

NCHSRA CHOICE HOTEL DISCOUNT

Choice Hotels International continues to support the High School Rodeo Association by providing a 15% discount on all rooms that are booked using your State or Province code. To further support the States and Provinces of the NHSRA, Choice Hotels will provide a royalty to your association for every room that is booked. In order for your State/Province to receive the credit, the room(s) must be booked using your State/Province code. (Note: If you use the code of the location to which you are traveling, that state will receive the royalty.) In order to receive the discount and royalty, you must book the reservation(s) through the sports reservation hotline by calling **877-240-2929** or go to **www.choicesportstravel.com**. (This means that you can call from the parking lot of the hotel that you will be staying at, as long as you make the reservation by using the 877 number. The royalty code cannot be given when you check-in at the desk). This is a great way for your association to earn a few extra funds by simply spreading the word to your members, their families and friends. The program **is not limited** to use by members of the NHSRA only, so make sure to pass along this information to anyone who would enjoy a 15% discount off of their next Choice Hotel Reservation! This reservation code can be used when planning a vacation, personal use, business travel and travelling to rodeos.

North Carolina State Code: 00209180

The NHSRA National Office will collect the royalty from Choice Hotels, and issue a check to your association annually. If you have any questions regarding this program, please contact the National Office at (303)452-0820.
