A person, family, or partnership may join the Buffalo Farmers Market. We are non-profit and all fees are for promotion of the market. Our selection committee will verify you meet our requirements and determine which new vendors fit the best in our market. Summer Market is May thru October. The summer season fee is \$75 and is good for the whole season. There is no weekly fee option. An additional \$50 fee is charged for drive up spots.

All items offered must be grown/raised/made by member, and done within a 25-mile radius of the market. The manager may waive this requirement if your product is missing from the market or for other special reasons.
