

“Every time you read to me

“Every time you read to me

“Every time you read to me

“Every time you read to me

“Every time you read to me

Our bond grows a little stronger.

Our bond grows a little stronger.

Our bond grows a little stronger.

Our bond grows a little stronger.

Our bond grows a little stronger.

Your reading feels like love to me,

Your reading feels like love to me,

Your reading feels like love to me,

Your reading feels like love to me,

Your reading feels like love to me,

And I always want it longer.

And I always want it longer.

And I always want it longer.

And I always want it longer.

And I always want it longer.

Read to me? Please?”

Read to me? Please?”

Read to me? Please?”

Read to me? Please?”

Read to me? Please?”
