Dance History in the Current World

June 22 – 26; Ages 13+; 1:30 – 3:00, Mon.-Fri.; \$50/week, \$15/day

Join us for a weeklong exploration of how our current dance world was shaped, and how your role in the current world is shaped by dancers of the past. Each day, we will explore a different topic: variations in ballet, the origins of jazz, the signature movements that comprise modern/contemporary dance, dance composition, and dance on film. Advanced dancers ages 13 and over can participate in the full week or chosen days. Movement will be used to promote and explore these topics, but most of the information will be provided in an interactive lecture format.
