**Middle School**  
**Grades 6-8 | \$160**

**Elementary**  
**Grades 3-5 | \$150**

We tend to act according to what we know about who we are. Our identity fuels our direction. If we suddenly became a multi-millionaire with completely unlimited financial resources, would our spending habits change? Undoubtedly! We could even generously give away enormous amounts of money because knowing that there is an ample supply of resources available. This weekend we will embark upon an exciting journey of discovering our true identity in Christ as it is described in the book of Ephesians. This short book teaches us that we have a completely new identity as a Jesus follower and encourages us to embrace it fully. A person who knows he is rich tends to act like a person who is rich. Do we truly know of the riches we have in Christ? Then let's learn to act like the child of God that we are!
