

Matt Collins - Frosh Assistant Coach

Matt joins the MVHS football staff after coaching sprinters at Mountain View for the past four years. Matt was born and raised just outside Boston, Massachusetts where he graduated from Acton-Boxboro Regional High School (State Super Bowl Champs '95) in 1996. Although a multi-sport athlete throughout high school, Matt focused on track his senior year and was the 300-meter hurdle state champion and continued hurdling through college at Westfield State University. After a second-place finish at the NCAA championships, Matt graduated with a Bachelor's degree in Mathematics and Secondary Education in 2000. Matt taught and coached in Weymouth, MA until moving to Bend in 2009. Matt specializes in speed mechanics on the track and the football field, making the Cougars a more dynamic team that others have a hard time catching. Matt teaches Mathematics at MVHS and lives in Bend with his wife, Hillary and their two children, Awbrey (7) and Avery (4).
