

Southeastern DanceSport Championships - Jan 25-27

Dear Amateur Teacher;

We are looking forward to another Southeastern DanceSport Championships. Our goal is to provide a quality experience that focuses on true DanceSport competition along with a positive environment for your students. Should there be any uncontested events, the judges will be using the new O2cm Single Evaluation System. This allows the judges to evaluate your student's performance by using a 1-10 score that provides valuable feedback to motivate your student to the next level.
