

## St. Croix River Crossing Bike/Pedestrian Loop Trail: Public Involvement Opportunities

The public has many options for involvement opportunities. Please contact Tammy Wittmer with St. Croix County Community Development to find out how you can help make this project one of civic pride.

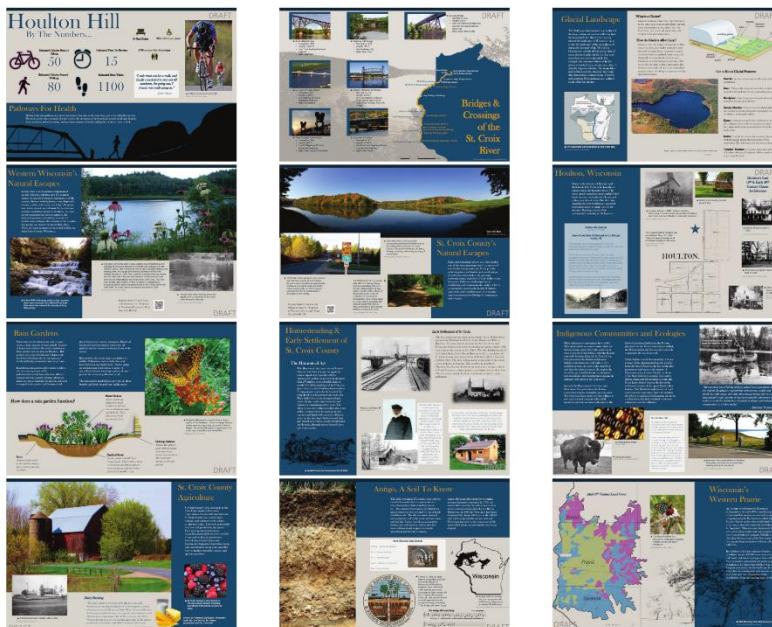

Opportunities for public involvement include (but are not limited to) the following:

### One-time Donations

- Pollinator habitat area in the main trailhead location
- Educational planting in the main trailhead location
- Sponsor a bench, rain garden, prairie restoration grouping, etc.
- Bike racks, pet stations, aid stations, water bottle fillers, etc.

### On-going Donations

- Donate a tree or planting group – St. Croix County will provide a price list of species used in landscape design
- Adopt-a-Trail – provide trash clean-up, trail sweeping, etc.

### Interpretive Panel Feedback

County staff developed draft interpretive panels for the Wisconsin side of the loop trail. We appreciate all feedback received prior to installation. Additional topic ideas and historical sources are welcome. Participate in this [interactive crowdsourcing poll featuring current panel designs and their proposed locations.](#)
