

Locating and Defining the Model and Serial Number

Location of the model & serial number sticker is on the rear (hot side of the unit) on the lower left-hand side. If the condenser grille is on you can look in-between the louvers to see the sticker. The model & serial number sticker for the WKS & WKSL models are located behind the discharge grilles. The warranty starts on the date of purchase not the date of install.

Definition of Unit Serial Numbers

One Letter & 6 Digits (started Jan 2007 – Present)

G011001 G=YEAR (2007) 01=MONTH 1=MODEL 001=1st unit built that month
H=2008, I=2009, J=2010, K=2011, L=2012, M=13, M=14, P=15, S=2016
