Doug John is, in my opinion, one of the most disciplined traders I have ever had the pleasure of working with. His well-researched and strategic approach to investing and trading has always impressed me, as has the realistic returns that he consistently achieves.

I have known Doug John for a number of years both personally and in business.

He is a person of the highest integrity and professionalism, with a sound understanding of the financial markets and property investments.

I have no hesitation in recommending Doug to anybody who is considering a capital guaranteed investment, with a much better interest rate than that being offered by the banks or other financial institutions.

Terry Tamba, Sydney.

I have known Doug John for over 19 years in both a professional and personal capacity.

Doug is a man of honesty and integrity who always puts the needs of others before his own. He has helped me develop not only my business skills but also how to take charge of my personal finances, particularly in real estate.

I would have no hesitation in recommending Doug's services to anyone looking to invest.

### Testimonials

I have known Doug John for over 20 years.

During this time I enjoyed working with Doug for the first 12 years. Working in an overseas operation together, I developed great respect for Doug's ability to structure an operational business in very difficult circumstances.

Doug practices outstanding business management skills. In addition to those skills Doug was able to secure the respect of those he worked with, which was clearly evident by very low staff turnover during his tenure as General Manager in both New Zealand and Australia operations.

In addition to his business leadership skills, Doug developed a passion for learning financial independence strategies. After years of attending seminars, courses and practical application, Doug has developed an in depth understanding of trading and investing in various forms.

Having met a number of people who have been trained by Doug in understanding how 'markets' work, I'm confident that his in depth knowledge is very extensive. During the time I have known Doug, he has always displayed integrity and fair play in all areas of his life and has endeavoured to assist those who know him in both business and personal matters.
