SCOBEY PUBLIC SCHOOL BUS RELEASE

If students are involved in activities, they should travel to and from events as a team/group.

Students riding a school-sponsored activity bus are under the jurisdiction of the school from the time they enter the bus prior to departure until they leave the bus upon returning to Scobey. However, parents may relieve the school of its responsibility by picking up their child at the site of the activity or by executing the prescribed release form requesting that their child be released to a responsible adult at the site of the activity.

Parents wishing their child not to ride on the activity bus to the site of the school-sponsored activity may relieve the school of its primary responsibility by executing the prescribed release form requesting that their child be released to the parents or to a responsible adult prior to the departure to the activity. A responsible adult will be defined by the parents and the school district.

ACTIVITY:	DATE:
As a parent of	, I assume the responsibility for the release of
my child to	
	itial each line. Space is provided for further explanation (i.e., but is released to a responsible adult during down times).
My child WILL/WILL NOT ride the ac	ctivity bus from Scobey to the site of the activity.
My child WILL/WILL NOT ride the ac	ctivity bus from the site of the activity to Scobey.
