## From the Editor

Hello everyone,

Well, it sure has been hot the last few weeks. We had a good bit of rain also, so all my spare time has been used cutting grass. I previously heard a squeak in the rear end and thought it was just the shock bushing, When I finally got the car on the rack, I found both coil springs were broken. After 3 orders to Clark's, I finally got them replaced. My Vair looks and rides so much better now. Hope to see everyone at the meeting Saturday.

Clay

**From the Prez- Chuck Smith**

Hello all, and welcome to the August issue of the VairFax. Hope you are doing well. Everything socially-wise was getting better, but now, with this Delta version of the virus lurking around, we have to be careful and cautious again.

If you were at the July meeting, you will recall me telling you about a 1962 Monza coupe, located in Gray GA. It was shipped to a very nice fellow named George, by his sister, about three years ago, from out west. It seemed the carbs needed adjusting, so George found a mechanic who wanted to convert it to a 4 barrel setup. The mechanic fell ill, and was not able to complete the job. The Corvair was eventually returned to George.

George and his sister decided that the car should be offered to a Corvair person that hopefully would get it back on the road.

I said that I would check out the car, and see what condition it was in. So I did, and when I pulled the cover off, I was amazed. What I found was a red '62 Monza coupe, with a black interior. 102 HP, 4-speed. Solid floorboards, new Clark's interior. Body is in excellent shape. Slightly dull paint, but nothing that a good cleaning and waxing won't fix. '64-'66 style wire wheel covers, bumper guards. Great glass. Not running when I got it, but the car is at Joe Gleaton's shop; he is going through it, and going to try to get it running again. The carbs are missing, but I had a matched set of late carbs, to be rebuilt and installed. Gas tank will need to be replaced, Joe said it looks like someone tried to jack up the front end under the tank.

Last report from Joe was that he had the car running, it sounded pretty good, but was smoking real bad. Hoping it is perhaps stuck rings, from sitting for three years. keeping fingers crossed! And by the way, it was free!

Keep in mind our club picnic, along with Corvair Atlanta, and the Vulcan Corvair club will be held on September 11th, at Indian Springs State Park. Heart of Ga will provide BBQ, stew and slaw. Atlanta will bring ice, drinks and chips. Arrive 11am, will eat around 12. Picnic shed #5. There will be a small entrance fee to the park. To know how much food to order, please RSVP to [charlessm6@aol.com](mailto:charlessm6@aol.com) by September 1st.

Normal August meeting will be at Ole Times Buffet, located In front of the Galleria Mall in Centerville Ga. Meeting time is 12:00. When entering the restaurant, we will be on the left rear corner of the building.

Hope to see everyone there,

Chuck
