PRESIDENTS LETTER

Fellow Flywheelers -

I want to thank all the members for all of the work that was done for the show - it was very successful! I particularly want to thank Gary for the great job he did running the show. We also want to offer our sympathy to Gary and his wife on the loss of their daughter.

Back to the show - I talked to the president of another club and he was surprised at the number of members who were chairmen at the show. I responded that we have a lot of great and active members in our club.

We hope you all have a great summer.

Jim.

VICE PRESIDENTS LETTER

The Flywheelers 32nd annual show was a success. We had perfect weather which doesn't happen to often in March, here in Cottonwood. I want to thank the committee chairman and all the other members who helped put the show together and also the members who stepped up and helped us put everything away. Thanks to all the members who bought tractors, engines, and other related items. Thanks to the new members for joining and bringing your tractor(s) or engine(s). In order to keep this going we need to have on display everything we can so the spectators that come will be able to see various pieces of old iron that was used by the generations before us. The venders inside and outside also were part of making this a successful show. Thanks again to all.

Show Chairman
