at Best Results fundraising at 614-327-0840.

Have a great week,  
Denise
