Baby David Valdez, was born on December 28, 2018 to proud parents David and Brooke Valdez of Manassa, CO.

In early July, baby David was diagnosed with a rhabdoid tumor of the kidney, which has ruptured and spread throughout his little body. Along with the tumor, baby David has developed clots in the left and right side of his carotid arteries and in a small vessel in part of his brain that returns the blood to the body.
