

Erik Madore – Hook Tender

Erik or Moose as the guys call him started logging in the summer of 2014. He wanted to follow in his father's footsteps and knew A.F. Timber would provide a great opportunity for him to start his career in logging.

Erik, like most loggers loves the outdoors. When he is not on the hill his favourite things to do are dirtbiking, hiking, boating, or just exploring the Kootenays with his buddies.

He thinks the best part about being a logger is rigging trees, he feels that it provides the best views around. He is motivated by the different challenges that logging provides each and every day.

A fun fact about Erik is when he was in grade 5 his family moved to the Dominican Republic for a year. It was a fantastic life experience to be immersed in a different culture, to learn a new language and meet new people.

These life experiences have contributed to his strong work ethic, given him confidence and leadership skills that he demonstrates every day on the hill and on the landing.

Erik has logging in his blood and is gaining skills rapidly to fulfill a successful logging career.

We are fortunate to have Erik as part of the A. F. Timber team.
