

Custom Product—Before

Here is an example of a drawing request that was sent to create an initial scene layout. Please note that clear pictures were provided and that the drawing only roughly outlines the desired scene.

The sketch shows a memorial layout with the name "KNIGHT" at the top. On the left is a house icon labeled "House" and "Sam's Car". In the center is a question "House In Middle?". On the right is a dog icon labeled "Dog" and "garden & bridge". At the bottom left, it reads "Beloved Father Samuel T. June 12, 1954 March 20, 2010" with a wedding ring icon and "Wedding date 8/4/1977". At the bottom right, it reads "Beloved Mother Mary T. Sept 8, 1956 Future".

Reference photos include: a golden retriever dog, a dark blue classic car, a garden with a bridge, and a large house with a blue roof.

Initial proof. After combining the ideas that were gathered we provide an initial proof. This will be a scale drawing of the proposed etching incorporating the provided photos and information in combination with artist drawn elements to give the customer a feel for final layout and positioning. If revisions are necessary we will gather that information and create an alternate image.

The final drawing shows a detailed scene with a house, a car, a dog, a garden with a bridge, and the name "KNIGHT". Below the scene, it reads "BELOVED FATHER SAMUEL T. JUNE 12, 1954 MAR. 20, 2010" with a wedding ring icon and "MARRIED AUG. 4, 1977". To the right, it reads "BELOVED MOTHER MARY L. SEPT. 8, 1956 FUTURE".

At the bottom, it says "DATE 12/2/10 APPROVED BY Mary Knight" with a signature.
