STRIP OFF – PAINT AND GASKET REMOVER

DESCRIPTION

Strip Off is a fast-acting, water –flushable paint stripper. The thick gel clings to vertical surfaces to remove paint, varnish, lacquer, enamels, acrylics, shellacs, etc. It works on metal, wood, stone, tile, glass, ceramic, and metal parts. Also removes, gaskets, decals, and spray paint graffiti.

FEATURES

- **GEL FORMULA CLINGS BETTER TO VERTICAL SURFACES**
- **REMOVES PAINT, VARNISH, AND LACQUER (FROM MOST SURFACES)**

USE AND DIRECTIONS

SHAKE WELL BEFORE USING. Hold can 8 to 10 inches from surface. Spray liberally. Allow dwell time until paint or gasket is blistered. Remove with a wire brush, putty knife, or high pressure water. Repeat procedure for stubborn or hard to remove areas. Clean surface with solvent or water and allow to dry.

Contains Methylene Chloride, which has been shown to cause cancer in certain laboratory animals. Overexposure may create cancer risk. We recommend the use of this product outdoors. If you must use it indoors, open all windows and doors or use other means to ensure fresh air movement during and after application. Obtain professional advice before using. A dust mask will not provide protection against vapors; however, a properly use respirator may give additional protection. Use in basement or other unventilated areas is not recommended. Close container carefully after each use. Dispose of by wrapping container and placing in trash collection.
