

Here are some guidelines:

- at the time of purchase, 70% of all previously paid rent, including tax, can be applied to the purchase of an instrument

- if the 70% rental credit exceeds the retail value of the purchased instrument, the remaining credit is retained by The Violin & Fiddle Shop and cannot be used by the buyer as store credit

- rental credit of two or more instruments cannot be combined

- if a rental is returned and no use of the credit is made, then the credit is forfeited. Accrued credit is available for 30 days after a rental instrument is returned.

- Credit can only be used towards a new instrument

- Minimum purchase prices with use of credit are: \$325 for violin, \$425 for viola, and \$1000 for cello.
