Hello, everyone! Our first lesson of our winter session is this Friday, January 17. Dates until the end of the year are below. We're really excited to continue this program in the coming months! We love working with your girls!

A little bit about Ladies in Training:

Ladies in Training (LIT) is a non-profit organization dedicated to the development of young girls' creativity and academic skills. Our curriculum consists of both fun and stimulating activities that provides academic growth and an enjoyable experience. Our organization also grants an opportunity for children to socialize with their peers in a comfortable environment. Along with our academic lessons, we also administer fun and creative projects for the entertainment of the children. Finally, our program will create life-long learning experiences in both leadership and teamwork.
