

2016 Monday Nite Schutzen League & Counseling Session

Garretson Sportsman's Club Indoor Range

The 2016 Monday Nite Schutzen League and Counseling Sessions are ready to begin!

Shooting Schedule - The 2016 League will have 10 weeks or targets to shoot. We will shoot longer than 10 weeks to allow some time for shooters to be gone for personal reasons and be able to shoot all 10 target sets. We are even talking about maybe a couple nites a month shooting on a different nite for make up and practice....

Starting Time - On Monday nites we will try to have the range open between 6:45 and 7 pm. We will shoot until everyone is finished with their targets sets and then adjourn to Big Ern's for our Weekly Counseling Session. Each shooter will be responsible for his own counseling fees each session. We will finish when ever we feel like being finished...Some of us have a lot of problems to solve.
