

Major Mary Jennings Hegar

Dear Major Hegar,

I am writing to thank you for presenting your inspiring story to our membership July 13, 2012. Your evening keynote address made a huge difference in the quality of the evening.

You kept us all riveted with your story and story-telling skills, taking us from racing hearts to laughing and crying. Your high degree of stage skills gave us all a sense of inclusion, both in the message and your personal mission of encouragement. The presentation also left many of us in awe of your personal speaking skills. From the battlefield to the speaker's platform, you brought the highest regard to us all by sharing a brilliant story of accomplishment and encouragement.

I think each and every person gained a bond with your message and an inspiration by your example. We were all very honored to hear your story.

Thank you again, and best of luck always,

A handwritten signature in cursive script that reads "Scotty Burch".
