*Congratulations  
to Everyone!*

All participants pay \$5 when they play. You get 1 point for showing up & paying. For every best 2 of 3 match that you win, you also get a point. An overall winner gets the final point for having the highest total for the night. Points are accumulated and payouts are given every 3 months to players having 100 points or more. The payout is \$2 per point earned.

Darts is the game that begins & ends with a handshake. Friendly competition is the rule of the day or you will be asked to leave. Please feel free to help out anybody having trouble with out shots & feel free to discuss the options for different shots at various times. If it is a slow night & only 4 to 6 players show up, a second round robin will be held immediately following the first.

All players are encouraged to win & lose with class.
