# Thank You For Your Pledge

# Against All Odds

"surviving against the odds"

"Free Store"

Against All Odds was founded in 1999 as a breast cancer organization supporting minority women and their families. Over the years, we've grown to include all cancer survivors and men. We provide those survivors and patients with essential needs, and since the pandemic, we have included those individuals and families in the under-served community with their essential needs. As a result, we have opened "Lillian's," a free store inside the Lansing Mall (near the old Macy's).

The store offers a shopping experience to those families and individuals experiencing homelessness, living in shelters, or in need of support due to limited income, no income, or disabled and living on a fixed income. Those who cannot meet their basic needs of clothing, shoes, coats, household items, and personal hygiene items. Shop by appointment ONLY. You get a 30 minutes shopping experience, and everything is FREE!
