

RecoveryWerks!

Changing the world through recovery one **underserved** community at a time

Our Mission:

RecoveryWerks! provides proven recovery support services in a safe and nurturing environment for teens and families in rural communities affected by substance use. We educate, partner with local agencies, and advocate for strong community support systems to reduce the stigma of addiction and increase recovery success.

Our Beliefs:

Recovery works when there is a belief in a Higher Power.

Recovery works when physical, mental and spiritual issues are addressed as a whole.

Recovery works when clients are empowered to break the cycle of addiction and dependency through the 12 steps.

Recovery works in fellowship when clients feel safe and have access to education, counseling, sponsorship, and support groups.

A donation to RecoveryWerks! has a huge impact towards bringing recovery to teens and families in our community.

You Are Not Alone!

These are turbulent times for many of us, not only with the “settle in place” directives we are seeing across the county to combat the threat of an infectious and lethal disease, but also when it comes to dealing with the primary, chronic, progressive and deadly disease of Substance Use Disorder. A disease that grows stronger through isolation and loss of connection.

Trying to get help for this disease in the best of times is difficult. The usual obstacles being denial, fear of asking for help, or fear of being wrong, or worse - right. The new obstacles we are facing include working from home, not working at all, the kids being home all the time or not at all, and the use of the computer for meetings for us older ones.

Please know that RecoveryWerks! is here for you even during these “social distancing” times. We have transitioned to separate online meetings every Monday and Wednesday at 7:00 PM for family members, and online meetings Monday – Saturday at 7:00 PM for young people. Each week at one of the weekend meetings we will even have a sober social activity for the young people. Additionally, New Generations online meetings are available at 5:00 PM on Friday evenings. Counseling appointments are also available by phone for all group members. To schedule an appointment, parents/partners are encouraged to call 830-310-2585. Teens, young adults and siblings can schedule an appointment by calling 830-312-9612.

No one has to go through this journey alone! The staff at RecoveryWerks! is here, willing and ready, to walk alongside you.
