

Wine Sensory Class Frequently Asked Questions

Q. How long are the wine sensory classes?

A. Classes normally run 2 hours but can be tailored to fit your specific needs.

Q. What can I expect at a wine sensory class?

A. We'll spend about 45 minutes reviewing some basic principles of wine tasting including:

- Senses used in wine tasting
- The Deductive Tasting Method
- Wine Descriptors/aromas and where they come from

Then we'll move on to the smelling/sensory practice which is an exercise where participants will smell 20 different aromas and using the provided Wine Aroma Wheel try to guess what they are.

Q. Is there a minimum age for attending the class?

A. Although there isn't a minimum age for participants we recommend keeping attendees to age 21 and up.

Q. Will there be wine served during the class?

A. Our instructors will not be pouring or serving wine during the class, but the host can serve wine as long as everyone is of the legal drinking age. If wines are served by the host the class can include a review of the tasting notes and aromas found in the wine being sampled. Our instructors will work with you on wine selection.

Example classroom-style seating

Q. Will I get a certificate from attending the class?

A. There are no certificates issued after successful completion of the class, but you'll have lots of fun attending and can take what you learn and practice every time you drink wine.

Q. How much is the class?

A. Pricing can be found on our website on the 'Pricing' page. Classes run from \$10-25 per person based on class size.

Q. How often are the classes held?

A. Classes are currently being scheduled on an ad-hoc basis based on customer requests.

Q. As a host what do I need to provide?

A. Nothing at all! We bring tables, chairs, water glasses, handouts, sensory glasses, class props, projector and screen. We suggest hosting in a room size that can comfortably fit all the attendees seated in classroom-style seating but can accommodate most seating arrangements including a kitchen or dining room table.
