## Competitive advantages:

### Healthy lifestyle credits

This program allows us to take a holistic view of underwriting on virtually all medical risks and give credit for favorable lifestyle factors.

### Aviation risks

Best-case aviation risks can qualify at Preferred or Super Preferred, or if ratable for aviation but otherwise qualify for Preferred or Super Preferred, we'll allow the Preferred class and add a flat extra for the aviation risk.

### Hazardous sports risks

Hazardous sports are underwritten the same as aviation risks.

### Financial underwriting

Financial underwriting on business cases is easier due to our complimentary Informal Business Valuation. Underwriting is mostly completed with the valuation if the coverage applied for aligns with the business valuation.
