

## **PRODUCT DATA SHEETS**

### **BURGESS ELECTRIC THERMO FOGGER – ODOR CONTROLLER**

#### **DESCRIPTION**

**Burgess Electric Thermo Fogger** is a versatile odor-control electric sprayer/fogger that produces “dry fog” instead of damaging wet particles. This fogger may be used to apply water base chemicals or to apply solvent for deodorizing, disinfecting, flame-proofing, fabric protecting, etc.

#### **FEATURES**

- **PENETRATES CRACKS AND DENSE AREAS MORE THOROUGHLY THAN MIST SPRAYS**
- **RECOMMENDED FOR TREATMENT OF LARGE AREAS**
- **LESS LIKELY TO BUILD-UP ON OILY RESIDUE ON PLANTS, FURNITURE UNLESS OVER APPLIED**

#### **USE AND DIRECTIONS**

Thermal fogging is the third step in the Unsmoke Structural Smoke Odor Removal 3-step procedure. Read product label for complete directions.
