

## JOANNE WILLIAMS

I am an election candidate running for another three year term on the Board of Directors. My goal is to finish the improvements in the pool area including the parking and handicapped spaces for residents as well as the addition of a Splash Pad for community children prior to next pool season. Another goal is to form Committees reporting to a board member offering residents an opportunity to participate in community goals and decisions which was offered in the past. Community involvement is important to the success of current and future projects and the Board wants your input and support.

Thank you,

Joanne Williams

## SHERRY ZIEGNER

I am running for another term as a member of the Board of Directors, Covington Woods Subdivision. I have lived in the subdivision since 1992 and enjoy being active in the community. In past years, I served as Chair of the Crime Watch committee reporting to the Board and assisted in communicating to residents of National Night Out activities.

For the past 4 years as a Board member, I have served as Chair of the Beautification Committee which awards residents in the subdivision for Yard of the Month and Brite Spots during the months of May, June, July and August. Also, the committee has various recognitions for holiday decorations in December.

I am the Assistant to the Vice President for Administration at Rice University and have been at the university for 24 years; a great higher ed environment. I believe my experience and organizational skills assist me in duties I have as a Board member. I hope to be re-elected to assist the residents of Covington Woods in keeping our subdivision a great place to live.

Thank you,

Sherry Ziegner

## RICARDO BRAVO

I have been a CW resident for 10 years. I have served in several boards in different capacities and would like to serve in the community I live in. I am an Area Executive Chef for Driftwood Hospitality and am currently serving with the executive board. As the president of our community swim team, I know I would be and can be an asset to our board and primarily our community.

Thank you,

Ricardo Bravo
