Maximum Tire and Rim Performance for Truck & Bus Tires

The convenient premeasured **Tire Life**® bag provides ease of use application for new and retread truck tires. **Tire Life**® is also available in bulk quantities.

Air Retention

- Reduces air migration through liner and bead seat area
- Reduces air loss from aluminum wheel porosity
- Reduces vent hole leaking

Retreadability

- Reduces bead brittleness
- Reduces liner oxidation
- Controls belt rust

Labor Savings

- Easier and faster dismounts
- Reduces bead chipping

Tire Life® is backed by a 100% Money Back Guarantee ensuring complete customer satisfaction
