THE CHIMINEAS RANCH FOUNDATION

LIFE MEMBERSHIP

FAMILY LIFE MEMBERSHIP

The purpose of this foundation is to protect and enhance the ecological assets of the Chimineas Unit of the Carrizo Plains Ecological Reserve and to help provide opportunities for wildlife dependant recreation, education, and research activities compatible with conserving the biological integrity of the reserve.

SUPPORTING THE FACILITY, THE WILDLIFE, & THE LAND...

LIFE MEMBERSHIP: The maintenance of the conservation education facility, support for biological studies, sustaining fragile ecosystems, enhancement of critical habitat, increased access for compatible recreational activities and the preservation of the history and ranching heritage of this great property is dependant upon your donated dollars.

State budget dollars have never been sufficient to provide for the full maintenance and enhancement of the facility. On-site care taking, security and the hosting of user groups are all dependant upon support from the Foundation. The Foundation contributes all revenues back to the ranch through annual program funding and the Endowment Fund. Ultimately the Endowment Fund revenues will fund a full time management program for the ranch that will focus on ecological enhancement.

FAMILY LIFE MEMBERSHIP: The Foundation also has other opportunities for donor recognition that are linked to major gifts. Please contact the Foundation office in that regard.

The Foundation has no paid staff and board members receive no compensation for their services. 100% of your donation to the Foundation comes back to the Chimineas Ranch to support the mission of the Foundation.

Become a LIFE member today and insure that the Chimineas Ranch will be preserved for future generations to come

This brochure is intended as an addendum to our regular membership brochure which has additional information and donation opportunities.
