(864) 855-2150

Donations/Acquisitions Procedure

For any item(s) you wish to donate or loan to the museum, please email (or provide) a picture, description and terms of loan or special requirements/restrictions you may have concerning the item(s).

The Acquisition Committee will determine if the museum can accept your item based on subject matter, available display area, condition of item, restoration or maintenance needed. You will be notified of the committee's decision by email (or make other contact arrangements).

Items given to the Museum Host during open hours are considered a permanent gift, and you will receive a letter of acquisition.
