Dear friends - Lisa and Family.

How are you. I hope you are fine like me here in school.
First receive greetings from Dennis, me and my parent we all miss you. In my studies I am doing well. I thank you for the support you have given me since I came in this school 2015. We pray to God for you to continue with the same spirit of helping me. Because of your support here in school. I keep myself busy. I am praying for you to God to bless you. May God bless you.

Yours lovely
