## President's Message

**Sally Steele  
President**

Hello Navajo Canyon Members, Associates, and Friends!

We are just a week away from our very special April Evening Event, and we are quite excited with the line-up of activities! If you have never heard Tom Del Beccaro speak before, you will be amazed with his charisma, depth of knowledge, and overall demeanor! And the HOT TOPIC that he is speaking about..... Sanctuary City/State status in California.....is oh so very timely! We are at a critical status here, and Tom will provide us with his take on what's going on and provide us with "insider" info!

I can't wait to see the various "items of value" that many of you are bringing to the Road Show portion of the evening's activities. I've already put cash in my wallet, waiting to buy those special treasures that you no longer need! I'm actually picking up an antique desk that Barbara S. is donating! That is just one of many spectacular items that will be there. We will have such a variety of items from \$1 and up!

Ladies, with every move he makes, every word he speaks, President Trump is getting lambasted by the lame stream media and liberal pundits! They are throwing EVERYTHING against the wall, hoping that [something will stick. They are so afraid of his success because it is contrary to everything they stand for](#) but supports most everything we believe in! Definitely a clash between us and them. April is turning into another barn-burner month of controversy with Obamacare, Supreme Court Nominee Gorsuch, Surveillance (Fact or Fiction), Drama from the Left. Breaking news every hour! Keep optimistic, we will prevail!

See you Tuesday at the Elk's Lodge!

Sanctuary state bill -SB54 protects felons from being deported

In 2013, the California Legislature passed The TRUST Act, which prohibits state and local law enforcement from complying with requests from federal immigration enforcement to detain prisoners so they may be transferred for deportation proceedings. The TRUST Act does not apply, however, to people convicted of serious felonies.

If San Diego's law enforcement officers encounter everyday people in schools, hospitals or our neighborhoods, they are not arrested for suspected immigration violations. However, they do provide ICE (Immigration and Customs Enforcement) with access to felons incarcerated in their jails such as rapists, child molesters and arsonists so they can be deported.

SB 54 abandons that position by shielding rapists, child molesters and arsonists from ICE and guaranteeing their return to our neighborhoods.

Over 11,600 felons in our prisons alone (8 percent of prison population) have been identified by ICE as eligible for deportation. That number doesn't include those incarcerated in county and city jails. If SB 54 becomes law, ICE will have no way to find out the release dates, addresses or any other information that can help the agency identify a serious felon it is seeking. To be clear, these are not Dreamers who were pulled over for a broken taillight or expired registration tags. These are felons, who would complete

their sentences and return to our neighborhoods.

Continued on page 4

From page 2.

Expanding California's sanctuary policies to include serious felons will not put an end to federal immigration enforcement. Without an information exchange from local law enforcement, ICE will be obligated to carry out their duty to apprehend those identified as the greatest threat to our public safety by combing through our neighborhoods.

Supporters of SB 54 argue that the bill's provision to require ICE to get a warrant to assume custody of a prisoner will ensure due process for the felon. But that's a near-impossible standard to meet because a federal warrant can only be issued for federal crimes, not state crimes. Rapists and child molesters were convicted under state laws in the majority of cases. Most of the incarcerated that ICE would be looking to deport do not have any federal charges. They rely on immigration hold and notification requests in order to pick up the serious criminals that SB 54 would return to our neighborhoods.

As part of our efforts to stop SB 54, we have made information available at my state website including a petition that has collected over 24,000 signatures. Sign the petition: [www.sen.ca.gov/anderson](http://www.sen.ca.gov/anderson) Anderson, R-Alpine, represents the 38th

## Six of Ten WORST Cities That Protect Criminal Illegal Aliens Are in California

By: Steve Frank

"Sanctuary city proponents often say their policies limiting cooperation with federal immigration authorities don't endanger public safety. As ICE's latest weekly detained detainer report shows, however, many county and city law enforcement agencies regularly release criminal aliens who have been convicted of violent crimes, including domestic battery and sexual assault.

In the whole nation, six of the ten worst offenders are in California—anybody surprised? Think Sandra Duran, Kate Steinle or Marilyn Pharris? They were murdered in California because city and county government preferred to protect illegal aliens, with numerous deportations. Thanks to President Trump, we know the criminal communities.

"Between February 4 and February 10, ICE issued 2,285 detainer requests nationwide. Of those, 540 were sent to 10 jurisdictions that ICE says "do not comply with detainers on a routine basis." Those 10 counties are:

Los Angeles, California

New York, New York

Kern, California

Clark, Nevada

San Diego, California

Orange, California

San Bernardino, California

Santa Barbara, California

Travis, Texas

King, Washington"

Trolley is easy from the East County. Take the green line to Sante Fe depot, transfer to the orange line through downtown and exit at the Civic Center. You can also take the Orange line into downtown coming west, still exiting at Civic Center. Go north into the concourse, see the colorful Republican Tent located right smack on the concourse, across from the other party and in front of Golden Hall. Sign-in and say Hello!

At about 10:30 a.m. a large group of happy, new naturalized citizens will come streaming out of the double doors to celebrate with their friends and family. We will be there to greet them and register them as Republicans.

By 12 noon, registrations will be complete, the tent will be packed up and the area cleared. Plan then to celebrate your day's accomplishments at lunch with your teammates.

Wear your Republican red and show the Dems our patriotic spirit and spunk! Check the trolley schedule at sdmts.com

## Chaplain's Message

*"Humble thyself in the sight of the Lord & He will lift you up"*

*James 4:10*

This is the Lenten season, and depending on how your faith celebrates this time of year, a time of sacrifice or a time of servitude. We usually give up something during this time but this year has been more of a humbling experience. We didn't give up anything & we aren't really serving anyone or thing. When one has a surgery, one can rely on the family unit to assist. The "problem" comes in when the family has other health issues.

This Lenten time has become one of self-reflection, one of humbleness. Rick & I have always been the one to do things for others. Now we are the recipients of the "kindnesses of strangers" (not really strangers, but you get the drift.) We are learning so much from this: how to accept generosity from others (meals, driving), how to walk a mile in another's shoes (how many things I do for Rick & he does for me; now he's doing everything), how to find humor in darkness, how to work as a team to make things come together.

Funny how when God goes out to teach two very stubborn people a lesson, He does it in such a way that you'll never forget.

Blessed Easter to you & your family

*Ginny Wisley*
