## Is Your Company Prepared?

--- ISO9001:2015 --- AS9100-2018 --- SQF2000 v8 --- ISO22000:2018 ---

I can provide low-cost on-site consultancy for developing a tailor-made Quality Management System (QMS) with the aim of helping your company improve and increase its competitiveness and achieve certification from an accredited certifying body. I help you understand and apply the quality management system requirements while ensuring that your program proceeds smoothly. A QMS based on one of the above standards is recognized worldwide as an excellent tool for improving performance and, increasing customer satisfaction. I utilize a System Implementation Procedure which guides you through the implementation and development of a QMS as follows:

**GAP ASSESSMENT** - Review of existing practices and documents against the requirements to determine what the project plan, time and costs are going to be to achieve the Quality management system certification.

**SYSTEM DEVELOPMENT** - Depending on the Gap Analysis, several modules may be necessary to prepare to meet the standard or standards

**IMPLEMENTATION**- I will work alongside management implementing and monitoring the management system.

**INTERNAL AUDITS / AUDITOR TRAINING** - I can either train your audit team on the new requirements or I can conduct a full system internal audit of your operation.

**CERTIFICATION** - Assist your organization in preparing for the initial certification audit and be present if needed

**AFTER CERTIFICATION** - For most organizations this is the beginning and not the end of the journey toward building excellence in management systems

### **TRAINING**

On-site training in many of the areas required for a robust Quality Management System

### **OTHER REQUIRED PROGRAMS**

I can also assist in establishing and improving programs that are required by all quality management systems: Calibration, Training Records, Document Control, Root Cause Analysis and Statistical Process Control.

For Questions about any of the above services, please call Mark Bradley at 812-305-3867.

## **CHAIR'S CORNER**

by Tom Watson

Our Section's Education Chair, Dan Conrad, has been working on some lunch and learn training sessions for our section. Dan has done a great job sending out a survey in order to find out what the section is looking for with regards to training. These sessions will be over lunch via Skype. The first session is scheduled for 10/31/19 at 12 PM EST (11 AM CST). The topic of the first session will be 7 Quality Tools which will be presented by Dan Conrad. Dan will review the 7 tools used for quality improvement. These sessions are free of charge and are a great way to gain some value from your ASQ membership. Dan has these lunch and learn Skype sessions planned each month with the last one on 5/14/2020, since we are off for the summer. Please keep an eye out for the schedule of upcoming sessions.

### TO CHANGE YOUR ASQ COMMUNICATION CHOICES :

Navigate to <http://www.asq.org> and log in.

Navigate to <https://ebusiness.asq.org/personifyebusiness/MyAccount/OptInOut.aspx>.

Click on **OPT IN/OUT** (third choice under Communications),

Make sure your "Section Communication" is checked. Choose any other communication that interests you.

The screenshot displays the 'Opt In/Out' page. On the left, a navigation menu includes 'Communication' (with sub-items 'Address Information', 'Contact Information', and 'Opt In/Out' circled in red), and 'Demographics' (with sub-items 'Demographics', 'Change Username / Password', and 'Special Needs'). The main content area is titled 'Opt In/Out' and contains the text 'I am interested in receiving information on the following topics:'. Below this is a 'Member Communication' section with a list of options, each with a checked checkbox: 'ASQ Division Communication', 'ASQ Member Communication', 'ASQ Weekly', 'ASQ Live', and 'Section Communication' (circled in red). An 'Edit' link is visible in the top right corner of the list.
