AMIEL LEVIN, MD
Internal Medicine

In today's evolving medical marketplace, you have choices. Conventional medical approaches are well complemented with alternative medical approaches, as each has its strengths and areas of expertise.

Let Drs. Levin and Gottlieb help you select the appropriate medical modalities for your unique individual needs.

Disclaimer

This agreement represents the willingness to accept our medical opinion regarding integrative medicine. This complementary approach is not yet formally accepted by the American Medical Association. Hence, you need to understand that alternative medicine operates based on therapeutic modalities of acupuncture and herbal medicine. We can't guarantee that treatment will be effective and we can't guarantee success of treatment.

We are practicing in a way to only help you and to do no harm.
