

MESSAGE FROM DNYANESHWARI VIDYALAYA

Dear Students, Parents, Teachers and other Staff Members,

We at Dnyaneshwari Vidyalaya hope you are safe and healthy!

These are unprecedented times of course and new social norms and terminologies like lockdown, quarantine, social distancing, virtual meetings, etc. have started consuming our lives and it is not easy to switch to a completely different lifestyle other than the one we as humans are used to. However, time and again, we have proven to be the most resilient forces of the Universe. We have been patient through tougher times, we have empathized with each other during dark moments, and we have been compassionate towards all living beings when called for. It is a matter of immense gratitude that these behaviours are embedded within our schools vision and mission.

It is to the students of this school and every school in Dombivli and the World that we want to thank for showing incredible strength and helping us all by abiding with the regulations of social distancing and lock down. Students and youth are the key to rebuilding after this pandemic and we are certain that every student of our school will take responsibility in helping the society. We want to reiterate that although you cannot go out, see your friends, play in the open, see your classmates, or have fun in school, you still need to keep yourself active mentally and physically.

Parents of all the students of Dnyaneshwari Vidyalaya, we express our humble gratitude to you for being understanding and taking great care of everyone around you. Your support is imperative to the development of students. While taking care of your kids, we encourage you to participate in mental and physical activities with them, as this is beneficial both ways.

To the Teachers and other staff of the school, we thank you for your unmatched hard work through these tough times. We want to remind you to take great care of yourselves. While you strive to motivate students virtually and through other means, please try to keep some time for yourself and relax your mind and be in touch with your inner self to stay strong. You are the founding pillars of our institution and we need your strength now more than ever.

COVID-19 may have won the battle but we will win the war against it. We need to stay focused, clean, hygienic, healthy, quarantined, and most importantly
TOGETHER!

"Happiness can be found, even in the darkest of times, if one only remembers to turn on the light."

GUIDELINES FOR STUDENTS, PARENTS AND TEACHERS

STUDENT

- Read books that bring joy to you
- Revisit a hobby that you may have left half-way.
- Look for quizzes online and solve them with your friends virtually.
- Play old school games like chess, carom board, etc.
- Eat healthy food.
- Avoid watching too much TV or being on the internet.
- Stay strong.

PARENT

- Keep yourself updated with latest trends on the situation.
- Engage with kids and be involved in their activities.
- Use virtual options to organize birthday parties and other activities for kids.
- Encourage healthy habits – sleep cycle, diet, exercise, reading hours, etc.
- Stay motivated and reach out if help is needed.

TEACHER

- Stay updated with trends and techniques for modern educational methodologies and improve your skillsets through online courses.
- Try to be available to help and answer questions for students and parents when they need.
- Encourage people around you to be active mentally and physically.
- Stay safe and healthy
