Quotes:

“In addition to being dedicated and hardworking she is easy going and cheerful. She is passionate about studying engineering and eager to make a difference. I believe she has a promising future as a Civil Engineering.” **Tamara Knott** - Associate Professor

“I am very excited for my sophomore year of college and the classes I will be taking. Your support through the scholarship will assist me in paying for my tuition, and I cannot express my appreciation enough. I was overwhelmed with gratitude when I found out that I was selected for the scholarship.” **Kerry**
