

FROM THE PRESIDENT

GaSCar July 2021 Presidents Message

I have to apologize for the lateness of this President's Message but Lois and I have done an inordinate amount of traveling in June. Early in the month we went to Hawaii for a week. It was really enjoyable but a week after getting back from there we had to load up our truck with beach stuff and head off to the ocean with our family for another vacation. We had a great time and it's wonderful to see the kids and all but it seems like we don't "snap back" quite as fast as we used to from these adventures. Anyway, it sure is good to be back home. Maybe we don't age quite as well as our old cars!

Last month, June 19th, GaSCar met at John and Sandra Moore's in Trenton, South Carolina. Although the official Peach Festival was canceled for this year, I was told that our informal "Peach Festival" at John and Sandra's was a rousing success with over 60 car fans in attendance. The BBQ and other entrees from Shealey's were very good and our GaSCar ladies did their usual outstanding job with the desserts and side dishes. One member, (whose initials are Ernie D) was reported to have overdone with Sandra Moore's peach cobbler. Another GaSCarian commented to me that the food

and all were great but seeing all those beautiful old cars in such an appropriate setting was the icing on the cake of a wonderful Saturday afternoon. I am proud to be part of a club where the members so selflessly give of their time and facilities to make our hobby so gratifying.

Our good news this month is that we will be able to go back to our regularly scheduled meetings at Fox's on the third Tuesday of the month at 7:00. For July we plan on a short business meeting followed by a cruze-in to the nearby Sonic on Wheeler road. These are always enjoyable so bring your antique car and your appetite.

Be sure to check your newsletter for details on future upcoming events and drive your vintage car there if possible. However, with the increased traffic in my area around Lewiston road and I-20, I have decided to retrofit disc brakes on the front of our 56 Dodge. If it works I'll comment on the process at our club meeting.

As always, remember to keep our sick and ill members in your thoughts and prayers. God makes a difference!

Happy Antique Motoring!

Gerald Melchior
