FLEXIBILITY AND EFFICIENCY

Transfers for School Safety

It is the policy of the District to increase the flexibility and efficiency of the District's resources by utilizing the provision of law allowing transfers of funds to improve school safety and security.

The District may transfer state or local revenue from any budgeted or non-budgeted fund, other than the debt service fund or retirement fund, to its building reserve fund in an amount not to exceed the school district's estimated costs of improvements to school and student safety and security

The transfer of such funds can be for:

1. planning for improvements to and maintenance of school and student safety, including but not limited to the cost of services provided by architects, engineers, school resource officers, counselors, and other staff or consultants assisting with improvements to school and student safety and security;
2. programs to support school and student safety and security, including but not limited to active shooter training, threat assessments and restorative justice;
3. installing or updating locking mechanisms and ingress and egress systems at public school access points, including but not limited to systems for exterior egress doors and interior passageways and rooms, using contemporary technologies;
4. installing or updating bullet-resistant windows and barriers; and
5. installing or updating emergency response systems using contemporary technologies

Any transfers made under this policy and Montana law are not considered expenditures to be applied against budget authority. Any revenue transfers that are not encumbered for expenditures in compliance with the four reasons stated above, within 2 full school fiscal years after the funds are transferred, must be transferred back to the originating fund from which the revenue was transferred.

If transfers of funds are made from a District fund supported by a non-voted levy, the District may not increase its non-voted levy for the purpose of restoring the transferred funds.

FLEXIBILITY AND EFFICIENCY

Multidistrict Agreements

It is the policy of the District to increase the flexibility and efficiency of the District's resources by utilizing multidistrict agreements whenever possible.

Montana law (20-3-363, MCA) allows the boards of trustees of any two or more school districts to enter into a multidistrict agreement to create a multidistrict cooperative to perform any services, activities, and undertakings of the participating districts and to provide for the joint funding and operation and maintenance of all participating districts upon the terms and conditions as may be mutually agreed to by the districts

The agreement must be approved by the boards of trustees of all participating districts and must include a provision specifying terms upon which a district may exit the multidistrict cooperative. The agreement may be for a period of up to 3 years.

All expenditures in support of the multidistrict agreement may be made from the interlocal cooperative fund as specified in [20-9-703](#) and [20-9-704](#). Each participating district of the multidistrict cooperative may transfer funds into the interlocal cooperative fund from the district's general fund, budgeted funds other than the retirement fund or debt service fund, or non-budgeted funds other than the compensated absence liability fund. Transfers to the interlocal cooperative fund from each participating school district's general fund are limited to an amount not to exceed the direct state aid in support of the respective school district's general fund. Transfers from the retirement fund and debt service fund are prohibited. Transfers may not be made with funds restricted by federal law unless the transfer is in compliance with any restrictions or conditions imposed by federal law.

Expenditures from the interlocal cooperative fund are limited to those expenditures that are permitted by law and that are within the final budget for the budgeted fund from which the transfer was made.

If transfers of funds are made from a District fund supported by a non-voted levy, the District may not increase its non-voted levy for the purpose of restoring the amount of funds transferred.

Examples of flexibility under this policy and Montana Law include but are not limited to:

- A district with a separate high school and elementary budget can enter into an agreement within the district;
- A district may enter into an agreement with any other school district(s) for the sharing of resources, including supplies, services, personnel, etc.

Elections

Elections conducted by the District are nonpartisan and are governed by applicable election laws as found in Titles 13 & 20 of the Montana Code Annotated. The ballot at such elections may include candidates for trustee positions, various public policy propositions, and advisor questions.

Board elections shall take place on the first (1st) Tuesday after the first (1st) Monday in May of each year. Any person who is a qualified voter of the District is legally qualified to become a trustee. A declaration of intent to be a candidate must be submitted to the District Clerk at least forty (40) days before the regular school election day. If different terms are to be filled, the term for the position for which the candidate is filing must also be indicated. Any person seeking to become a write-in candidate for a trustee position shall file a declaration of intent no later than 5:00 p.m. on the day before the ballot certification deadline in 20-20-401. If the number of candidates filing for vacant positions or filing a declaration of intent to be a write-in candidate is equal to or less than the number of positions to be elected, the trustees may give notice no later than thirty (30) days before the election that a trustee election will not take place. If a trustee election is not held, the trustees shall declare the candidates elected by acclamation and shall issue a "certificate of election" to each candidate.

A candidate intending to withdraw from the election shall send a statement of withdrawal to the clerk of the district containing all information necessary to identify the candidate and the office for which the candidate filed. The statement of withdrawal must be acknowledged by the clerk of the district. A candidate may not withdraw after 5:00 p.m. the day before the ballot certification deadline in 20-20-401.

In the event of an unforeseen emergency occurring on the date scheduled for the funding election, the district will be allowed to reschedule the election for a different day of the calendar year.

In years when the Legislature meets in regular session or in a special session that affects school funding, the trustees may order the election on a date other than the regular school election day in order for the electors to consider a proposition requesting additional funding under § 20-9-353, MCA.

Board Meetings

Meetings of the Board must occur at a duly called and legally conducted meeting. "Meeting" is defined as the convening of a quorum of the constituent membership of the Board, whether in person or by means of electronic equipment, to hear, discuss, or act upon a matter over which the Board has supervision, control, jurisdiction, or advisory power.

Regular Meetings

Unless otherwise specified, all meetings will take place in the music room. Regular meetings shall take place at 8:00p.m. on the 2nd Monday for the months April through October and 7 p.m. on the 2nd Monday for the months November through April, or at other times and places determined by a majority vote. Except for an unforeseen emergency, meetings must be held in school buildings or, upon the consensus of the trustees, in a publicly accessible building located within the District. If regular meetings are scheduled at places other than as stated above or are adjourned to times other than the regular meeting time, notice of the meeting shall be made in the same manner as provided for special meetings. The trustees may meet outside the boundaries of the District for collaboration or cooperation on educational issues with other school boards, educational agencies, or cooperatives. Adequate notice of the meeting, as well as an agenda, must be provided to the public in advance. Decision making may only occur at a properly noticed meeting held within the District's boundaries. When a meeting date falls on a school holiday, the meeting may take place the next business day.

Emergency Meetings

In the event of an emergency involving possible personal injury or property damage, the Board may meet immediately and take official action without prior notification.

Budget Meetings

Between July 1 and August 10 of each year, the Clerk shall publish a notice stating the date, time, and place trustees will meet for the purpose of considering and adopting a final budget for the District, stating that the meeting of the trustees may be continued from day to day until final adoption of a District budget and that any taxpayer in the District may appear at the meeting and be heard for or against any part of the budget. This notice shall be published in the *Daniels County Leader*.

On the date and at the time and place stated in the published notice (on or before August 20), trustees shall meet to consider all budget information and any attachments required by law. The

meeting may continue from day to day; however, the Board must adopt a final budget not later than August 25.

Special Meetings

Special meetings may be called by the Chairperson or by any two (2) trustees. A written notice of a special meeting, stating the purpose of the meeting, shall be delivered to every trustee not less than forty-eight (48) hours before the time of the meeting, except that the forty-eight-(48)-hour notice is waived in an unforeseen emergency as stated in § 20-3-322(5), MCA. Such written notice shall be posted conspicuously within the District in a manner that will receive public attention. Written notice also shall be sent not less than twenty-four (24) hours prior to the meeting, to each newspaper and radio or television station that has filed a written request for such notices. **Business transacted at a special meeting will be limited to that stated in the notice of the meeting.**

Closed Sessions

Under Montana law, the Board may meet in closed sessions to consider matters of individual privacy. Before closing a meeting, the presiding officer must determine that the demands of individual privacy exceed the merits of public disclosure and so state publicly before going into closed session. The Board also may go into closed session to discuss a strategy to be followed with respect to litigation, when an open meeting would have a detrimental effect on the litigating position of the District. This exception does not apply if the litigation involves only public bodies or associations as parties. Before closing a meeting for litigation purposes, the District may wish to consult legal counsel on the appropriateness of this action. No formal action shall take place during any closed session.

School Board Meeting Procedure

Agenda

The authority to set the board agenda lies with the Board Chair in consultation with board members and the administration. The act of preparing the board meeting agendas can be delegated to the Superintendent.

Any topics requested by Board members or members of the public must first be approved by the Board Chair before being placed on the agenda. Citizens wishing to make brief comments about school programs or procedures will follow the public comment procedures in district policy.

The agenda also must include a “public comment” portion to allow members of the general public to comment on any public matter under the jurisdiction of the District which is not specifically listed on the agenda, except that no member of the public will be allowed to comment on contested cases, other adjudicative proceedings, or personnel matters. The Board Chairperson may place reasonable time limits on any “public comment” period to maintain and ensure effective and efficient operations of the Board. The Board shall not take any action on any matter discussed, unless the matter is specifically noticed on the agenda, and the public has been allowed opportunity to comment.

Copies of the agenda for the current Board meeting, minutes of the previous Board meeting, and relevant supplementary information will be prepared and distributed to each trustee at least forty-eight (48) hours in advance of a Board meeting and will be available to any interested citizen at the Superintendent’s office forty-eight (48) hours before a Board meeting. An agenda for other types of Board meetings will be prepared, if circumstances require an agenda.

Minutes

Appropriate minutes of all meetings required to be open must be kept and must be available for inspection by the public. If an audio recording of a meeting is made and designated as official, the recording constitutes the office record of the meeting. If an official recording is made, a written record of the meeting must also be made and must also include:

- Date, time, and place of the meeting;
- Presiding officer;
- Board members recorded as absent or present;

- Summary of discussion on all matters discussed (including those matters discussed during the “public comment” section), proposed, deliberated, or decided, and a record of any votes taken;
- Detailed statement of all expenditures;
- Purpose of recessing to closed session; and
- Time of adjournment.

If the minutes are recorded and designated as the official record, a log or time stamp for each main agenda item is required for the purpose of providing assistance to the public in accessing that portion of the meeting.

Unofficial minutes shall be delivered to Board members in advance of the next regularly scheduled meeting of the Board. Minutes need not be read publicly, provided that Board members have had an opportunity to review them before adoption. A file of permanent minutes of Board meetings shall be maintained in the office of the Clerk, to be made available for inspection upon request. A written copy shall be made available within five (5) working days following approval by the Board.

Quorum

No business shall be transacted at any meeting of the Board unless a quorum of its members is present. A majority of the full membership of the Board shall constitute a quorum, whether the individuals are present physically or electronically. A majority of the quorum may pass a resolution, except as provided in § 20-4-203(1), MCA, and § 20-4-401(4), MCA.

Electronic Participation

The Board may allow members to participate in meetings by telephone or other electronic means. Board members may not simply vote electronically but must be connected with the meeting throughout the discussion of business. If a Board member electronically joins the meeting after an item of business has been opened, the remotely located member shall not participate until the next item of business is opened.

If the Board allows a member to participate electronically, the member will be considered present and will have his or her actual physical presence excused. The member shall be counted present for purposes of convening a quorum. The Clerk will document it in the minutes, when members participate in the meeting electronically.

Any Board member wishing to participate in a meeting electronically will notify the Chairperson and Superintendent as early as possible. The Superintendent will arrange for the meeting to take place in a location with the appropriate equipment so that Board members participating in the meeting

electronically may interact, and the public may observe or hear the comments made. The Superintendent will take measures to verify the identity of any remotely located participants.

Meeting Conduct and Order of Business

General rules of parliamentary procedure are used for every Board meeting. *Robert's Rules of Order* may be used as a guide at any meeting. The order of business shall be reflected on the agenda. The use of proxy votes shall not be permitted. Voting rights are reserved to those trustees in attendance. Voting shall be by acclamation or show of hands.

Rescind a Motion

A motion to rescind (cancel previous action) may be made anytime by any trustee. A motion to rescind must be properly noticed on the Board's agenda for the meeting. It is in order any time prior to accomplishment of the underlying action addressed by the motion.

Notice Regarding Public Comment

MTSBA recommends that you attach the following notice to your agendas for your regular ***Board meetings and/or have the Board Chairperson read it aloud at the beginning of the Board meeting, until the public becomes educated about the process:***

Montana law requires school districts and other public agencies to include on the agenda for public meetings an item allowing public comment on any ***public matter not otherwise specifically listed on the agenda*** that is within the jurisdiction of the agency. As has also been the practice of the District, and in accordance with Montana law, if any member desires to speak to an item that is ***specifically listed/identified on the agenda***, you will be allowed to do so when the item comes up for discussion and action. The public comment portion of the agenda is not the time designated to hear items that are specifically listed/identified on the agenda.

For those individuals who desire to address the Board during the “public comment” portion of the meeting, if you haven’t already done so, please sign your name to the sheet located with the District Clerk and indicate the general topic on which you will be commenting. The Board Chairperson will call individuals to speak in the order listed on the sheet provided. Please state your name prior to beginning your comment. There will be an opportunity for citizens who have not signed in to comment at the conclusion of the comment period. The Board would like to remind everyone in attendance that to avoid violations of individual rights of privacy, a member of the public wishing to address the Board during this time will not be allowed to make comments about any student, staff member, or member of the general public during his/her designated time to speak. In addition the Board will not hear comments on contested cases or other adjudicative proceedings.

Depending on the number of persons who wish to address the Board, the Board Chairperson may place reasonable time limits on comments, in order to maintain and ensure effective and efficient operations of the Board. The Board Chair has the authority to manage all public comment periods and will do so in accordance with state law and district policy.

By law the District cannot take any action on any matter discussed during the “public comment” portion of the meeting, until such time as the matter is specifically noticed on the agenda, and the public has been allowed the opportunity to comment.

In accordance with Montana law, citizens have the right to comment on an item that is specifically listed on the agenda. Citizens will be permitted to do so when the item comes up for discussion and action. The board chair will indicate when the public has the opportunity to comment prior to board action on a particular agenda item.

Abstentions From Voting

Section 20-3-323(2), MCA, requires the minutes of each Board meeting to include the voting records of each trustee present. As a general rule trustees should vote on all issues, unless casting a vote would be a violation of law. Under Montana law, instances in which it would be unlawful or inappropriate for a trustee to cast a vote on a particular issue include but are not necessarily limited to situations when the Board is considering hiring the relative of a trustee.

In addition, a trustee shall be allowed to abstain from voting to avoid the appearance of impropriety or the appearance of a perceived conflict. If a trustee abstains from voting, the abstention should be recorded in the minutes and may include an explanation of the reasons for the abstention. The Board discourages abstentions, unless the reasons are substantiated as provided herein.

The Board recognizes the value of public comment on educational issues and the importance of involving members of the public in its meetings. The Board also recognizes the statutory and constitutional rights of the public to participate in governmental operations. To allow fair and orderly expression of public comments, the Board will permit public participation through oral or written comments during the “public comment” section of the Board agenda and prior to a final decision on a matter of significant interest to the public. Board/Staff Communications

Every reasonable means of communication is encouraged throughout the education community. Nevertheless, an organization must maintain some order and structure to promote efficient and effective communications.

Staff Communications to the Board

All official communications or reports to the Board, from supervisors, teachers, or other staff members, shall be submitted through the Superintendent. This procedure shall not deny any staff member the right to appeal to the Board from administrative decisions, provided that the Superintendent shall have been notified of the forthcoming appeal and that it is processed according to the applicable procedures for complaints and grievances. The provision does not limit or restrict employees from engaging in public comment during Board meetings as permitted by Montana law.

Board Communications to Staff

All official communications, policies, and directives of staff interest and concern will be communicated to staff members through the Superintendent. The Superintendent will employ all such media as are appropriate to keep staff fully informed of Board concerns and actions.

Visits to Schools

In accordance with Montana statutes, each trustee shall visit every school of the District at least once each school fiscal year to examine its condition and needs. As a courtesy, individual Board members interested in visiting schools should make arrangements for visitations through the principals of the various schools. Such visits shall be regarded as informal expressions of interest in school affairs and not as "inspections" or visits for supervisory or administrative purposes.

Social Interaction

Staff and Board members share a keen interest in schools and education. When they meet at social affairs and other functions, informal discussion about such matters as educational trends, issues, and innovations and general District problems can be anticipated. **Discussions of personalities or staff grievances are not appropriate.**

Trustee Expenses

Expenses for Board Members - In-District

The members of the trustees of any district may not receive compensation for their services as trustees. The members of the trustees who reside over 3 miles from the trustees' meeting place must be reimbursed at the rate as provided in 2-18-503 for every mile necessarily traveled between their residence and the meeting place and return in attending the regular and special meetings of the trustees, and all trustees must be similarly reimbursed for meetings called by the county superintendent. The travel reimbursement may be accumulated during the school fiscal year and paid at the end of the fiscal year, at the discretion of each trustee.

A trustee is entitled to collect mileage at a rate equal to the mileage allotment allowed by the United States internal revenue service for the current year for the first 1,000 miles and 3 cents less per mile for all additional miles traveled within a given calendar month.

A trustee must file a reimbursement for mileage form, prior to July 1 of each year, requesting reimbursement for the fiscal year. The form may be obtained from the District Clerk/Business Manager.

Expenses for Board Members at Out-of-District Meetings

Trustees normally attend workshops, training institutes, and conferences at both the state and national levels. The District will pay all legitimate costs for trustees to attend out-of-District meetings, at established rates for reimbursement set by the District:

1. Transportation as approved by the Board;
2. On-site transportation during the course of the meeting, i.e., bus, taxi, or rental car;
3. Hotel or motel costs for trustee, as necessary;
4. Food costs as necessary;
5. Telephone services for necessary communications with business or family, resulting from the trustee being away from Scobey;
6. Incidental expenditures for tips and other necessary costs attributable to the trustee's attendance at a meeting; however, the District will not reimburse or pay for such items as liquor, expenses of a spouse, separate entertainment, or other unnecessary expenditures.

Internships

Internship means an agreement between a fully licensed Class 1, 2, or 3 educator, the school district, and a Montana accredited educator preparation program. Internships are permitted in endorsement areas approved by the Board of Public Education.

The Board recognizes the need to provide training opportunities for prospective teachers and administrators. Internships for those in the process of acquiring teaching endorsements and/or administrative credentials shall be considered and approved on an individual basis. The Superintendent or designee involved will review the internship proposal with the candidate and the university representative, much in the same manner as student teachers are assigned.

As part of an internship agreement, the parties must agree to the following:

- (a) the intern will complete the requirements for the appropriate endorsement within three years;
- (b) the school district will provide local supervision and support of the intern; and
- (c) the accredited educator preparation program will approve the coursework and provide support and periodic supervision.

A superintendent intern shall be supervised throughout the year by a licensed and endorsed superintendent contracted by the district, including participation in, and review of, and written concurrence in all performance evaluations of licensed staff completed by the intern.

Uniform Complaint Procedure

The Board establishes this Uniform Complaint Procedure as a means to address complaints arising within the District. This Uniform Complaint Procedure is intended to be used for all complaints except those governed by a specific process in state or federal law that supersedes this process or collective bargaining agreement. Matters covered by a collective bargaining agreement will be reviewed in accordance with the terms of the applicable agreement.

The District requests all individuals to use this complaint procedure, when the individual believes the Board or its employees or agents have violated the individual's rights under state or federal law or Board policy. Complaints against a building administrator shall be filed with the Superintendent. Complaints against the Superintendent or District administrator shall be filed with the Board.

The District will endeavor to respond to and resolve complaints without resorting to this formal complaint procedure and, when a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of a complaint filed hereunder will not be impaired by a person's pursuit of other remedies. Use of this complaint procedure is not a prerequisite to pursue other remedies and use of this complaint procedure does not extend any filing deadline related to pursuit of other remedies.

Deadlines requiring District action in this procedure may be extended for reasons related but not limited to the District's retention of legal counsel and District investigatory procedures.

Level 1: Informal

An individual with a complaint is first encouraged to discuss it with the appropriate employee or building administrator with the objective of resolving the matter promptly and informally. An exception is that a complaint of sexual harassment should be discussed directly with an administrator not involved in the alleged harassment.

Level 2: Building Administrator

When a complaint has not been or cannot be resolved at Level 1, an individual may file a signed and dated written complaint stating: (1) the nature of the complaint; (2) a description of the event or incident giving rise to the complaint, including any school personnel involved; and (3) the remedy or resolution requested. The written complaint must be filed within thirty (30) calendar days of the event or incident or from the date an individual could reasonably become aware of such event or incident. The applicability of the deadline is subject to review by the

Superintendent to ensure the intent of this uniform complaint procedure is honored.

When a complaint alleges violation of Board policy or procedure, the building administrator will investigate and attempt to resolve the complaint. The administrator will respond in writing to the complaint, within thirty (30) calendar days of the administrator's receipt of the complaint.

If the complainant has reason to believe the administrator's decision was made in error, the complainant may request, in writing, that the Superintendent review the administrator's decision. (See Level 3.) This request must be submitted to the Superintendent within fifteen (15) calendar days of the administrator's decision.

When a complaint alleges sexual harassment or a violation of Title IX of the Education Amendments of 1972 (the Civil Rights Act), Title II of the Americans with Disabilities Act of 1990, or Section 504 of the Rehabilitation Act of 1973, the building administrator may turn the complaint over to a District nondiscrimination coordinator. The coordinator shall ensure an investigation is completed in accordance with the applicable procedure. In the case of sexual harassment or Title IX complaint the applicable investigation and appeal procedure is Policy 3225P or 5012P. In the case of a disability complaint, the coordinator shall complete an investigation and file a report and recommendation with the Administrator for decision. Appeal of a decision in a disability complaint will be handled in accordance with this policy

Level 3: Superintendent

If the complainant appeals the administrator's decision provided for in Level 2, the Superintendent will review the complaint and the administrator's decision. The Superintendent will respond in writing to the appeal, within thirty (30) calendar days of the Superintendent's receipt of the written appeal. In responding to the appeal, the Superintendent may: (1) meet with the parties involved in the complaint; (2) conduct a separate or supplementary investigation; (3) engage an outside investigator or other District employees to assist with the appeal; and/or (4) take other steps appropriate or helpful in resolving the complaint.

If the complainant has reason to believe the Superintendent's decision was made in error, the complainant may request, in writing, that the Board consider an appeal of the Superintendent's decision. (See Level 4.) This request must be submitted in writing to the Superintendent, within fifteen (15) calendar days of the Superintendent's written response to the complaint, for transmission to the Board.

Level 4: The Board

Upon written appeal of a complaint alleging a violation the individual's rights under state or federal law or Board policy upon which the Board of Trustees has authority to remedy, the Board may consider the Superintendent's decision in Level 2 or 3. Upon receipt of written request for appeal, the Chair will either: (1) place the appeal on the agenda of a regular or special Board

meeting, (2) appoint an appeals panel of not less than three trustees to hear the appeal and make a recommendation to the Board, or (3) respond to the complaint with an explanation of why the appeal will not be heard by the Board of Trustees in accordance with this policy. If the Chair appoints a panel to consider the appeal, the panel will meet to consider the appeal and then make written recommendation to the full Board. The Board will report its decision on the appeal, in writing, to all parties, within thirty (30) calendar days of the Board meeting at which the Board considered the appeal or the recommendation of the panel. A decision of the Board is final, unless it is appealed pursuant to Montana law within the period provided by law.

This policy is adopted as a temporary policy in accordance with the framework set by District Policy 1900 – Temporary COVID-19 Policies and is intended to govern School District operations for the period affected by the COVID-19 health and safety measures implemented by the School District in response to an emergency declared by federal, state or local authorities.

Teachers will grade students' work as usual in accordance with established classroom or course practices during the grading period in accordance with District Policy 2420 and the Employee Handbook.

The default option for students and parents/guardians is the grade typically assigned for students in the grade level or class which may include an A-F letter grade. Students and parents/guardians may choose to receive a Proficient/Fail or P/F grade in place of a grade typically assigned for the student's courses. The P/F grade option can be requested by a student and parents/guardians no later than 20 calendar days after report cards have been sent to the parents/guardians by submitting a written request to Teresa Turner the School District's custodian of records.

For students or parents/guardians who request a P/F grade, the School District will record the P/F designation using a rubric in which all grades of 74 or higher.

Students earning course grades converted to a Proficient grade in this temporary P/F option for grading periods affected by COVID-19 health and safety measures will be granted credit for the course and the credit will count towards promotion or graduation requirements and extra-curricular eligibility. Students earning a Fail designation in a course will not earn credit, will be subject to retention consideration, and, if applicable, will be subject to extra-curricular eligibility consequences.

Grades converted to P/F will not be counted toward or against class honors or valedictorian status as outlined in Policy 2410P for classes of students graduating during or after 2020.

The School District will include a designation on the students' transcripts indicating the extraordinary circumstances for any grading period affected by COVID-19 health and safety measures.

Student Instruction Resources and Best Practices

Best practices, including but not limited to those outlined below, will assist districts in facilitating quality learning for each student regardless of background or circumstance.

Planning & Communication

- Providing tools for virtual learning will help ensure equity in access to learning opportunities.
- Provide weekly learning agendas communicated to students and parents.
- Set student meetings, teacher office hours, assignment expectations, and grades available on an established schedule. Districts may consider Policy 1902 – Alternative Grading.
- Establish whole group virtual “class time” and/or opportunities for small group learning
 - Post assignments online early and for the entire week.
 - During this time of challenge, providing structure and certainty will support academic, mental and emotional health.
 - Students should receive some form of communication from the school community at least once per day.

Set Expectations

- With students and parents/guardians set expectations and acknowledgment of the importance for ownership of student learning.
- Expectations can outline due dates for assessments.
- Outline how much online participation is required of students.
- Include expectation for daily submission of work or review of accomplishments toward goals.
- Survey students and parents/guardians to make adjustments to lessons. Remember to be flexible—time learning software, apps, etc. should be considered part of learning.

Differentiated Instruction & Learning Models

- Embed experiential learning that fosters a learning environment that promotes connections. Districts participating in Transformational Learning funding can utilize their Strategic Plan as a guiding document and adapt to a virtual environment.
- Social Emotional Learning and connections.
 - Begin the day by connecting with students—a Brain Teaser or an exercise for students to share a topic of interest or something from home with others.
- Record lessons
 - Lessons should come with visual substance and multiple types of instruction to facilitate learning—downloads, PowerPoints, videos, readings, audio recordings, etc.

- Honor students interests and passions through experiential learning opportunities.
- Project based learning.
 - Engage the students to do the work through research, developing, and creating a product which encompasses a variety of subject areas.
 - Encourage creativity.
 - Consider pointing students to the right resources (videos, websites, files) and allow them to be contributors to their own learning-- Creation of a science project—writing, demonstration of items needed, YouTube video with the end result being submitted to the teacher and classmates.
 - Wax Museum example: reading about character, writing about individual, dress up and record via YouTube or creation of a Power Point with pictures
 - Project based learning presents opportunities for cross-subject collaboration and flexibility in ways to show student learning.

Demonstrating Learning

- Provide video meeting and messaging capabilities to engage students in multiple mediums to show learning.
- Provide daily feedback to address academic growth and monitor and improve social emotional wellness.
 - Clearly communicate to ensure students and parents are aware of the importance of this mutual feedback.
- Opportunity for MAP testing/Unit testing for subject areas
- Formative assessments can guide instruction and provide multiple opportunities for feedback and identifying gaps in student learning and instruction through a low-stress medium.

35 Staff shall calculate the number of hours students have received instruction as defined in this
36 policy through a combined calculation of services received onsite at the school or services
37 provided or accessed at offsite or online instructional settings including, but not limited to, any
38 combination of physical instructional packets, virtual or electronic based course meetings and
39 assignments, self-directed or parent-assisted learning opportunities, and other educational efforts
40 undertaken by the staff and students that can be given for grade or credit. Staff shall report
41 completed hours of instruction as defined in this policy to the supervising teacher, building
42 principal, or district administrator for final calculation.

43
44 In order to comply with the requirements of the calendar, District Policy and Section 20-1-301,
45 MCA, the District shall implement the instructional schedules and methods identified in this
46 policy.

Offsite Instruction

The Board of Trustees authorizes offsite instruction of students in a manner that satisfies the aggregate number of instructional hours outlined in the School District's adopted or revised calendar for a school year. Offsite delivery methods shall include a complete range of educational services offered by the School District and shall comply with the requirements of applicable statutes. Students completing course work through an offsite instructional setting shall be treated in and have their hours of instruction calculated in the same manner as students attending an onsite institutional setting.

Offsite instruction is available to students:

1. meeting the residency requirements for that district as provided in 1-1-215;
2. living in the district and eligible for educational services under the Individuals With Disabilities Education Act or under 29 U.S.C. 794; or
3. attending school in the district under a mandatory attendance agreement as provided in 20-5-321;
4. attending school in the nearest district offering offsite instruction that agrees to enroll the student when the student's district of residence does not provide offsite instruction in an equivalent course in which the student is enrolled. A course is not equivalent if the course does not provide the same level of advantage on successful completion, including but not limited to dual credit, advanced placement, and career certification. Attendance under this provision is subject to approval of the Trustees.

The Board of Trustees authorizes the supervising teacher or district administrator to permit students to utilize an offsite or online instructional setting at when circumstances require.

Proficiency-Based Learning

The Board of Trustees authorizes proficiency-based learning and ANB calculation in situations when a student demonstrates proficiency in a course area as determined by the Board of Trustees using District assessments consistent with District Policy 1005FE, or other measures approved by the Board of Trustees.

The Board of Trustees waives the minimum number of instructional hours for students who demonstrate proficiency in a course area using district assessments that include, but are not limited to, the course or class teacher's determination of proficiency as defined by the Board of Trustees. This determination shall be based on a review of the student's completed coursework, participation in course delivery, and other methods applicable to the specific course or class. The Board of Trustees authorizes the use of the proficiency determination process for students who have selected this method of delivery, students for whom the School District is unable to document satisfaction of the required minimum aggregate number of hours through the offsite or

onsite methods outlined in this policy, or other students whom School District personnel determine satisfy the definition of proficient or meeting proficiency.

This provision is based in the declaration by the Montana Legislature that any regulation discriminating against a student who has participated in proficiency-based learning is inconsistent with the Montana Constitution.

School Year Calendar and Day

School Calendar

Subject to §§ 20-1-301 and 20-1-308, MCA, and any applicable collective bargaining agreement covering the employment of affected employees, the trustees of a school district shall set the number of hours in a school term, the length of the school day, and the number of school days in a school week. When proposing to adopt changes to a previously adopted school term, school week, or school day, the trustees shall: (a) negotiate the changes with the recognized collective bargaining unit representing the employees affected by the changes; (b) solicit input from the employees affected by the changes but not represented by a collective bargaining agreement; (c) and from the people who live within the boundaries of the school district.

Commemorative Holidays

Teachers and students will devote a portion of the day on each commemorative holiday designated in § 20-1-306, MCA, to study and honor the commemorated person or occasion. The Board may from time to time designate a regular school day as a commemorative holiday.

Saturday School

In emergencies, including during reasonable efforts of the trustees to make up aggregate hours of instruction lost during a declaration of emergency by the trustees under Section 20-9-806, MCA, pupil instruction may be conducted on a Saturday when it is approved by the trustees.

Pupil instruction may be held on a Saturday at the discretion of a school district for the purpose of providing additional pupil instruction beyond the minimum aggregate hours of instruction required in Section 20-1-301, MCA, provided student attendance is voluntary.

School Fiscal Year

At least the minimum number of aggregate hours must be conducted during each school fiscal year. The minimum aggregate hours required by grade are:

- (a) A minimum of 360 aggregate hours for a kindergarten program;
- (b) 720 hours for grades 1 through 3;
- (c) 1,080 hours for grades 4 through 12; and
- (d) 1,050 hours may be sufficient for graduating seniors.

The minimum aggregate hours, described above, are not required for any pupil demonstrating proficiency pursuant to 20-9-311(4)(d), MCA.

In addition, seven (7) pupil instruction-related days may be scheduled for the following purposes:

1. Pre-school staff orientation for the purpose of organization of the school year;
2. Staff professional development programs (minimum of three (3) days);
3. Parent/teacher conferences; and
4. Post-school record and report (not to exceed one (1) day, or one-half (½) day at the end of each semester or quarter).

The Board of Trustees has established an advisory committee to develop, recommend, and evaluate the school district's yearly professional development plan. Each year the Board of Trustees shall adopt a professional development plan for the subsequent school year based on the recommendation of the advisory committee.

Extended School Year

In accordance with Section 20-1-301, MCA, and any applicable collective bargaining agreement covering the employment of affected employees, the Board of Trustees may establish a school calendar with an earlier start date and a later end date to ensure students receive the minimum number aggregate instructional hours. The purpose of an extended school year will be to maximize flexibility in the delivery of instruction and learning for each student in the School District. When setting an extended school year, the School District will collaborate with students, parents, employees and other community stakeholders. When proposing to adopt changes to a previously adopted school term the Board of Trustees will follow the procedures outlined in in this policy.

Grade Organization

A student will be assigned to an instructional group or to a classroom which will best serve the needs of that individual while still considering the rights and needs of other students. Factors to be considered in classroom assignments are class size, peer relations, student/teacher relations, instructional style of individual teachers, and any other variables that will affect the performance of the student.

Age or grade differences should not constitute a barrier to grouping for instruction. Criteria for grouping will be based on learning goals and objectives addressed and the student's ability to achieve those purposes.

Program Evaluation and Diagnostic Tests

The Board strives for efficiency and effectiveness in all facets of its operations. To achieve this goal, the Board will set forth:

1. A clear statement of expectations and purposes for the District instructional program;
2. A provision for staff, resources, and support to achieve stated expectations and purposes; and
3. A plan for evaluating instructional programs and services to determine how well expectations and purposes are being met.

Parents who wish to examine any assessment materials may do so by contacting the Superintendent. Parental approval is necessary before administering an individual intelligence test or a diagnostic personality test. No tests or measurement devices which include questions about a student's or the student's family's personal beliefs and practices in family life, morality, and religion will be administered, unless the parent gives written permission for the student to take such test, questionnaire, or examination.

Interscholastic Activities

The District recognizes the value of a program of interscholastic activities as an integral part of the total school experience. The program of interscholastic activities will include all activities relating to competitive sport or intellectual contests, games or events, or exhibitions involving individual students or teams of students of this District, when such events occur between schools outside this District.

All facilities and equipment utilized in the interscholastic activity program, whether or not the property of the District, will be inspected on a regular basis. Participants will be issued equipment which has been properly maintained and fitted.

An activity coach must be properly trained and qualified for an assignment as described in the coach's job description. A syllabus which outlines the skills, techniques, and safety measures associated with a coaching assignment will be distributed to each coach. All personnel coaching intramural or interscholastic activities will hold a current valid first aid certificate.

The Board recognizes that certain risks are associated with participation in interscholastic activities. While the District will strive to prevent injuries and accidents to students, each parent or guardian will be required to sign an "assumption of risk" statement indicating that the parents assume all risks for injuries resulting from such participation. Each participant will be required to furnish evidence of physical fitness (physical form) prior to becoming a member of an athletic team. Family Engagement Policy

The Scobey Board of Trustees believes that engaging parents/families in the education process is essential to improved academic success for students. The Board recognizes that a student's education is a responsibility shared by the district, parents, families and other members of the community during the entire time a student attends school. The Board believes that the district must create an environment that is conducive to learning and that strong, comprehensive parent/family involvement is an important component. Parent/Family involvement in education requires a cooperative effort with roles for the Office of Public Instruction (OPI), the district, parents/families and the community.

Parent/Family Involvement Goals and Plan

The Board of Trustees recognizes the importance of eliminating barriers that impede parent/family involvement, thereby facilitating an environment that encourages collaboration with parents, families and other members of the community. Therefore, the district will develop and implement a plan to facilitate parent/family involvement that shall include the following six (6) goals:

1. Promote families to actively participate in the life of the school and feel welcomed, valued, and connected to each other, to school staff, and to what students are learning and doing in class;
2. Promote families and school staff to engage in regular, two-way meaningful communication about student learning;
3. Promote families and school staff to continuously collaborate to support student learning and healthy development both at home and at school and have regular opportunities to strengthen their knowledge and skills to do so effectively;
4. Empower parents to be advocates for their own and other children, to ensure that students are treated equitably and have access to learning opportunities that will support their success;
5. Encourage families and school staff to be partners in decisions that affect children and families and together inform, influence, and create policies, practices, and programs; and

6. Encourage families and school staff to collaborate with members of the community to connect students, families, and staff to expand learning opportunities, community services, and civic participation.

The district's plan for meeting these goals is to:

1. Provide activities that will educate parents regarding the intellectual and developmental needs of their children at all age levels. This will include promoting cooperation between the district and other agencies or school/community groups (such as parent-teacher groups, Head Start, , etc.) to furnish learning opportunities and disseminate information regarding parenting skills and child/adolescent development.
2. Implement strategies to involve parents/families in the educational process, including:
 - < Keeping parents/families informed of opportunities for involvement and encouraging participation in various programs.
 - < Providing access to educational resources for parents/families to use together with their children.
 - < Keeping parents/families informed of the objectives of district educational programs as well as of their child's participation and progress within these programs.
3. Enable families to participate in the education of their children through a variety of roles. For example, parents/family members should be given opportunities to provide input into district policies and volunteer time within the classrooms and school programs.
4. Provide professional development opportunities for teachers and staff to enhance their understanding of effective parent/family involvement strategies.
5. Perform regular evaluations of parent/family involvement at each school and at the district level.
6. Provide access, upon request, to any instructional material used as part of the educational curriculum.
7. If practical, provide information in a language understandable to parents.

Title I Parent and Family Engagement

NOTE: Schools receiving federal ESEA funds are required to have a parent and family engagement policy. This sample policy can be used as the basis for the joint development of a policy, as required by the federal legislation. This policy cannot be the District's policy without some parental involvement in its development at the local level.

The District endorses the parent and family engagement goals of Title I and encourages the regular participation of parents and family members (including parents and families of migrant students if applicable) of Title I eligible children in all aspects of the program to establish the agency's expectations and objectives for meaningful parent and family involvement. The education of children is viewed as a cooperative effort among the parents, family members, school, and community. In this policy the word "parent" also includes guardians and other family members involved in supervising the child's schools.

Pursuant to federal law the District will develop jointly with, agree upon with, and distribute to parents of children participating in the Title I program a written parent and family engagement policy. This may include meaningful consultation with employers, business leaders, and philanthropic organizations, or individuals with expertise in effectively engaging parents and family members in education.

At the required annual meeting of Title I parents and family members (including parents and families of migrant students if applicable), parents and family members will have opportunities to participate in the design, development, operation, and evaluation of the program for the next school year. Proposed activities to fulfill the requirements necessary to address the requirements of family engagement goals shall be presented.

In addition to the required annual meeting, at least three (3) additional meetings shall be held at various times of the day and/or evening for parents and family members of children (including parents and families of migrant children if applicable) participating in the Title I program. These meetings shall be used to provide parents with:

1. Information about programs provided under Title I;
2. A description and explanation of the curriculum in use, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet;
3. Opportunities to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children; and

4. The opportunity to bring parent comments, if they are dissatisfied with the school's Title I program, to the District level.

Title I funding, if sufficient, may be used to facilitate parent attendance at meetings, through payment of transportation and childcare costs.

The parents and family members of children (including parents and families of migrant children if applicable) identified to participate in Title I programs shall receive from the school principal and Title I staff an explanation of the reasons supporting each child's selection for the program, a set of objectives to be addressed, and a description of the services to be provided. Opportunities will be provided for the parents and family members to meet with the classroom and Title I teachers to discuss their child's progress. Parents will also receive guidance as to how they can assist at home in the education of their children.

Each school in the District receiving Title I funds shall develop jointly with parents and family members of children served in the program a "School-Parent Compact" outlining the manner in which parents, school staff, and students share the responsibility for improved student academic achievement in meeting state standards. The "School-Parent Compact" shall:

1. Describe the school's responsibility to provide high quality curriculum and instruction in a supportive and effective learning environment enabling children in the Title I program to meet the state's academic achievement standards;
2. Child Find

The District shall be responsible for the coordination and management of locating, identifying, and evaluating all disabled children ages zero (-0-) through twenty-one (21). Appropriate staff will design the District's Child Find plan in compliance with all state and federal requirements and with assistance from special education personnel who are delegated responsibility for implementing the plan.

The District's plan will contain procedures for identifying suspected disabled students in private schools as identified in 34 C.F.R. 530.130 and 530.131(f), students who are home schooled, homeless children, as well as public facilities located within the geographic boundaries of the District. These procedures shall include screening and development criteria for further assessment. The plan must include locating, identifying, and evaluating highly mobile children with disabilities and children who are suspected of being a child with a disability and in need of special education, even though the child is and has been advancing from grade to grade. The District's Child Find Plan must set forth the following:

1. Procedures used to annually inform the public of all child find activities, for children zero through twenty-one;
2. Identity of the special education coordinator;
3. Procedures used for collecting, maintaining, and reporting data on child identification;
4. Procedures for Child Find Activities (including audiological, health, speech/language, and visual screening and review of data or records for students who have been or are being considered for retention, delayed admittance, long-term suspension or expulsion or waiver of learner outcomes) in each of the following age groups:
 - A. Infants and Toddlers (Birth through Age 2)
Procedures for referral of infants and toddlers to the appropriate early intervention agency, or procedures for conducting child find.
 - B. Preschool (Ages 3 through 5)
Part C Transition planning conferences; frequency and location of screenings; coordination with other agencies; follow-up procedures for referral and evaluation; and procedures for responding to individual referrals.

C. In-School (Ages 6 through 18)

D. Post-School (Ages 19 through 21)

Individuals who have not graduated from high school with a regular diploma and who were not previously identified. Describe coordination efforts with other agencies.

E. Private Schools (This includes home schools.)

Child find procedures addressing the provisions of A.R.M. 10.16.3125(1); follow-up procedures for referral and evaluation.

F. Homeless Children

G. Dyslexia

The School District shall establish procedures to ensure that all resident children with disabilities, including specific learning disabilities resulting from dyslexia, are identified and evaluated for special education and related services as early as possible. The screening instrument must be administered to:

(A) a child in the first year that the child is admitted to a school of the district up to grade 2; and

(B) a child who has not been previously screened by the district and who fails to meet grade-level reading benchmarks in any grade;

The screening instrument shall be administered by an individual with an understanding of, and training to identify, signs of dyslexia designed to assess developmentally appropriate phonological and phonemic awareness skills.

If a screening suggests that a child may have dyslexia or a medical professional diagnosis a child with dyslexia, the child's school district shall take steps to identify the specific needs of the child and implement best practice interventions to address those needs. This process may lead to consideration of the child's qualification as a child with a disability under this policy.

Procedures for Evaluation and Determination of Eligibility

Procedures for evaluation and determination of eligibility for special education and related services are conducted in accordance with the procedures and requirements of 34 C.F.R. 300.301-300.311 and the following state administrative rules:

10.16.3320 - Referral;

10.60.103 - Identification of Children with Disabilities;

10.16.3321 - Comprehensive Educational Evaluation Process;

Procedural Safeguards and Parental Notification

The District implements the procedural safeguard procedures as identified in 34 C.F.R. 300.500 - 300.530.

A copy of the procedural safeguards available to the parents of a child with a disability must be given to the parents only one (1) time a school year, except that a copy also must be given to the parents:

- Upon initial referral or parent request for evaluation;
- Upon receipt of the first state complaint under 34 CFR 300.151 through 300.153 and upon receipt of the first due process complaint under 34 CFR 300.507 in a school year;
- In accordance with the discipline procedures in 34 CFR 300.530(h) (...on the date on which the decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of a code of student conduct, the LEA must...provide the parents the procedural safeguards notice); and
- Upon request by a parent.

A public agency also may place a current copy of the procedural safeguard notice on its internet website, if a website exists. [34 CFR 300.504(a) and (b)] [20 U.S.C. 1415(d)(1)]

The referral for special education consideration may be initiated from any source, including school personnel. To initiate the process, an official referral form must be completed and signed by the person making the referral. The District shall accommodate a parent who cannot speak English and therefore cannot complete the District referral form. Recognizing that the referral form is a legal document, District personnel with knowledge of the referral shall bring the referral promptly to the attention of the Evaluation Team.

The District shall give written notice to the parent of its recommendation to evaluate or not to evaluate the student. The parent will be fully informed concerning the reasons for which the consent to evaluate is sought. Written parental consent will be obtained before conducting the initial evaluation or before reevaluating the student.

The recommendation to conduct an initial evaluation or reevaluation shall be presented to the parents in their native language or another mode of communication appropriate to the parent. An explanation of all the procedural safeguards shall be made available to the parents when their consent for evaluation is sought. These safeguards will include a statement of the parents' rights relative to granting the consent.

Evaluation of Eligibility

Evaluation of eligibility for special education services will be consistent with the requirements of 34 C.F.R. 300.301 through 300.311 regarding Procedures for Evaluation and Determination of Eligibility; and shall also comply with A.R.M. 10.16.3321.

Individualized Education Programs

The District develops, implements, reviews, and revises individualized education programs (IEP) in accordance with the requirements and procedures of 34 C.F.R. 300.320-300.328.

Independent Education Evaluations

The parents of a child with a disability have the right to obtain an independent educational evaluation of the child in accordance with law. Independent educational evaluation means an evaluation conducted by a qualified examiner who is not employed by the District at District expense.

If the parents request an independent educational evaluation, the District will provide information about where an independent educational evaluation may be obtained and the criteria applicable for independent educational evaluations. The District may also ask for the parent's reason why he or she objects to the public evaluation.

A parent is entitled to only one independent educational evaluation at public expense each time the public agency conducts an evaluation with which the parent disagrees.. If the parent obtains an independent educational evaluation at District expense or shares with the public agency an evaluation obtained at private expense, the results of the evaluation will be handled in accordance with law.

If an independent educational evaluation is at District expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the public agency uses when it initiates an evaluation.

Least Restrictive Environment

To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are nondisabled, and special classes, separate schooling, or other removal of children with disabilities from the regular class occurs only if the nature or severity of the disability is such that education in regular classes, with the use of supplementary aids and services, cannot be achieved satisfactorily. Educational placement decisions are made in accordance with A.R.M. 10.16.3340 and the requirements of 34 C.F.R. 300.114 - 300.120, and a continuum of alternate placements is available as required in 34 C.F.R. 300.551.

Children in Private Schools/Out-of District Placement

Children with a disability placed in or referred to a private school or facility by the District, or other appropriate agency, shall receive special education and related services in accordance with the requirements and procedures of 34 C.F.R. 300.145 through 300.147 and A.R.M. 10.16.3122.

As set forth under 34 C.F.R. 300.137, children with a disability placed in or referred to a private school or facility by parents do not have an individual right to special education and related services at the District's expense. When services are provided to children with disabilities placed by parents in private schools, the services will be in accordance with the requirements and procedures of 34. C.F.R. 300.130 through 300.144, and 300.148.

Impartial Due Process Hearing

The District shall conduct the impartial hearing in compliance with the Montana Administrative Rules on matters pertaining to special education controversies.

Special Education Records and Confidentiality of Personally Identifiable Information

A. Confidentiality of Information

The District follows the provisions under the Family Educational Rights and Privacy Act and implements the procedures in 34 C.F.R. 300.610-300.627, § 20-1-213, MCA, and A.R.M. 10.16.3560.

B. Access Rights

Parents of disabled students and students eighteen (18) years or older, or their representative, may review any educational records which are designated as student records collected, maintained, and used by the District. Review shall normally occur within five (5) school days and in no case longer than forty-five (45) days. Parents shall have the right to an explanation or interpretation of information contained in the record. Non-custodial parents shall have the same right of access as custodial parents, unless there is a legally binding document specifically removing that right.

C. List of Types and Locations of Information.

A list of the records maintained on disabled students shall be available in the District office. Disabled student records shall be located in the special education room, where they are available for review by authorized District personnel, parents, and adult students. Special education teachers will maintain an IEP file in their classrooms. These records will be maintained under the direct supervision of the teacher and will be located in a locked file cabinet. A record-of-access sheet in each special education file will specify the District personnel who have a legitimate interest in viewing these records.

D. Safeguards

The District will identify in writing the employees who have access to personally identifiable information, and provide training on an annual basis to those staff members.

E. Destruction of Information

The District will inform parents five (5) years after the termination of special education services that personally identifiable information is no longer needed for program purposes. Medicaid reimbursement records must be retained for a period of at least six years and three months from the date on which the service was rendered or until any dispute or litigation concerning the services is resolved, whichever is later. The parent will be advised that such information may be important to establish eligibility for certain adult benefits. At the parent's request, the record information shall either be destroyed or made available to the parent or to the student if eighteen (18) years or older. Reasonable effort shall be made to provide the parent with notification sixty (60) days prior to taking any action on destruction of records. Unless consent has been received from the parent to destroy the record, confidential information will be retained for five (5) years beyond legal school age.

F. Children's Rights

Privacy rights shall be transferred from the parent to an adult student at the time the student attains eighteen (18) years of age, unless some form of legal guardianship has been designated due to the severity of the disabling condition.

Discipline

Students with disabilities may be suspended from school the same as students without disabilities for the same infractions or violations for up to ten (10) consecutive school days. Students with disabilities may be suspended for additional periods of not longer than ten (10) consecutive school days for separate, unrelated incidents, so long as such removals do not constitute a change in the student's educational placement. However, for any additional days of removal over and above ten (10) school days in the same school year, the District will provide educational services to a disabled student, which will be determined in consultation with at least one (1) of the child's teachers, determining the location in which services will be provided. The District will implement the disciplinary procedures in accord with the requirements of CFR 300.530-300.537.

School Emergencies and Closures

The Superintendent may order closure of schools in the event of extreme weather or other emergency, in compliance with established procedures for notifying parents, students, and staff.

The Board of Trustees is authorized to declare that a state of emergency exists within the community. A declaration issued by the Board of Trustees is distinct from any declaration in effect or previously issued by local, state or federal authorities. An emergency declaration issued by the Board of Trustees authorizes the School District to take extraordinary measures to protect students and staff while delivering education services in a manner authorized by law. The method and location of instruction and related educational services shall be implemented in a manner that serves the needs of students, their families, and staff and preserves the School District's full entitlement of funding.

The trustees may order the emergency closure of schools for one (1) school day each year, without the need to reschedule the lost pupil instruction time when the closure is the result of an emergency. The 1-school-day closure under this subsection is not subject to the reduction in BASE aid pursuant to Section 20-9-805, MCA.

In the event of a declared emergency, the School District shall avail itself of all flexibilities allowed by law, rule, or regulation and shall be otherwise governed by the school finance laws and rules of the state of Montana. The School District shall comply with auditing requirements and reserves the authority to assert its rights to manage school district funds or seek state and federal funds in a manner consistent with the full flexibility available under all applicable laws.

If a declaration of emergency is declared by the Board of Trustees, it may later adopt a resolution that a reasonable effort has been made to reschedule the pupil-instruction time lost because of the unforeseen emergency. If the trustees adopt the resolution, the pupil-instruction time lost during the closure need not be rescheduled to meet the minimum requirement for aggregate hours that a school district must conduct during the school year in order to be entitled to full BASE aid. At least 75% of the pupil-instruction time lost due to the unforeseen emergency must have been made up before the trustees can declare that a reasonable effort has been made.

For the purposes of this and related policies, "reasonable effort" means the rescheduling or extension of the school district's instructional calendar to make up at least 75% of the hours of pupil instruction lost due to an unforeseen emergency through any combination of the following as outlined in accordance with Policies 2050 and 2100:

- (a) extending the school year beyond the last scheduled day;
- (b) the use of scheduled vacation days in the district's adopted school calendar
- (c) the conduct of pupil instruction on Saturdays;
- (d) extending instructional hours during the school day.

School Closure Procedure

Note: this is an optional procedure that should be customized to meet a districts' specific needs, structure, and operations. These changes reflect updates to the MTBSA model document.

All students, parents, and school employees should assume that school will be in session and buses running as scheduled, unless there is official notification from the Superintendent to the contrary. Such notice will be given via public media.

In the event extremely cold temperatures, wind chill factors, snow, wind, community disaster, public health emergency, or other circumstances require a modification of the normal routine, the Superintendent will make the modification decision prior to 6:00 a.m. and contact the public radio stations for broadcast to the community and will initiate the emergency fan-out communication procedure to all administrators.

The provisions of this procedure may be terminated, amended, or adjusted, by the Board of Trustees in the event of circumstances requiring extended school closure due to a declaration of emergency.

Work Schedules and Responsibilities for School Closures

Superintendent

The Superintendent or Board of Trustees has authority to close schools. The Superintendent will be on duty throughout any existing or potential emergency situation, day or night. All orders of doubtful origin should be confirmed with the Superintendent.

Central Administrative Personnel

Central administrative personnel will be expected to report for duty on their assigned shifts in the event of any school closure, insofar as is safely possible, unless otherwise directed by the Superintendent or designee. Additional hours may be required, especially of the maintenance supervisor, business manager, and personnel director, depending on the nature of the emergency.

Building-Level Administrators, Non-Teaching "Exempt" Personnel, and Identified Support Staff

All building-level administrators and non-teaching "exempt" personnel will report for duty per their normal shifts or as otherwise directed each day during the school closure, together with the head custodian and at least one (1) secretary, insofar as is safely possible. The building

administrator will ascertain that the building has been adequately secured and that any child who mistakenly reports to school is properly and safely cared for and returned home per District policy. The administrator and this minimal support staff shall notify other staff and/or other support employees of the situation and will respond to telephone questions. Staff will be advised of schedule for the day by immediate supervisor.

12-Month Classified Employees

In the event of school closure, 12-month classified personnel may report for duty or not report for duty, as directed by their immediate supervisor. Building secretaries and secretaries to central administrative personnel who are required to be on duty are expected to report for duty. If a 12-month classified employee is unable to or does not report for duty, the employee will complete a leave request form to declare the day as personal leave, vacation, or leave without pay.

10- and 11-Month Classified Employees

Ten- and 11-month employees may report for duty or not report for duty as directed by their immediate supervisor. If such employees do not report for duty, they will complete a District leave request form to declare the day as personal leave, vacation, or leave without pay.

Aides, Food Service Workers, and Other 9¼-Month Classified Employees

These employees work only those days school is in session and are not expected to work when school is not in session. If school has been closed, 9¼-month employees should not report for duty unless otherwise directed by their immediate supervisor. 9¼-month employees will complete a leave request form to declare the day as personal leave, vacation, or leave without pay.

Teachers (Teachers, Librarians, Psychologists, Counselors)

If schools are closed for weather or other emergency conditions, teachers are not expected to report for duty unless directed otherwise. Teachers do not need to submit an absence form. In cases of school closures, it is customary for the days to be made up at another time; thus teachers will typically still fulfill their contract days.

Selection of Library Materials

The District has libraries in every school, with the primary objective of implementing and supporting the educational program in the schools. It is the objective of these libraries to provide a wide range of materials on all appropriate levels of difficulty, with diversity of appeal and the presentation of different points of view.

The provision of a wide variety of library materials at all reading levels supports the District's basic principle that the school in a free society assists all students to develop their talents fully so that they become capable of contributing to the further good of that society.

In support of these objectives, the Board reaffirms the principles of intellectual freedom inherent in the First Amendment of the Constitution of the United States and guided by the principles set forth in the American Library Association's Library Bill of Rights and its interpretation for school libraries.

Although the Superintendent is responsible for selection of library materials, ultimate responsibility rests with the Board.

The Board, acting through the Superintendent, thereby delegates authority for selection of library materials to the principal in each of the schools. The principal further delegates that authority to the librarian in the school.

(NOTE: BY STATUTE, THE SUPERINTENDENT, **or a principal if there is no district superintendent**, HAS AUTHORITY AND IS RESPONSIBLE FOR SELECTION OF LIBRARY MATERIALS, SUBJECT TO BOARD APPROVAL. THE SUPERINTENDENT AND BOARD MAY NOT WANT TO DELEGATE THIS RESPONSIBILITY.)

Selection of Library Materials

Selection of library materials is a professional task conducted by library staff. In selecting library materials, the librarian will evaluate the existing collection; assess curricula needs; examine materials; and consult reputable, professionally prepared selection aids.

Weeding

When materials no longer meet criteria for selection, they will be weeded. Weeding is a necessary aspect of selection, since every library will contain works which may have answered a need at the time of acquisition, but which, with the passage of time, have become obsolete, dated, unappealing, or worn out.

Discarded materials will be clearly stamped:

“WITHDRAWAL FROM SCOBEEY PUBLIC SCHOOL LIBRARY”

Materials will be discarded in compliance with § 20-6-604, MCA. When the decision to sell or dispose of library materials is made, the Board will adopt a resolution to sell or otherwise dispose of the material because it is or is about to become abandoned, obsolete, undesirable, or unsuitable for the school purposes of the District. The Board will publish a notice of the resolution in the newspaper of general circulation in Scobey. The resolution may not become effective for fourteen (14) days after notice is published.

Gifts

Gift materials may be accepted with the understanding they must meet criteria set for book selection.

Instructional Materials

The Board is legally responsible to approve and to provide the necessary instructional materials used in the District. Textbooks and instructional materials should provide quality learning experiences for students and:

- Enrich and support the curriculum;
- Stimulate growth in knowledge, literary appreciation, aesthetic value, and ethical standards;
- Provide background information to enable students to make intelligent judgments;
- Present opposing sides of controversial issues;
- Be representative of the many religious, ethnic, and cultural groups and their contributions to our American heritage;
- Depict in an accurate and unbiased way the cultural diversity and pluralistic nature of American society.

Basic instructional course material in the fundamental skill areas of language arts, mathematics, science, and social studies should be reviewed at intervals not exceeding five (5) years, or consistent with the state's standards revision schedule that are consistent with the goals of the continuous school improvement plan. All instructional materials must be sequential and must be compatible with previous and future offerings.

Instructional materials may be made available for loan to students when the best interest of the District and student will be served by such a decision. Students will not be charged for normal wear. They will be charged replacement cost, however, as well as for excessive wear, unreasonable damage, or lost materials. The professional staff will maintain records necessary for the proper accounting of all instructional materials.

Selection, Adoption, and Removal of Textbooks and Instructional Materials

Curriculum committees will generally be responsible to recommend textbooks and major instructional materials purchases. Recommendations will be made to the Superintendent. The function of the committee is to ensure that materials are selected in conformance with stated criteria and established District goals and objectives. A curriculum committee may consist of only those members in a particular department. The same basic selection procedures should be followed as with District-wide committees.

Selection and Adoption

Textbooks shall be selected by a curriculum committee representing the various staff who will likely be using the text. In most, but not all, cases an administrator will chair the committee. Each committee should develop, prior to selection, a set of selection criteria against which textbooks will be evaluated. The criteria should include the following, along with other appropriate criteria. Textbooks shall:

- Be congruent with identified instructional objectives;
- Present more than one viewpoint on controversial issues;
- Present minorities realistically;
- Present non-stereotypic models;
- Facilitate the sharing of cultural differences;
- Be priced appropriately.

Removal

Textbooks may be removed when they no longer meet the criteria for initial selection, when they are worn out, or when they have been judged inappropriate through the Learning Materials Review Process.

Copyright

The District recognizes that federal law makes it illegal to duplicate copyrighted materials without authorization of the holder of the copyright, except for certain exempt purposes. Severe penalties may be imposed for unauthorized copying or use of audio, visual, digital, or printed materials and computer software, unless the copying or use conforms to the “fair use” doctrine.

Under the “fair use” doctrine, unauthorized reproduction of copyrighted materials is permissible for such purposes as criticism, comment, news reporting, teaching, scholarship or research.

Under the fair use doctrine, each of the following four standards must be met in order to use the copyrighted document:

- Purpose and Character of the Use – The use must be for such purposes as teaching or scholarship.
- Nature of the Copyrighted Work – The type of work to be copied.
- Amount and Substantiality of the Portion Used – Copying the whole of a work cannot be considered fair use; copying a small portion may be if these guidelines are followed.
- Effect of the Use Upon the Potential Market for or value of the Copyrighted Work – If resulting economic loss to the copyright holder can be shown, even making a single copy of certain materials may be an infringement, and making multiple copies presents the danger of greater penalties.

While the District encourages its staff to enrich learning programs by making proper use of supplementary materials, it is the responsibility of staff to abide by District copying procedures and obey requirements of law. Under no circumstances will it be necessary for staff to violate copyright requirements in order to properly perform their duties. The District cannot be responsible for any violations of the copyright law by its staff.

The display of dramatic performances, musical works, motion pictures or television programming to students may only occur for educational purposes under the following standards:

- During onsite instruction
- When viewed in a classroom or designated place of instruction
- With a lawfully made copy or via an authorized account
- As a regular part of instruction and directly related to the curriculum

Employees should contact the administration with inquiries about accessing lawful copies of materials or accounts to access materials available via online platforms to ensure compliance with copyright laws.

Any staff member who is uncertain as to whether reproducing or using copyrighted material complies with District procedures or is permissible under the law should consult the Superintendent. The Superintendent will assist staff in obtaining proper authorization to copy or use protected materials, when such authorization is required.

Controversial Issues and Academic Freedom

The District will offer courses of study which will afford learning experiences appropriate to levels of student understanding. The instructional program respects the right of students to face issues, to have free access to information, to study under teachers in situations free from prejudice, and to form, hold, and express their own opinions without personal prejudice or discrimination.

Teachers will guide discussions and procedures with thoroughness and objectivity to acquaint students with the need to recognize various points of view, importance of fact, value of good judgment, and the virtue of respect for conflicting opinions.

The Board encourages and supports the concept of academic freedom, recognizing it as a necessary condition to aid in maintaining an environment conducive to learning and to the free exchange of ideas and information.

In a study or discussion of controversial issues or materials, however, the Board directs teaching staff to take into account the following criteria:

1. Relative maturity of students;
2. District philosophy of education;
3. Community standards, morals, and values;
4. Necessity for a balanced presentation; and
5. Necessity to seek administrative counsel and guidance in such matters.

Religion and Religious Activities

In keeping with the United States and Montana Constitutions and judicial decisions, the District may not support any religion or endorse religious activity. At the same time, the District may not prohibit private religious expression by students. This policy provides direction to students and staff members about the application of these principles to student religious activity at school.

Student Prayer and Discussion

Students may pray individually or in groups and may discuss their religious views with other students, as long as they are not disruptive or coercive. The right to engage in voluntary prayer does not include the right to have a captive audience listen, to harass other students, or to force them to participate. Students may pray silently in the classroom, except when they are expected to be involved in classroom instruction or activities.

Staff Members

Staff members are representatives of the District and must “navigate the narrow channel between impairing intellectual inquiry and propagating a religious creed.” They may not encourage, discourage, persuade, dissuade, sponsor, participate in, or discriminate against a religious activity or an activity because of its religious content. They must remain officially neutral toward religious expression.

Graduation Ceremonies

Graduation is an important event for students and their families. In order to assure the appropriateness and dignity of the occasion, the District sponsors and pays for graduation ceremonies and retains ultimate control over their structure and content.

District officials may not invite or permit members of the clergy to give prayers at graduation. Furthermore, District officials may not organize or agree to requests for prayer by other persons at graduation, including requests by students to open or deliver a prayer at graduation. The District may not prefer the beliefs of some students over the beliefs of others, coerce dissenters or nonbelievers, or communicate any endorsement of religion.

Baccalaureate Ceremonies

Students and their families may organize baccalaureate services, at which attendance must be entirely voluntary. Organizers of baccalaureate services may rent and have access to school

facilities on the same basis as other private groups and may not receive preferential treatment. The District may not be identified as sponsoring or endorsing baccalaureate services. District funds, including paid staff time, may not be used directly or indirectly to support or subsidize any religious services.

Assemblies, Extracurricular and Athletic Events

District officials may not invite or permit members of the clergy, staff members, or outsiders to give prayers at school-sponsored assemblies and extracurricular or athletic events. District officials also may not organize or agree to student requests for prayer at assemblies and other school-sponsored events. Furthermore, prayer may not be broadcast over the school public address system, even if the prayer is nonsectarian, nonproselytizing, and initiated by students.

Student Religious Expression and Assignments

Students may express their individual religious beliefs in reports, tests, homework, and projects. Staff members should judge their work by ordinary academic standards, including substance, relevance, appearance, composition, and grammar. Student religious expression should neither be favored nor penalized.

Religion in the Curriculum

Staff members may teach students about religion in history, art, music, literature, and other subjects in which religious influence has been and continues to be felt. However, staff members may not teach religion or advocate religious doctrine or practice. The prohibition against teaching religion extends to curricular decisions which promote religion or religious beliefs.

School programs, performances, and celebrations must serve an educational purpose. The inclusion of religious music, symbols, art, or writings is permitted, if the religious content has a historical or independent educational purpose which contributes to the objectives of the approved curriculum. School programs, performances, and celebrations cannot promote, encourage, discourage, persuade, dissuade, or discriminate against a religion or religious activity and cannot be oriented to religion or a religious holiday.

Student Religious Groups

Students may gather as non-curricular groups to discuss or promote religion in accordance with District Policy 3233.

Distribution of Religious Literature

Students may distribute religious literature to their classmates, subject to the same constitutionally acceptable restrictions the District imposes on distribution of other non-school literature. Outsiders may not distribute religious or other literature to students on school property, consistent with and pursuant to the District policy on solicitations (Policy 4321).

Religious Holidays

Staff members may teach objectively about religious holidays and about religious symbols, music, art, literature, and drama which accompany the holidays. They may celebrate the historical aspects of the holidays but may not observe them as religious events.

Participation in Commencement Exercises

Statement of Policy

A student's right to participate in a commencement exercise of the graduating class at Scobey High School is an honor. As such, participation in this ceremony is reserved for those members of the graduating class who have completed all state and local requirements for graduation before the date of the ceremony. Students who complete their requirements after the date of commencement exercises will receive their diplomas at that time.

Organization and Content of Commencement Exercises

The school district will permit students to honor their American Indian heritage through the display of culturally significant tribal regalia at commencement ceremonies. Any item that promotes drug use, weapon use, threats of violence, sexual harassment, bullying, or other intimidation, or violates another district policy, state, or federal law may not be worn during graduation.

The school administration may invite graduating students to participate in high school graduation exercises according to academic class standing or class officer status. Any student who, because of academic class standing, is requested to participate may choose to decline the invitation.

The school administrators will review presentations and specific content, and may advise participants about appropriate language for the audience and occasion. Students selected to participate may choose to deliver an address, poem, reading, song, musical presentation, or any other pronouncement of their choosing.

The printed program for a commencement exercise will include the following paragraphs:

Any presentation by participants of graduation exercises is the private expression of an individual participant and does not necessarily reflect any official position of the District, its Board, administration, or employees, nor does it necessarily indicate the views of any other graduates.

The Board recognizes that at graduation time and throughout the course of the educational process, there will be instances when religious values, religious practices, and religious persons will have some interaction with the public schools and students. The Board, while not endorsing any religion, recognizes the rights of individuals to have the freedom to express their individual political, social, or religious views.

Health Enhancement

Health, family life, and sex education, including information about parts of the body, reproduction, and related topics, will be included in the instructional program as appropriate to grade level and course of study. An instructional approach will be developed after consultation with parents and other community representatives. Parents and guardians may ask to review materials to be used and may request that their child be excluded from human sexuality education or instruction class sessions without prejudice in accordance with Policy 3120. Notification of parent or guardian rights under this policy will be issued on an annual basis.

For purposes of this Policy, "human sexuality education or instruction" means teaching or otherwise providing information about human sexuality, including intimate relationships, human sexual anatomy, sexual reproduction, sexually transmitted infections, sexual acts, sexual orientation, gender identity, abstinence, contraception, or reproductive rights and responsibilities.

AIDS Education and Prevention

The Board believes HIV/AIDS and other STD/STI instruction is most effective when integrated into a comprehensive health education program. Instruction must be appropriate to grade level and development of students and must occur in a systematic manner. The Board particularly desires that students receive proper education about HIV and other STD/STI's, before they reach the age when they may adopt behaviors which put them at risk of contracting the disease.

In order for education about HIV and other STD/STI's to be most effective, the Superintendent will require that faculty members who present this instruction receive continuing in-service training which includes appropriate teaching strategies and techniques. Other staff members not involved in direct instruction, but who have contact with students, will receive basic information about HIV/AIDS and other STD/STI's and instruction in use of universal precautions when dealing with body fluids. In accordance with Board policy, parents will have an opportunity to review the HIV/STD/STI education program, before it is presented to students.

Excused absences from curriculum requirements -- notice -- prohibited activities.** (1) A parent, guardian, or other person who is responsible for the care of a child may refuse to allow the child to attend or withdraw the child from a course of instruction, a class period, an assembly, an organized school function, or instruction provided by the district through its staff or guests invited at the request of the district regarding human sexuality instruction. The withdrawal or refusal to attend is an excused absence pursuant to 20-5-103.
- (2) Any school implementing or maintaining a curriculum, providing materials, or holding an event or assembly at which the district provides human sexuality instruction, whether introduced by school educators, administrators, or officials or by guests invited at the request of the school, shall adopt a policy ensuring parental or guardian notification no less than 48 hours prior to holding an event or assembly or introducing materials for instructional use.
- (3) A school district shall annually notify the parent or guardian of each student scheduled to be enrolled in human sexuality instruction in the district or school in advance of the instruction of:
- (a) the basic content of the district's or school's human sexuality instruction intended to be taught to the student; and
 - (b) the parent's or guardian's right to withdraw the student from the district's or school's human sexuality instruction.
- (4) A school district shall make all curriculum materials used in the district's or school's human sexuality instruction available for public inspection prior to the use of the materials in actual instruction.
- (5) A school district or its personnel or agents may not permit a person, entity, or any affiliate or agent of the person or entity to offer, sponsor, or furnish in any manner any course materials or instruction relating to human sexuality or sexually transmitted diseases to its students or personnel if the person, entity, or any affiliate or agent of the person or entity is a provider of abortion services.
- (6) For purposes of this section, "human sexuality instruction" means teaching or otherwise providing information about human sexuality, including intimate relationships, human sexual anatomy, sexual reproduction, sexually transmitted infections, sexual acts, sexual orientation, gender identity, abstinence, contraception, or reproductive rights and responsibilities.

This notice is being provided comprehensively and in advance of the school year, also well in advance of the minimum notice of 48 hours prior to instruction to ensure full transparency and to provide a parent/guardian the right to opt their child out of “human sexuality instruction” as defined in (6) of the law above.

Courses and Related Activities Where the Topic of Human Sexuality Instruction Could Arise:

The district has four categories of activities that involve human sexuality instruction as defined in the law.

1. **Health Enhancement Curriculum:** The first category consists of designated courses involving human sexuality instruction that are part of our health curriculum. Although none of these

courses are exclusively devoted to human sexuality instruction, the topic of human sexuality does arise in the typical course delivery at various times.

2. **Other Courses:** The second category consists of other courses where topics related to or involving human sexuality instruction arise incidentally through addressing topics germane to the course and consistent with accreditation standards. These courses include but are not limited to science and literature.
3. **Other Services Provided by Designated Staff:** The third category consists of student-initiated inquiries of school district staff that, in order to address, may involve human sexuality as defined in law. Typical staff involved in these interactions include but are not limited to librarians, counselors, and school nurses. Inquiries will be addressed on an age-appropriate basis using the professional judgment of licensed, certified, or otherwise authorized school personnel.
4. **Special Events and Student Assemblies:** The fourth category consists of special events and student assemblies periodically scheduled that touch on topics of student health and which may involve incidental mention of topics related to human sexuality instruction as defined in the law. The following are dates and times when such assemblies are scheduled during the upcoming school year:

Notice of Your Rights:

As a parent/guardian of a student, you have the right to refuse to allow your child to attend or withdraw your child from a course of instruction, a class period, an assembly, an organized school function, or instruction provided by the district through its staff or guests invited at the request of the district regarding human sexuality instruction. The withdrawal or refusal to attend is an excused absence pursuant to Seciton 20-5-103, MCA. You can opt your child out of human sexuality instruction by providing the school district written notice by completing, signing, and submitting the attached form.

**Human Sexuality Instruction Opt-Out Form
For 2022-2023 School Year**

A family who does not want their student to receive human sexuality instruction at school may request to opt out of such instruction by completing this form.

I, _____, Parent or Guardian of, _____ a student enrolled at _____ School District, request my student not receive human sexuality instruction for the duration of the _____ school year in a manner consistent with the unexcused absence methods identified by the School District as specified in Section 20-5-103, MCA.

I understand my student will not attend any courses, special events, student assemblies where human sexuality instruction occurs. I also understand my student will not receive any services from school district staff regarding human sexuality instruction that may include but are not limited to individual services from teachers, librarians, nurses, or counselors that may related to human sexuality. A student seeking such services will be redirected to the parent in accordance with the decision noted on this form.

I acknowledge I have received notification of my rights in this area under Section 20-7-120, MCA, and have been provided an opportunity to review related information and materials on this topic.

I may withdraw this opt out in writing at anytime.

High School Graduation Requirements

The Board will award a regular high school diploma to every student enrolled in the District who meets graduation requirements established by the District. The official transcript will indicate the specific courses taken and level of achievement.

The Board will establish graduation requirements which, at a minimum, satisfy those established by the Board of Public Education (A.R.M. 10.55.904 and 905). Generally, any change in graduation requirements promulgated by the Board will become effective for the next class to enter ninth (9th) grade. Exceptions to this general rule may be made, when it is determined by the Board that proposed changes in graduation requirements will not have a negative effect on students already in grades nine (9) through twelve (12). The Board will approve graduation requirements as recommended by the Superintendent.

To graduate from Scobey High School, a student must have satisfactorily completed the last quarter prior to graduation as a Scobey High School student. Highly unusual exceptions may be considered by the principal, such as a student exchange program in a recognized school.

A student with a disabling condition will satisfy those competency requirements incorporated into the individualized education program (IEP). Satisfactory completion of the objectives incorporated in the IEP will serve as the basis for determining completion of a course.

A student may be denied participation in graduation ceremonies in accordance with 20-5-201(3), MCA. In such instances the diploma will be awarded after the official ceremony has been held.

Publication of Graduation Requirements

Prior to registering in high school, each student will be provided with a copy of the current graduation requirements. Graduation requirements shall also be included in the student handbook.

Credits

Students shall be expected to earn a total of 24 units in order to complete graduation requirements. Special education students who have successfully completed their IEP leading to completion of high school will be awarded a diploma. The Board may waive specific course requirements based on individual student needs and performance levels. Waiver requests shall also be considered with respect to age, maturity, interest, and aspirations of the students and shall be in consultation with parents or guardians.

Waiver of Requirement

Graduation requirements generally will not be waived under any circumstances.

Alternative Programs

Credit toward graduation requirements may be granted for planned learning experiences from accredited programs, such as summer school, university courses, and correspondence courses. Credit for work experience may be offered when the work program is a part of and supervised by the school.

All classes attempted at Scobey High School and all acceptable transfer credits shall be recorded on the transcript. All grades earned, including failures and retakes, shall be recorded as such and utilized in the calculation of Grade Point Average and class rank. Credit shall be awarded only once regardless of repetition of the course.

Dual Credit

Dual credit allows high schools students to simultaneously earn credit toward both a high school diploma and college coursework that can lead to a postsecondary degree or certificate, or toward transfer to another college. The primary purpose of offering dual credit courses is to deliver high quality, introductory, college level courses to high-performing high school students. The

Scobey School District has dual credit partnerships with [name of post-secondary institutions]. Students interested in dual credit opportunities must meet with their building administration to determine available options.

Students should be aware of Montana High School Association on-campus attendance eligibility requirements for activity participation.

Honor Roll

A student must have a minimum grade-point average of 3.00 to be placed on the regular honor roll. Specific information regarding honors at graduation are included in the student handbook.

Class Rank (Grade Point Average)

Class Rank is compiled from semester grades. Courses not eligible for GPA are designated with an asterisk on the report card.

Early Graduation

In accordance with provisions of § 20-9-313, MCA, the ANB of a school may be increased when a high school district provides early graduation for a student who completes graduation requirements in less than eight semesters or the equivalent amount of secondary school enrollment. The increase must be established by the trustees as though the student had attended to the end of the school fiscal year and must be approved, disapproved, or adjusted by the superintendent of public instruction.

The Board hereby authorizes the [high school principal] [Superintendent] [administration] to grant permission to [recommend to the Board for early graduation] students who have completed the minimum requirements for graduation in less than eight semesters.

Credit Transfer and Assessment for Placement

Grades 9-12

Requests for transfer of credit or grade placement from any non-accredited, nonpublic school will be subject to examination and approval before being accepted by the District. This will be done by the school counselor or principal or, in the case of home schools, by a credit evaluation committee consisting of a counselor, a staff member from each subject area in which credit is being requested, and a school principal.

The credit evaluation committee will:

1. Document that a student has spent approximately the same number of classroom hours in home school as would have been spent in a regular class in the District;
2. Document that a student followed a curriculum essentially similar to that of a course for which credit is requested;
3. Document that in the event of a credit request in a lab, industrial arts, or music course, equipment and facilities were sufficient to meet required learning activities of the course;
4. Require that a student has satisfactorily passed, in all courses in which a final exam normally is given, a final exam prepared and administered by a staff member in the District.

The District will give credit only for home schools which have met all requirements as specified in Montana law. Credit from home schools will be accepted only when a like course is offered in the District.

The school transcripts will record courses taken in home schools or non-accredited schools by indicating title of the course, school where the course was taken, and grade.

For the purpose of calculation of class rank, only those courses taken in an accredited school will be used.

Grades 1-8

Requests from parents of students in non-accredited, nonpublic schools for placement in the District school system will be evaluated by an assessment-for-placement team. That team will include:

1. A school principal;
2. One (1) teacher of the grade in which the student is being considered for enrollment; and
3. One (1) counselor (grades 6-8 only) (OPTIONAL).

The assessment-for-placement team will cause the District-adopted norm-referenced test and/or the end-of-the-year subject-matter test to be administered and scored. The assessment-for-placement team will take into account the following in its recommendation for grade placement:

1. Documentation that the non-accredited, nonpublic school has provided a comparable number of hours as the child would have attended in a public or private school;
2. That the child followed a similar curriculum as would have been provided in an accredited public or private school;
3. That the result of the end-of-the-year test indicates the student has mastered most prerequisite skills; and
4. That the child achieved an NCE score of forty (40) or above on the Standard Achievement Test.

Parents of students in home schools are encouraged to maintain a log documenting dates of instruction, content of instruction, amount of time spent on that instruction, scores on tests, and grades in all activities.

The District is not obligated to provide instructional materials for other public or private schools.

If a parent or guardian is not in agreement with the placement of the child, he/she may request a hearing before the Board.

Promotion and Retention

The Board recognizes that students of the rate of physical, social, emotional, and academic growth will vary among individual students. Since each student grows at his/her own rate, these individual growth characteristics shall be recognized in classroom programming.

After a student has successfully completed a year of study at a specific grad level, he/she will be promoted to the next grade.

Retention at the same grade may be beneficial to the student when he/she is not demonstrating minimum competency in basic skill subjects in relation to ability and grade level. Retention should not be considered except in these instances where there is a strong likelihood that the student will benefit with minimum social and emotional disruption.

If a parent insists that a student be retained or promoted, a notice will be placed in the student's file that the retention or promotion was a parent's decision and not recommended by the school.

School Wellness

Scobey School District (hereto referred to as the District) is committed to providing school environments that promote and protect children's health, well-being, and ability to learn by supporting healthy eating and physical activity.

Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. This policy outlines the District's approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this policy establishes goals and procedures to ensure that:

- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors;
- Schools engage in nutrition and physical activity promotion and other activities that promote student wellness;
- School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school; and
- The District will conduct an annual review of the policy and its established goals and objectives.

Therefore it is the policy of the Scobey School District that:

1. School Wellness Committee

Committee Role and Membership

The Superintendent or designee(s) will convene the school wellness committee (hereinafter SWC), facilitate development of and updates to the wellness policy, and will ensure each school's compliance with the policy. The SWC will meet at a minimum of three times per year to establish goals for and oversee school health and safety policies and programs.

The SWC membership will represent all school levels (elementary and secondary schools) and include (to the extent possible): parents and caregivers; students; representatives of the school nutrition program; physical education teachers; health education teachers; school health professionals; school administrators; school board members; health professionals; and the general public.

When feasible, the District will offer annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom and

school (e.g., increasing the use of kinesthetic teaching approaches or incorporating nutrition lessons into math class).

Training

School Wellness committee members will share training opportunities with all members, attend when able, and pass on any relative information to the rest of the committee.

2. Wellness Policy Review

Revisions and Updating the Policy

The Committee will update or modify the wellness policy based on the results of assessments and/or as District priorities change; community needs change; wellness goals are met; new health science, information, and technology emerges; and new Federal or state guidance or standards are issued.

Community Involvement, Outreach and Communications

The District is committed to being responsive to community input, which begins with awareness of the wellness policy. The District will actively notify the public about the content of or any updates to the wellness policy annually, at a minimum.

3. Nutrition

School Meals

Our school district is committed to serving healthy meals and meeting the nutrition needs of school children within their calorie requirements. The school participates in USDA child nutrition programs, including the National School Lunch Program (NSLP).

All schools within the District are committed to offering school meals that:

- Are accessible to all students;
- Are appealing to children and served in clean and pleasant settings;
- Meet or exceed current nutrition requirements established by local, state, and Federal statutes and regulations.
 - Promote healthy food and beverage choices using [Smarter Lunchroom techniques](https://www.smarterlunchrooms.org/scorecard-tools/smarter-lunchrooms-strategies) (<https://www.smarterlunchrooms.org/scorecard-tools/smarter-lunchrooms-strategies>)
- Students will be allowed at least 20 minutes to eat lunch, counting from the time they have received their meal and are seated (meets Healthy Schools Program Gold-level criteria).

Staff Qualifications and Professional Development

All school nutrition program directors and staff will meet or exceed hiring and annual continuing education/training requirements in the [USDA professional standards for child nutrition professionals](https://professionalstandards.fns.usda.gov/content/nutrition-1000) (<https://professionalstandards.fns.usda.gov/content/nutrition-1000>). These school nutrition personnel will refer to [USDA's Professional Standards for School Nutrition Standards website](https://professionalstandards.fns.usda.gov/) (<https://professionalstandards.fns.usda.gov/>) to search for training that meets their learning needs.

Water

To promote hydration, free, safe, unflavored drinking water will be available to all students throughout the school day* and throughout every school campus*. Students can bring and carry water bottles, filled with only water, with them throughout the day.

Nutrition Promotion and Marketing

The District will promote healthy food and beverage choices for all students throughout the school campus, as well as encourage participation in school meal programs-

Exceptions for fundraiser foods not intended for consumption in schools. Fundraising activities that take place outside of school, such as cookie dough or frozen pizza sales, are exempt from the nutrition standards. Distribution of order forms and foods not intended for consumption at school may continue.

Nutrition Education

All students K-10 shall receive nutrition education that teaches the knowledge and skills needed to adopt healthy eating behaviors and is aligned with the *Montana's Health Enhancement and National Association of Sport and Physical Activity/American Alliance of Health, Physical Education, Recreation and Dance Physical Education Content Standards and Benchmarks*.

Nutrition information and education shall be based on the U.S. Dietary Guidelines for Americans. Staff who provide nutrition education shall have the appropriate training, such as health enhancement or family and consumer sciences.

4. Physical Activity

Children and adolescents should participate in at least 60 minutes of physical activity every day. The district shall offer health enhancement opportunities that include the components of a quality health enhancement program taught by a K-12 certified health enhancement specialist. Health enhancement instruction shall be aligned with the *Montana's Health Enhancement and National Association of Sport and Physical Activity/American Alliance of Health, Physical Education, Recreation and Dance Physical Education Content Standards and Benchmarks*. Schools will

ensure that these varied physical activity opportunities are in addition to, and not as a substitute for, physical education.

To the extent practicable, the District will ensure that its grounds and facilities are safe and that equipment is available to students to be active. The District will conduct necessary inspections and repairs.

Physical Education

The District will provide students with physical education, using an age-appropriate, sequential physical education curriculum consistent with national and state standards for physical education. The physical education curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts.

All District **elementary students** in each grade will receive physical education for at least 60 minutes per week throughout the school year.

All **secondary students** (middle and high school) are required to take the equivalent of two academic semesters of physical education.

Recess (Elementary)

All K-4th grade students will receive at least **30 minutes of recess** and 5th – 6th grade students will receive **15 minutes** on all days during the school year (*This policy may be waived on early dismissal or late arrival days*).

Outdoor recess will be offered when weather is feasible for outdoor play. Recess monitors or teachers will encourage students to be active, and will serve as role models by being physically active alongside the students whenever feasible. During indoor activities, the elementary will use lesson plans for structured play when applicable.

Classroom Physical Activity Breaks (Elementary)

The District recognizes that students are more attentive and ready to learn if provided with periodic breaks when they can be physically active or stretch. Thus, K-5 students will be offered **periodic opportunities** to be active or to stretch throughout the day on all or most days during a typical school week. The District recommends teachers provide short (3-5-minute) physical activity breaks to students during and between classroom time at least three days per week. These physical activity breaks will complement, not substitute, for physical education class, recess, and class transition periods.

The District will provide resources and links to resources, tools, and technology with ideas for classroom physical activity breaks. Resources and ideas are available through [USDA \(https://healthymeals.fns.usda.gov/activities-and-tools-1\)](https://healthymeals.fns.usda.gov/activities-and-tools-1) and the [Alliance for a Healthier Generation \(https://www.healthiergeneration.org/take_action/schools/physical_activity/classroom_physical_activity/\)](https://www.healthiergeneration.org/take_action/schools/physical_activity/classroom_physical_activity/)

Before and After School

The District offers opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods. The District encourages active students by offering: early morning recess, interscholastic sports, intramurals, etc. Through a formal joint- or shared-use agreement, indoor and outdoor physical activity facilities and spaces will be open to students, their families, and the community outside of school hours.

PHYSICAL ACTIVITY GOALS

- The district will encourage staff to provide active “brain breaks” by offering training and resources to all K-12 educators.

5. Other Activities that Promote Student Wellness

The District may coordinate and integrate other initiatives related to physical activity, physical education, nutrition and other wellness components so all efforts are complementary, not duplicative, and work towards the same set of goals and objectives promoting student well-being, optimal development and strong educational outcomes.

Community Health Promotion and Family Engagement

The District will promote to parents/caregivers, families, and the general community the benefits of and approaches for healthy eating and physical activity throughout the school year. Families will be informed and invited to participate in school-sponsored activities and will receive information about health promotion efforts.

COMMUNITY HEALTH PROMOTION + FAMILY ENGAGEMENT GOAL

- The district will promote nutrition and wellness to parents, families, and the community by sharing information via social media and/or at family events/activities.

Work Based Learning Program

The Board recognizes that education should be making classroom experiences a meaningful process of learning about all practical aspects of life. The Board believes that the inclusion of career education in the basic curriculum will provide students with information about the many career opportunities available and will establish a relationship between what is taught in the classroom and the world of work.

Work-based learning must provide all participating students with on-the-job experience and training along with career and complimentary vocational/technical classroom instruction to contribute to each student's employability. The students' classroom activities and on-the-job experiences must be planned and supervised by the school and the employer to ensure that both activities contribute to the student's employability. Students enrolled in a work-based learning program must receive credit for related classroom instruction and on-the-job training. In the absence of a proficiency model, the time requirement for students in work-based learning must be converted and is equivalent to the time requirement for credit to be earned.

Students may submit a proposal for a tailored Work Based Learning program that divides their time between instruction in school and specific learning at a job. Each proposed program will be planned by Work Based Learning coordinators and the employer (or employer groups) and shall be in accordance with state and federal laws and regulations governing employment of students under age 18. The Work Based Learning coordinators will communicate with employers on a monthly basis and will visit work sites to determine if the placement is appropriate for student employment.

The particular program designed for each student shall be set forth in a written protocol approved by the student, his or her parents or guardians, the work-experience coordinator and the employer. This shall stipulate the terms of employment and the provision for academic credit.

The Work Based Learning coordinator shall make such arrangements as necessary with employers for evaluating the student's on-the-job performance and for keeping records of job attendance.

The employer or supervisor shall complete District volunteer agreement form and satisfy a name-based and fingerprint criminal background check in accordance with District Policies 5120 and 5122. The employee and District shall also complete workers compensation insurance and general liability insurance requirements in accordance with the attached procedure in a manner consistent with the Work Based Learning opportunity provided to student.

_____ Employer pays the student to work for them in a paid capacity. Student learns from the employer like a newly hired employee and skill sets are acquired through doing actual work for the employer. Student earns school credit for employment as documented in the Work Based Learning plan. Employer is required to show proof of workers compensation coverage for the student via a copy of a current workers compensation policy if the Work Based Learning plan shows the student will receive school credit for the employment. Medical costs and other related workers compensation claim expenses for accepted workers compensation claims due to injury to the student while working in the course and scope as part of the Work Based Learning opportunity shall be covered by the employer's workers compensation coverage.

_____ Employer does not pay the student. Student earns school credit as part of a Work Based Learning plan but student may be assigned credit as part of another course. Employer has a volunteer endorsement added to their workers compensation policy and pays that premium to their carrier. School District requires the employer to show proof of workers compensation coverage with the volunteer endorsement added via a copy of a current workers compensation policy. Medical costs and other related workers compensation claim expenses for accepted workers compensation claims due to injury to the student while working in the course and scope as part of the Work Based Learning opportunity shall be covered by the employer's workers compensation coverage.

_____ Employer does not pay student. Student earns school credit for the Work Based Learning opportunity as outlined the Work Based Learning plan. School district adds a school to work endorsement onto the school workers' compensation policy. School District pays the workers compensation premium costs for the endorsement and other required insurance coverage. Parent liability risk forms should be signed in advance to recognize the inherent risks present with this learning opportunity and to clearly state the student has personal medical insurance coverage in place. Medical costs and other related workers compensation claim expenses for accepted workers compensation claims due to injury to the student while working in the course and scope as part of the Work Based Learning opportunity shall be covered by the School District's workers compensation coverage.

_____ School District provides a work-based learning opportunity off school grounds. The learning opportunity takes place during school period hours, awards school credit hours toward graduation requirements, and is led by a teacher of the school district and/or co-taught by a trade person or general contractor. No workers compensation coverage being provided. School District is responsible for general liability coverage for the students and parent liability risk forms should be signed in advance to recognize the inherent risks present with this learning opportunity and to clearly state the student has personal medical insurance coverage in place.

6 Work Based Learning Program - Insurance

7
8 The School District Work Based Learning coordinator will work with School District
9 administration to identify the appropriate insurance coverage for a student's tailored work-
10 experience opportunity. A student will not commence a Work Based Learning opportunity until
11 the appropriate insurance option has been identified and implemented by all parties. The option
12 selected will be noted as part of the student's Work Based Learning plan.

13
14 Option 1

15 Employer pays the student to work for them in a paid capacity. Student learns from the employer
16 like a newly hired employee and skill sets are acquired through doing actual work for the
17 employer. Student earns school credit for employment as documented in the Work Based
18 Learning plan. Employer is required to show proof of workers compensation coverage for the
19 student via a copy of a current workers compensation policy if the Work Based Learning plan
20 shows the student will receive school credit for the employment. Medical costs and other related
21 workers compensation claim expenses for accepted workers compensation claims due to injury
22 to the student while working in the course and scope as part of the Work Based Learning
23 opportunity shall be covered by the employer's workers compensation coverage.

24
25 Option 2

26 Employer does not pay the student. Student earns school credit as part of a Work Based Learning
27 plan but student may be assigned credit as part of another course. Employer has a volunteer
28 endorsement added to their workers compensation policy and pays that premium to their carrier.
29 School District requires the employer to show proof of workers compensation coverage with the
30 volunteer endorsement added via a copy of a current workers compensation policy. Medical
31 costs and other related workers compensation claim expenses for accepted workers
32 compensation claims due to injury to the student while working in the course and scope as part
33 of the Work Based Learning opportunity shall be covered by the employer's workers
34 compensation coverage.

35
36 Option 3

37 Employer does not pay student. Student earns school credit for the Work Based Learning
38 opportunity as outlined the Work Based Learning plan. School district adds a school to work
39 endorsement onto the school workers' compensation policy. School District pays the workers
40 compensation premium costs for the endorsement and other required insurance coverage. Parent
41 liability risk forms should be signed in advance to recognize the inherent risks present with this
42 learning opportunity and to clearly state the student has personal medical insurance coverage in
43 place. Medical costs and other related workers compensation claim expenses for accepted
44 workers compensation claims due to injury to the student while working in the course and scope
45 as part of the Work Based Learning opportunity shall be covered by the School District's
46 workers compensation coverage.

Option 4

School District provides a work-based learning opportunity off school grounds. The learning opportunity takes place during school period hours, awards school credit hours toward graduation requirements, and is led by a teacher of the school district and/or co-taught by a trade person or general contractor. No workers compensation coverage being provided. School District is responsible for general liability coverage for the students and parent liability risk forms should be signed in advance to recognize the inherent risks present with this learning opportunity and to clearly state the student has personal medical insurance coverage in place.

Student Enrollment, Exceptional Circumstances Meriting Waiver of Age Requirements for Pupils

The administration shall ensure admission, enrollment and assignment of all qualifying children referenced in this policy. The administration shall place children enrolled pursuant to this policy in either a half-time or full-time kindergarten program as an integral part of the elementary school program. The administration shall also ensure provision of a free appropriate public education in the least restrictive environment possible, pursuant to terms of each student's individualized education program, for all children enrolled under this policy who are qualified for services under the Individuals with Disabilities Education Act.

The administration shall include children enrolled pursuant to this policy in the district's calculation of average number belonging (ANB) as reported to OPI.

The Board of Trustees declares the following to be qualifying "exceptional circumstances" within the meaning of that term as used in 20-5-101(3), that merit waiving the age provisions of 20-5-101(1), MCA for qualifying children under 6 years of age:

Note: Each of the below should be considered separately for inclusion or exclusion in the Board's adopted policy. Note: When enrolling on the basis of an individual student's characteristics under this Option A, the District must be sure to document each qualifying student's characteristics to ensure that criteria listed in this portion of the policy can be substantiated.

1. A child at least 3 years of age with a disability qualifying the child for services under the federal Individuals with Disabilities Education Act.
2. A child who is 4 years of age or older on or before September 10 of the school year in which enrollment is to occur who:
 - a. Meets the income eligibility guidelines for free or reduced price meals under the National School Lunch Program;
 - b. Is Limited English Proficient within the meaning of Title III of the federal Elementary and Secondary Education Act;
 - c. Is Gifted and Talented within the meaning of that term as used in 20-7-901, MCA;
 - d. Is an enrolled member of a federally recognized American Indian Tribe;
 - e. Is homeless as defined in 42 U.S. Code § 11302, or, as determined by the administration, exhibits other characteristics or lives in circumstances that are uncommon, unusual, atypical, rare or otherwise distinguished from ordinary or typical which place the child at risk of failing to achieve at adequate levels.

Student Enrollment, Exceptional Circumstances Meriting Waiver of Age Requirements for Pupils

When implementing Board Policy 3100, the District shall follow these procedures:

1. The administration shall review the criteria set forth in the Policy 3100 and make the preliminary determination whether an individual student or class of students meets the criteria for exceptional circumstances set forth therein;

3. The administration shall present the information to the Board for approval within 30 days of making the preliminary determination;
4. In presenting the information to the Board, the administration shall either: (1) remove all identifying information about the student(s) when presenting the information to the Board in order to protect the privacy rights of the student under state and federal law, or (2) provide the name(s) of the students(s) to the Board in a closed session with notice to the parent(s)/legal guardian(s) that he/she/they have the right to attend the closed session; and

Entrance, Placement, and Transfer

Entrance, Date, and Age

The trustees will enroll and admit a child to a school in the district when the child is 5 years of age or older on or before the tenth (10th) day of September of the school year in which the child is to enroll but is not yet 19 years of age who is a resident of the District. Parents may request a waiver of the age requirement. All waivers are granted in the sole discretion of the Trustees.

Non-resident students may be admitted at the discretion of the Trustees. Children will be enrolled in the grade identified in accordance with District policy or at the discretion of the of the administration in consultation with the student's parents or guardians. The District requires proof of identity and an immunization record for every child to be admitted to District schools.

The trustees may at their discretion assign and admit a child to a school in the district who is under 5 years of age or an adult who is 19 years of age or older if there are exceptional circumstances that merit waiving the age provision. The trustees may also admit an individual who has graduated from high school but is not yet 19 years of age even though no special circumstances exist for waiver of the age provision of this Policy.

School Entrance

1. The District requires that a student's parents, legal guardian, or legal custodian present proof of identity of the child¹ to the school within forty (40) days of enrollment, as well as proof of residence in the District. Students who are not residents of the District may apply for admission pursuant to Policy 3141.
2. To be admitted to District schools, in accordance with the Montana Immunization Law, a child must have been immunized against varicella, diphtheria, pertussis, tetanus, poliomyelitis, rubella, mumps, and measles in the manner and with immunizing agents approved by the department. Immunizations may not be required if a child qualifies for conditional attendance or an exemption is filed as provided by Montana law.
3. The above requirements are not to serve as barriers to immediate enrollment of students designated as homeless or foster children as required by the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA. The District shall work with the local child welfare agency, the school last attended, or other relevant agencies to obtain necessary enrollment documentation and ensure a student receives education services in the best interests of the child. The Superintendent or designee shall serve as point of contact with all applicable agencies to review records, facilitate services and resolve disputes.

Placement

The District goal is to place students at levels and in settings that will increase the probability of student success. Developmental testing, together with other relevant criteria, including but not limited to health, maturity, emotional stability, and developmental disabilities, may be considered in the placement of all students. Final disposition of all placement decisions rests with the principal, subject to review by the Superintendent or the Board.

Children of Relocated Military Families

The Board shall assign and admit a child whose parent or guardian is being relocated to Montana under military orders to a school in the district and allow the child to preliminarily enroll in classes and apply for programs offered by the District prior to arrival and establishing residency.

The student will be placed in student data management system as soon as enrolled under this provision. The student will attend classes during preliminary enrollment and the Board authorizes the administration to provide offsite instruction to the student if not present in the District. The District will include a student enrolled under this provision as part of the calculation of ANB.

Transfer

District policies regulating the enrollment of students from other accredited elementary and secondary schools are designed to protect the educational welfare of children.

Elementary Grades (K-8)

A student transferring into the District will be admitted and placed subject to observation by appropriate teachers and a building principal during a probation period of two (2) weeks. Thereafter, should doubt arise as to initial grade and level placement of a student, school personnel will conduct an educational assessment to determine appropriate grade and level placement.

Secondary Grades (9-12) Credit Transfer

A transfer of credits from any secondary school is subject to a satisfactory examination of the following:

1. Appropriate certificates of school accreditation;
2. Length of course, school day, and school year;
3. Content of applicable courses;
4. School building as it relates to credit earned (i.e., lab areas for appropriate science or vocational instruction);

5. Appropriate evaluation of student performance leading toward credit issuance.

The District will follow Montana Accreditation Rules and Standards, along with local alternate procedures for earning credit, in reviewing requests for transfer of credits. High school principals have authority for approving credit transfers, subject to review by the Superintendent or the Board.

Compulsory Attendance

To reach the goal of maximum educational benefits for every child requires a regular continuity of instruction, classroom participation, learning experiences, and study. Regular interaction of students with one another in classrooms and their participation in instructional activities under the tutelage of competent teachers are vital to the entire process of education. This established principle of education underlies and gives purpose to the requirement of compulsory schooling in every state in the nation. A student's regular attendance also reflects dependability and is a significant component of a student's permanent record.

Parents or legal guardians or legal custodians are responsible for seeing that their children who are age seven (7) or older before the first (1st) day of school attend school until the later of the following dates:

1. Child's sixteenth (16th) birthday; or
2. Completion date of the work of eighth (8th) grade.

The provisions above do not apply in the following cases:

- (a) The child has been excused under one of the conditions specified in [20-5-102](#).
- (b) The child is absent because of illness, bereavement, or other reason prescribed by the policies of the trustees.
- (c) The child has been suspended or expelled under the provisions of [20-5-202](#).
- (d) The child is excused pursuant to Section 2 of 20-5-103.

Compulsory attendance stated above will not apply when children:

1. Are provided with supervised correspondence or home study; or
2. Are excused because of a determination by a district judge that attendance is not in the best interests of the child; or
3. Are enrolled in a non-public or home school; or
4. Are enrolled in a school in another district or state; or
5. Are excused by the Board on a determination that attendance after age of sixteen (16) is not in the best interests of the child and the school.

Enrollment and Attendance Records

Since accurate enrollment and attendance records are essential both to obtain state financial reimbursement and to fulfill the District's responsibilities under the attendance laws, staff shall be diligent in maintaining such records.

A district may only include, for ANB purposes, any student who participates in pupil instruction as defined in Section 20-1-101(17), MCA and for whom ANB may be claimed under Title 20, including but not limited to an enrolled student who is:

- A resident of the district or a nonresident student admitted by trustees under a student attendance agreement and who is attending a school of the district;
- Unable to attend school due to a medical reason certified by a medical doctor and receiving individualized educational services supervised by the district, at district expense, at a home or facility that does not offer an educational program;
- Unable to attend school due to the student's incarceration in a facility, other than a youth detention center, and who is receiving individualized educational services supervised by the district, at district expense, at a home or facility that does not offer an educational program;
- Living with a caretaker relative under § 1-1-215, MCA;
- Receiving special education and related services, other than day treatment, under a placement by the trustees at a private nonsectarian school or private program if the student's services are provided at the district's expense under an approved individual education plan supervised by the district;
- Participating in the Running Start Program at district expense under § 20-9-706, MCA;
- Receiving education services, provided by the district, using appropriately licensed district staff at a private residential program or private residential facility licensed by the Department of Public Health and Human Services;
- Enrolled in an educational program or course provided at district expense using electronic or offsite delivery methods, including but not limited to tutoring, distance learning programs, online programs, and technology delivered learning programs, while attending

- a school of the district or any other nonsectarian offsite instructional setting with the approval of the trustees of the district; or
- student of the district completing work on a proficiency basis in accordance with Sections 20-9-311(4)(d) and 20-9-324(18)(b), MCA;
- A student enrolled by the Board for exceptional circumstances as defined in applicable District policies and in accordance with Section 20-5-101, MCA.
- A student gaining credit for participating in a work-based learning program pursuant to [New Section 8] of Chapter 247, Laws of 2021 and Policy 2600;
- A student participating in an “innovative educational program” as defined in Section 15-30-3102, MCA;
- A resident of the district attending a Montana job corps program under an interlocal agreement with the district under Section 20-9-707, MCA; or
- A resident of the district attending a Montana Youth Challenge Program under an interlocal agreement with the district under Section 20-9-707, MCA.
- A student with a disability who is over 19 years old but under 21 years of age, has been enrolled by the Board of Trustees in accordance with Policy 3110, and qualifies in accordance with Section 20-9-311(7), MCA, to remain enrolled and be served by schools, if the following criteria are satisfied:
 - the student has not graduated;
 - the student is eligible for special education services and is likely to be eligible for adult services for individuals with developmental disabilities due to the significance of the student's disability; and
 - the student's individualized education program has identified transition goals that focus on preparation for living and working in the community following high school graduation since age 16 or the student's disability has increased in significance after age 16.

In order for a student who is served through distance learning or offsite delivery methods to be included in the calculation of average number belonging, the student must meet one or more of the conditions for participating in offsite instruction pursuant to Section 20-7-118, MCA.

Enrollment for Purposes of Participation in Extracurricular Activities By an Unenrolled Child or Part Time Enrolled Student

The District shall include for ANB purposes a child who during the prior school year:

- a. resided in the District;
- b. was not enrolled in the District or was not enrolled full time; and
- c. completed an extracurricular activity with a duration of at least 6 weeks in accordance with Policy 3510.

Each completed extracurricular activity that, inclusive of practices and post-season tournaments, lasts 6 weeks or longer shall be counted as one-sixteenth enrollment. Each completed extracurricular activity lasting longer than 18 weeks may be counted as one-eighth enrollment. A child may not be counted as more than one full-time enrollment for ANB purposes.

For purposes of calculating ANB under this section, "extracurricular activity" means:

- a. a sport or activity sanctioned by an organization having jurisdiction over interscholastic activities, contests, and tournaments;
- b. an approved career and technical student organization, pursuant to Section 20-7-306, MCA; or
- c. a school theater production.

Enrollment and Attendance Records

Average Number Belonging

Average Number Belonging (ANB) is the enrollment measure used for the State Foundation Program calculations as defined in § 20-9-311, MCA. The ANB of one year is based on the attendance records of the preceding year. Funding for districts is based on ANB, which is based on “aggregate hours” per year and must be accurate. “Aggregate hours” means the hours of pupil instruction for which a school course or program is offered or for which a pupil is enrolled.

For a child to be counted for ANB purposes:

- a) The child must meet the definition of pupil as found in § 20-1-101(11), MCA;
- b) Attending 180 to 359 aggregate hours = One-quarter time enrollment
- c) Attending 360 to 539 aggregate hours = One-half time enrollment
- d) Attending 540 to 719 aggregate hours = Three-quarter time enrollment
- e) Attending 720 aggregate hours or more = Full-time enrollment

A school district may include in its calculation of ANB a pupil who is enrolled in a program providing fewer than the required aggregate hours of pupil instruction required under subsection 20-9-311(4)(a) or (4)(b) if the pupil had demonstrated proficiency in the content ordinarily covered by the instruction as determined by the school board using district assessments. The ANB must be converted to an hourly equivalent based on the hours of instruction ordinarily provided for the content over which the student has demonstrated proficiency. 20-9-311(4)(d).

Homebound Students

Students who are receiving instructional services, who were in the education program and, due to medical reasons certified by a medical doctor, are unable to be present for pupil instruction, may be counted as enrolled for ANB purposes, if the student:

- a) Is enrolled and is currently receiving organized and supervised pupil instruction;
- b) Is in a home or facility which does not offer a regular educational program; and

- c) Has instructional costs during the absence, which are financed by the District's general fund.

If a homebound student does not meet the criteria set forth above, the District may request a variance through the Office of Public Instruction, for consideration of the student in the enrollment count for ANB purposes beyond the tenth (10th) day of absence.

Attendance Accounting

Days present and absent for every student are to be recorded in each building, for the purpose of informing parents of a student's attendance record.

On the first (1st) Monday in October and the first (1st) Monday in February, the number of all enrolled students (whether present or absent) by grade level and class will be recorded on the forms provided by the District. Special education children who are enrolled in special programs sixteen (16) hours or more a week will be listed separately. The Director of Special Education should be contacted to verify this count. Monthly student counts of enrolled children by grade and classroom will be provided by the office.

Attendance Policy - Truancy

Students are expected to attend all assigned classes each day. Teachers shall keep a record of absence and tardiness. Before the end of the school day, each school shall attempt to contact every parent, guardian, or custodian whose child is absent from school but who has not reported the child as absent for the school day, to determine whether the parent, guardian, or custodian is aware of the child's absence from school.

For the purpose of this policy "truant" or "truancy" means the persistent non-attendance without excuse, as defined by this policy, for all or any part of a school day equivalent to the length of one class period of a child required to attend a school under 20-5-103. "Habitual truancy" means recorded unexcused absences of 9 or more days or 54 or more parts of a day, or equivalent, whichever is less, in 1 school year.

The Scobey school district's definition of non-attendance without excuse is stated in the student handbook.

The Scobey School district has appointed the principal as the attendance officer.

Upon the board designating one or more of its staff as the attendance officer(s), the attendance officer(s) shall have the powers and duties as stated in 20-5-105(1) (Section 2), MCA.

Military Compact Waiver

The State of Montana is one of numerous states across the country that is a member of the Interstate Compact on Educational Opportunity for Military Children. As a school district within the State of Montana subject to the laws of the State of Montana, the District shall follow the requirements of the Compact for students who enroll at the District for whom the Compact applies.

Purpose

The purpose of the Interstate Compact on Educational Opportunity for Military Children is to remove barriers to educational success for children of military families due to frequent relocation and deployment of their parents. The Compact facilitates educational success by addressing timely student enrollment, student placement, qualification and eligibility for programs (curricular, co-curricular, and extra-curricular), timely graduation, and the facilitation of cooperation and communication between various member states' schools.

Applicability

This Compact applies only to children of:

1. Active duty members of the uniformed services as defined in the Compact, including member of the national guard and reserve on active duty orders pursuant to 10 U.S.C., 12301(d) and 12304;
2. Members of the veterans of the uniformed services who are severely injured and medically discharged or retired for a period of 1 year after medical discharge or retirement; and
3. Members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of 1 year after death.

Educational Records and Enrollment

1. **Hand Carried/Unofficial Educational Records:** In the event that official educational records cannot be released to a parent for the purpose of school transfer, the custodian of records from the sending school shall prepare and furnish to the parent a complete set of unofficial educational records containing uniform information as determined by the Interstate Commission.

Upon receipt of the unofficial educational records, the District shall enroll and appropriately place the student based upon the information the school receives in the unofficial educational records, pending validation by the official records, as soon as possible.

2. **Official Educational Records/Transcripts:** At the time of enrollment and conditional placement of a qualifying student at the District, the District shall request the student's official educational records from their last school of attendance.

A school receiving such a request shall process the official educational records request and furnish such within a period of ten (10) days, or within the timeline determined to be reasonable by the Interstate Commission.

3. **Immunizations:** The District shall provide a period of thirty (30) days from the date of enrollment, or such other time frame as determined by the rules of the Interstate Commission, within which students may obtain any immunizations required by the District. Where the District's requirements include a series of immunizations, initial vaccinations must be obtained within thirty (30) days, or within the timeline determined to be reasonable by the Interstate Commission.

4. **Kindergarten and First Grade Entrance Age:** Students shall be allowed to continue their enrollment at grade level at the District, commensurate with their grade level from their receiving school, including kindergarten, at the time of transition. However, the provisions of Montana Code 20-5-101 regarding trustees enrolling a child in kindergarten or in first grade whose fifth (5th) or sixth (6th) birthday occurs on or before the tenth (10th) day of September of the school year in which the child is to enroll but is not yet 19 years of age, shall continue to apply.

A student who has satisfactorily completed the prerequisite grade level in the sending school shall be eligible for enrollment in the next highest grade level in the District, at the receiving school, regardless of age.

A student who is transferring into the District after the start of the school year shall enter the District on the student's validated grade level from an accredited school in the sending state.

Placement and Attendance

1. **Course Placement:** Upon transfer of a qualifying student, the receiving District shall place the student in courses consistent with the student's courses in the sending school and/or the school's educational assessments.

Course placement includes, but is not limited to honors, international baccalaureate, advanced placement, vocational, technical, and career pathways courses.

Continuing the student's academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. This requirement does not preclude the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the course(s).

- 2. Educational Program Placement:** The District shall initially honor placement of the student in educational programs based on current educational assessments conducted at the sending school or participation/placement in similar programs at the sending school.

Educational program placement includes, but is not limited to, gifted and talented programs and English as a second language. This requirement does not preclude the District from performing subsequent evaluations to ensure appropriate placement of the student.

- 3. Special Education Services:** In compliance with the federal requirements of the Individuals with Disabilities Education Act, the District, as the receiving school, shall initially provide comparable services to a student with disabilities based on his or her current Individual Education Plan.

In compliance with Section 504 of the Rehabilitation Act and with Title II of the Americans with Disabilities Act, the District, as the receiving school, shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities consistent with his or her existing 504 or Title II Plan.

This does not preclude the District, as the receiving school, from performing subsequent evaluations to ensure appropriate placement and/or accommodations are made for the student.

- 4. Placement Flexibility:** The District's Administration shall have the flexibility to waive course/program prerequisites or other preconditions for placement in courses/programs offered by the receiving District.

- 5. Absences Relating to Deployment Activities:** A student whose parent/legal guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or immediately returned from deployment in a combat zone or combat support position, shall be granted additional excused absences at the discretion of the District's Superintendent to visit with his or her parent/legal guardian relative to such leave or deployment of the parent/guardian.

Eligibility

1. **Eligibility for Enrollment:** A Special Power of Attorney pertaining to the guardianship of a student of a military family and executed under applicable law shall be sufficient for the purposes of enrollment and all other actions requiring parental participation and consent.

The receiving District shall not charge tuition to a transitioning military student placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent.

A transitioning military student, placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent, may continue to attend the school in which he or she was enrolled when residing with the custodial parent.

2. **Eligibility for Extra-Curricular Activity Participation:** The District shall facilitate the opportunity for transitioning military students' inclusion in extracurricular activities, regardless of application deadlines, to the extent the student is otherwise qualified.

Graduation

In order to facilitate the on-time graduation of children of military families, the receiving District shall incorporate the following procedure:

1. **Graduation Course Requirements – Waiver:** The receiving District's Administration, through the Superintendent or designee, shall waive specific courses that are required for graduation if similar coursework has been satisfactorily completed at another school.

If the District does not waive the specific course requirement for graduation, the District shall provide a reasonable justification for the denial. This justification shall be provided to the parent/legal guardian in writing.

If the receiving District does not waive the specific course requirement for graduation and the student would have otherwise qualified to graduate from the sending school, the receiving District shall provide an alternative means of acquiring required course work to ensure that the student's graduation will occur on time.

2. **Exit Exams:** In lieu of testing requirements required for graduation at the receiving District, the District and the State of Montana shall accept any or all of the following:

- A. Exit exams or end-of-course exams required for graduation from the sending school;
- B. National norm-referenced achievement tests; or

C. Alternative testing.

In the event the above alternatives cannot be accommodated by the receiving District for a student transferring during his or her senior year, subsection 3, below, shall apply.

- 3. Transfer During Senior Year of High School:** Should a military student transferring at the beginning of or during the senior year be ineligible to graduate from the receiving District after all alternatives have been considered, the sending school and the receiving District shall ensure the receipt of a diploma from the sending school if the student meets the graduation requirements of the sending school.

In the event that one of the states in question is not a member of this Compact, the member state shall use best efforts to facilitate the on-time graduation of the student.

Conflicts

All state laws and District policies that conflict with this policy and/or in conflict with the Compact are superseded to the extent of the conflict.

Cooperation

The receiving District, through its administration, shall timely cooperate with all state agency inquiries and other District/school inquiries relating to a student who is covered by the Compact.

Education of Homeless Children

Every child of a homeless individual and every homeless child are entitled to equal access to the same free, appropriate public education as provided to children with permanent housing. The District must assign and admit a child who is homeless to a District school regardless of residence and irrespective of whether the homeless child is able to produce records normally required for enrollment. The District may not require an out-of-District attendance agreement and tuition for a homeless child.

Should a child become homeless over the course of the school year, the child must be able to remain at the school of origin, or be eligible to attend another school in the district.

The Superintendent will review and revise as necessary rules or procedures that may be barriers to enrollment of homeless children and youths. In reviewing and revising such procedures, the Superintendent will consider issues of transportation, immunization, residence, birth certificates, school records, and other documentation.

Homeless students will have access to services comparable those offered to other students, including but not limited to:

1. Transportation services;
2. Educational services for which a student meets eligibility criteria (e.g., Title I);
3. Educational programs for children with disabilities and limited English proficiency;
4. Programs in vocational and technical education;
5. Programs for gifted and talented students; and
6. School nutrition program.

The Superintendent will give special attention to ensuring the enrollment and attendance of homeless children and youths not currently attending school. The Superintendent will appoint a liaison for homeless children. A "homeless individual" is defined as provided in the McKinney Homeless Assistance Act.

Anyone having a concern or complaint regarding placement or education of a homeless child will first present it orally and informally to the District homeless liaison. Thereafter, a written complaint must be filed in accordance with the District Uniform Complaint Procedure.

Anyone having a concern or complaint regarding placement or education of a homeless child will first present it orally and informally to the District homeless liaison. To further ensure that the District is removing barriers to the educational access and success of children and youths who are homeless, and to ensure that Title 1 funding is expended in an appropriate manner, the District has adopted the dispute resolution form at 3125F.

Discretionary Nonresident Student Attendance Policy

1. Except as required by § 20-5-321, MCA, the District will admit nonresident students at its discretion.
2. The Superintendent will recommend to the Board any nonresident student admission in accordance with this policy, with the Board making the final decision on admission.
3. The District will examine a student's records from this district and other school districts before any Board approval for admission. Review of the records and decisions regarding admission cannot be inconsistent with district policies regarding nondiscrimination.
5. Every nonresident student who attends District schools must reapply for admission for the succeeding school year by June 15. Admission in one school year does not infer or guarantee admission in subsequent years.
7. The District will not admit nonresident students when doing so would cause the district to exceed the class size standards under 10.55.712 and 10.55.713, ARM.
6. All resident students who become nonresidents because their parents or guardians move out of the District may continue attendance for the school year, barring registration in another District. At the completion of the school year, a student must apply as a nonresident student in accordance with #4.
7. The Board reserves the right to charge tuition for nonresident students. At its discretion, the Board may charge or waive tuition for all students whose tuition is required to be paid by one kind of entity, defined as either a parent or guardian or a school district. Any waiver of tuition will be applied equally to all students whose tuition is paid by the same kind of entity (i.e., if the District charges tuition in those circumstances where a resident district pays but waives tuition in those circumstances where a parent or guardian is responsible for tuition, the tuition waiver will be applicable to all students whose parents or guardians bear the responsibility for payment).
8. All nonresident students will be considered ineligible transportees for school transportation services (§ 20-10-101, MCA).
9. The Board will not admit any student who is expelled from another school district.

10. Nonresident students enrolled under this policy are subject to all district policies, rules, regulations on the same basis as resident students.

Foreign Exchange Students

The District finds that foreign exchange students add to the richness of the high school setting for both District and foreign students. Thus, the District is willing to enroll a manageable number of foreign exchange students.

To protect the interests of the District and students, the District has adopted the following policies (it should be remembered that foreign exchange students are educated at the expense of the taxpayers of the District and the state of Montana):

- d) The foreign exchange student must be eighteen (18) years of age or younger at the time of enrollment;
- e) The foreign exchange student must reside with a legal resident of the District. Exceptions may be granted.
- f) The foreign exchange student must have sufficient knowledge of the English language to enable effective communication and to use instructional materials and textbooks printed in English.
 - a. The District may administer an English proficiency test of its choosing, which will supersede all other tests.
 - b. If an organization places a student who, on arrival, is deemed by the District to be deficient in English language proficiency, the organization will either terminate the student's placement or provide and pay for tutorial help until the student reaches proficiency, as determined by the District.

Academic Standards and Graduation

1. A foreign exchange student will be expected to meet all appropriate standards required of any student enrolled in the District.
2. Foreign exchange students may not graduate or receive a diploma from Scobey High School. However, they may participate in ceremonies and receive a certificate of attendance.

Orientation by the Exchange Organization

1. Orientation, both pre-departure and upon arrival in the United States, must be provided to the exchange student.
2. Orientation must also be provided to the host family in advance of the exchange student's arrival. The family should be advised of potential problems in hosting an exchange student and provided with suggestions for coping with these problems.
3. The student's host family and the District must be provided written information which includes at least:
 - a. Name, address, and phone number of both local and area coordinators for the exchange organization.
 - b. A twenty-four-(24)-hour emergency telephone number for immediate assistance by the exchange organization.

Supervision

1. The sponsoring foreign student exchange organization must assume the final responsibility of resolving problems, including, if necessary, the changing of host families or the early return home of the exchange student because of personal, family, or school difficulties.
2. The sponsoring foreign student exchange organization must contact the exchange student and host family periodically throughout the exchange visit to ensure that problems are dealt with promptly and effectively.
3. The host family must be available and willing to meet with school personnel when functions or conditions require it.

Student Opportunities and Responsibilities

1. Required Courses. Foreign exchange students will be expected to enroll in the following academic classes while attending Scobey High School:
 - a. One (1) English class;
 - b. One (1) United States history class or one (1) government class;
 - c. Maintain enrollment in at least six (6) classes.

2. Athletic Program. Foreign exchange students are eligible to participate in the Scobey High School Activities Program. Guidelines for participation are set by District policy and by the Montana High School Association, as follows:
 - a. RECOGNITION. The student must be a participant of an “official Foreign Exchange Program” as defined in the publication from the National Association of Secondary School Principals, entitled, “Advisory List of International Educational Travel and Exchange Programs.”
 - b. GRADUATION. The student cannot have graduated or received a diploma in his/her own country.
3. Student Fees. Foreign exchange students are expected to pay all yearbook fees, lab fees, prom tickets, athletic fees, cap and gown fees, lunch prices, and all other school-incurred expenses that are expected of other students enrolled in Scobey High School.
4. Achievement and Discipline. Foreign exchange students must maintain passing grades in all classes, follow rules and regulations of District student policies, and show satisfactory discipline and attendance. Failure to comply with these expectations may result in dismissal of the student from the District Foreign Exchange Program.
5. Scholarship(s). The District will not include names of foreign exchange students in its formal class-rank listing based on cumulative grade point average, nor will foreign exchange students be eligible to apply for any local scholarship.

Placement Quotas for Foreign Student Exchange Organizations

1. Scobey High School will accept a maximum of two (2) individually sponsored exchange students, on a first-come, first-served basis.
2. The fact that a foreign exchange organization has located a host family within the District does not infer the District will automatically enroll the student. While the organization may develop such an agreement with a host family, the family should be advised it is contingent upon admission to Scobey High School.

Part-Time Attendance

The District will review requests for part-time enrollment of students for purposes of academic courses on a case-by-case basis, with a building principal making a preliminary decision pursuant to the criteria set forth in this Policy. Denial of part-time enrollment may be appealed pursuant to policy 1700.

Criteria for accepting students for part-time enrollment are the following:

1. Accepting a student will not create excess student enrollment in a requested class;
2. Accepting a student will not create need for an additional staff member;
3. Accepting a student will not cause a new section of a course to be created.

The District will accept on a first-come, first-served basis students wishing to enroll in the same course. Whenever the enrollment position of a part-time student is needed for a regular, full-time student during the year, a full-time student has priority for the position beginning with the next semester.

Participation in District Extracurricular Activities by Unenrolled Children

This policy does not restrict or limit the ability of unenrolled children to seek to participate in extracurricular activities in accordance with Policy 3510. The District may secure ANB for unenrolled children participating in identified extracurricular activities in accordance with Policy 3121.

Student Dress

The District recognizes that a student's choice of dress and grooming habits demonstrate personal style and preference. The District has the responsibility to ensure proper and appropriate conditions for learning, along with protecting the health and safety of its student body. Even though the schools will allow a wide variety of clothing styles, dress and grooming must not materially or substantially disrupt the educational process of the school or create a health or safety hazard for students, staff, or others.

Building administrators shall establish procedures for the monitoring of student dress and grooming in school or while engaging in extracurricular activities. Students attending public events sponsored by the school district are permitted to honor their American Indian heritage through the display of culturally significant tribal regalia at a public event sponsored by the school district. Any item that promotes drug use, weapon use, threats of violence, sexual harassment, bullying, or other intimidation, or violates another district policy, state, or federal law may not be worn at a public event sponsored by the school district. Specific regulations shall be published annually in student handbooks.

Sexual Harassment of Students

The District does not discriminate on the basis of sex in any education program or activity that it operates. The District is required by Title IX of the Education Amendments of 1972 and the regulations promulgated through the U.S. Department of Education not to discriminate in such a manner. Inquiries about the application of Title IX to the District may be referred to the District's Title IX Coordinator, to the Assistant Secretary for Civil Rights of the Department of Education, or both.

The Board designates the following individual to serve as the District's Title IX Coordinator:

Title: John States
Office address: Scobey School, Room 101, 205 2nd Ave. East, Scobey,
Email: jstates@scobeyschools.com
Phone number: 406-487-2202

Any person may report sex discrimination, including sexual harassment, at any time, including during non-business hours. Such a report may be made in person, by mail, by telephone or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

For purposes of this policy and the grievance process, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to the District's education program or activity or
3. "Sexual assault" as defined in 20 USC 1092(f)(6)(A)(v), "dating violence" as defined in 34 USC 12291(a)(10), "domestic violence" as defined in 34 USC 12291(a)(8) or "stalking" as defined in 34 USC 12291(a)(30).

When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator directs the individual to the applicable sex discrimination process for investigation.

An individual is not required to submit a report of sexual harassment involving the Title IX coordinator. In the event the Title IX Coordinator is responsible for or a witness to the alleged harassment, the individual may report the allegations to the building principal or superintendent or other unbiased school official.

Retaliation Prohibited

The District prohibits intimidation, threats, coercion or discrimination against any individual for the purpose of interfering with any right or privilege secured by Title IX or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation proceeding or hearing, if applicable. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or this part, constitutes retaliation.

Confidentiality

The District must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any individual who has been alleged to be the victim or perpetrator of conduct that could constitute sexual harassment, and any witness, except as may be permitted by Family Educational Rights and Privacy Act (FERPA) or as required by law, or to carry out the purposes of the Title IX regulations, including the conduct of any investigation, hearing or judicial proceeding arising thereunder.

Notice Requirements

The District provides notice to applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, employees and the union(s) with the name or title, office address, email address and telephone number of the Title IX Coordinator and notice of the District grievance procedures and process, including how to report or file a complaint of sex discrimination, how to file a formal complaint of sexual harassment and how the District will respond. The District also posts the Title IX Coordinator's contact information and Title IX policies and procedures in a prominent location on the District website and in all handbooks made available by the District.

Training Requirements

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receives training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an

investigation and grievance process including hearings, appeals and informal resolution processes, when applicable, and how to serve impartially including by avoiding prejudgment of the facts at issue, conflicts of interest and bias. The District also ensures that decision-makers and investigators receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant as set forth in the formal procedures that follow, and training on any technology to be used at a live hearing, if applicable. Investigators also receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. All materials used to train individuals who receive training under this section must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment and are made publicly available on the District's website.

Conflict of Interest and Bias

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Determination of Responsibility

The individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment is presumed not responsible for alleged conduct. A determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation in accordance with the process outlined in Policy 3225P. No disciplinary sanctions will be imposed unless and until a final determination of responsibility is reached.

Sexual Harassment Grievance Procedure - Students

The Board requires the following grievance process to be followed for the prompt and equitable resolution of student complaints alleging any action that would be prohibited as sexual harassment by Title IX. The Board directs the process to be published in accordance with all statutory and regulatory requirements.

Definitions

The following definitions apply for Title IX policies and procedures:

“Actual knowledge:” notice of sexual harassment or allegations of sexual harassment to the District’s Title IX Coordinator or any official of the District who has authority to institute corrective measures on behalf of the District, or to any employee of an elementary or secondary school.

“Education program or activity:” includes locations, events or circumstances over which the District exercised substantial control over both the individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment, and the context in which the sexual harassment occurs.

“Complainant:” an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Respondent:” an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Formal complaint:” a document filed by a Complainant or signed by the Title IX Coordinator alleging sexual harassment against a Respondent and requesting that the District investigate the allegation of sexual harassment.

“Supportive measures:” non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available and without fee or charge to the Complainant or Respondent before or after the filing of a formal complaint or where no formal complaint has been filed.

District Requirements

When the District has actual knowledge of sexual harassment in an education program or activity of the District, the District will respond promptly in a manner that is not deliberately indifferent. When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator will direct the individual to the applicable sex discrimination process for investigation.

The District treats individuals who are alleged to be the victim (Complainant) and perpetrator (Respondent) of conduct that could constitute sexual harassment equitably by offering supportive measures. Supportive measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual restrictions on contact between the parties, leaves of absence, increased security and monitoring of certain areas of the District's property, campus escort services, changes in work locations and other similar measures.

The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Upon the receipt of a complaint, the Title IX Coordinator must promptly contact the Complainant to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the Complainant the process for filing a formal complaint. If the District does not provide the Complainant with supportive measures, then the District must document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Timelines

The District has established reasonably prompt time frames for the conclusion of the grievance process, including time frames for filing and resolving appeals and informal resolution processes. The grievance process may be temporarily delayed or extended for good cause. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities. In the event the grievance process is temporarily delayed for good cause, the District will provide written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action.

Response to a Formal Complaint

At the time of filing a formal complaint, a Complainant must be participating in or attempting to participate in the education program or activity of the District with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, by electronic mail, or other means designated by the District.

The District must follow the formal complaint process before the imposition of any disciplinary sanctions or other actions that are not supportive measures. However, nothing in this policy precludes the District from removing a Respondent from the District's education program or activity on an emergency basis, provided that the District undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the Respondent with notice and an opportunity to challenge the decision immediately following the removal. A period of removal may include the opportunity for the student to continue instruction in an offsite capacity. The District may also place a non-student employee Respondent on administrative leave during the pendency of the grievance process. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Upon receipt of a formal complaint, the District must provide written notice to the known parties including:

1. Notice of the allegations of sexual harassment, including information about the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, the date and location of the alleged incident, and any sufficient details known at the time. Such notice must be provided with sufficient time to prepare a response before any initial interview;
2. An explanation of the District's investigation procedures, including any informal resolution process;
3. A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
4. Notice to the parties that they may have an advisor of their choice who may be, but is not required to be, an attorney, and may inspect and review any evidence; and
5. Notice to the parties of any provision in the District's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the District decides to investigate allegations about the Complainant or Respondent that are not included in the notice initially provided, notice of the additional allegations must be provided to known parties.

The District may consolidate formal complaints as to allegations of sexual harassment against more than one Respondent, or by more than one Complainant against one or more Respondents,

or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Investigation of a Formal Complaint

When investigating a formal complaint and throughout the grievance process, the District must:

1. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not the parties’;
2. Provide an equal opportunity for the parties to present witnesses and evidence;
3. Not restrict either party’s ability to discuss the allegations under investigation or to gather and present relevant evidence;
4. Allow the parties to be accompanied with an advisor of the party’s choice who may be, but is not required to be, an attorney. The District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
5. Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party is expected to participate, with sufficient time for the party to prepare to participate;
6. Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint and comply with the review periods outlined in this process;
7. Objectively evaluate all relevant evidence without relying on sex stereotypes;
8. Ensure that Title IX Coordinators, investigators, decision-makers and individuals who facilitate an informal resolution process, do not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent;
9. Not make credibility determinations based on the individual’s status as Complainant, Respondent or witness;
10. Not use questions or evidence that constitute or seek disclosure of privileged information unless waived.

Dismissal of Formal Complaints

If the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the District’s education program or activity, or did not occur against a

person in the United States, then the District must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under this policy.

The Title IX Coordinator also may dismiss the formal complaint or any allegations therein at any time during the investigation or hearing, if applicable, when any of the following apply:

1. a Complainant provides written notification to the Title IX Coordinator that the Complainant would like to withdraw the formal complaint or any allegations therein;
2. the Respondent is no longer enrolled or employed by the District or;
3. specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal, the Title IX Coordinator promptly sends written notice of the dismissal and the reasons for dismissal simultaneously to both parties. The grievance process will close in the event a notice of dismissal is provided to the parties. Support measures may continue following dismissal.

Evidence Review

The District provides both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation. The evidence provided by the District must include evidence that is directly related to the allegations in the formal complaint, evidence upon which the District does not intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory evidence whether obtained from a party or other source. Prior to completion of the investigative report, the Title IX Coordinator must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties have 10 calendar days to submit a written response to the Title IX Coordinator, which the investigator will consider prior to completion of the investigative report.

Investigative Report

The investigator must prepare an investigative report that fairly summarizes relevant evidence and send the report to the Title IX Coordinator. The Title IX Coordinator must send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response. The parties have 10 calendar days to submit a written response to the Title IX Coordinator.

Decision-Maker's Determination

The investigative report is submitted to the decision-maker. The decision-maker cannot be the same person(s) as the Title IX Coordinator or the investigator. The decision-maker cannot hold a

hearing or make a determination regarding responsibility until 10 calendar days from the date the Complainant and Respondent receive the investigator's report.

Prior to reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent. Questions must be submitted to the Title IX Coordinator within three calendar days from the date the Complainant and Respondent receive the investigator's report.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence standard. The decision-maker's written determination must:

1. Identify the allegations potentially constituting sexual harassment;
2. Describe the procedural steps taken, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather evidence, and hearings held;
3. Include the findings of fact supporting the determination;
4. Draw conclusions regarding the application of any District policies and/or code of conduct rules to the facts;
5. Address each allegation and a resolution of the complaint including a determination regarding responsibility, the rationale therefor, any recommended disciplinary sanction(s) imposed on the Respondent, and whether remedies designed to restore or preserve access to the educational program or activity will be provided by the District to the Complainant and
6. The procedures and permissible bases for the Complainant and/or Respondent to appeal the determination.

A copy of the written determination must be provided to both parties simultaneously, and generally will be provided within 60 calendar days from the District's receipt of a formal complaint.

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Where a determination of responsibility for sexual harassment has been made against the Respondent, the District will provide remedies to the Complainant that are designed to restore or preserve equal access to the District's education program or activity. Such remedies may include supportive measures; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the Respondent. The Title IX Coordinator is responsible for effective implementation of any remedies. Following any determination of responsibility, the District may implement disciplinary sanctions in accordance with State or Federal law and or/the negotiated agreement. For students, the sanctions may include disciplinary action, up to and including permanent exclusion.

Appeals

Either the Complainant or Respondent may appeal the decision-maker's determination regarding responsibility or a dismissal of a formal complaint, on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time that could affect the outcome and
3. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent that affected the outcome.

The request to appeal must be made in writing to the Title IX Coordinator within seven calendar days after the date of the written determination. The appeal decision-maker must not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent and cannot be the Title IX Coordinator, the investigator, or the decision-maker from the original determination.

The appeal decision-maker must notify the other party in writing when an appeal is filed and give both parties a reasonable equal opportunity to submit a written statement in support of, or challenging, the outcome. After reviewing the evidence, the appeal decision-maker must issue a written decision describing the result of the appeal and the rationale for the result. The decision must be provided to both parties simultaneously, and generally will be provided within 10 calendar days from the date the appeal is filed.

Informal Resolution Process

Except when concerning allegations that an employee sexually harassed a student, at any time during the formal complaint process and prior to reaching a determination regarding responsibility, the District may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility, provided that the District:

1. Provides to the parties a written notice disclosing:
 - A. The allegations;
 - B. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the Title IX formal complaint process with respect to the formal complaint; and
 - C. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process.

The informal resolution process generally will be completed within 30 calendar days, unless the parties and the Title IX Coordinator mutually agree to temporarily delay or extend the process. The formal grievance process timelines are stayed during the parties' participation in the informal resolution process. If the parties do not reach resolution through the informal resolution process, the parties will resume the formal complaint grievance process, including timelines for resolution, at the point they left off.

Recordkeeping

The District must maintain for a period of seven years records of:

1. Each sexual harassment investigation, including any determination regarding responsibility, any disciplinary sanctions imposed on the Respondent, and any remedies provided to the Complainant designed to restore or preserve equal access to the District's education program or activity;
2. Any appeal and the result therefrom;
3. Any informal resolution and the result therefrom; and

4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The District must make these training materials publicly available on its website.

The District must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity.

Searches and Seizure

The goal of search and seizure with respect to students is meeting the educational needs of children and ensuring their security. The objective of any search and/or seizure is not the eradication of crime in the community. Searches may be carried out to recover stolen property, to detect illegal substances or weapons, or to uncover any matter reasonably believed to be a threat to the maintenance of an orderly educational environment. The Board authorizes school authorities to conduct reasonable searches of school property and equipment, as well as of students and their personal effects, to maintain order and security in the schools.

The search of a student, by authorized school authorities, is reasonable if it is both: (1) justified at its inception, and (2) reasonably related in scope to the circumstances which justified the interference in the first place.

School authorities are authorized to utilize any reasonable means of conducting searches, including but not limited to the following:

1. A “pat down” of the exterior of the student’s clothing;
2. A search of the student’s clothing, including pockets;
3. A search of any container or object used by, belonging to, or otherwise in the possession or control of a student; and/or
4. Devices or tools identified in school district policy of the student handbook or deemed necessary by the Superintendent of Designee.

The “pat down” or “search” of a student, if conducted, will be conducted by a school official or employee of the same gender as the student being searched.

School Property and Equipment and Personal Effects of Students

School authorities may inspect and search school property and equipment owned or controlled by the District (such as lockers, desks, and parking lots).

The Superintendent may request the assistance of law enforcement officials, including their use of specially trained dogs, to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or material.

Students

School officials may search any individual student, his/her property, or District property under his/her control, when there is a reasonable suspicion that the search will uncover evidence that he/she is violating the law, Board policy, administrative regulation, or other rules of the District or the school. Reasonable suspicion shall be based on specific and objective facts that the search will produce evidence related to the alleged violation. The types of student property that may be

searched by school officials include but are not limited to lockers, desks, purses, backpacks, student vehicles parked on District property, cellular phones, or other electronic communication devices.

Students may not use, transport, carry, or possess illegal drugs or any weapons in their vehicles on school property. While on school property, vehicles may be inspected at any time by staff, or by contractors employed by the District utilizing trained dogs, for the presence of illegal drugs, drug paraphernalia, or weapons. In the event the school has reason to believe that drugs, drug paraphernalia, or weapons are present, including by alert-trained dogs, the student's vehicle will be searched, and the student expressly consents to such a search.

Also, by parking in the school parking lots, the student consents to having his/her vehicle searched if the school authorities have any other reasonable suspicion to believe that a violation of school rules or policy has occurred.

Seizure of Property

When a search produces evidence that a student has violated or is violating either a law or District policies or rules, such evidence may be seized and impounded by school authorities and disciplinary action may be taken. As appropriate, such evidence may be transferred to law enforcement authorities.

Student Use of Buildings: Equal Access

Non-curricular groups of students not previously recognized as curricular student organization under Policy 3510 or 3550 may gather on school premises under the following guidelines without restriction on the basis of the religious, political, philosophical, or other content of the meeting. Students wishing to form curricular groups or organizations recognized by the school administration may do so in accordance with policy 3510 or 3550.

The following guidelines must be met:

1. The meeting is voluntary and student-initiated.
2. There is no sponsorship of the meeting by the school district, or its agents or employees.
3. The meeting must occur during non-instructional time on regular school days.
4. Employees or agents of the school district are present only in a capacity outside of their official duties.
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school.
6. Non-school persons may not direct, conduct, control, or regularly attend activities.

Although the school assumes no sponsorship of these kinds of meetings, all meetings held on school premises must be scheduled and approved by the principal.

This policy pertains to student meetings. The school has the authority, through its agent or employees, to maintain order and discipline on school premises and to protect the well-being of students and faculty.

Video Surveillance

The Board authorizes the use of video cameras on District property to ensure the health, welfare, and safety of all staff, students, and visitors to District property and to safeguard District buildings, grounds, and equipment. The Superintendent will approve appropriate locations for video cameras.

The Superintendent will notify staff and students, through staff and student handbooks or by other means that video surveillance may occur on District property. A notice will also be posted at the main entrance of all District buildings, and on all buses, indicating the use of video surveillance.

Suspension and Expulsion - Corrective Actions and Punishment

The Board recognizes that every student is entitled to due process rights that are provided by law.

Suspension

- “Suspension” means the exclusion of a student from attending individual classes or school and participating in school activities for an initial period not exceed ten (10) school days. An administrator may order suspension of a student.

The procedure set forth below will be followed when a proposed punishment of a student is to include denial of the right of school attendance from any single class or from a full schedule of classes for at least one (1) day.

Before any suspension is ordered, a building administrator will meet with a student to explain charges of misconduct, and the student will be given an opportunity to respond to the charges.

When a student’s presence poses a continuing danger to persons or property or poses an ongoing threat of disruption to the educational process, a pre-suspension conference will not be required, and an administrator may suspend a student immediately. In such cases, a building administrator will provide notice of and schedule a conference as soon as practicable following the suspension.

A building administrator will report any suspension immediately to a student’s parent or legal guardian. An administrator will provide a written report of suspension that states reasons for a suspension, including any school rule that was violated, and a notice to a parent or guardian of the right to a review of a suspension. An administrator will send a copy of the report and notice to the Superintendent.

The Superintendent will conduct a review of any suspension on request of a parent or legal guardian. A student and parent or legal guardian may meet with the Superintendent to discuss suspension. After the meeting and after concluding a review, the Superintendent will take such final action as appropriate.

Upon a finding by a school administrator that the immediate return to school by a student would be detrimental to the health, welfare, or safety of others or would be disruptive of the educational process, a student may be suspended for one (1) additional period not to exceed ten (10) school days, if the student is granted an informal hearing with the school administrator prior to the additional suspension, and if the decision to impose the additional suspension does not violate the Individuals with Disabilities Education Act (IDEA) or Rehabilitation Act.

Students who are suspended from any class or from school entirely have the right to make up any work missed according to the student handbook.

Expulsion

- “Expulsion” is any removal of a student for more than twenty (20) school days without the provision of educational services. Expulsion is a disciplinary action available only to the Board.

The Board, and only the Board, may expel a student from school and may do so only after following due process procedures set forth below.

The Board will provide written notice to a student and parent or legal guardian of a hearing to consider a recommendation for expulsion, which will be sent by registered or certified mail at least five (5) school days before the date of the scheduled hearing. The notice will include time and place of hearing, information describing the process to be used to conduct the hearing, and notice that the Board intends to conduct the hearing in closed session unless a parent or legal guardian waives the student's right to privacy.

Within the limitation that a hearing must be conducted during a period of student suspension, a hearing to consider expulsion may be rescheduled when a parent or legal guardian submits a request showing good cause to the Superintendent at least two (2) school days before a hearing date as originally scheduled. The Superintendent will determine if a request shows good cause to reschedule a hearing.

The student has the right to be present for the duration of the hearing. At hearing the student may be represented by counsel and ask questions, present perspectives, and provide witnesses or documentation. The Board is not bound by formal rules of evidence in conducting the hearing.

Each school shall maintain a record of any disciplinary action that is educationally related, with explanation, taken against the student. When the Board of Trustees takes disciplinary action against a student, the Board must keep a written record of the action taken, with detailed explanation, even if the disciplinary action is decided during a closed session. A disciplinary action that is educationally related is an action that results in the expulsion or out-of-school suspension of the student. This record must be maintained/destroyed consistent with Montana Local Government Records Schedule 7, and is subject to transfer to a local educational agency, accredited school, or nonpublic school pursuant to 20-1-213, MCA.

Procedures for Suspension and Expulsion of Students With Disabilities

The District will comply with provisions of the Individuals with Disabilities Education Act (IDEA) and Rehabilitation Act when disciplining students. The Board will not expel any special education student when the student's particular act of gross disobedience or misconduct is a manifestation of the student's disability. The Board may expel pursuant to its expulsion procedures any special education student whose gross disobedience or misconduct is not a manifestation of the student's disability. A disabled student will continue to receive education services as provided in the IDEA or Rehabilitation Act during a period of expulsion.

A building administrator may suspend a child with a disability from the child's current placement for not more than ten (10) consecutive school days for any violation of school rules, and additional removals of not more than ten (10) consecutive school days in that same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement under 34 CFR 300.519(b), whether or not a student's gross disobedience or misconduct is a manifestation of a student's disabling condition. Any special education student who has exceeded or who will exceed ten (10) days of suspension may temporarily be excluded from school by court order or by order of a hearing officer, if the District demonstrates that maintaining the student in the student's current placement is substantially likely to result in injury to the student or to others. After a child with a disability has been removed from his or her placement for more than ten (10) school days in the same school year, during any subsequent days of removal the public agency must provide services to the extent required under 34 CFR 300.121(d).

An administrator may remove from current placement any special education student who has carried a weapon to school or to a school function or who knowingly possesses or uses illegal drugs or sells or

solicits the sale of a controlled substance while at school or a school function or inflicts serious bodily injury on another person while at school on school premises, or at a school function under the jurisdiction. A serious bodily injury is one that involves a substantial risk of death; extreme physical pain; protracted and obvious disfigurement; or protracted loss or impairment of the function of a bodily member, organ or faculty. The District will place such student in an appropriate interim alternative educational setting for no more than forty-five (45) school days in accordance with the IDEA or Rehabilitation Act.

Non-Disciplinary Measures

The Superintendent or designee is authorized to assign a student to non-disciplinary offsite instruction pending the results of an investigation or for reasons related to the safety or well-being of students and staff. During the period of non-disciplinary offsite instruction, the student

will be permitted to complete all assigned schoolwork for full credit. The assignment of non-disciplinary offsite instruction does not preclude the Superintendent or designee from disciplining a student who has, after investigation, been found to have violated a School District policy, rule, or handbook provision.

Delegation of Authority

The Board grants authority to any teacher and to any other school personnel to impose on students under their charge any disciplinary measure, other than suspension or expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with policies and rules on student discipline. Student Risk Assessments

The District may establish a risk assessment team for students whose behavior may pose a risk to the safety of school staff or students.

Each team shall:

1. Provide guidance to students, faculty, and staff regarding recognition of threatening or aberrant behavior that may represent a risk to the community, school, or self;
2. Include persons with expertise in counseling, instruction, school administration, and law enforcement.
3. Identify members of the school community who should be informed of behavior;
4. Implement school board policies for the assessment of and intervention with students whose behavior poses a risk to the safety of school staff or students including response plans; and
5. Utilize available forms and procedures.

All District employees, volunteers, and contractors are required to report any expressed risks or behavior that may represent a risk to the community, school, or self. In cases determined to be appropriate, teams shall follow established procedures for referrals to community services, boards, or health care providers for evaluation or treatment when appropriate.

Upon a preliminary determination that a student poses a risk of violence or physical harm to self or others, a risk assessment team shall immediately report its determination to the superintendent or designee. The superintendent or designee shall immediately attempt to notify the student's parent or legal guardian. Nothing in this policy shall prevent a District employee from acting immediately to address an imminent risk.

The superintendent may establish a committee charged with oversight of the risk assessment teams. An existing committee may be designated to assume the oversight responsibility; however, any such team shall include individuals with expertise in human resources, education, school administration, mental health, and law enforcement.

Regardless of risk assessment activities, disciplinary action and referral to law enforcement are to occur as required by school board policy and Montana law. The District may, in accordance with the provisions in Policy 3600P, release student records or information in connection with an emergency, without parental consent, if the knowledge of such information is necessary to protect the health or safety of the student or other persons.

Firearms and Other Weapons

Firearms

It is the policy of the School District to comply with the federal Gun Free Schools Act of 1994 and Section 20-5-202 (2), MCA, pertaining to students who bring a firearm to, or possess a firearm at, any setting that is under the control and supervision of the school district.

The District does not allow students to possess firearms on District property or at any setting that is under the control and supervision of the District. In accordance with Section 20-5-202 (3), MCA, a teacher, superintendent, or a principal shall suspend immediately for good cause a student who is determined to have brought a firearm to, or possess a firearm at, any setting that is under the control and supervision of the District. The Policy does not govern conduct in a student's home, a locked vehicle, a parking lot, or a commercial business when the student is participating in an online, remote, or distance-learning setting. In accordance with Montana law, a student who is determined to have brought a firearm to, or possess a firearm at, any setting that is under the control and supervision of the school district must be expelled from school for a period of not less than 1 year.

For the purposes of the firearms section of this policy, the term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device pursuant to 18 U.S.C. 921 (4). Such term does not include an antique firearm pursuant to 18 U.S.C. 921 (16).

However, the Board of Trustees through this policy authorizes the Superintendent, or principal of a school without a Superintendent, to use his/her discretion on a case-by-case basis and modify the requirement of expulsion of a student if he/she deems such modification to be warranted under the circumstances.

A decision to change the placement of a student with a disability who has been expelled pursuant to this section must be made in accordance with the Individuals with Disabilities Education Act.

Before holding a hearing to determine if a student has violated this Policy, the Board shall, in a clear and timely manner, notify the student if the student is an adult or notify the parent or guardian of a student if the student is a minor that the student may waive the student's privacy interest by requesting that the hearing be held in public and invite other individuals to attend the hearing.

Before expelling a student under this Policy, the Board shall hold a due process hearing that includes presentation of a summary of the information leading to the allegations and an opportunity for the student to respond to the allegations. The student may not be expelled unless

the trustees find that the student knowingly, as defined in Section 1-1-204, MCA, brought a firearm to school or possessed a firearm at school.

When a student subject to a hearing is found to have not violated this Policy, the student's school record must be expunged of the incident.

The provisions of this Policy do not require the Board to expel a student who has brought a firearm to school or possesses a firearm at school if the firearm is secured in a locked container approved by the school district or in a locked motor vehicle the entire time the firearm is at school, except while the firearm is in use for a school-sanctioned instructional activity.

Possession of Weapons other than Firearms

The District does not allow students to possess other weapons on District property or at any setting that is under the control and supervision of the District. Any student found to have possessed, used or transferred a weapon on school property will be subject to discipline in accordance with the District's discipline policy. For purposes of this section, "weapon" means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury, including but not limited to air guns; pellet guns; BB guns; fake (facsimile) weapons; all knives; blades; clubs; metal knuckles; numchucks (also known as nunchucks); throwing stars; explosives; fireworks; mace or other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon.

No student shall possess, use, or distribute any object, device, or instrument having the appearance of a weapon, and such objects, devices, or instruments shall be treated as weapons, including but not limited to weapons listed above which are broken or non-functional, look-alike guns; toy guns; and any object that is a facsimile of a real weapon. No student shall use articles designed for other purposes (i.e., lasers or laser pointers, belts, combs, pencils, files, scissors, etc.) to inflict bodily harm and/or intimidate, and such use will be treated as the possession and use of a weapon.

Definitions, Exceptions and Referral to Law Enforcement

The District may refer to law enforcement for immediate prosecution any student who possesses, carries, or stores a weapon in a school building as specified in Section 45-8-361, MCA. In addition the District will refer for possible prosecution a parent or guardian of any minor violating this policy on grounds of allowing a minor to possess, carry, or store a weapon in a school building. For the purposes of this section of the policy, "school property" means within school buildings, in vehicles used for school purposes, or on owned or leased school land or grounds. "Building" specifically means a combination of any materials, whether mobile, portable, or fixed, to form a structure and the related facilities for the use or occupancy by persons or property owned or leased by a local school district that are used for instruction or for student activities as specified in Section 50-60-101(2), MCA and Section 45-8-361, MCA. The term is construed as though followed by the words "or part or parts of a building" and is considered to include all stadiums, bleachers, and other similar outdoor facilities, whether temporary or permanently fixed.

The Board of Trustees may grant persons and entities advance permission to possess, carry, or store a weapon in a school building. All persons who wish to possess, carry, or store a weapon in a school building must request permission of the Board at a regular meeting. The Board has

1 sole discretion in deciding whether to allow a person to possess, carry, or store a weapon in a
2 school building.

3
4 This section does not apply to a law enforcement officer acting in the officer's official capacity
5 or an individual previously authorized by the Board of Trustees to possess a firearm or weapon
6 in a school building.

7
8 The Board of Trustees shall annually review this policy and update this policy as determined
9 necessary by the trustees based on changing circumstances pertaining to school safety.

Extra- and Co-Curricular Alcohol, Drug, and Tobacco Use

The District views participation in extracurricular activities as an opportunity extended to students willing to make a commitment to adhere to the rules which govern them. The District believes that participation in organized activities can contribute to all-around development of young men and women and that implementation of these rules will serve these purposes:

- Emphasize concern for the health and well-being of students while participating in activities;

- Provide a chemical-free environment which will encourage healthy development;

- Diminish chemical use by providing an education assistance program;

- Promote a sense of self-discipline among students;

- Confirm and support existing state laws which prohibit use of mood-altering chemicals;

- Emphasize standards of conduct for those students who, through their participation, are leaders and role models for their peers and younger students; and

- Assist students who desire to resist peer pressure that often directs them toward the use of chemicals.

Violations of established rules and regulations governing chemical use by participants in extra- and co-curricular activities will result in discipline as stated in student and athletic handbooks.

Student Health/Physical Screenings/Examinations

The Board may arrange each year for health services to be provided to all students. Such services may include but not be limited to:

1. Development of procedures at each building for isolation and temporary care of students who become ill during the school day;
2. Consulting services of a qualified specialist for staff, students, and parents;
3. Vision and hearing screening;
4. Scoliosis screening;
5. Immunization as provided by the Department of Public Health and Human Services.

Parents/guardians will receive written notice of any screening result which indicates a condition that might interfere or tend to interfere with a student's progress.

In general the District will not conduct physical examinations of a student without parental consent to do so or by court order, unless the health or safety of the student or others is in question. Further, parents will be notified of the specific or approximate dates during the school year when screening administered by the District is conducted as well as notification of requirements of the District's policy on physical examinations and screening of students, at least annually at the beginning of the school year and within a reasonable period of time after any substantive change in the policy, which is:

1. Required as a condition of attendance.
2. Administered by the school and scheduled by the school in advance.
3. Not necessary to protect the immediate health and safety of the student or other students.

Parents or eligible students will be given the opportunity to opt out of the above-described screenings.

Students who wish to participate in certain extracurricular activities may be required to submit to a physical examination to verify their ability to participate in the activity. Students participating in activities governed by the Montana High School Association will be required to follow the rules of that organization, as well as other applicable District policies, rules, and regulations.

Student Immunization

The Board requires all students to present evidence of their having been immunized against the following diseases: varicella, diphtheria, pertussis (whooping cough), poliomyelitis, measles (rubeola), mumps, rubella, and tetanus in the manner and with immunizing agents approved by the department. Haemophilus influenza type “b” immunization is required for students under age five (5). Upon initial enrollment, an immunization status form shall be completed by the student’s parent or guardian. The certificate shall be made a part of the student’s permanent record.

A student who transfers into the District may photocopy immunization records in the possession of the school of origin. The District will accept the photocopy as evidence of immunization. Within thirty (30) days after a transferring student ceases attendance at the school of origin, the school shall retain a certified copy for the permanent record and send the original immunization records for the student to the school district to which the student transfers.

Exemptions from one or more vaccines shall be granted for medical reasons upon certification by a licensed or certified health care provider in a manner provided by Section 20-5-405, MCA. Exemptions for religious reasons must be filed in a manner provided by Section 20-5-405, MCA. The statement for an exemption shall be maintained as part of the student’s immunization record in accordance with FERPA as specified in Policy 3600P.

All students who are enrolled under an exemption and have a disease listed in this Policy, have been exposed to a disease listed in this Policy, or may be exposed to a disease listed in this Policy while attending school may be excluded from the school by the local health officer or the DPHHS until the excluding authority is satisfied that the student no longer risks contracting or transmitting that disease.

The administrator may allow the commencement of attendance in school by a student who has not been immunized against each disease listed in Section 20-5-403, MCA, if that student has received one or more doses of varicella, polio, measles (rubeola), mumps, rubella, diphtheria, pertussis, and tetanus vaccine, except that Haemophilus influenza type “b” vaccine is required only for children under 5 years of age.

The District shall exclude a student for noncompliance with the immunization laws and properly notify the parent or guardian. The local health department may seek an injunction requiring the parent to submit an immunization status form, take action to fully immunize the student, or file an exemption for personal or medical reasons.

This policy does not apply to or govern vaccinations against COVID-19. The Board does not require immunization against COVID-19 in order to enroll in the District in accordance with Montana law. District officials shall not inquire about the COVID-19 vaccination status of students, employees, or visitors. District officials shall not make decisions regarding access to

District services for students, employees, or visitors based upon an individual's COVID-19 vaccination status. Students enrolled in dual credit courses in accordance with District policies may be subject to distinct immunization requirements of the applicable post-secondary institution.

Management of Sports Related Concussions

The Scobey School District recognizes that concussions and head injuries are commonly reported injuries in children and adolescents who participate in sports and other recreational activities. The Board acknowledges the risk of catastrophic injuries or death is significant when a concussion or head injury is not properly evaluated and managed. Therefore, all K-12 competitive sport athletic activities in the District will be identified by the administration. Consistent with guidelines provided by the U.S. Department of Health and Human Services, Centers for Disease Control and Prevention, the National Federation of High School (NFHS) and the Montana High School Association (MHSA), the District will utilize procedures developed by the MHSA and other pertinent information to inform and educate coaches, athletic trainers, officials, youth athletes, and their parents and/or guardians of the nature and risk of concussions or head injuries, including the dangers associated with continuing to play after a concussion or head injury. Resources are available on the Montana High School Association Sports Medicine page at www.mhsa.org; U.S. Department of Health and Human Services page at: www.hhs.gov; and; the Centers for Disease and Prevention page at www.cdc.gov/concussion/sports.index.html.

Annually, the district will distribute a head injury and concussion information and sign-off sheet to all parents and guardians of student-athletes in competitive sport activities prior to the student-athlete's initial practice or competition.

All coaches, athletic trainers, officials, including volunteers participating in organized youth athletic activities, shall complete the training program at least once each school year as required in the District procedure. Additionally, all coaches, athletic trainers, officials, including volunteers participating in organized youth athletic activities will comply with all procedures for the management of head injuries and concussions.

Management of Sports Related Concussions

A. Athletic Director or Administrator in Charge of Athletic Duties:

1. *Updating:* Each spring, the athletic director, or the administrator in charge of athletics if there is no athletic director, shall review any changes that have been made in procedures required for concussion and head injury management or other serious injury by consulting with the MHSA or the MHSA Web site, U.S. DPHHS, and CDCP web site. If there are any updated procedures, they will be adopted and used for the upcoming school year.
2. *Identified Sports:* Identified sports include all organized youth athletic activity sponsored by the school or school district.

B. *Training:* All coaches, athletic trainers, and officials, including volunteers shall undergo training in head injury and concussion management at least once each school year by one of the following means: (1) through viewing the MHSA sport-specific rules clinic; (2) through viewing the MHSA concussion clinic found on the MHSA Sports Medicine page at www.mhsa.org; or by the district inviting the participation of appropriate advocacy groups and appropriate sports governing bodies to facilitate the training requirements.

C. *Parent Information Sheet:* On a yearly basis, a concussion and head injury information sheet shall be distributed to the student-athlete and the athlete's parent and/or guardian prior to the student-athlete's initial practice or competition. This information sheet may be incorporated into the parent permission sheet which allows students to participate in extracurricular athletics and should include resources found on the MHSA Sports Medicine page at www.mhsa.org, U.S. DPHHS, and CDCP websites.

D. *Responsibility:* An athletic trainer, coach, or official shall immediately remove from play, practice, tryouts, training exercises, preparation for an athletic game, or sport camp a student-athlete who is suspected of sustaining a concussion or head injury or other serious injury.

E. *Return to Play After Concussion or Head Injury:* In accordance with MHSA Return to Play Rules and Regulations and The Dylan Steigers Protection of Youth Athletes Act a student athlete who has been removed from play, practice, tryouts, training exercises, preparation for an athletic game, or sport camp may not return until the athlete is cleared by a licensed health care professional (registered, licensed, certified, or otherwise statutorily recognized health care professional). The health care provider may be a volunteer.

Student-Athlete & Parent/Legal Guardian Concussion Statement 3415F

Because of the passage of the Dylan Steigers' Protection of Youth Athletes Act, schools are required to distribute information sheets for the purpose of informing and educating student-athletes and their parents of the nature and risk of concussion and head injury to student athletes, including the risks of continuing to play after concussion or head injury. Montana law requires that each year, before beginning practice for an organized activity, a student-athlete and the student-athlete's parent(s)/legal guardian(s) must be given an information sheet, and both parties must sign and return a form acknowledging receipt of the information to an official designated by the school or school district prior to the student-athletes participation during the designated school year. The law further states that a student-athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from play at the time of injury and may not return to play until the student-athlete has received a written clearance from a licensed health care provider.

A Fact Sheet for ATHLETES

WHAT IS A CONCUSSION?

A concussion is a brain injury that:

- Is caused by a bump or blow to the head
- Can change the way your brain normally works
- Can occur during practices or games in any sport
- Can happen even if you haven't been knocked out
- Can be serious even if you've just been "dinged"

WHAT ARE THE SYMPTOMS OF A CONCUSSION?

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light
- Bothered by noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion
- Does not "feel right"

WHAT SHOULD I DO IF I THINK I HAVE A CONCUSSION?

- **Tell your coaches and your parents.** Never ignore a bump or blow to the head even if you feel fine. Also, tell your coach if one of your teammates might have a concussion.

- **Get a medical checkup.** A doctor or health care professional can tell you if you have a concussion and when you are OK to return to play.
- **Give yourself time to get better.** If you have had a concussion, your brain needs time to heal. While your brain is still healing, you are much more likely to have a second concussion. Second or later concussions can cause damage to your brain. It is important to rest until you get approval from a doctor or health care professional to return to play.

HOW CAN I PREVENT A CONCUSSION?

Every sport is different, but there are steps you can take to protect yourself.

- Follow your coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.
- Use the proper sports equipment, including personal protective equipment (such as helmets, padding, shin guards, and eye and mouth guards). In order for equipment to protect you, it must be:

- > The right equipment for the game, position, or activity
- > Worn correctly and fit well
- > Used every time you play

Remember, when in doubt, sit them out!

A Fact Sheet for PARENTS

WHAT IS A CONCUSSION?

A concussion is a brain injury. Concussions are caused by a bump or blow to the head. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious.

You can’t see a concussion. Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion, or if you notice the symptoms yourself, seek medical attention right away.

WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

Signs Observed by Parents or Guardians

If your child has experienced a bump or blow to the head during a game or practice, look for any of the following signs and symptoms of a concussion:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily • Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Can’t recall events prior to hit or fall
- Can’t recall events after hit or fall

Symptoms Reported by Athlete

- Headache or “pressure” in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems

- Confusion
- Does not “feel right”

HOW CAN YOU HELP YOUR CHILD PREVENT A CONCUSSION?

Every sport is different, but there are steps your children can take to protect themselves from concussion.

- Ensure that they follow their coach’s rules for safety and the rules of the sport.
- Encourage them to practice good sportsmanship at all times.
- Make sure they wear the right protective equipment for their activity (such as helmets, padding, shin guards, and eye and mouth guards). Protective equipment should fit properly, be well maintained, and be worn consistently and correctly.
- Learn the signs and symptoms of a concussion.

WHAT SHOULD YOU DO IF YOU THINK YOUR CHILD HAS A CONCUSSION?

1. Seek medical attention right away. A health care professional will be able to decide how serious the concussion is and when it is safe for your child to return to sports.

2. Keep your child out of play. Concussions take time to heal. Don’t let your child return to play until a health care professional says it’s OK. Children who return to play too soon—while the brain is still healing—risk a greater chance of having a second concussion. Second or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime.

3. Tell your child’s coach about any recent concussion. Coaches should know if your child had a recent concussion in ANY sport. Your child’s coach may not know about a concussion your child received in another sport or activity unless you tell the coach.

Remember, when in doubt, sit them out!
It’s better to miss one game than the whole season.

Be Prepared

A concussion is a type of traumatic brain injury, or TBI, caused by a bump, blow, or jolt to the head that can change the way your brain normally works. Concussions can also occur from a blow to the body that causes the head to move rapidly back and forth. Even a “ding,” “getting your bell rung,” or what seems to be mild bump or blow to the head can be serious. Concussions can occur in any sport or recreation activity. So, all coaches, parents, and athletes need to learn concussion signs and symptoms and what to do if a concussion occurs.

Administering Medication to Students

“Medication” means prescribed drugs and medical devices that are controlled by the U.S. Food and Drug Administration and are ordered by a healthcare provider. It includes over-the-counter medications prescribed through a standing order by an authorized physician or prescribed by the student’s healthcare provider.

Except in an emergency situation, only a qualified healthcare professional may administer a drug or a prescription drug to a student under this policy. Diagnosis and treatment of illness and the prescribing of drugs are never the responsibility of a school employee and should not be practiced by any school personnel.

Administering Medication

The Board shall permit administration of medication to students in schools in its jurisdiction. A school nurse or other employee who has successfully completed specific training in administration of medication, pursuant to written authorization of a physician or dentist and that of a parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian, may administer medication to any student in the school or may delegate this task pursuant to Montana law.

Emergency Administration of Medication

In the event of an emergency, a school nurse or trained staff member, exempt from the nursing license requirement under § 37-8-103(1)(c), MCA, may administer emergency medication to any student in need thereof on school grounds, in a school building, at a school function, or on a school bus according to a standing order of an authorized physician or a student’s private physician. In the event that emergency medication is administered to a student, the school nurse or staff member shall call emergency responders and notify the student’s parents/guardians. A building administrator or school nurse shall enter any medication to be administered in an emergency on an individual student medication record and retain the documentation.

Assisting Students with Self-Administration of Medication

A building principal or other school administrator may authorize, in writing, any school employee:

To assist in self-administration of any drug that may lawfully be sold over the counter without a prescription to a student in compliance with the written instructions and with the written consent of a student’s parent or guardian; and

To assist in self-administration of a prescription drug to a student in compliance with

written instructions or standing order of an authorized physician or a student's private physician and with the written consent of a student's parent or guardian.

A school employee authorized, in writing, to assist students with self-administration of medications, may only rely on the following techniques:

- Making oral suggestions, prompting, reminding, gesturing, or providing a written guide for self-administering medications;
- Handing to a student a prefilled, labeled medication holder or a labeled unit dose container, syringe, or original marked and labeled container from a pharmacy;
- Opening the lid of a container for a student;
- Guiding the hand of a student to self-administer a medication;
- Holding and assisting a student in drinking fluid to assist in the swallowing of oral medications; and
- Assisting with removal of a medication from a container for a student with a physical disability that prevents independence in the act.
- Other guidance or restrictions previously provided in writing to the school by a student's parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian is on file.

Self-Administration or Possession of Asthma, Severe Allergy, or Anaphylaxis Medication

Students with allergies or asthma may be authorized by the building principal or Superintendent, in consultation with medical personnel, to possess and self-administer emergency medication during the school day, during field trips, school-sponsored events, or while on a school bus. The student shall be authorized to possess and self-administer medication if the following conditions have been met:

- A written and signed authorization from the parents, an individual who has executed a caretaker relative educational authorization affidavit, or guardians for self-administration of medication, acknowledging that the District or its employees are not liable for injury that results from the student self-administering the medication.
- The student shall have the prior written approval of his/her primary healthcare provider. The written notice from the student's primary care provider shall specify the name and purpose of the medication, the prescribed dosage, frequency with which it may be administered, and the circumstances that may warrant its use.
- Documentation that the student has demonstrated to the healthcare practitioner and the school nurse, if available, the skill level necessary to use and administer the medication.
- Documentation of a doctor-formulated written treatment plan for managing asthma, severe allergies, or anaphylaxis episodes of the student and for medication use by the student during school hours.

Authorization granted to a student to possess and self-administer medication shall be valid for

the current school year only and shall be renewed annually. A student's authorization to possess and self-administer medication may be limited or revoked by the building principal or other administrative personnel.

If provided by the parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian, and in accordance with documentation provided by the student's doctor, backup medication shall be kept at a student's school in a predetermined location or locations to which the student has access in the event of an asthma, severe allergy, or anaphylaxis emergency.

Immediately after using epinephrine during school hours, a student shall report to the school nurse or other adult at the school who shall provide follow up care, including making a call to emergency responders.

Self-Administration of Other Medication

The District shall permit students who are able to self-administer specific medication to do so provided that all of the following have occurred:

- A physician, dentist, or other licensed health care provider provides a written order for self-administration of said medication;
- Written authorization for self-administration of medication from a student's parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian is on file; and
- A principal and appropriate teachers are informed that a student is self-administering prescribed medication.

Administration of Glucagons

School employees may voluntarily agree to administer glucagons to a student pursuant to § 20-5-412, MCA, only under the following conditions: (1) the employee may administer glucagon to a diabetic student only in an emergency situation; (2) the employee has filed the necessary designation and acceptance documentation with the District, as required by § 20-5-412(2), MCA, and (3) the employee has filed the necessary written documentation of training with the District, as required by § 20-5-412(4), MCA. Designation of staff is to be made by a parent, and individual who has executed a caretaker relative authorization affidavit, or guardian of a diabetic student, and school employees are under no obligation to agree to designation. Glucagon is to be provided by the parent or guardian. All documentation shall be kept on file.

Handling and Storage of Medications

The Board requires that all medications, including those approved for keeping by students for self-medication, be first delivered by a parent, an individual who has executed a caretaker

relative educational authorization affidavit, or other responsible adult to a nurse or employee assisting with self-administration of medication. A nurse or assistant:

- Shall examine any new medication to ensure it is properly labeled with dates, name of student, medication name, dosage, and physician's name;
- Shall develop a medication administration plan, if administration is necessary for a student, before any medication is given by school personnel;
- Shall record on the student's individual medication record the date a medication is delivered and the amount of medication received;
- Shall store medication requiring refrigeration at 36° to 46° F;
- Shall store prescribed medicinal preparations in a securely locked storage compartment; and
- Shall store controlled substances in a separate compartment, secured and locked at all times.
- All non-emergency medication shall be kept in a locked, nonportable container, stored in its original container with the original prescription label. Epinephrine, naloxone, and student emergency medication may be kept in portable containers and transported by the school nurse or other authorized school personnel.
- Food is not allowed to be stored in refrigeration unit with medications.
- Shall notify the building administrator, school district nurse, and parent or guardian of any medication error and document it on the medication administration record.

The District shall permit only a forty-five-(45)-school-day supply of a medication for a student to be stored at a school; and all medications, prescription and nonprescription, shall be stored in their original containers.

The District shall limit access to all stored medication to those persons authorized to administer medications or to assist in the self-administration of medications. The District requires every school to maintain a current list of those persons authorized by delegation from a licensed nurse to administer medications.

The District may maintain a stock supply of auto-injectable epinephrine to be administered by a school nurse or other authorized personnel to any student or nonstudent as needed for actual or perceived anaphylaxis. If the district intends to obtain an order for emergency use of epinephrine in a school setting or at related activities, the district shall adhere to the requirements stated in law.

The District may maintain a stock supply of an opioid antagonist to be administered by a school nurse or other authorized personnel to any student or nonstudent as needed for an actual or perceived opioid overdose. A school that intends to obtain an order for emergency use of an opioid antagonist in a school setting or at related activities shall adhere to the requirements in law.

Disposal of Medication, Medical Equipment, Personal Protective Equipment

The District requires school personnel either to return to a parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian or, with permission of the parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian, to destroy any unused, discontinued, or obsolete medication. A school nurse, in the presence of a witness, shall destroy any medicine not repossessed by a parent or guardian within a seven-(7)-day period of notification by school authorities.

Medical sharps shall be disposed of in an approved sharps container. Building administrators should contact the school nurse or designated employee when such a container is needed. Sharps containers are to be kept in a secure location in the school building. Disposal of sharps container, medical equipment, and personal protective equipment is the responsibility of the school nurse or designated employee in accordance with the Montana Infectious Waste Management Act and the manufacture guidelines specific to the container or equipment.

Communicable Diseases

Note: For purposes of this policy, the term “communicable disease” refers to the diseases identified in 37.114.203, ARM, Reportable Diseases, with the exception of common colds and flu.

In all proceedings related to this policy, the District will respect a student’s right to privacy. All applicable district policies and handbook provision governing confidentiality of student medical information remain in full effect.

Although the District is required to provide educational services to all school-age children who reside within its boundaries, it may deny attendance at school to any child diagnosed as having a communicable disease that could make a child’s attendance harmful to the welfare of other students. The District also may deny attendance to a child with suppressed immunity in order to protect the welfare of that child when others in a school have an infectious disease, which, although not normally life threatening, could be life threatening to a child with suppressed immunity.

The Board recognizes that communicable diseases that may afflict students range from common childhood diseases, acute and short-term in nature, to chronic, life-threatening diseases such as human immunodeficiency virus (HIV) infection. The District will rely on advice of the public health and medical communities in assessing the risk of transmission of various communicable diseases to determine how best to protect the health of both students and staff.

The District will manage common communicable diseases in accordance with Montana Department of Public Health and Human Services guidelines and communicable diseases control rules. The District may temporarily exclude from school attendance a student who exhibits symptoms of a communicable disease that is readily transmitted in a school setting.

Students who complain of illness at school may be referred to a school nurse or other responsible person designated by the Board and may be sent home as soon as a parent or person designated on a student’s emergency medical authorization form has been notified. The District reserves the right to require a statement from a student’s primary care provider authorizing a student’s return to school.

When information is received by a staff member or a volunteer that a student is afflicted with a serious communicable disease, the staff member or volunteer will promptly notify a school nurse or other responsible person designated by the Board to determine appropriate measures to be taken to protect student and staff health and safety. A school nurse or other responsible person designated by the Board, after consultation with and on advice of public health officials, will determine which additional staff members, if any, have need to know of the affected student’s condition.

Only those persons with direct responsibility for the care of a student or for determining appropriate educational accommodation will be informed of the specific nature of a condition, if it is determined that such individuals need to know this information.

The District may notify parents of other children attending a school that their children have been exposed to a communicable disease without identifying the particular student who has the disease.

Head Lice

The Board recognizes its responsibility to all students enrolled in the Scobey Schools to provide a safe and healthy environment in which they may attend school. One inhibitor to a healthy environment is the head louse (*Pediculus capitis*). Head lice infestations must be addressed in public schools if a healthy environment is to be maintained. Every attempt will be made to educate students and parents on the prevention and eradication of head lice before and after infestation is detected.

The innocent desire of children to be social and the communicable nature of lice requires preventive measures by the school district and the public health agency to contain infestations. The Scobey Schools will work cooperatively with the public health agency to insure that infestations of head lice are contained and eradicated in the school.

In the interest of health and welfare of students enrolled in the Scobey Schools, no student will be permitted to attend classes with the general population if they are infested with head lice.

To avoid embarrassment and to contain the infestation, whole classrooms will be checked for head lice upon the report of possible infestation by a classroom teacher. The administrator, his/her designee, school nurse or another qualified professional will examine the child in question and their classmates. Siblings of students found with lice and their classmates will also be checked if there is suspicion that infestation may exist.

The student found with head lice is to be kept out of school until he/she is treated and hair is free of lice and eggs. Although eggs (nits) cannot spread to other children, they may hatch in 2-3 days and would immediately become communicable. A child may return to school after being successfully treated so that no live lice are present.

Parents or guardians will be informed of lice infestation by a letter that explains the problem, lists the procedures for treatment and requirements for reentering school. Every attempt will be made to contact parents or guardians immediately upon discovery of head lice. Parents will be asked to come to school to pick up the student and begin treatment immediately.

Emergency Treatment

The Board recognizes that schools are responsible for providing first aid or emergency treatment to a student in case of sudden illness or injury; however, further medical attention is the responsibility of a parent or guardian.

The District requires that every parent or guardian provide a telephone number where a parent or designee of a parent may be reached in case of an emergency.

When a student is injured, staff will provide immediate care and attention until relieved by a superior, a nurse, or a doctor. The District will employ its normal procedures to address medical emergencies without regard to the existence of a do not resuscitate (DNR) request. A principal or designated staff member will immediately call a parent or parental designee so that the parent may arrange for care or treatment of an injured student. A principal or designated staff member will call a parent or parental designee so that the parent may arrange for care or treatment of an injured student.

When a student develops symptoms of illness while at school, a responsible school official will do the following:

- Isolate the student from other children to a room or area segregated for that purpose;

- Inform a parent or guardian as soon as possible about the illness and request the parent or guardian to pick up the child; and

- Report each case of suspected communicable disease the same day by telephone to a local health authority or as soon as possible thereafter if a health authority cannot be reached the same day.

When a parent or guardian cannot be reached, and it is the judgment of a principal or other person in charge that immediate medical attention is required, an injured student may be taken directly to a hospital. Once located, a parent or a guardian is responsible for continuing treatment or for making other arrangements.

Removal and Release of Student during the School Day

Removal of Student during School Day

The Board recognizes its responsibility for the proper care of students during a school day. In accordance with District procedures, only a duly authorized person may remove a student from school grounds, any school building, or school function during a school day. A person seeking to remove a student from school must present evidence satisfactory to the administrator of having proper authority to remove the student. A teacher should not excuse a student from class to confer with anyone, unless a request is approved by the administrator. The administrator will establish procedures for removal of a student during a school day.

Release of Student during the School Day

Prior to sending a student to his/her home for illness, discipline or a corrective action, the principal shall attempt to reach the student's parent to inform him/her of the student's action and to request that he/she come to the school for the child. If the principal cannot reach the parent, the student shall remain at school until the close of the school day. A student may be released to a law enforcement officer.

Sending students on errands during school hours should be done only on necessary school business and by express permission of the principal.

Student Fees and Fines

Within the concept of free public education, the District will provide an educational program for students as free of costs as possible.

Fees

The Board may require fees for actual cost of breakage and for excessive supplies used in commercial, industrial arts, music, domestic science, science, or agriculture courses. The Board may also charge a student a reasonable fee for any course or activity not reasonably related to a recognized academic and educational goal of the District or for any course or activity taking place outside normal school functions. The Board may waive fees in cases of financial hardship.

The Board delegates authority to the Superintendent to establish appropriate fees and procedures governing collection of fees and asks the Superintendent to make annual reports to the Board regarding fee schedules. The Board also may require fees for actual cost of breakage and for excessive supplies used in commercial, industrial arts, music, domestic science, science, or agriculture courses.

The District holds a student responsible for the cost of replacing materials or property that are lost or damaged because of negligence. A building administrator will notify a student and parent regarding the nature of violation or damage, how restitution may be made, and how an appeal may be instituted.

Student Clubs

The Board recognizes that student clubs are a helpful resource for schools and supports their formation. Student clubs must complete an application process. The Superintendent or designee is delegated the authority to approve or deny club applications.

Curricular Student Clubs

The Board of Trustees authorize the administration to approve and recognize curricular student clubs or organizations in a manner consistent with this policy and administrative procedure. Curricular Student clubs are those approved student clubs that directly relate to the body of courses offered by the school. Curricular student clubs that are recognized by the District are permitted to use District facilities, use the District's name, a District school's name, or a District school's team name or any logo attributable to the District, and raise and deposit funds with the District.

In order for the administration to approve and recognize a curricular student club the group must submit an application to the building administrator containing the following:

1. The organization's name and purpose.
2. The portion of the curriculum that forms the basis of the club. The portion of the curriculum that forms the basis of the club or the course offered at the school enhanced by the club's functions. This step is required for consideration as a curricular club. Applications that do not satisfy this step may be permitted to meet at the school as a non-curricular student group.
3. The staff employee designated to serve as the group's advisor.
4. The rules and procedures under which it operates.
5. A statement that the membership will adhere to applicable Board policies and administrative procedures.

The administration will report to the Board when new curricular student clubs have been approved and recognized.

Upon approval of a new curricular student club, the administration will notify the District clerk so the group may have any funds raised for its operations so designated in accordance with the District's financial practices.

Approved curricular student clubs will appear in the student handbook and other appropriate district publications. Advisors of new student clubs may be eligible for a stipend in accordance with applicable collective bargaining agreement provisions and available district resources. Approved curricular student clubs may also have limited access as designated by the administration to distribute messages through official communications of the district (e.g. intercom announcements, district newsletters, group emails, etc.).

Non-Curricular Student Groups

Student-led and initiated groups of similar interests that do not meet the requirements to be an approved curricular student club as outlined in this policy shall be designated as noncurricular student groups. Noncurricular student groups include any student group that does not directly relate to the body of courses offered by the District but has a regular meeting schedule and established operational structure. District employees that are present at meetings in a supervisory capacity are not eligible for a stipend. Student meetings must be supervised by an adult. Employees or agents of the District that are present at student group meetings must only serve in a supervisory capacity.

The District approves a limited open forum, within the meaning of that term as defined U.S. Code § 4071, for non-curricular student groups to meet on school premises during non-instructional time. Noncurricular student groups wishing to conduct a meeting within this limited forum are subject to the following fair opportunity criteria, which shall be uniformly administered consistent with 20 U.S. Code § 4071:

1. All such meetings must be voluntary and student-initiated;
2. There shall be no sponsorship of the meeting by the District or its agents or employees;
3. Employees or agents of the District that are present at religious meetings must be only in a nonparticipatory capacity;
4. All meetings must not materially and substantially interfere with the orderly conduct of educational activities within the District; and
5. Nonschool persons may not direct, conduct, control, or regularly attend activities of the non-curricular student groups.

Meeting is defined as a gathering of a group of students for the purposes of discussing group beliefs or engaging in group operations. An event that does not meet this definition will be required to comply with the Community Use of District Facilities Policy and Procedure.
Fundraising

Noncurricular student groups may post notice of gatherings in accordance with Policy 3222. Noncurricular student groups may be authorized by the **[Board or administration]** to have the name of the school to appear as part of their group's name. A logo attributable to the school or District, the District's name, or the school's team name or mascot may not be used by a

noncurricular group. The permission to post notice of gatherings or use the school name does not constitute sponsorship of the group by the District.

Informal Gatherings

Students are permitted to informally gather at the school in accordance with Policy 3233. Informal gatherings of students are not permitted to use the District's name, a District school's name, or a District school's team name or mascot, or any logo attributable to the District, and raise and deposit funds with the District. Informal student gatherings may not post notices or other materials in accordance with Policy 3222 but may request to post items in accordance with Policy 4331.

Financial Operations

All funds raised by recognized curricular student clubs are subject to applicable District policies regarding financial management. All funds raised by recognized curricular student clubs that are donated to the District become public funds when placed in a District account. All public funds must be monitored in accordance with state law. Deposits must be reviewed to ensure compliance with equity rules, amateur rules and appropriateness under district policy.

Funds spent by the District will be done in accordance with District purchase order policy and spending limits regardless of the source of the donation. All expenditures should be preapproved to ensure equity and auditing standards are met.

The administration is authorized to develop procedures to implement this policy.

Student Records

School student records are confidential, and information from them will not be released other than as provided by law. State and federal laws grant students and parents certain rights, including the right to inspect, copy, and challenge school records.

The District will ensure information contained in student records is current, accurate, clear, and relevant. All information maintained concerning a student receiving special education services will be directly related to the provision of services to that child. The District may release directory information as permitted by law, but parents will have the right to object to release of information regarding their child. Military recruiters and institutions of higher education may request and receive the names, addresses, and telephone numbers of all high school students, unless the parent(s) notifies the school not to release this information.

The Superintendent will implement this policy and state and federal law with administrative procedures. The Superintendent or designee will inform staff members of this policy and inform students and their parents of it, as well as of their rights regarding student school records.

Each student's permanent file, as defined by the board of public education, must be permanently kept in a secure location. Other student records must be maintained and destroyed as provided in 20-1-212, MCA.

Maintenance of School Student Records

The District maintains two (2) sets of school records for each student – a permanent record and a cumulative record.

The permanent record will include:

- Basic identifying information
- Academic work completed (transcripts)
- Level of achievement (grades, standardized achievement tests)
- Immunization records (per § 20-5-406, MCA)
- Attendance record
- Statewide student identifier assigned by the Office of Public Instruction
- Record of any disciplinary action taken against the student, which is educationally related

Each student's permanent file, as defined by the board of public education, must be permanently kept in a secure location.

The cumulative record may include:

- Intelligence and aptitude scores
- Psychological reports
- Participation in extracurricular activities
- Honors and awards
- Teacher anecdotal records
- Verified reports or information from non-educational persons
- Verified information of clear relevance to the student's education
- Information pertaining to release of this record
- Disciplinary information
- Camera footage only for those students directly involved in the incident

Information in the permanent record will indicate authorship and date and will be maintained in perpetuity for every student who has been enrolled in the District. Cumulative records will be maintained for eight (8) years after the student graduates or permanently leaves the District. Cumulative records which may be of continued assistance to a student with disabilities, who graduates or permanently withdraws from the District, may, after five (5) years, be transferred to the parents or to the student if the student has succeeded to the rights of the parents.

The building principal will be responsible for maintenance, retention, or destruction of a student's permanent or cumulative records, in accordance with District procedure established by the Superintendent.

Access to Student Records

The District will grant access to student records as follows:

1. The District or any District employee will not release, disclose, or grant access to information found in any student record except under the conditions set forth in this document.
2. The parents of a student under eighteen (18) years of age will be entitled to inspect and copy information in the child's school records. Such requests will be made in writing and directed to the records custodian. Access to the records will be granted within fifteen (15) days of the District's receipt of such request. Parents are not entitled to records of other students. If a record contains information about two students, information related to the student of the non-requesting parent will be redacted from the record.

In situations involving a record containing video footage, a parent of a student whose record contains the footage is allowed to view the footage contained in the record but is not permitted to receive a copy unless the parents of the other involved students provide consent. The footage is not a record of students in the background of the image or not otherwise involved in the underlying matter.

Where the parents are divorced or separated, both will be permitted to inspect and copy the student's school records, unless a court order indicates otherwise. The District will send copies of the following to both parents at either one's request, unless a court order indicates otherwise:

- a. Academic progress reports or records;
- b. Health reports;
- c. Notices of parent-teacher conferences;
- d. School calendars distributed to parents/guardians; and
- e. Notices about open houses and other major school events, including student-parent interaction.

A student that attains the age of legal majority is an "eligible student" under FERPA. An eligible student has the right to access and inspect their student records. An eligible student may not prevent their parents from accessing and inspecting their student records if they are a dependent of their parents in accordance with Internal Revenue Service regulations.

Access will not be granted to the parent or the student to confidential letters and recommendations concerning admission to a post-secondary educational institution, applications for employment, or receipt of an honor or award, if the student has waived his or her right of access after being advised of his or her right to obtain the names of all persons making such confidential letters or statements.

3. The District may grant access to or release information from student records without prior written consent to school officials with a legitimate educational interest in the information. A school official is a person employed by the District in an administrative, supervisory, academic, or support staff position (including, but not limited to administrators, teachers, counselors, paraprofessionals, coaches, and bus drivers), and the board of trustees. A school official may also include a volunteer or contractor not employed by the District but who performs an

educational service or function for which the District would otherwise use its own employees and who is under the direct control of the District with respect to the use and maintenance of personally identifying information from education records, or such other third parties under contract with the District to provide professional services related to the District's educational mission, including, but not limited to, attorneys and auditors. A school official has a legitimate educational interest in student education information when the official needs the information in order to fulfill his or her professional responsibilities for the District. Access by school officials to student education information will be restricted to that portion of a student's records necessary for the school official to perform or accomplish their official or professional duties.

4. The District may grant access to or release information from student records without parental consent or notification to any person, for the purpose of research, statistical reporting, or planning, provided that no student or parent can be identified from the information released, and the person to whom the information is released signs an affidavit agreeing to comply with all applicable statutes and rules pertaining to school student records.
5. The District may grant release of a child's education records to child welfare agencies without the prior written consent of the parents.
6. The District will grant access to or release information from a student's records pursuant to a court order.
7. The District will grant access to or release information from any student record, as specifically required by federal or state statute.
8. The District will grant access to or release information from student records to any person possessing a written, dated consent, signed by the parent or eligible student, with particularity as to whom the records may be released, the information or record to be released, and reason for the release. One (1) copy of the consent form will be kept in the records, and one (1) copy will be mailed to the parent or eligible student by the Superintendent. Whenever the District requests consent to release certain records, the records custodian will inform the parent or eligible student of the right to limit such consent to specific portions of information in the records.
9. The District may release student records to the superintendent or an official with similar responsibilities in a school in which the student has enrolled or intends to enroll, upon written request from such official. School officials may also include those listed in #3 above.
10. Prior to release of any records or information under items 5, 6, 7, 8, and 9, above, the District will provide prompt written notice to the parents or eligible student of this intended action. This notification will include a statement concerning the nature and substance of the records to be released and the right to inspect, copy, and challenge the contents.
11. The District may release student records or information in connection with an emergency, without parental consent, if the knowledge of such information is necessary to protect the health or safety of the student or other persons. The records custodian will make this decision, taking into consideration the nature of the emergency, the seriousness of the threat to the health and safety of the student or other persons, the need for such records to meet the emergency, and whether the persons to whom such records are released are in a position to deal with the emergency. The

District will notify the parents or eligible student, as soon as possible, of the information released, date of the release, the person, agency, or organization to whom the release was made, and the purpose of the release.

12. The District may disclose, without parental consent, student records or information to the youth court and law enforcement authorities, pertaining to violations of the Montana Youth Court Act or criminal laws by the student.
13. The District will comply with an *ex parte* order requiring it to permit the U.S. Attorney General or designee to have access to a student's school records without notice to or consent of the student's parent(s)/guardian(s).
14. The District charges a nominal fee for copying information in the student's records. No parent or student will be precluded from copying information because of financial hardship.
15. A record of all releases of information from student records (including all instances of access granted, whether or not records were copied) will be kept and maintained as part of such records. This record will be maintained for the life of the student record and will be accessible only to the parent or eligible student, records custodian, or other person. The record of release will include:
 - a. Information released or made accessible.
 - b. Name and signature of the records custodian.
 - c. Name and position of the person obtaining the release or access.
 - d. Date of release or grant of access.
 - e. Copy of any consent to such release.

Directory Information

The District may release certain directory information regarding students, except that parents may prohibit such a release. Directory information will be limited to:

- Student's name

- Telephone listing
- Electronic mail address
- Photograph (including electronic version)
- Date and place of birth

- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams

The notification to parents and students concerning school records will inform them of their right to

object to the release of directory information. The School District will specifically include information about the missing children electronic directory photograph repository permitting parents or guardians to chose to choose to have the student's photograph included in the repository for that school year; information about the use of the directory photographs if a student is identified as a missing child; and information about how to request the student's directory photograph be removed from the repository

Military Recruiters/Institutions of Higher Education

Pursuant to federal law, the District is required to release the names, addresses, and telephone numbers of all high school students to military recruiters and institutions of higher education upon request.

The Montana Superintendent of Public Instruction may release student information to the Montana Commissioner of Higher Education and Montana Department of Labor and Industry for research purposes after entering into agreement with Commissioner and Department. If the Superintendent of Public Instruction offers a statewide assessment that serves as a college entrance exam, the student's personally identifiable information may be released to colleges, state-contracted testing agencies, and scholarship organizations with student consent.

The notification to parents and students concerning school records will inform them of their right to object to the release of this information.

Student Record Challenges

The District shall give a parent or eligible student, on request, an opportunity for a hearing to challenge content of the student's education records on the grounds that the information contained in the education records is inaccurate, misleading, or in violation of the privacy rights of the student.

The hearing required by 34 C.F.R. 99.21 must meet, at a minimum, the following requirements:

- The District shall hold the hearing within a reasonable time after it has received the request for the hearing from the parent or eligible student.
- The District shall give the parent or eligible student notice of the date, time, and place, reasonably in advance of the hearing.
- The hearing may be conducted by any individual including an official of the District who does not have direct interest in the outcome of the hearing.

- The right to a written statement of any decision and the reasons therefor;

The parents may insert a written statement of reasonable length describing their position on disputed information. The school will maintain the statement with the contested part of the record for as long as the record is maintained and will disclose the statement whenever it discloses the portion of the record to which the statement relates.

The District will maintain two (2) sets of school records for each student: a permanent record and a cumulative record. The permanent record will include:

- Basic identifying information
- Academic work completed (transcripts)
- Level of achievement (grades, standardized achievement tests)
- Immunization records (per § 20-5-506, MCA)
- Attendance record
- Statewide student identifier assigned by the Office of Public Instruction
- Record of any disciplinary action taken against the student, which is educationally related

The cumulative record may include:

- Intelligence and aptitude scores
- Psychological reports
- Participation in extracurricular activities
- Honors and awards
- Teacher anecdotal records
- Verified reports or information from non-educational persons
- Verified information of clear relevance to the student's education
- Information pertaining to release of this record
- Disciplinary information

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over eighteen (18) years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. **The right to inspect and copy the student's education records, within a reasonable time from the day the District receives a request for access.**

"Eligible" students, who are eighteen (18) years of age or older, have the right to inspect and copy their permanent record. Parents/guardians or "eligible" students should submit to the school principal (or appropriate school official) a written request identifying the

record(s) they wish to inspect. The principal will make, within forty-five (45) days, arrangements for access and notify the parent(s)/ guardian(s) or eligible student of the time and place the records may be inspected. The District charges a nominal fee for copying, but no one will be denied their right to copies of their records for inability to pay this cost.

The rights contained in this section are denied to any person against whom an order of protection has been entered concerning a student.

2. **The right to request amendment of the student's education records which the parent(s)/guardian(s) or eligible student believes are inaccurate, misleading, irrelevant, or improper.**

Parents/guardians or eligible students may ask the District to amend a record they believe is inaccurate, misleading, irrelevant, or improper. They should write the school principal or records custodian, clearly identifying the part of the record they want changed, and specify the reason.

If the District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the District will notify the parent(s)/guardian(s) or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA or state law authorizes disclosure without consent.**

Disclosure is permitted without consent to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board; a person or company with whom the District has contracted to perform a special task (such as contractors, attorneys, auditors, consultants, or therapists); volunteers; other outside parties to whom an educational agency or institution has outsourced institutional services or functions that it would otherwise use employees to perform; or a parent(s)/guardian(s) or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest, if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records, without consent, to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by state or federal law. Before information is released to individuals described in this paragraph, the parent(s)/guardian(s) will receive written notice of the nature and substance of the information and an opportunity to inspect, copy, and challenge such records. The right to challenge school student records does not apply to: (1) academic grades of their child, and (2) references to expulsions or out-of-school suspensions, if the challenge is made at the time the student's school student records are forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting, or planning, provided that no student or parent(s)/guardian(s) can be identified; any person named in a court order; and appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons.

4. **The right to a copy of any school student record proposed to be destroyed or deleted.**
5. **The right to prohibit the release of directory information concerning the parent's/guardian's child.**

Throughout the school year, the District may release directory information regarding students, limited to:

Student's name
Address
Telephone listing
Electronic mail address
Photograph (including electronic version)
Date and place of birth
Major field of study
Dates of attendance
Grade level
Enrollment status (e.g., undergraduate or graduate; full-time or part-time)
Participation in officially recognized activities and sports
Weight and height of members of athletic teams
Degrees
Honors and awards received
Most recent educational agency or institution attended

Any parent(s)/guardian(s) or eligible student may prohibit the release of all of the above information by delivering written objection to the building principal within ten (10) days of the date of this notice. No directory information will be released within this time period, unless the parent(s)/guardian(s) or eligible student are specifically informed

otherwise. When a student transfers, leaves the District, or graduates, the school must continue to honor a decision to opt-out, unless the parent or student rescinds the decision.

A parent or student 18 years of age or an emancipated student, may not opt out of directory information to prevent the district from disclosing or requiring a student to disclose their name [identifier, institutional email address in a class in which the student is enrolled] or from requiring a student to disclose a student ID card or badge that exhibits information that has been properly designated directory information by the district in this policy.

6. The right to request that information not be released to military recruiters and/or institutions of higher education.

Pursuant to federal law, the District is required to release the names, addresses, and telephone numbers of all high school students to military recruiters and institutions of higher education upon request.

Parent(s)/guardian(s) or eligible students may request that the District not release this information, and the District will comply with the request.

7. The right to file a complaint with the U.S. Department of Education, concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the office that administers FERPA is:

Transfer of Student Records

The District will forward by mail or by electronic means a certified copy of a permanent or cumulative file of any student and a file of special education records of any student to a local educational agency or accredited school in which a student seeks to or intends to enroll within five (5) working days after receipt of a written or electronic request. When the District cannot transfer records within five (5) days, the District will notify a requestor, in writing or electronically, and will provide reasons why the District is unable to comply with a five-(5)-day time period. The District provides equipment and electronic networks, including access to the Internet, as part its instructional program and to promote educational excellence by facilitating resource sharing, innovation, and communication.

The District expects all students to take responsibility for appropriate and lawful use of this access, including good behavior online. The District may withdraw student access to its equipment, network and to the Internet when any misuse occurs. District teachers and other staff will make reasonable efforts to supervise use of equipment, network, and Internet access; however, student cooperation is vital in exercising and promoting responsible use of this access.

Curriculum

Use of District equipment and electronic networks will be consistent with the curriculum adopted by the District, as well as with varied instructional needs, learning styles, abilities, and developmental levels of students, and will comply with selection criteria for instructional materials and library materials. Staff members may use the Internet throughout the curriculum, consistent with the District's educational goals.

a) Educational Purposes Only. All use of the District's equipment and electronic network must be: (1) in support of education and/or research, and in furtherance of the District's stated educational goals; or (2) for a legitimate school business purpose. b) Unacceptable Uses of Equipment and Network. The following are considered unacceptable uses and constitute a violation of this policy:

A. Uses that violate the law or encourage others to violate the law, including but not limited to transmitting offensive or harassing messages; offering for sale or use any substance the possession or use of which is prohibited by the District's student discipline policy; viewing, transmitting, or downloading pornographic materials or materials that encourage others to violate the law; intruding into

the networks or computers of others; and downloading or transmitting confidential, trade secret information, or copyrighted materials.

- B. Uses that cause harm to others or damage to their property, including but not limited to engaging in defamation (harming another's reputation by lies); employing another's password or some other user identifier that misleads message recipients into believing that someone other than you is communicating, or otherwise using his/her access to the network or the Internet; uploading a worm, virus, other harmful form of programming or vandalism; participating in "hacking" activities or any form of unauthorized access to other computers, networks, or other information.
- C. Uses that jeopardize the security of student access and of the computer network or other networks on the Internet.

Warranties/Indemnification

The District makes no warranties of any kind, express or implied, in connection with its provision of access to and use of its equipment, computer networks and the Internet provided under this policy. The District is not responsible for any information that may be lost, damaged, or unavailable when using the equipment, network, or for any information that is retrieved or transmitted via the Internet. The District will not be responsible for any unauthorized charges or fees resulting from access to the Internet. Any user is fully responsible to the District and will indemnify and hold the District, its trustees, administrators, teachers, and staff harmless from any and all loss, costs, claims, or damages resulting from such user's access to its equipment, computer network, and the Internet, including but not limited to any fees or charges incurred through purchase of goods or services by a user. The District expects a user or, if a user is a minor, a user's parents or legal guardian to cooperate with the District in the event of its initiating an investigation of a user's use of access to its equipment, computer network, and the Internet.

Violations

Violation of this policy will result in a loss of access and may result in other disciplinary or legal action. The principal will make all decisions regarding whether a user has violated this policy and any related rules or regulations and may deny, revoke, or suspend access at any time, with that decision being final.

5. The system administrator and principal shall monitor student Internet access.

Cell Phones and Other Electronic Equipment

Student possession and use of cellular phones, pagers, and other electronic signaling devices on school grounds, at school-sponsored activities, and while under the supervision and control of District employees is a privilege which will be permitted only under the circumstances described herein. At no time will any student operate a cell phone or other electronic device with video capabilities in a locker room, bathroom, or other location where such operation may violate the privacy right of another person.

Students may use cellular phones, pagers, and other electronic signaling devices on campus before school begins and after school ends. Students in grades 9-12 may also use such devices during the lunch period. These devices must be kept out of sight and turned off during the instructional day. Unauthorized use of such devices disrupts the instructional program and distracts from the learning environment. Therefore, unauthorized use is grounds for confiscation of the device by school officials, including classroom teachers. Confiscated devices will be returned to the parent or guardian. Repeated unauthorized use of such devices will result in disciplinary action.

School-Support Organizations, Boosters and Fundraising

The Board recognizes that parent, teacher, and student organizations are a helpful resource for schools and supports their formation and vitality. While parent, teacher, and student organizations have no administrative authority and cannot determine District policy, their suggestions and assistance are always welcome.

School-Support Organizations

Parent or booster organizations are recognized by the Board and permitted to use the District's name, a District school's name, or a District school's team name or any logo attributable to the District, provided they first receive the Board's approval during a duly constituted Board meeting. Unauthorized use of the District school's team name, logo, or imagery is strictly prohibited. The District reserves the right to seek all available legal remedies for unauthorized use of the District school's name, logo, or imagery.

In order for the School District to comply with the federal law, state law and MHSA By-Laws, Rules and Regulations, Board recognition as a parent or booster organization along with consent to use one of the above-mentioned names or logos will be granted if the organization has approved and submitted bylaws containing the following:

1. The organization's name and purpose. Acceptable purposes may include enhancement of students' educational experiences, assistance to meet educational needs of students, support of academic clubs, or enrichment of extracurricular activities.
2. The rules and procedures under which it operates.
3. A statement that the membership will adhere to applicable Board policies and administrative procedures when working on District premises or with District officials or programs.
4. A statement that membership is open and unrestricted and the organization will not engage in discrimination based on someone's innate characteristics or membership in a protected classification.
5. A statement that the District is not, and will not be, responsible for the organization's business or the conduct of its members.
6. A designation of the organization's treasurer. A statement that the organization will maintain finances consistent with General Finance Principles in a manner open to review by any member of the organization or the school district.

7. A recognition that money given to a school cannot be earmarked for any particular expense. Booster organizations may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede an organizations recommendation.¹
8. A recognition that the School District reserves the tight to reject any and all donations.

Permission to use one of the above-mentioned names, logos or imagery may be suspended by the administration and rescinded by the Board for failure to comply with this policy. Authorization to use one of the above-mentioned names, logos, or imagery does not constitute permission to act as the District's representative. At no time does the District accept responsibility for the actions of any parent or booster organization, regardless of whether it was recognized and/or permitted to use any of the above-mentioned names or logos.² The Superintendent shall designate an administrative staff member to serve as the liaison to parent or booster organization. The liaison will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues. Building staff may be encouraged to participate in the organizations.

Individual Boosters or Donors

Individual boosters or donors not covered by the bylaws of an organization governed by this policy may still assist in school operations. The Board encourages the involvement of local communities in school activities and operations. In order for the School District to comply with the federal law, state law and MHSA By-Laws, Rules and Regulations, individual boosters or donors must honor the following provisions:

1. The individual must have prior approval must be granted by the Board for use of the District's name, logo, or imagery.
2. The individual must comply with Board policies and administrative procedures when submitting donations.
3. The individual may not violate federal law, state law, District policy or MHSA By-Laws, Rules and Regulations.
4. The individual acknowledges the District is not, and will not be, responsible for the individual booster or donor's business or their conduct.

¹ The School District may not accept booster organization assistance that creates vast gender differences or a school board may face claims that it has violated Title IX. Title IX's focus is on equal funding opportunities, equal facility availability, similar travel and transportation treatment, comparable coaching, and comparable publicity (34 C.F.R. Part 106).

² Booster organizations present potential liabilities to a school district beyond loss of funds, because they seldom are properly organized (they generally are not incorporated or otherwise legally recognized), carry no insurance, raise and handle large sums of money, and organization members hold themselves out as agents of the school (after all, no funds could be raised but for the school connection). A disclaimer, such as the one presented here, may not be sufficient. A district may take several actions, after discussion with its attorney, to minimize liability, such as adding a requirement to item 6 above that the organization: (1) operate under the school's authority (activity accounts); or (2) be properly organized and demonstrate fiscal responsibility by being a 501(c)(3) organization, obtaining a bond, and/or arranging regular audits. Ultimately, the best way to minimize liability is to be sure that the district's errors-and-omissions insurance covers parent organizations and booster organizations.

5. The individual acknowledges that donations cannot be earmarked for any particular expense. Individual boosters or donors may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion in accordance with applicable laws. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede any individual's recommendation.
6. The District reserves the right to reject any and all donations.

Fundraising

All donations completed by recognized organizations are subject to applicable School District policies regarding financial management. Funding endeavors are generally viewed as beneficial when coordinated with district goals, initiatives, and existing plans. The District reserves the right to reject any and all donations.

All funds raised by recognized organizations that are donated to the School District become public funds when placed in a School District account. All public funds must be monitored in accordance with state law. Donations must be reviewed to ensure compliance with equity rules, amateur rules and appropriateness under district policy. Donations may be conditional under state law if conditions are in compliance.

Funds spent by the School District will be done in accordance with District purchase order policy and spending limits regardless of the source of the donation. All expenditures should be preapproved to ensure equity and auditing standards are met.

The District may provide auxiliary aids and services when necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program, or activity.

The Superintendent is designated the Americans with Disabilities Act Title II Coordinator and, in that capacity, is directed to:

1. Community Use of School Facilities

School facilities are available to the community for educational, civic, cultural, and other noncommercial uses consistent with the public interest, when such use will not interfere with the school program or school-sponsored activities. Use of school facilities for school purposes has precedence over all other uses. Persons on school premises must abide by District conduct rules at all times.

Student and school-related organizations, governmental entities and community betterment groups shall be granted the use of school facilities at no cost.

Other organizations granted the use of school facilities may pay fees and costs. The Superintendent will develop procedures to manage community use of school facilities, which will be reviewed and approved by the Board. Use of school facilities requires the Superintendent's approval and is subject to the procedures.

Administration will approve and schedule various uses of school facilities. A master calendar will be kept in the office for scheduling dates to avoid conflicts during the school year. COMMUNITY RELATIONS

The Superintendent is authorized to establish procedures for use of school facilities, including rental rates, supervisory requirements, restrictions, security, etc. For rental rate purposes, organizations seeking the use of school facilities have been divided into three categories:

School-related or Community Betterment Groups. This category includes those organizations whose main purpose is to promote the welfare of boys and girls or to improve the quality of life in the community. Examples are: Boys Scouts, Campfire Girls, PTA, 4-H, recreation groups, garden clubs, service clubs, community clubs, and governmental clubs. No fee shall be charged provided that educational staff are not employed to supervise or clean the facility. A rental charge may be established to recover additional utility costs which are incurred, or in the event there are no school staff on duty, to reimburse the district for the costs of providing custodial services.

Non-community and/or Nonprofit Groups. This category includes those organizations who might wish to use school facilities for lectures, promotional activities, political rallies, entertainment, college courses, or other activities for which public halls or commercial facilities generally are rented. The district shall charge a rental rate in excess of costs incurred, except that such excess charges may be waived when a service club or other nonprofit group is raising funds for charitable purposes. Similar treatment may be granted public universities and colleges when offering college courses within the community or when any university/college is offering a course for staff at the request of the district.

Commercial Enterprises. This category includes profit-making organizations and business-related enterprises. While the district would prefer organizations to use commercial or private facilities, school district facilities may be rented at the prevailing rate charged by commercial facilities in the area.

District-sponsored activities, including curricular and co-curricular functions, retain first priority in use of facilities. Authorization for use of school facilities shall not be considered as endorsement of or approval of the activity group or organization nor for the purposes it represents. School facilities may be made available to church groups on a short-term basis and shall not be considered as a permanent place of worship.

Scobey School District Families and individuals who utilize the building on Sundays or, Wednesdays past 6:30PM, have the same responsibilities and access as any other patron(s) of the district as outlined in the *Annual Facility Use Agreement*. All non-high school students must have direct adult supervision while using the school facilities.

Within limits of an individual's right of privacy, the public will be afforded full access to information concerning administration and operations of the District. Public access to District records shall be afforded according to appropriate administrative procedures.

"District records" include any writing, printing, photostating, photographing, etc. (including electronic mail), which has been made or received by the District in connection with the transaction of official business and presented for informative value or as evidence of a transaction, and all other records required by law to be filed with the District. "District records" do not include personal notes and memoranda of staff which remain in the sole possession of the maker and which are not generally accessible or revealed to other persons.

The Superintendent will serve as the public records coordinator, with responsibility and authority for ensuring compliance with the display, indexing, availability, inspection, and copying requirements of state law and this policy. As coordinator, the Superintendent will authorize the inspection and copying of District records only in accordance with the criteria set forth in this policy.

In accordance with Title 2, Chapter 6, MCA, the District will make available for public inspection and copying all District records or portions of records, except those containing the following information:

1. Personal information in any file maintained for students. Information in student records will be disclosed only in accordance with requirements of the Family Educational Rights and Privacy Act of 1974 and adopted District policy.

3. Test questions, scoring keys, or other examination data used to administer academic tests.
4. The contents of real estate appraisals made for or by the District relative to the acquisition of property, until the project is abandoned or until such time as all of the property has been acquired, but in no event will disclosure be denied for more than three (3) years after appraisal.
5. Preliminary drafts, notes, recommendations, and intra-District memoranda in which opinions are expressed or policies formulated or recommended, except a specific record

shall not be exempt when publicly cited by the District in connection with any District action.

6. Records relevant to a controversy to which the District is a party, but which would not be available to another party under the rules of pretrial discovery, for cases pending resolution.
7. Records or portions of records, the disclosure of which would violate personal rights of privacy.
8. Records or portions of records, the disclosure of which would violate governmental interests.
9. Records or information relating to individual or public safety or the security of public schools if release of the information jeopardizes the safety of facility personnel, the public, students in a public school.

If the District denies any request, in whole or in part, for inspection and copying of records, the District will provide the requesting party with reasons for denial.

If the record requested for inspection and/or copying contains both information exempted from disclosure and non-exempt information, the District shall, to the extent practicable, produce the record with the exempt portion deleted and shall provide written explanation for the deletion.

The District will not provide access to lists of individuals, which the requesting party intends to use for commercial purposes or which the District reasonably believes will be used for commercial purposes if such access is provided. However, the District may provide mailing lists of graduating students to representatives of the U.S. armed forces and the National Guard for purpose of recruitment.

The coordinator is authorized to seek an injunction to prevent disclosure of records otherwise suitable for disclosure, when it is determined reasonable cause exists to believe disclosure would not be in the public interest and would substantially or irreparably damage any person or would substantially or irreparably damage vital governmental functions.

Relations With Law Enforcement and Child Protective Agencies

The staff is primarily responsible for maintaining proper order and conduct in the schools. Staff shall be responsible for holding students accountable for infractions of school rules, which may include minor violations of the law, occurring during school hours or at school activities. When there is substantial threat to the health and safety of students or others, such as in the case of bomb threats, mass demonstrations with threat of violence, individual threats of substantial bodily harm, trafficking in prohibited drugs, or the scheduling of events where large crowds may be difficult to handle, the law enforcement agency shall be called upon for assistance. Information regarding major violations of the law shall be communicated to the appropriate law enforcement agency.

The District will strive to develop and maintain cooperative working relationships with the law enforcement agencies. Procedures for cooperation between law enforcement, child protective, and school authorities will be established. Such procedures will be made available to affected staff and will be periodically revised.

County or Regional Interdisciplinary Child Information and School Safety Team

The District will participate in the Daniels County or Regional interdisciplinary child information and school safety team established by Section 52-2-211, MCA. This team consists of county-level representatives of the youth court, the county attorney, the department of public health and human services, the county superintendent of schools, the sheriff, the chief of any police force, the superintendents of public school districts in the County, and the department of corrections.

The purpose of the team is “to facilitate the exchange and sharing of information that one or more team members may be able to use in serving a child in the course of their professions and occupations, including but not limited to abused or neglected children, delinquent youth, and youth in need of intervention, and of information relating to issues of school safety.”

The Superintendent, or designee, is authorized to participate in the formation of and request information from the interdisciplinary child information and school safety team regarding students in the School District. The Superintendent shall utilize this authority on a regular basis to ensure the safety and security of the District.

Interrogation and Investigations Conducted by School Officials

The administration has the authority and duty to conduct investigations and to question students pertaining to infractions of school rules, whether or not the alleged conduct is a violation of criminal law. The administration shall determine when the necessity exists that law enforcement officers be asked to conduct an investigation of alleged criminal behavior which jeopardizes the safety of other people or school property or which interferes with the operation of the schools.

In instances when the administration has reasonable suspicion that a violation of district policy or the student code of conduct has been violated, the administrator will investigate. The administrator will notify the suspected rule violator(s) or potential witness(es) to the infraction. The suspected student shall be advised orally or in writing of the nature of the alleged offense and of the evidence against the student. Circumstances may arise where it would be advisable to have another adult present during questioning of students.

Investigations by Law Enforcement

When a student becomes involved with law enforcement officers due to events outside of the school environment and officers must interact with a student at the school, the officer(s) shall confer with the student when he/she is being investigated for conduct not under the jurisdiction of the school. The following steps shall be taken to cooperate with the authorities.

- a. The officer shall contact the Superintendent and present proper identification in all occasions upon his/her arrival on school premises.
- b. Parents or guardians shall be notified by the law enforcement officer or Superintendent as soon as possible. The law enforcement officer or Superintendent shall make every effort to inform parents or guardians of the intent of the law enforcement officers except when that notification may compromise the student's safety.
- c. The student's parent or guardian should be present, if practicable, during any interrogation on school premises.

Cooperation with Law Enforcement

Although cooperation with law enforcement officers will be maintained, it is the preference of the District that it will not normally be necessary for law enforcement officers to initiate, and conduct any investigation and interrogation on the school premises, during school hours, pertaining to criminal activities unrelated to the operation of the school. It is preferred that only

in demonstrated emergencies, when law enforcement officers find it necessary, will they conduct such an investigation during school hours. These circumstances might be limited to those in which delay might result in danger to any person, flight of a person reasonably suspected of a crime from the jurisdiction or local authorities, destruction of evidence, or continued criminal behavior.

No school official, however, should ever place him/herself in the position of interfering with a law enforcement official in the performance of his or her duties as an officer of the law. If the law enforcement officials are not recognized and/or are lacking a warrant or court order, the Superintendent shall require proper identification of such officials and the reason(s) for the visit to the school.

In all cases, the officers shall be requested to obtain prior approval of the Superintendent or other designated person before beginning such an investigation on school premises. The administrator shall document the circumstances of such investigations as soon as practical. Alleged behavior related to the school environment brought to the Superintendent's attention by law enforcement officers shall be dealt with under the provisions of the two previous sections.

Taking a Student into Custody

School officials shall not release students to law enforcement authorities voluntarily unless the student has been placed under arrest or unless the parent or guardians and the student agree to the release. When students are removed from school for any reason by law enforcement authorities, every reasonable effort will be made to notify the student's parents or guardians immediately. Such effort shall be documented. Whenever an attempt to remove a student from school occurs without an arrest warrant, court order, or without acquiescence of the parent or guardian, or the student, the administrator shall immediately notify a superior of the law enforcement officers involved to make objection to the removal of the student and shall attempt to notify the parent or guardian of the student. The Superintendent's office shall be notified immediately of any removal of a student from school by law enforcement officers under any circumstances.

When it is necessary to take a student into custody on school premises and time permits, the law enforcement officer shall be requested to notify the principal and relate the circumstances necessitating such action. When possible, the principal shall have the student summoned to the principal's office where the student may be taken into custody. In all situations of interrogations, arrest or service of subpoenas of a student by law enforcement officers on school premises, all practicable steps shall be taken to ensure a minimum of embarrassment or invasion of privacy of the student and disruption to the school environment.

Disturbance of School Environment

Law enforcement officers may be requested to assist in controlling disturbances of the school environment which the Superintendent or other school administrator has found to be

unmanageable by school personnel and which disturbances have the potential of causing harm to students, other persons, or school property. Staff members may also notify law enforcement officials.

Such potential of possible disturbance includes members of the public who have exhibited undesirable or illegal conduct on school premises or at a school event held on school property, and who have been requested to leave by an administrator or staff member, but have failed or refused to do so.

Cooperative Programs With Other Districts and Public Agencies

Whenever it appears to the economic, administrative, and/or educational advantage of the District to participate in cooperative programs with other units of local government, the Superintendent will prepare and present for Board consideration an analysis of each cooperative proposal.

When formal cooperative agreements are developed, such agreements shall comply with requirements of the Interlocal Cooperation Act, with assurances that all parties to the agreement have legal authority to engage in the activities contemplated by the agreement.

The District may enter into interlocal agreements with a unit of the Montana University System, public community college, and/or tribal college, which would allow students enrolled in the 11th and 12th grades to attend and earn credit for classes not available in the District. Tuition and fees, if assessed, will be provided for in the interlocal agreement.

The District may enter into an interlocal agreement providing for the sharing of teachers, specialists, superintendents, or other professional persons licensed under Title 37, MCA. Registered Sex Offenders

The State of Montana has determined that perpetrators of certain sex crimes pose a continuing threat to society as a whole even after completion of their criminal sentences. Recognizing that the safety and welfare of students is of paramount importance, the Scobey School District declares that, except in limited circumstances, Scobey School District should be off limits to registered sex offenders.

Employment

Notwithstanding any other Board policy, individuals listed by the State of Montana as registered sex offenders are ineligible for employment in any position within the Scobey School District. However, the Superintendent shall have discretion consistent with other Board policies to recommend an individual whose name has been expunged from the Sex Offender Registry.

School Off Limits

The District hereby declares that no registered sex offender may come on, about, or within one any District-owned buildings or property except as otherwise provided in this policy. If an administrator becomes aware that such a sex offender is on, about, or within school property, the administrator shall direct the sex offender to immediately leave the area. The Board authorizes the administrator to request the assistance of the appropriate law enforcement authorities to secure the removal of any registered sex offender from the area. If a registered sex offender disregards the terms of this policy or the directives of the school administrator, then the Superintendent is authorized to confer with counsel and to pursue such criminal or civil action as may be necessary to enforce compliance with this policy.

This policy shall not be construed to impose any duty upon any administrator or any other employee of the District to review the Sex Offender Registry or to screen individuals coming on or within school property to ascertain whether they are on the Registry. This policy shall only apply when administrators are actually aware that the person in question is on the Sex Offender Registry and that the offender's victim was a minor.

The provisions of this policy prohibiting a registered sex offender from coming on, about, or within school property shall not apply in the event that a sex offender's name should be expunged from the Registry.

Rights of Parents on the Sex Offender Registry

In the event that a registered sex offender whose victim was a minor has a child attending the District, the administrator of the school where the child attends shall be authorized to modify this policy's restrictions to permit the parent to drop off and pick up the child from school and to come onto campus to attend parent-teacher conferences. However, the parent may not linger on or about school property before or after dropping off his or her child, and the parent is prohibited from being in any part of the school building except the main office.

This policy does not impose a duty upon the administrator of any school or any other employee of the District to review the Sex Offender Registry and the school system's directory information to ascertain whether a registered sex offender may have a child attending school in the District. The provisions of this policy shall apply only if an administrator actually becomes aware that a parent of a student at the school is a registered sex offender.

To facilitate voluntary compliance with this policy, administrators are encouraged to speak with any affected parents upon learning of their status as registered sex offenders to communicate the restrictions of this policy. At all times, the administrator shall endeavor to protect the privacy of the offender's child.

In the event of a truly exceptional situation such as graduation, a parent on the Sex Offender Registry may ask the Superintendent for a waiver of this policy to permit the parent to attend these special events. It is the intent of the Board, however, that these special circumstances be truly unusual and infrequent occurrences.

Sexual Harassment of Employees

The District does not discriminate on the basis of sex in any education program or activity that it operates. The District is required by Title IX of the Education Amendments of 1972 and the regulations promulgated through the U.S. Department of Education not to discriminate in such a manner. Inquiries about the application of Title IX to the District may be referred to the District's Title IX Coordinator, to the Assistant Secretary for Civil Rights of the Department of Education, or both.

The Board designates the following individual to serve as the District's Title IX Coordinator:

Title: John States

Office address: Scobey School, Room 101, 205 2nd Ave East, Scobey,

Email: jstates@scobeyschools.com

Phone number: 406-487-2202

Any person may report sex discrimination, including sexual harassment, at any time, including during non-business hours. Such a report may be made using the attached form, in person, by mail, by telephone or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

For purposes of this policy and the grievance process, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
3. "Sexual assault" as defined in 20 USC 1092(f)(6)(A)(v), "dating violence" as defined in 34 USC 12291(a)(10), "domestic violence" as defined in 34 USC 12291(a)(8) or "stalking" as defined in 34 USC 12291(a)(30).

When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator shall direct the individual to the applicable sex discrimination process for investigation.

An individual is not required to submit a report of sexual harassment involving the Title IX coordinator. In the event the Title IX Coordinator is responsible for or a witness to the alleged

harassment, the individual may report the allegations to the building principal or superintendent or other unbiased school official.

Retaliation Prohibited

The District prohibits intimidation, threats, coercion or discrimination against any individual for the purpose of interfering with any right or privilege secured by Title IX or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation proceeding or hearing, if applicable. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or this part, constitutes retaliation.

Confidentiality

The District must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any individual who has been alleged to be the victim or perpetrator of conduct that could constitute sexual harassment, and any witness, except as may be permitted by Family Educational Rights and Privacy Act (FERPA) or as required by law, or to carry out the purposes of the Title IX regulations, including the conduct of any investigation, hearing or judicial proceeding arising thereunder.

Notice Requirements

The District provides notice to applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, employees and the union(s) with the name or title, office address, email address and telephone number of the Title IX Coordinator and notice of the District grievance procedures and process, including how to report or file a complaint of sex discrimination, how to file a formal complaint of sexual harassment and how the District will respond. The District also posts the Title IX Coordinator's contact information and Title IX policies and procedures in a prominent location on the District website and in all handbooks made available by the District.

Training Requirements

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receives training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and grievance process including hearings, appeals and informal resolution processes, when applicable, and how to serve impartially including by avoiding prejudgment of

the facts at issue, conflicts of interest and bias. The District also ensures that decision-makers and investigators receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant as set forth in the formal procedures that follow, and training on any technology to be used at a live hearing, if applicable. Investigators also receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. All materials used to train individuals who receive training under this section must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment and are made publicly available on the District's website.

Conflict of Interest and Bias

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Determination of Responsibility

The individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment is presumed not responsible for alleged conduct. A determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation in accordance with the process outlined in Policy 5012P. No disciplinary sanctions will be imposed unless and until a final determination of responsibility is reached.

Sexual Harassment Grievance Procedure - Employees

The Board requires the following grievance process to be followed for the prompt and equitable resolution of employee complaints alleging any action that would be prohibited as sexual harassment by Title IX. The Board directs the process to be published in accordance with all statutory and regulatory requirements.

Definitions

The following definitions apply for Title IX policies and procedures:

“Actual knowledge:” notice of sexual harassment or allegations of sexual harassment to the District’s Title IX Coordinator or any official of the District who has authority to institute corrective measures on behalf of the District, or to any employee of an elementary or secondary school.

“Education program or activity:” includes locations, events or circumstances over which the District exercised substantial control over both the individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment, and the context in which the sexual harassment occurs.

“Complainant:” an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Respondent:” an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Formal complaint:” a document filed by a Complainant or signed by the Title IX Coordinator alleging sexual harassment against a Respondent and requesting that the District investigate the allegation of sexual harassment.

“Supportive measures:” non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available and without fee or charge to the Complainant or Respondent before or after the filing of a formal complaint or where no formal complaint has been filed.

District Requirements

When the District has actual knowledge of sexual harassment in an education program or activity of the District, the District will respond promptly in a manner that is not deliberately indifferent. When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator will direct the individual to the applicable sex discrimination bullying and harassment policy, or public complaint procedure for investigation.

The District treats individuals who are alleged to be the victim (Complainant) and perpetrator (Respondent) of conduct that could constitute sexual harassment equitably by offering supportive measures. Supportive measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual restrictions on contact between the parties, leaves of absence, increased security and monitoring of certain areas of the District's property, campus escort services, changes in work locations and other similar measures.

The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Upon the receipt of a complaint, the Title IX Coordinator must promptly contact the Complainant to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the Complainant the process for filing a formal complaint. If the District does not provide the Complainant with supportive measures, then the District must document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Timelines

The District has established reasonably prompt time frames for the conclusion of the grievance process, including time frames for filing and resolving appeals and informal resolution processes. The grievance process may be temporarily delayed or extended for good cause. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities. In the event the grievance process is temporarily delayed for good cause, the District will provide written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action.

Response to a Formal Complaint

At the time of filing a formal complaint, a Complainant must be participating in or attempting to participate in the education program or activity of the District with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, by electronic mail, or other means designated by the District.

The District must follow the formal complaint process before the imposition of any disciplinary sanctions or other actions that are not supportive measures. However, nothing in this policy precludes the District from placing a non-student employee Respondent on administrative leave during the pendency of the grievance process. The District may also remove a student Respondent alleged to have harassed an employee Complainant from the education setting. The student may receive instruction in an offsite capacity during the period of removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Upon receipt of a formal complaint, the District must provide written notice to the known parties including:

1. Notice of the allegations of sexual harassment, including information about the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, the date and location of the alleged incident, and any sufficient details known at the time. Such notice must be provided with sufficient time to prepare a response before any initial interview;
2. An explanation of the District's investigation procedures, including any informal resolution process;
3. A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
4. Notice to the parties that they may have an advisor of their choice who may be, but is not required to be, an attorney, and may inspect and review any evidence; and
5. Notice to the parties of any provision in the District's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the District decides to investigate allegations about the Complainant or Respondent that are not included in the notice initially provided, notice of the additional allegations must be provided to known parties.

The District may consolidate formal complaints as to allegations of sexual harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Investigation of a Formal Complaint

When investigating a formal complaint and throughout the grievance process, the District must:

1. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not the parties’;
2. Provide an equal opportunity for the parties to present witnesses and evidence;
3. Not restrict either party’s ability to discuss the allegations under investigation or to gather and present relevant evidence;
4. Allow the parties to be accompanied with an advisor of the party’s choice who may be, but is not required to be, an attorney. The District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
5. Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party is expected to participate, with sufficient time for the party to prepare to participate;
6. Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint and comply with the review periods outlined in this process;
7. Objectively evaluate all relevant evidence without relying on sex stereotypes;
8. Ensure that Title IX Coordinators, investigators, decision-makers and individuals who facilitate an informal resolution process, do not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent;
9. Not make credibility determinations based on the individual’s status as Complainant, Respondent or witness;
10. Not use questions or evidence that constitute or seek disclosure of privileged information unless waived.

Dismissal of Formal Complaints

If the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the District’s education program or activity, or did not occur against a person in the United States, then the District must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under this policy.

The Title IX Coordinator also may dismiss the formal complaint or any allegations therein at any time during the investigation or hearing, if applicable, when any of the following apply:

1. a Complainant provides written notification to the Title IX Coordinator that the Complainant would like to withdraw the formal complaint or any allegations therein;
2. the Respondent is no longer enrolled or employed by the District; or
3. specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

The District also may offer an appeal equally to both parties on additional bases.

Upon dismissal, the Title IX Coordinator promptly sends written notice of the dismissal and the reasons for dismissal simultaneously to both parties. The grievance process will close in the event a notice of dismissal is provided to the parties. Support measures may continue following dismissal.

Evidence Review

The District provides both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation. The evidence provided by the District must include evidence that is directly related to the allegations in the formal complaint, evidence upon which the District does not intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory evidence whether obtained from a party or other source. Prior to completion of the investigative report, the Title IX Coordinator must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties have 10 calendar days to submit a written response to the Title IX Coordinator, which the investigator will consider prior to completion of the investigative report.

Investigative Report

The investigator must prepare an investigative report that fairly summarizes relevant evidence and send the report to the Title IX Coordinator. The Title IX Coordinator must send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response. The parties have 10 calendar days to submit a written response to the Title IX Coordinator.

Decision-Maker's Determination

The investigative report is submitted to the decision-maker. The decision-maker cannot be the same person(s) as the Title IX Coordinator or the investigator. The decision-maker cannot hold a hearing or make a determination regarding responsibility until 10 calendar days from the date the Complainant and Respondent receive the investigator's report.

Prior to reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party

or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent. Questions must be submitted to the Title IX Coordinator within three calendar days from the date the Complainant and Respondent receive the investigator's report.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence standard. The decision-maker's written determination must:

1. Identify the allegations potentially constituting sexual harassment;
2. Describe the procedural steps taken, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather evidence, and hearings held;
3. Include the findings of fact supporting the determination;
4. Draw conclusions regarding the application of any District policies and/or code of conduct rules to the facts;
5. Address each allegation and a resolution of the complaint including a determination regarding responsibility, the rationale therefor, any recommended disciplinary sanction(s) imposed on the Respondent, and whether remedies designed to restore or preserve access to the educational program or activity will be provided by the District to the Complainant; and
6. The procedures and permissible bases for the Complainant and/or Respondent to appeal the determination.

A copy of the written determination must be provided to both parties simultaneously, and generally will be provided within 60 calendar days from the District's receipt of a formal complaint.

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Where a determination of responsibility for sexual harassment has been made against the

Respondent, the District will provide remedies to the Complainant that are designed to restore or preserve equal access to the District's education program or activity. Such remedies may include supportive measures; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the Respondent. The Title IX Coordinator is responsible for effective implementation of any remedies. Following any determination of responsibility, the District may implement disciplinary sanctions in accordance with State or Federal law and or/the negotiated agreement. For employees, the sanctions may include any form of responsive discipline, up to and including termination.

Appeals

Either the Complainant or Respondent may appeal the decision-maker's determination regarding responsibility or a dismissal of a formal complaint, on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time that could affect the outcome and
3. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent that affected the outcome.

The request to appeal must be made in writing to the Title IX Coordinator within seven calendar days after the date of the written determination. The appeal decision-maker must not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent and cannot be the Title IX Coordinator, the investigator, or the decision-maker from the original determination.

The appeal decision-maker must notify the other party in writing when an appeal is filed and give both parties a reasonable equal opportunity to submit a written statement in support of, or challenging, the outcome. After reviewing the evidence, the appeal decision-maker must issue a written decision describing the result of the appeal and the rationale for the result. The decision must be provided to both parties simultaneously, and generally will be provided within 10 calendar days from the date the appeal is filed.

Informal Resolution Process

Except when concerning allegations that an employee sexually harassed a student, at any time during the formal complaint process and prior to reaching a determination regarding responsibility, the District may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility, provided that the District:

1. Provides to the parties a written notice disclosing:

- A. The allegations;
- B. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the Title IX formal complaint process with respect to the formal complaint; and
- C. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

2. Obtains the parties' voluntary, written consent to the informal resolution process.

The informal resolution process generally will be completed within 30 calendar days, unless the parties and the Title IX Coordinator mutually agree to temporarily delay or extend the process. The formal grievance process timelines are stayed during the parties' participation in the informal resolution process. If the parties do not reach resolution through the informal resolution process, the parties will resume the formal complaint grievance process, including timelines for resolution, at the point they left off.

Recordkeeping

The District must maintain for a period of seven years records of:

- 1. Each sexual harassment investigation, including any determination regarding responsibility, any disciplinary sanctions imposed on the Respondent, and any remedies provided to the Complainant designed to restore or preserve equal access to the District's education program or activity;
- 2. Any appeal and the result therefrom;
- 3. Any informal resolution and the result therefrom; and
- 4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The District must make these training materials publicly available on its website.

The District must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity.

Every applicant must provide the District with written authorization for a criminal background investigation. The Superintendent will keep any conviction record confidential as required by law and District policy. The district will create a determination sheet from the criminal history record. The determination sheet will be kept on file at the District Office. The Criminal History Record with no disqualifiers will be shredded on site immediately after review. The Criminal History Record with disqualifiers will be retained on file at the District Office according to law. Every newly hired employee must complete an Immigration and Naturalization Service form, as required by federal law.

Certification

The District requires its' contracted certified staff to hold valid Montana teacher or specialist certificates endorsed for the roles and responsibilities for which they are employed. Failure to meet this requirement shall be just cause for termination of employment. No salary warrants may be issued to a staff member, unless a valid certificate for the role to which the teacher has been assigned has been registered with the county superintendent within sixty (60) calendar days after a term of service begins. Every teacher and administrator under contract must bring their current, valid certificate to the personnel office at the time of initial employment, as well as at the time of each renewal of certification.

The personnel office will register all certificates, noting class and endorsement of certificates, and will update permanent records as necessary. The personnel office also will retain a copy of each valid certificate of a contracted certified employee in that employee's personnel file.

Reference Checks

The Board authorizes the Superintendent or the Superintendent's designee to inquire of past employers about an applicant's employment on topics including but not limited to: title, role, reason for leaving, work ethic, punctuality, demeanor, collegiality, putting the interests of students first, and suitability for the position in the District. Applicability of Personnel Policies

Except where expressly provided to the contrary, personnel policies apply uniformly to the employed staff of the District. However, where there is a conflict between terms of a collective bargaining agreement and District policy, the law provides that the terms of the collective bargaining agreement shall prevail for staff covered by that agreement.

Board policies will govern when a matter is not specifically provided for in an applicable collective bargaining agreement.

Each personnel position in the District will be directed by a position description that delineates the responsibilities of the employee. The employee will receive the position description with the employment contract. Position descriptions are available upon request. The Board of Trustees will regularly review the position descriptions.

Professional Development

If not otherwise addressed in the applicable collective bargaining agreements, the Board shall establish an advisory committee to evaluate the District's current school year professional development plan; and develop and recommend a plan for the subsequent school year. The advisory committee shall include, but not be limited to, trustees, administrators, and teachers. A majority of the committee shall be teachers. Each school year the Board shall adopt a professional development plan for the subsequent school year based on the recommendation of the advisory committee that meets the requirements of ARM 10.55.714.

Fingerprints and Criminal Background Investigations

It is the policy of the Board that any finalist recommended for hire to a paid or volunteer position with the District involving regular unsupervised access to students in schools, as determined by the Superintendent, shall submit to a name-based and fingerprint criminal background investigation [national fingerprint-based criminal history record check] conducted by the appropriate law enforcement agency prior to consideration of the recommendation for employment or appointment by the Board.

Any requirement of an applicant to submit to a fingerprint background check shall be in compliance with the Volunteers for Children Act of 1998 and applicable federal regulations. If an applicant has any prior record of arrest or conviction by any local, state, or federal law enforcement agency for an offense other than a minor traffic violation, the facts must be reviewed by the Superintendent, who shall decide whether the applicant shall be declared eligible for appointment or employment in a manner consistent with the expectations and standards set by the board. Arrests resolved without conviction shall not be considered in the hiring process unless the charges are pending.

The following applicants for employment, as a condition for employment, will be required, as a condition of any offer of employment, to authorize, in writing, a name-based and fingerprint criminal background investigation:

- A certified teacher seeking full- or part-time employment with the District;
- An educational support personnel employee seeking full- or part-time employment with the District;
- An employee of a person or firm holding a contract with the District, if the employee is assigned to the District;
- A volunteer assigned to work in the District, who has regular unsupervised access to students; and
- Substitute teachers.*

**The requirement to fingerprint non-licensed substitutes may be waived in whole or in part by the trustees, if the substitute has previous teaching or substitute teaching experience in an accredited public school in Montana prior to November 28, 2002 and who has continued to substitute yearly thereafter.*

Applicant Rights and Consent to Fingerprint – Policy 5122F

As an applicant who is the subject of a national fingerprint-based criminal history record check for a noncriminal justice purpose (such as an application for employment or a license, an immigration or naturalization matter, security clearance, or adoption), you have certain rights which are discussed below.

- You must be provided written notification¹ by _____ that your fingerprints will be used to check the criminal history records of the FBI.
- You must be provided, and acknowledge receipt of, an adequate Privacy Act Statement when you submit your fingerprints and associated personal information. This Privacy Act Statement should explain the authority for collecting your information and how your information will be used, retained, and shared.
- If you have a criminal history record, the officials making a determination of your suitability for employment, license, or other benefit must provide you the opportunity to complete or challenge the accuracy of the information in the record.
- The officials must advise you that the procedures for obtaining a change, correction, or updating of your criminal history record are set forth at Title 28, Code of Federal Regulations (CFR), Section 16.34.
- If you have a criminal history record, you should be afforded a reasonable amount of time to correct or complete the record (or decline to do so) before the officials deny you the employment, license, or other benefit based on information in the criminal history record.²

You have the right to expect that officials receiving the results of the criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of federal statute, regulation or executive order, or rule, procedure or standard established by the National Crime Prevention and Privacy Compact Council.³

If agency policy permits, the officials may provide you with a copy of your FBI criminal history record for review and possible challenge. If agency policy does not permit it to provide you a copy of the record, you may obtain a copy of the record by submitting fingerprints and a fee to the FBI. Information regarding this process may be obtained at <https://www.fbi.gov/services/cjis/identity-history-summary-checks>.

If you decide to challenge the accuracy or completeness of your FBI criminal history record, you should send your challenge to the agency that contributed the questioned information to the FBI. Alternatively, you may send your challenge directly to the FBI at the same address as provided above. The FBI will then forward your challenge to the agency that contributed the questioned information and request the agency to verify or correct the challenged entry. Upon receipt of an official communication from that agency, the FBI will make any necessary changes/corrections to your record in accordance with the information supplied by that agency.

If a change, correction, or update needs to be made to a Montana criminal history record, or if you need additional information or assistance, please contact Montana Criminal Records and Identification Services at DOJCRISS@mt.gov or 406-444-3625.

Whistle Blowing and Retaliation

When district employees know or have reasonable cause to believe that serious instances of wrongful conduct (e.g., mismanagement of district resources, violations of law and/or abuse of authority) have occurred, they should report such wrongful conduct to the Superintendent or Board Chairperson.

For purposes of this policy, the term “wrongful conduct” shall be defined to include:

- theft of district money, property, or resources;
- misuse of authority for personal gain or other non-district purpose;
- fraud;
- violations of applicable federal and state laws and regulations; and/or
- serious violations of district policy, regulation, and/or procedure.

The Board of Trustees will not tolerate any form of reprisal, retaliation or discrimination against:

- Any employee, or applicant for employment, because he/she opposed any practice that he/she reasonably believed to be made unlawful by federal or state laws prohibiting employment discrimination on the basis of sex, sexual orientation, race, color, national origin, age, religion, height, weight, marital status, handicap or disability.
- Any employee, or applicant for employment, because he/she filed a charge, testified, assisted or participated, in any manner, in an investigation, proceeding or hearing under federal or state laws prohibiting employment discrimination on the basis of sex, sexual orientation, race, color, national origin, age, religion, height, weight, marital status, handicap or disability or because he/she reported a suspected violation of such laws according to this policy; or,
- Any employee or applicant because he/she reported, or was about to report, a suspected violation of any federal, state or local law or regulation to a public body (unless the employee knew that the report was false) or because he/she was requested by a public body to participate in an investigation, hearing or inquiry held by that public body or a court.

An employee or applicant for employment who believes that he/she has suffered reprisal, retaliation or discrimination in violation of this policy shall report the incident(s) to the Superintendent or his/her designee. The Board of Trustees guarantees that no employee or applicant for employment who makes such a report will suffer any form of reprisal, retaliation or

discrimination for making the report. Individuals are forbidden from preventing or interfering with whistle blowers who make good faith disclosures of misconduct.

The Board or its agents will not discharge, discipline or otherwise penalize any employee because the employee or someone acting on the employee's behalf, reports, verbally or in writing, a violation or suspected violation of any state or federal law or regulation or any town/city ordinance or regulation to a public body, or because an employee is requested by a public body to participate in an investigation, hearing or inquiry held by that public body, or a court action. Further, the Board or its agents will not discharge, discipline or otherwise penalize any employee because the employee, or a person acting on his/her behalf, reports, verbally or in writing, to a public body, as defined in the statutes, concerning unethical practices, mismanagement or abuse of authority by the employer. This section does not apply when an employee knowingly makes a false report.

The District will exercise reasonable efforts to:

- investigate any complaints of retaliation or interference made by whistle blowers;
- take immediate steps to stop any alleged retaliation; and
- discipline any person associated with the District found to have retaliated against or interfered with a whistle blower.

The Board of Trustees considers violations of this policy to be a major offense that will result in disciplinary action, up to and including termination, against the offender, regardless of the offender's position within the District.

The Board shall make this policy available to its staff by posting it on its website with its other District policies.

Staff Health

Medical Examinations

Through its overall safety program and various policies pertaining to school personnel, the Board will promote the safety of employees during working hours and assist them in the maintenance of good health. The Board will encourage all its employees to maintain optimum health through the practice of good health habits.

The Board may require physical examinations of its employees, under circumstances defined below. The District will maintain results of physical examinations in medical files separate from the employee's personnel file and will release them only as permitted by law.

Physical Examinations

The District participates in a Pre-Placement Physical Program for all custodial and maintenance personnel and other positions deemed inclusive of this policy as determined by specific Board action. Subsequent to a conditional offer of employment in a position for which the District may require participation in a pre-placement physical but before commencement of work, the District may require an applicant to have a medical examination and to meet any other health requirements which may be imposed by the state. The District may condition an offer of employment on the results of such examination, if all employees who received a conditional offer of employment in the applicable job category are subject to such examination. The report shall certify the employee's ability to perform the job-related functions of the position for which the employee is being considered. Such examination shall be used only to determine whether the applicant is able to perform with reasonable accommodation job-related functions.

All bus drivers, whether full-time, regular part-time, or temporary part-time, are required by state law to have a satisfactory medical examination before employment.

Communicable Diseases

If a staff member has a communicable disease and has knowledge that a person with compromised or suppressed immunity attends the school, the staff member must notify the school nurse or other responsible person designated by the Board of the communicable disease which could be life threatening to an immune-compromised person. The school nurse or other responsible person designated by the Board must determine, after consultation with and on the advice of public health officials, if the immune-compromised person needs appropriate accommodation to protect their health and safety.

An employee with a communicable disease shall not report to work during the period of time in which the employee is infectious. An employee afflicted with a communicable disease capable of being readily transmitted in the school setting (e.g., airborne transmission of tuberculosis) shall be encouraged to report the existence of the illness so that precautions may be taken to protect the health of others. The District reserves the right to require a statement from an employee's primary care provider, before the employee may return to work.

Confidentiality

In all instances, District personnel will respect an individual's right to privacy and treat any medical diagnosis as confidential information. Any information obtained regarding the medical condition or history of any employee will be collected and maintained on separate forms and in separate medical files and will be treated as confidential information. Only those individuals with a legitimate need to know (i.e., those persons with a direct responsibility for the care of or for determining workplace accommodation for the staff person) will be provided necessary medical information.

Supervisors and managers may be informed of necessary restrictions on the work or duties of an employee and necessary accommodations. First aid and safety personnel may be informed, when appropriate, if a staff member with a disability might require emergency treatment.

Classified Employment and Assignment

Employees designated as “classified” employees include all non-teaching positions or duties in the District.

Each newly hired classified employee will either be hired: (1) as a probationary employee, or (2) immediately be placed on a written contract for a specific term with a beginning and ending date, within the meaning of Section 39-2-912(2), MCA. Employees initially hired on a written contract for a specific term will have no expectation of continued employment beyond the current contract term, and in the absence of Board action to offer a subsequent contract, the employment will automatically conclude at the conclusion of the contract term.

For those employees hired as probationary employees, such employees will be required to complete a probationary period of six (6) months. The Board authorizes the Superintendent to extend the probationary period in a manner permitted by law. Any extension of the probationary period by the Superintendent, together with the original probationary period, may not exceed a total of 18 months. Leaves of absence by an employee for a period of more than 5 consecutive working days other than holidays or vacations during the probationary period will not be counted as part of the probationary period.

During the probationary period of employment, the employment may be terminated at the will of either the School District or the employee on notice to the other for any reason or no reason. Prior to the conclusion of the original or extended probationary period, the Superintendent will determine whether to retain the employee or make a recommendation to the Board for termination of probationary employment. If the employee is retained, the employee will be designated as one of the following types of employees depending on the factors noted.

Designation 1: If, before the probationary period concludes, the employee is placed on a written employment contract, the employment contract shall be a written contract of employment for a specific term with a beginning and ending date, within the meaning of Section 39-2-912(2), MCA. The employee will have no expectation of continued employment beyond the current contract term, and in the absence of Board action to offer a subsequent contract, the employment will automatically conclude at the conclusion of the contract term.

If the employee is issued subsequent contracts for a specific term following the initial contract, a probationary period will not apply. The employee will be subject to terms of the contract including the beginning and ending date, within the meaning of Section 39-2-912(2), MCA. The employee will have no expectation of continued employment beyond the current contract term, and in the absence of Board action to offer a subsequent contract, the employment will automatically conclude at the conclusion of the contract term.

Designation 2: If, after the probationary period concludes, the employee is not placed on a written employment contract for a specific term, the employee's service to the District will be subject to the provisions in Title 39, Chapter 2, Part 9, MCA.

Designation 3: If, after the probationary period concludes, the employee is subject to the provisions of a collective bargaining agreement, the employee's service to the District will be subject to the terms of the collective bargaining agreement within the meaning of Section 39-2-912, MCA.

Subject to any applicable collective bargaining agreement, the District reserves the right to: (1) change employment conditions affecting an employee's duties, assignment, supervisor, or grade and/or (2) determine the salary and benefits for classified employees.

Assignments, Reassignments, Transfers

The Superintendent may assign, reassign, and/or transfer positions and duties of all staff. Teachers will be assigned at the levels and in the subjects for which they are licensed and endorsed, or for which they are enrolled in an internship as defined in ARM 10.55.602 and meet the requirements of ARM 10.55.607. The Superintendent will provide for a system of assignment, reassignment, and transfer of classified staff, including voluntary transfers and promotions. Nothing in this policy prevents reassignment of a staff member during a school year.

Classified Staff

The District retains the right of assignment, reassignment, and transfer. Written notice of reassignment or involuntary transfer will be given to the employee. The staff member will be given opportunity to discuss the proposed transfer or reassignment with the Superintendent.

Personal Conduct

School District employees will abide by all district policies, state and federal laws in the course of their employment. Where applicable, employees will abide by and honor the professional educator code of conduct.

All employees are expected to maintain high standards of honesty, integrity, professionalism, decorum, and impartiality in the conduct of District business. All employees shall maintain appropriate employee-student relationship boundaries in all respects, including but not limited to personal, speech, print, and digital communications. Failure to honor the appropriate employee student relationship boundary will result in a report to the Department of Public Health and Human Services and the appropriate law enforcement agency.

In accordance with state law, an employee shall not dispense or utilize any information gained from employment with the District, accept gifts or benefits, or participate in business enterprises or employment that creates a conflict of interest with the faithful and impartial discharge of the employee's District duties. A District employee, before acting in a manner which might impinge on any fiduciary duty, may disclose the nature of the private interest which would create a conflict. Care should be taken to avoid using or avoid the appearance of using official positions and confidential information for personal advantage or gain. Curriculum or materials created within the course of the employee's duties for the District using District resources are considered to be the property of the District.

Further, employees are expected to hold confidential all information deemed not to be for public consumption as determined by state law and Board policy. Employees also will respect the confidentiality of people served in the course of an employee's duties and use information gained in a responsible manner. The Board may discipline, up to and including discharge, any employee who discloses confidential and/or private information learned during the course of the employee's duties or learned as a result of the employee's participation in a closed (executive) session of the Board. Discretion should be used even within the school system's own network of communication and confidential information should only be communicated on a need to know basis. Employees shall not record or cause to be recorded a conversation by use of a hidden electronic or mechanical device which may include any combination of audio or video that reproduces a human conversation without the knowledge of all parties to the conversation.

Administrators and supervisors may set forth specific rules and regulations governing staff conduct on the job within a particular building.

District administrators are authorized to appropriate action, as circumstances warrant, to enforce this section of the policy including but not limited to requesting the assistance of law enforcement in accordance with Montana law.

For the purposes of this policy, “school property” means within school buildings, in vehicles used for school purposes, or on owned or leased school land or grounds. “Building” specifically means a combination of any materials, whether mobile, portable, or fixed, to form a structure and the related facilities for the use or occupancy by persons or property owned or leased by a local school district that are used for instruction or for student activities as specified in Section 50-60-101(2), MCA and Section 45-8-361, MCA. The term is construed as though followed by the words "or part or parts of a building" and is considered to include all stadiums, bleachers, and other similar outdoor facilities, whether temporary or permanently fixed.

Drug and Alcohol Testing for School Bus and Commercial Vehicle Drivers

School bus and commercial vehicle drivers shall be subject to a drug and alcohol testing program that fulfills the requirements of the Code of Federal Regulations, Title 49, Part 382.

Other persons who drive vehicles designed to transport sixteen (16) or more passengers, including the driver, are likewise subject to the drug and alcohol testing program.

Testing procedures and facilities used for the tests shall conform with the requirements of the Code of Federal Regulations, Title 49, §§ 40, et seq.

Pre-Employment Tests

Tests shall be conducted before the first time a driver performs any safety-sensitive function for the District. Safety-sensitive functions include all on-duty functions performed from the time a driver begins work or is required to be ready to work, until he/she is relieved from work and all responsibility for performing work. It includes driving; waiting to be dispatched; inspecting and servicing equipment; supervising, performing, or assisting in loading and unloading; repairing or obtaining and waiting for help with a disabled vehicle; performing driver requirements related to accidents; and performing any other work for the District or paid work for any entity.

The tests shall be required of an applicant only after he/she has been offered the position.

Exceptions may be made for drivers who have had the alcohol test required by law within the previous six (6) months and participated in the drug testing program required by law within the previous thirty (30) days, provided that the District has been able to make all verifications required by law.

Post-Accident Tests

Alcohol and controlled substance tests shall be conducted as soon after an accident as practicable on any driver:

- Who was performing safety-sensitive functions with respect to the vehicle, if the accident involved loss of human life; or
- Who receives a citation within 8 hours of the occurrence under state or local law, for a moving traffic violation arising from the accident if the accident involved:
 - (i) Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or
 - (ii) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.

Disabling damage under the law means damage which precludes departure of a motor vehicle from the scene of the accident in its usual manner in daylight after simple repairs.

Accidents will be reported to the Superintendent or designee immediately. Drivers shall make themselves readily available for testing, absent the need for immediate medical attention. No such driver shall use alcohol for eight (8) hours after the accident, or until after he/she undergoes a post-accident alcohol test, whichever occurs first. If an alcohol test is not administered within two (2) hours or if a drug test is not administered within thirty-two (32) hours, the District shall prepare and maintain records explaining why the test was not conducted. Tests will not be given if not administered within eight (8) hours after the accident for alcohol or within thirty-two (32) hours for drugs. Tests conducted by authorized federal, state, or local officials will fulfill post-accident testing requirements, provided they conform to applicable legal requirements and are obtained by the District. Breath tests will validate only the alcohol test and cannot be used to fulfill controlled substance testing obligations.

Random Tests

Tests shall be conducted on a random basis at unannounced times throughout the year. Tests for alcohol shall be conducted just before, during, or just after the performance of safety-sensitive functions. The number of random alcohol tests annually must equal twenty-five percent (25%) of the average number of driver positions. The number of random drug tests annually must equal fifty percent (50%) of the average number of driver positions. Drivers shall be selected by a scientific random process, and each driver shall have an equal chance of being tested each time.

Reasonable Suspicion Tests

Tests shall be conducted when a supervisor or District official trained in accordance with law has reasonable suspicion that the driver has violated the District's alcohol or drug prohibitions. This reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The observations may include indications of the chronic and withdrawal effects of controlled substances.

Alcohol tests are authorized for reasonable suspicion only if the required observations are made during, just before, or just after the period of the work day when the driver must comply with alcohol prohibitions. An alcohol test may not be conducted by the person who determines that reasonable suspicion exists to conduct such a test. If an alcohol test is not administered within two (2) hours of a determination of reasonable suspicion, the District shall prepare and maintain a record explaining why this was not done. Attempts to conduct alcohol tests shall terminate after eight (8) hours.

A District official who makes observations leading to a controlled substance reasonable suspicion test shall make a written record of observations within twenty-four (24) hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

Enforcement

Any driver who refuses to submit to a post-accident, random, reasonable suspicion, or follow-up test shall not perform or continue to perform safety-sensitive functions.

Drivers who test positive for alcohol or drugs shall be subject to disciplinary action up to and including termination of employment.

A driver who violates District prohibitions related to drugs and alcohol shall receive from the District the names, addresses, and telephone numbers of substance abuse professionals and counseling and treatment programs available to evaluate and resolve drug and alcohol-related problems. The employee shall be evaluated by a substance abuse professional who shall determine what help, if any, the driver needs in resolving such a problem. Any substance abuse professional who determines that a driver needs assistance shall not refer the driver to a private practice, person, or organization in which he/she has a financial interest, except under circumstances allowed by law.

An employee identified as needing help in resolving a drug or alcohol problem shall be evaluated by a substance abuse professional to determine that he/she has properly followed the prescribed rehabilitation program and shall be subject to unannounced follow-up tests after returning to duty.

Return-to-Duty Tests

A drug or alcohol test shall be conducted when a driver who has violated the District's drug or alcohol prohibition returns to performing safety-sensitive duties.

Employees whose conduct involved drugs cannot return to duty in a safety-sensitive function until the return-to-duty drug test produces a verified negative result.

Employees whose conduct involved alcohol cannot return to duty in a safety-sensitive function until the return-to-duty alcohol test produces a verified result that meets federal and District standards.

Follow-Up Tests

A driver who violates the District's drug or alcohol prohibition and is subsequently identified by a substance abuse professional as needing assistance in resolving a drug or alcohol problem shall be subject to unannounced follow-up testing as directed by the substance abuse professional in accordance with law. Follow-up alcohol testing shall be conducted just before, during, or just after the time when the driver is performing safety-sensitive functions.

Records

Employee drug and alcohol test results and records shall be maintained under strict

confidentiality and released only in accordance with law. Upon written request, a driver shall receive copies of any records pertaining to his/her use of drugs or alcohol, including any records pertaining to his/her drug or alcohol tests. Records shall be made available to a subsequent employer or other identified persons only as expressly requested in writing by the driver.

Notifications

Each driver shall receive educational materials that explain the requirements of the Code of Federal Regulations, Title 49, Part 382, together with a copy of the District's policy and regulations for meeting these requirements. Representatives of employee organizations shall be notified of the availability of this information. The information shall identify:

11. Information concerning the effects of drugs and alcohol on an individual's health, work, and personal life; signs and symptoms of a drug or alcohol problem (the driver's or a

coworker's); and available methods of intervening when a drug or alcohol problem is suspected, including confrontation, referral to an employee assistance program, and/or referral to management; and

Drivers shall also receive information about legal requirements, District policies, and disciplinary consequences related to the use of alcohol and drugs.

Each driver shall sign a statement certifying that he/she has received a copy of the above materials.

Before any driver operates a commercial motor vehicle, the District shall provide him/her with post-accident procedures that will make it possible to comply with post-accident testing requirements.

Before drug and alcohol tests are performed, the District shall inform drivers that the tests are given pursuant to the Code of Federal Regulations, Title 49, Part 382. This notice shall be provided only after the compliance date specified in law.

Abused and Neglected Child Reporting

A District employee who has reasonable cause to suspect, as a result of information they receive in their professional or official capacity, that a child is abused, neglected or subject to sex trafficking by anyone regardless of whether the person suspected of causing the abuse or neglect is a parent or other person responsible for the child's welfare, shall report the matter promptly to the Department of Public Health and Human Services and local law enforcement. Child abuse or neglect means actual physical or psychological harm to a child, exposure to and abandonment. This definition includes sexual abuse and sexual contact by or with a student. The obligation to report suspected child abuse or neglect also applies to actual or attempted sexual or romantic contact between a student and a staff member.

The District administration is authorized to provide access to educational resources for interested parents, teachers, and students on how to prevent and report child abuse, neglect and sex trafficking; identify the warning signs of a child abuse, neglect and sex trafficking; recognize predatory behaviors; and coordinate efforts with law enforcement, the Department of Public Health and Human Services, and local organizations on these topics.

A District employee who makes a report of child abuse or neglect is encouraged to notify the building administrator of the report. An employee does not discharge the obligation to personally report by notifying the Superintendent or principal.

Any District employee who fails to report a suspected case of abuse or neglect and sex trafficking to the Department of Public Health and Human Services, or who prevents another person from doing so, may be civilly liable for damages proximately caused by such failure or prevention and is guilty of a misdemeanor. The employee will also be subject to disciplinary action up to and including termination.

When a District employee makes a report, the DPHHS may share information with that individual or others as permitted by law. Individuals in the District who receive information related to a report of child abuse or neglect shall maintain the confidentiality of the information.

Payment of Employer Contributions and Interest on Previous Service

A Public Employees' Retirement System (PERS) member may purchase: (1) all or a portion of the member's employment with an employer prior to the time the employer entered into a contract for PERS coverage; and (2) all or a portion of the member's employment for which optional PERS membership was declined (both of which are known as previous service).

The member must file a written application with the PERS Board to purchase all or a portion of the employment for service credit and membership service. The application must include salary information certified by the member's employer or former employer.

The District has the option to pay, or not to pay, the employer's contributions due on previous service and the option to pay, or not to pay, the outstanding interest due on the employer's contributions for the previous service.

It is the policy of this District to not pay the employer's contributions due on previous service.

It is also the policy of this District to not pay the outstanding interest due on the employer's contributions for the previous service.

This policy will be applied indiscriminately to all employees and former employees of this District.

[OPTIONAL: Use if the District is not paying the employer's contributions due on previous service.] If the District opts to not pay the employer's contributions due on previous service and/or the outstanding interest due on the employer's contributions for previous service, then the employee shall pay the amount not paid by the employer in order to receive service credit and membership service for the period of employment.

Payment of Employer Contributions and Interest on Previous Service

A Public Employees' Retirement System (PERS) member may purchase (1) all or a portion of the member's employment with an employer prior to the time the employer entered into a contract for PERS coverage and (2) all or a portion of the member's employment for which optional PERS membership was declined (both of which are known as previous service). The policy must be applied indiscriminately to all employees and former employees. Thus, it is our policy to:

not pay the employer's contributions due on previous service.

and to:

not pay the outstanding interest due on the employer's contributions for the previous service.

II. Section 19-3-504, MCA

The policy regarding payment of interest must be applied to all employees similarly situated. Thus, it is our policy to:

District employees who fail to fulfill their job responsibilities or to follow reasonable directions of their supervisors, or who conduct themselves on or off the job in ways that affect school operations, may be subject to discipline. Reduction in Force

The Board has exclusive authority to determine the appropriate number of employees. A reduction in employees may occur as a result of but not be limited to changes in the education program, staff realignment, changes in the size or nature of the student population, financial considerations, or other reasons deemed relevant by the Board.

The reduction in employees, will generally be accomplished through normal attrition when possible. The Board may terminate employees, if normal attrition does not meet the required reduction in force.

Substitutes

The Board will regularly approve a list of acceptable substitutes for classified and certified staff that meet the guidelines as prescribed in this policy. Appearance on the substitute list authorizes the administration to call upon a substitute to temporarily work for the District, but does not guarantee employment.

All substitute employees will be required to undergo fingerprint and background checks. All substitute employees are subject to District Policies during their term of service to the District. All substitute employees shall abide by student and staff confidentiality standards during their term of service to the District.

Leaves of Absence

Sick and Bereavement Leave

Certified employees will be granted sick leave according to terms of their collective bargaining agreement.

Classified employees will be granted sick leave benefits in accordance with § 2-18-618, MCA. For classified staff, “sick leave” is defined as a leave of absence, with pay, for a sickness suffered by an employee or an employee’s immediate family. Sick leave may be used by an employee when they are unable to perform job duties because of:

- A physical or mental illness, injury, or disability;
- Maternity or pregnancy-related disability or treatment, including prenatal care, birth, or medical care for the employee or the employee’s child;
- Parental leave for a permanent employee as provided in § 2-18-606, MCA;
- Quarantine resulting from exposure to a contagious disease;
- Examination or treatment by a licensed health care provider;
- Short-term attendance, in an agency’s discretion, to care for a person (who is not the employee or a member of the employee’s immediate family) until other care can reasonably be obtained;
- Necessary care for a spouse, child or parent with a serious health condition, as defined in the Family and Medical Leave Act of 1993; or
- Death or funeral attendance of an immediate family member or, at an agency’s discretion, another person.

Nothing in this policy guarantees approval of the granting of such leave in any instance. The District will judge each request in accordance with this policy and governing collective bargaining agreements.

It is understood that seniority will accumulate while a teacher or employee is utilizing sick leave

credits. Seniority will not accumulate, unless an employee is in a paid status. Abuse of sick leave is cause for disciplinary action up to and including termination of employment. The administration is authorized to request documentation or evidence supporting a leave request.

Immediate family is defined as an employee's spouse and any member of the employee's household, or any parent, child, grandparent, grandchild, or corresponding in-law.

Personal and Emergency Leave

Teachers will be granted personal and emergency leave according to terms of the current collective bargaining agreement. Upon recommendation of the Superintendent, and in accordance with law and District policy, classified staff may be granted personal leave pursuant to the following conditions:

1. Leave will be without pay unless otherwise stated. If leave is to include expenses payable by the District, leave approval will so state.
2. Leave will be granted only in units of half (½) or full days.
3. Notice of at least one (1) week is required for any personal leave of less than one (1) week; notice of one (1) month is required for any personal leave exceeding one (1) week.
4. With approval of the Board, the Superintendent has the flexibility, in unusual or exceptional circumstances, to grant personal leave to employees not covered by sick or annual leave. The employee will not receive fringe benefits during any personal leave of greater than fifteen (15) days. During the leave, the employee may pay the District's share of any insurance benefit program in order to maintain those benefits, provided that is acceptable to the insurance carrier. Staff using personal leave will not earn any sick leave or annual leave credits or any other benefits during the approved leave of absence.

Civic Duty Leave

Leaves for service on either a jury or in the Legislature will be granted in accordance with state and federal law.

An employee who is summoned to jury duty or subpoenaed to serve as a witness may elect to receive regular salary or to take annual leave during jury time. An employee who elects not to take annual leave, however, must remit to the District all juror and witness fees and allowances (except for expenses and mileage). The District may request the court to excuse an employee from jury duty, when an employee is needed for proper operation of the school.

Conditions for Use of Leave

Certified staff may use sick leave for those instances listed in the current collective bargaining agreement. Classified staff may use sick leave for illness; injury; medical disability; maternity-related disability, including prenatal care, birth, miscarriage, or abortion; parental leave for a permanent employee as provided in § 2-18-606, MCA; quarantine resulting from exposure to contagious disease; medical, dental, or eye examination or treatment; necessary care of or attendance to an immediate family member or, at the District's discretion, another relative for the above reasons until other attendants can reasonably be obtained; and death or funeral attendance for an immediate family member. Leave without pay may be granted to employees upon the death of persons not included in this list.

Accrual and Use of Sick Leave Credits

Certified employees will accrue and may use their sick leave credits according to the current collective bargaining agreement.

Classified employees serving in positions that are permanent full-time, seasonal full-time, or permanent part-time are eligible to earn sick leave credits, which will accrue from the first (1st) day of employment. A classified employee must be employed continuously for a qualifying period of ninety (90) calendar days in order to use sick leave. Unless there is a break in service, an employee only serves the qualifying period once. After a break in service, an employee must again complete the qualifying period to use sick leave. Sick leave may not be taken in advance nor may leave be taken retroactively. A seasonal classified employee may carry over accrued sick leave credits to the next season if management has a continuing need for the employee or, alternatively, may be paid a lump sum for accrued sick leave credits when the season ends.

Employees, whether classified or certified, simultaneously employed in two (2) or more positions, will accrue sick leave credits in each position according to the number of hours worked or a proration of the contract (in the case of certified) worked. Leave credits will be used only from the position in which the credits were earned and with approval of the supervisor or appropriate authority for that position. Hours in a pay status paid at the regular rate will be used to calculate leave accrual. Sick leave credits will not accrue for those hours exceeding forty (40) hours in a workweek, which are paid as overtime hours or recorded as compensatory time. A full-time employee will not earn less than nor more than the full-time sick leave accrual rate provided classified employees.

When an employee who has not worked the qualifying period for use of sick leave takes an approved continuous leave of absence without pay in excess of fifteen (15) working days, the amount of time an employee is on leave of absence will not count toward completion of the qualifying period. The approved leave of absence exceeding fifteen (15) working days is not a

break in service, and the employee will not lose any accrued sick leave credits nor lose credit for time earned toward the qualifying period. An approved continuous leave of absence without pay of fifteen (15) working days or less will be counted as time earned toward the ninety-(90)-day qualifying period.

Calculation of Sick Leave Credits

Certified employees will earn sick leave credits at the rate stated in the current collective bargaining agreement.

Full-time classified employees will earn sick leave credits at the rate of twelve (12) working days for each year of service. Sick leave credits will be prorated for part-time employees who have worked the qualifying period. The payroll office will refine this data by keeping records per hour worked.

Sick Leave Banks

Donation of sick leave credits to and use of sick leave credits in the sick leave bank are governed by terms of the current collective bargaining agreement.

Lump-Sum Payment on Termination of Classified Employees

When a classified employee terminates employment with the District, the employee is entitled to cash compensation for one-fourth (¼) of the employee's accrued and unused sick leave credits, provided the employee has worked the qualifying period. The value of unused sick leave is computed based on the employee's salary rate at the time of termination.

Industrial Accident

An employee who is injured in an industrial accident may be eligible for workers' compensation benefits. Use of sick leave must be coordinated with receipt of workers' compensation benefits on a case-by-case basis, by contacting the Montana Schools Group Workers' Compensation Risk Retention Program (WCRRP).

Sick Leave Substituted for Annual Leave

A classified employee who qualifies for use of sick leave while taking approved annual vacation leave, may be allowed to substitute accrued sick leave credits for annual leave credits. Medical certification of the illness or disability may be required.

Pursuant to the Uniformed Services Employment and Reemployment Rights Act (USERRA) and the Montana Military Service Employment Rights, the Superintendent shall grant military leave to employees for voluntary or involuntary service in the uniformed services of the United States, upon receipt of the required notice. Benefits shall be maintained for these employees as required by law and/or collective bargaining agreements. A service member who returns to the District for work following a period of active duty must be reinstated to the same or similar position and at the same rate of pay unless otherwise provided by law.

Time spent in active military service shall be counted in the same manner as regular employment for purposes of seniority or District service unless otherwise provided in a collective bargaining agreement.

The District will not discriminate in hiring, reemployment, promotion, or benefits based upon membership or service in the uniformed services.

All requests for military leave will be submitted to the Superintendent, in writing, accompanied by copies of the proper documentation showing the necessity for the military leave request.

When possible, all requests for military leave will be submitted at least one (1) full month in advance of the date military service is to begin.

Persons returning from military leave are asked to give the Superintendent notice of intent to return, in writing, as least one (1) full month in advance of the return date.

Breastfeeding in the School and Workplace

Recognizing that breastfeeding is a normal part of daily life for mothers and infants and that Montana law authorizes mothers to breastfeed their infants where mothers and children are authorized to be, the District shall support women who want to continue breastfeeding after returning from maternity leave.

The District shall provide reasonable unpaid break time each day to an employee who needs to express milk for a child. The District is not required to provide break time if to do so would unduly disrupt the District's operations. Supervisors are encouraged to consider flexible schedules when accommodating employees' needs. Building administrators are authorized to work with teachers to provide students necessary time to express milk for a child.

The District shall make reasonable efforts to provide a room or other location, other than a toilet stall, where an employee or student can express breast milk and access to a place to store expressed breast milk safely. The available space shall include the provision for lighting and electricity for the pump apparatus. If possible, supervisors and building administrators shall ensure that those employees or students in need of such accommodations shall be aware of them prior to maternity leave.

Family Medical Leave

In accordance with provisions of the Family Medical Leave Act of 1993 (FMLA), a leave of absence of up to twelve (12) weeks during a twelve-(12)-month period may be granted to an eligible employee for the following reasons: 1) birth of a child; 2) placement of a child for adoption or foster care; 3) a serious health condition which makes the employee unable to perform functions of the job; 4) to care for the employee's spouse, child, or parent with a serious health condition; 5) because of a qualifying exigency (as the Secretary shall, by regulation, determine) arising out of the fact that the spouse or a son, daughter, or parent of the employee is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation.

Service member Family Leave

Subject to Section 103 of the FMLA of 1993, as amended, an eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember shall be entitled to a total of twenty-six (26) workweeks of leave during a twelve-(12)-month period to care for the servicemember. The leave described in this paragraph shall only be available during a single twelve-(12)-month period.

Eligibility

An employee is eligible to take FMLA leave, if the employee has been employed for at least twelve (12) months and has worked at least one thousand two hundred fifty (1,250) hours during the twelve (12) months immediately prior to the date leave is requested, and there have been at least fifty (50) District employees within seventy-five (75) miles for each working day during twenty (20) or more workweeks in the current or preceding calendar year.

The Board has determined that the twelve-(12)-month period during which an employee may take FMLA leave is: July 1 to June 30 or other specific dates.

Coordination of Paid Leave

Employees will be required to use appropriate paid leave while on FMLA leave. Workers' compensation absences will be designated FMLA leave.

Medical Certification

The Superintendent has discretion to require medical certification to determine initial or continued eligibility under FMLA as well as fitness for duty.

NOTE: This provision applies to school districts with fifty (50) or more employees. Those districts with less than fifty (50) employees must comply with notice and record retention but are not obligated to provide the leave as a benefit of any employee's employment. The FMLA poster may be obtained by going to the Montana Department of Labor website, highlight "Resources & Services" tab and click on "Required Postings".

Who Is Eligible

Employees are eligible if they have worked for the District for at least one (1) year, and for one thousand two hundred fifty (1,250) hours over the previous twelve (12) months, and if there have been at least fifty (50) District employees within seventy-five (75) miles for each working day during twenty (20) or more workweeks in the current or preceding calendar year.

Benefit

Under certain conditions, eligible employees, if qualified, may be entitled to up to twelve (12) weeks or twenty-six (26) weeks leave with continuing participation in the District's group insurance plan.

Reasons for Taking Leave

Unpaid leave will be granted to eligible employees for any of the following reasons:

- a. To care for the employee's child after birth, or placement for adoption or foster care;
- b. To care for the employee's spouse, child, or parent (does not include parents-in-law) who has a serious health condition;
- c. For a serious health condition that makes the employee unable to perform the employee's job;

Military Family Leave

a. Military Caregiver Leave

An eligible employee who is a relative of a servicemember can take up to 26 weeks in a 12 month period in order to care for a covered servicemember who is seriously ill or injured in the line of duty.

b. Qualified Exigency leave

An eligible employee can take up to the normal 12 weeks of leave if a family member is on covered active duty. Covered active duty includes duty of a member of a regular component of the Armed Forces during deployment to a foreign country, and duty of a member of a reserve component of the Armed Forces during deployment to a foreign country under a call or order to active duty in support of specified contingency operations.

Qualifying Exigencies include:

- b. Accumulated vacation/personal leave will be utilized concurrently with any FMLA leave that is taken for a family reason as described in (a) above.
- c. Accumulated sick leave will be utilized concurrently with FMLA leave, whenever the FMLA leave is taken for reasons which qualify for sick leave benefits pursuant to District policy or an applicable collective bargaining agreement.
- d. Whenever appropriate workers' compensation absences shall be designated FMLA leave.
- e. Servicemember FMLA runs concurrent with other leave entitlements provided under federal, state, and local law.

When Both Spouses Are District Employees

When spouses work for the same employer and each spouse is eligible to take FMLA leave, the FMLA limits the combined amount of leave they may take for some, but not all, FMLA-qualifying leave reasons.

For purposes of FMLA leave, spouse means a husband or wife as defined or recognized in the state where the individual was married and includes individuals in a common law or same-sex marriage. Spouse also includes a husband or wife in a marriage that was validly entered into outside of the United States, if the marriage could have been entered into in at least one state.

Eligible spouses who work for the same employer are limited to a combined total of 12 workweeks of leave in a 12-month period for the following FMLA-qualifying reasons:

- the birth of a son or daughter and bonding with the newborn child,
- the placement of a son or daughter with the employee for adoption or foster care and bonding with the newly-placed child, and
- the care of a parent with a serious health condition.

Eligible spouses who work for the same employer are also limited to a combined total of 26 workweeks of leave in a single 12-month period to care for a covered servicemember with a serious injury or illness (commonly referred to as “military caregiver leave”) if each spouse is a parent, spouse, son or daughter, or next of kin of the servicemember. When spouses take military caregiver leave as well as other FMLA leave in the same leave year, each spouse is subject to the combined limitations for the reasons for leave listed above.

The limitation on the amount of leave for spouses working for the same employer does not apply to FMLA leave taken for some qualifying reasons. Eligible spouses who work for the same employer are each entitled to up to 12 workweeks of FMLA leave in a 12-month period, without regard to the amount of leave their spouses use, for the following FMLA-qualifying leave reasons:

- the care of a spouse or son or daughter with a serious health condition;
- a serious health condition that makes the employee unable to perform the essential functions of his or her job; and
- any qualifying exigency arising out of the fact that the employee’s spouse, son, daughter, or parent is a military member on “covered active duty.”

Employee Notice Requirement

The employee must follow the employer’s standard notice and procedural policies for taking FMLA.

Employer Notice Requirement (29 C.F.R. §825.300)

Employers are required to provide employees with notice explaining the FMLA through a poster and either a handbook or information upon hire. If an employee requests FMLA leave, an employer must provide notice to the employee within five (5) business days of whether the employee meets the FMLA eligibility requirements. If an employee is not eligible to take

FMLA, the employer must provide a reason. The employer must also provide a rights and responsibilities notice outlining expectations and obligations relating to FMLA leave. If FMLA leave is approved by the employer, it must provide the employee with a designation notice stating the amount of leave that will be counted against an employee’s FMLA entitlement.

Notice for Leave Due to Active Duty of Family Member

In any case in which the necessity for leave is foreseeable, whether because the spouse or a son, daughter, or parent of the employee is on active duty or because of notification of an impending call or order to active duty in support of a contingency operation, the employee shall provide such notice to the employer as soon as is reasonable and practicable.

Requests

A sick leave request form is to be completed whenever an employee is absent from work for more than three (3) days or when an employee has need to be absent from work for continuing treatment by (or under the supervision of) a health care provider.

An employer may require that a request for leave be supported by a certification issued at such time and in such manner as the Secretary may by regulation prescribe. If the Secretary issues a regulation requiring such certification, the employee shall provide, in a timely manner, a copy of such certification to the employer.

Medical Certification

The District will require medical certification to support a request for leave or any other absence because of a serious health condition (at employee expense) and may require second (2nd) or third (3rd) opinions (at the employer's expense) and a fitness-for-duty report or return-to-work statement.

Intermittent/Reduced Leave

FMLA leave may be taken "intermittently or on a reduced leave schedule" under certain circumstances. Where leave is taken because of birth or placement of a child for adoption or foster care, an employee may take leave intermittently or on a reduced leave schedule only with District approval. Where FMLA leave is taken to care for a sick family member or for an employee's own serious health condition, leave may be taken intermittently or on a reduced leave schedule when medically necessary. An employee may be reassigned to accommodate intermittent or reduced leave. When an employee takes intermittent leave or leave on a reduced leave schedule, increments will be limited to the shortest period of time that the District's payroll system uses to account for absences or use of leave.

Insurance

An employee out on FMLA leave is entitled to continued participation in the appropriate group health plan, but it is incumbent upon the employee to continue paying the usual premiums throughout the leave period. An employee's eligibility to maintain health insurance coverage will lapse if the premium payment is more than thirty (30) days late. The District will mail notice of delinquency at least fifteen (15) days before coverage will cease.

Return

Upon return from FMLA leave, reasonable effort shall be made to place the employee in the

original or equivalent position with equivalent pay, benefits, and other employment terms.

Recordkeeping

Employees, supervisors, and building administrators will forward requests, forms, and other material to payroll to facilitate proper recordkeeping.

Summer Vacation

The period during the summer vacation or other scheduled breaks (i.e., Christmas) an employee would not have been required to work will not count against that employee's FMLA leave entitlement.

SPECIAL RULES FOR INSTRUCTIONAL EMPLOYEES

Leave More Than Five (5) Weeks Before End of Term

If an instructional employee begins FMLA leave more than five (5) weeks before the end of term, the District may require the employee to continue taking leave until the end of a semester term, if:

- a. The leave is at least three (3) weeks; and
- b. The employee's return would take place during the last three-(3)-week period of the semester term.

Leave Less Than Five (5) Weeks Before End of Term

If an instructional employee begins FMLA leave for a purpose other than that employee's own serious health condition less than five (5) weeks before the end of term, the District may require the employee to continue taking leave until the end of a semester term, if:

- a. The leave is longer than two (2) weeks; and
- b. The employee's return would take place during the last two-(2)-week period of the semester term.

Leave Less Than Three (3) Weeks Before End of Term

If an instructional employee begins FMLA leave for a purpose other than that employee's own serious health condition less than three (3) weeks before the end of term, the District may require the employee to continue taking leave until the end of the academic term if the leave is longer than five (5) days.

Intermittent or Reduced Leave

Under certain conditions, an instructional employee needing intermittent or reduced leave for more than twenty percent (20%) of the total working days over the leave period may be required by the District to:

- a. Take leave for a period(s) of particular duration not to exceed the duration of treatment;
or
- b. Transfer to an alternate but equivalent position.

Employees may use sick leave for long-term illness or temporary disability, and, upon the expiration of sick leave, the Board may grant eligible employees leave without pay if requested. Medical certification of the long-term illness or temporary disability may be required, at the Board's discretion.

Leave without pay arising out of any long-term illness or temporary disability shall commence only after sick leave has been exhausted. Long-Term Illness/Temporary Disability

The following procedures will be used when an employee has a long-term illness or temporary disability:

1. When any illness or temporarily disabling condition is “prolonged,” an employee will be asked by the administration to produce a written statement from a physician, stating that the employee is temporarily disabled and is unable to perform the duties of his/her position until such a time.
2. In the case of any extended illness, procedures for assessing the probable duration of the temporary disability will vary. The number of days of leave will vary according to different conditions, individual needs, and the assessment of individual physicians. Normally, however, the employee should expect to return on the date indicated by the physician, unless complications develop which are further certified by a physician.
3. An employee who has signified her intent to return at the end of extended leave of absence shall be reinstated to his/her original job or an equivalent position with equivalent pay and accumulated seniority, retirement, fringe benefits, and other service credits.

The School District's maternity leave policy covers employees who are not eligible for FMLA leave at Policy 5328. Maternity leave includes only continuous absence immediately prior to adoption, delivery, absence for delivery, and absence for post-delivery recovery, or continuous absence immediately prior to and in the aftermath of miscarriage or other pregnancy-related complications. Such leave shall not exceed six (6) weeks unless prescribed by a physician.

The School District shall not refuse to grant an employee a reasonable leave of absence for pregnancy or require that an employee take a mandatory maternity leave for an unreasonable length of time. The School District has determined that maternity leave shall not exceed 6 weeks unless mandated otherwise by the employee's physician. Employees will be required to use appropriate accumulated paid leave concurrently while on FMLA leave.

The School District shall not deny to the employee who is disabled as a result of pregnancy any compensation to which the employee is entitled as a result of the accumulation of disability or leave benefits accrued pursuant to plans maintained by the employer, provided that the employer may require disability as a result of pregnancy to be verified by medical certification that the employee is not able to perform employment duties.

An employee who has signified her intent to return at the end of her maternity leave of absence shall be reinstated to her original job or an equivalent position with equivalent pay and accumulated seniority, retirement, fringe benefits, and other service credits.

The School District will review requests for Paternity Leave in accordance with any applicable policy or collective bargaining agreement provision governing use of leave for family purposes.

Insurance Benefits for Employees

Newly hired employees are eligible for insurance benefits offered by the District for the particular bargaining unit to which an employee belongs. Other employees will be offered benefits consistent with the District benefit plan, with exceptions noted below:

1. Classified employees who are employed less than half ($\frac{1}{2}$) time (that is, who are regularly scheduled to work less than twenty (20) hours per week) will not be eligible for group health, dental, and life insurance and will not be considered to be a member of defined employee insurance benefit groups.
2. Any permanent employee who works half ($\frac{1}{2}$) time or more is eligible for group health and dental insurance, irrespective of the unit to which the employee belongs. All medical and dental insurance premiums will be prorated in the amount of the full contract in terms of full-time equivalency multiplied by the District's maximum contribution as prescribed by the applicable collective bargaining agreement or Board policy.

A medical examination at the expense of the employee may be required, if the employee elects to join the District health insurance program after initially refusing coverage during the "open season" (*July). An eligible employee wishing to discontinue or change health insurance coverage must initiate the action by contacting the personnel office and completing appropriate forms.

Anniversary dates of the health and dental insurance policies for the District shall be July 1st through June 30th.

Vacations

All classified employees, except those in a temporary status, serving more than six (6) months, are eligible to earn vacation leave credits retroactive to the date of employment. Leave credits may not be advanced nor may leave be taken retroactively. A seasonal employee's accrued vacation leave credits may be carried over to the next season, if management has a continuing need for the employee, or paid out as a lump-sum payment to the employee when the season ends (generally in June). The employee may request a lump-sum payment at the end of each season.

Vacation is earned according to the following schedule:

RATE-EARNED SCHEDULE

<u>Years of Employment</u>	<u>Working Days Credit per Year</u>
1 day - 10 years	15
10 - 15 years	18
15 - 20 years	21
20 years on	24

Time as an elected state, county, or city official, as a school teacher, or as an independent contractor, does not count toward the rate earned. For purposes of this paragraph, an employee of a district or the university system is eligible to have school district or university employment time count toward the rate-earned schedule, if that employee was eligible for annual leave in the position held with the school district or university system.

Maximum Accrual of Vacation Leave

All full-time and part-time employees serving in permanent and seasonal positions may accumulate two (2) times the total number of annual leave credits they are eligible to earn per year, according to the rate-earned schedule.

Sick Leave Bank

An employee may contribute accumulated vacation leave to the sick leave bank provided for in § 2-18-618, MCA. Donation of vacation leave credits to and use of vacation leave credits in the sick leave bank are governed by terms of the current collective bargaining agreement.

Annual Pay-Out

The District may, in its sole discretion and/or subject to the terms of a collective bargaining agreement, provide cash compensation in January of each year for unused vacation leave in lieu of the accumulation of vacation leave.

Lump-Sum Payment Upon Termination

An employee who terminates employment for reasons not reflecting discredit on the employee shall be entitled, upon the date of such termination, to cash compensation for unused vacation leave, assuming that the employee has worked the qualifying periods set forth in § 2-18-611, MCA. The District shall not pay accumulated leaves to employees who have not worked the qualifying period. Vacation leave contributed to the sick leave bank is nonrefundable and is not eligible for cash compensation upon termination.

Fair Labor Standards Act

Overtime for Classified Employees

Non-exempt classified employees who work more than forty (40) hours in a given workweek may receive overtime pay of one and one-half (1½) times the normal hourly rate. The Superintendent must approve any overtime work of a classified employee.

Under Montana law and the Federal Fair Labor Standards Act, a classified employee may not volunteer to work without pay in an assignment similar to the employee's regular work.

A non-exempt employee who works overtime without authorization may be subject to disciplinary action.

Blended Time

Classified Employees working two or more jobs for the District at different rates of pay shall be paid overtime at a weighted average of the differing wages. This shall be determined by dividing the total regular remuneration for all hours worked by the number of hours worked in that week to arrive at the weighted average. One half that rate is then multiplied times the number of hours worked over 40 to arrive at the overtime compensation due.

Example: Employee works one job at 30 hrs./week at 10.00/hr. The same employee works a different job at 20 hrs./week at \$12.00/hr. (Same district). The employee would get \$300.00 per week for the 30 hr/week job (\$10.00X30) and \$240.00 per week for the 20 hr./week job (\$12.00X20). A total of \$540.00 (regular remuneration). Divide \$540.00 by 50(total hours worked) = \$10.8/hr (weighted average). One-half that rate (\$10.80/2 = \$5.40) is multiplied by 10 (number of hours over 40). \$54.00 is the amount of overtime compensation due the employee based on the "blended time".

Record-Keeping Requirements Under the Fair Labor Standards Act

1. Records required for ALL employees:

- A. Name in full (same name as used for Social Security);
- B. Employee's home address, including zip code;
- C. Date of birth if under the age of nineteen (19);
- D. Sex (may be indicated with Male/Female, M/F, Mr./Mrs./Miss/Ms.);
- E. Time of day and day of week on which the employee's workweek begins;
- F. Basis on which wages are paid (such as \$5/hour, \$200/week, etc.);
- G. Any payment made which is not counted as part of the "regular rate";
- H. Total wages paid each pay period.
- I. Occupation

2. Additional records required for non-exempt employees:

- A. Regular hourly rate of pay during any week when overtime is worked;
- B. Hours worked in any workday (consecutive twenty-four-(24)-hour period);
- C. Hours worked in any workweek (or work period in case of 207[k]);
- D. Total daily or weekly straight-time earnings (including payment for hours in excess of forty (40) per week but excluding premium pay for overtime);
- E. Total overtime premium pay for a workweek;
- F. Date of payment and the pay period covered;
- G. Total deductions from or additions to wages each pay period;
- H. Itemization of dates, amounts, and reason for the deduction or addition, maintained on an individual basis for each employee;
- I. Number of hours of compensatory time earned each pay period;
- J. Number of hours of compensatory time used each pay period;
- K. Number of hours of compensatory time compensated in cash, the total amount paid, and the dates of such payments;
- L. The collective bargaining agreements which discuss compensatory time, or written understandings with individual non-union employees.

Workers' Compensation Benefits

All employees of the District are covered by workers' compensation benefits. In the event of an industrial accident, an employee should:

1. Attend to first aid and/or medical treatment during an emergency;
2. Correct or report as needing correction a hazardous situation as soon as possible after an emergency situation is stabilized;
3. Report the injury or disabling condition, whether actual or possible, to the immediate supervisor, within forty-eight (48) hours, on the Employer's First Report of Occupational Injury or Disease; and
4. Call or visit the administrative office after medical treatment, if needed, to complete the necessary report of accident and injury on an Occupational Injury or Disease form.

The administrator will notify the immediate supervisor of the report and will include the immediate supervisor as necessary in completing the required report.

An employee who is injured in an industrial accident may be eligible for workers' compensation benefits. By law, employee use of sick leave must be coordinated with receipt of workers' compensation benefits, on a case-by-case basis, in consultation with the Workers' Compensation Division, Department of Labor and Industry.

The District will not automatically and simply defer to a report of industrial accident but will investigate as it deems appropriate to determine: (1) whether continuing hazardous conditions exist which need to be eliminated; and (2) whether in fact an accident attributable to the District working environment occurred as reported. The District may require the employee to authorize the employee's physician to release pertinent medical information to the District or to a physician of the District's choice, should an actual claim be filed against the Workers' Compensation Division, which could result in additional fees being levied against the District.

Payment of Interest on Employer Contributions for Workers' Compensation Time

An employee absent because of an employment-related injury entitling the employee to workers' compensation payments may, upon the employee's return to service, contribute to the retirement system an amount equal to the contributions that would have been made by the employee to the system on the basis of the employee's compensation at the commencement of the employee's absence plus regular interest accruing from one (1) year from the date after the employee returns to service to the date the employee contributes for the period of absence.

The District has the option to pay, or not pay, the interest on the employer's contribution for the period of absence based on the salary as calculated. If the employer elects not to pay the interest costs, this amount must be paid by the employee.

It is the policy of this District to not pay the interest costs associated with the employer's contribution.

Paraprofessionals

Paraprofessionals, as defined in the appropriate job descriptions, are under the supervision of a principal and a teacher to whom the principal may have delegated responsibility for close direction. The nature of the work accomplished by paraprofessionals will encompass a variety of tasks that may be inclusive of “limited instructional duties.”

Paraprofessionals are employed by the District mainly to assist the teacher. A paraprofessional is an extension of the teacher, who legally has the direct control and supervision of the classroom or playground and responsibility for control and the welfare of the students.

It is the responsibility of each principal and teacher to provide adequate training for a paraprofessional. This training should take into account the unique situations in which a paraprofessional works and should be designed to cover the general contingencies that might be expected to pertain to that situation. During the first thirty (30) days of employment, the supervising teacher or administrator shall continue to assess the skills and ability of the paraprofessional to assist in reading, writing, and mathematics instruction.

The Superintendent shall develop and implement procedures for an annual evaluation of paraprofessionals. Evaluation results shall be a factor in future employment decisions.

If the school receives Title I funds, the District shall notify parents of students attending the school annually that they may request the District to provide information regarding the professional qualifications of their child’s paraprofessionals, if applicable.

1. Has not entered into an express or implied compensation agreement with the District;
2. Is excluded from the definition of “employee” under appropriate state and federal statutes;
3. May be paid expenses, reasonable benefits, and/or nominal fees in some situations; and
4. Is not employed by the District in the same or similar capacity for which he/she is volunteering.

Volunteers who have unsupervised access to children are subject to the District’s policy mandating background checks.

Employee use of Electronic Mail, Internet, Networks, and District Equipment

The District equipment, e-mail and Internet systems are intended to be used for educational purposes only, and employees have no expectation of privacy. Employees have no expectation of privacy in district owned technology equipment, including but not limited to district-owned desktops, laptops, memory storage devices, and cell phones.

Users of District equipment, e-mail and Internet systems are responsible for their appropriate use. All illegal and improper uses of the equipment, e-mail, and Internet system, including but not limited to network etiquette violations including mail that degrades or demeans other individuals, pornography, obscenity, harassment, solicitation, gambling, and violating copyright or intellectual property rights, are prohibited. Abuse of the equipment, e-mail, or Internet systems through personal use, or use in violation of the law or District policies, will result in disciplinary action, up to and including termination of employment.

All e-mail/Internet records are considered District records and should be transmitted only to individuals who have a need to receive them. If the sender of an e-mail or Internet message does not intend for the e-mail or Internet message to be forwarded, the sender should clearly mark the message "Do Not Forward."

To keep District equipment, e-mail and Internet systems secure, users shall not leave the terminal "signed on" when unattended and may not leave their password available in an obvious place near the terminal or share their password with anyone except the system administrator. The District reserves the right to bypass individual passwords at any time and to monitor the use of such systems by employees.

Additionally, District equipment, records and e-mail/Internet records are subject to disclosure to law enforcement or government officials or to other third parties through subpoena or other process.

Consequently, the District retains the right to access stored records in cases where there is reasonable cause to expect wrongdoing or misuse of the system and to review, store, and disclose all information sent over the District e-mail systems for any legally permissible reason, including but not limited to determining whether the information is a public record, whether it contains information discoverable in litigation, and to access District information in the employee's absence. Employee e-mail/Internet messages may not necessarily reflect the views of the District.

All District employees should be aware that e-mail messages can be retrieved, even if they have

**EMPLOYEE EQUIPMENT USE, INTERNET CONDUCT,
AND NETWORK ACCESS AGREEMENT**

Every staff member must read and sign below:

I have read, understand, and agree to abide by the terms of the School District's policy regarding District-Provided Access to Electronic Information, Equipment, Services, and Networks (Policies 5450 and 5450P). Should I commit any violation or in any way misuse my access to the District's computers, network and/or the Internet, I understand and agree that my access privilege may be revoked and school disciplinary action may be taken against me.

Terms and Conditions

- Acceptable Use – Access to the District's technology and electronic networks must be:
(a) for the purpose of education or research and consistent with the educational objectives of the District; or (b) for legitimate business use.
- 2. Privileges – The use of the District's technology and electronic networks is a privilege, not a right, and inappropriate use will result in cancellation of those privileges. The system administrator (and/or principal) will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. That decision is final.
- 3. Unacceptable Use – The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:
 - a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any federal or state law;

Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Attempts to log on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

Internet Safety

1. Internet access is limited to only those "acceptable uses," as detailed in these procedures. Internet safety is almost assured if users will not engage in "unacceptable uses," as detailed in these procedures, and will otherwise follow these procedures.
2. Staff members shall supervise students while students are using District Internet access, to ensure that the students abide by the Terms and Conditions for Internet access, as contained in these procedures.
3. Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene; (2) pornographic; or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and determined by the Superintendent or designee.

etiquette; protection from online predators and personal safety; and how to recognize and respond to cyberbullying and other threats.

5. The system administrator and principal shall monitor student Internet access.

I understand and will abide by the technology, equipment and network access policies. I understand that the District and/or its agents may access and monitor my use of the Internet, including my e-mail and downloaded material, without prior notice to me. I further understand that should I commit any violation, my access privileges may be revoked, and school disciplinary action and/or appropriate legal action may be taken. In consideration for using the District's issuance of technology, electronic network connection and having access to public networks, I hereby acknowledge the risk for any claims and damages arising from my use of, or inability to use the equipment, network, and Internet. I understand any negligence arising out of my use of equipment or networks shall be attributed to me as comparative negligence within the meaning of Section 27-1-702, MCA.

Electronic Resources and Social Networking

The Scobey School District recognizes that an effective public education system develops students who are globally aware, civically engaged, and capable of managing their lives and careers. The District also believes that students need to be proficient users of information, media, and technology to succeed in a digital world.

Public school employees are held to a high standard of behavior. The Montana Department of Education *Professional Educators of Montana Code of Ethics* requires District staff to maintain a professional relationship with each student, both in and outside the classroom. The District encourages all staff to read and become familiar with the Code of Ethics.

The school district staff shall not socialize with students on social networking websites (during school or out-of-school) in a manner contrary to this policy. Staff are reminded that the same relationship, exchange, interaction, information, or behavior that would be unacceptable in a non-technological medium, is unacceptable when done through the use of technology. In fact, due to the vastly increased potential audience digital dissemination presents, extra caution must be exercised by staff to ensure they don't cross the line of acceptability.

Specifically, the following forms of technology based interactivity or connectivity are expressly permitted or forbidden when used in a manner not related to the delivery of educational services or district operations.

- Sharing personal landline or cell phone numbers with students for non-educational purposes;
- Text messaging students for non-educational purposes;
- Emailing students other than through and to school controlled and monitored accounts;
- Soliciting students as friends or contacts on social networking sites for non-educational purposes;
- Accepting the solicitation of students as friends or contacts on social networking sites for non-educational purposes;
- Creation of administratively approved and sanctioned "groups" on social networking sites that permit the broadcast of information without granting students access to staff member's personal information;
- Sharing with student's access information to personal websites or other media through which the staff member would share personal information and occurrences.

Accessing social networking websites for individual use during school hours is prohibited, unless asked to do so by administration. Except in an emergency situation, staff shall not access social networking sites using district equipment or personal equipment, including during breaks or preparation periods. All school district employees who participate in social networking websites, shall not post any school district data, documents, photographs, logos, or other district owned or created information on any website. Further, the posting of any private or confidential school district material on such websites is strictly prohibited.

The Board directs the Superintendent or his/her designee to create strong electronic educational systems that support innovative teaching and learning, to provide appropriate staff development opportunities and to develop procedures to support this policy.

Staff should contact the administration if they would like to establish an educational related social media presence.

HIPAA

Note:

(1) Any school district offering a group “health care plan” for its employees is affected by HIPAA. School districts offering health plans that are self-insured will be entirely responsible for compliance with HIPAA, despite a third party administrator managing the plan. School districts may also be subject to HIPAA as a “health care provider” by either having a school-based health center or a school nurse. School-based health centers staffed and serviced by a hospital or local health department are responsible for complying with HIPAA if there is a sharing of records containing health information. For those districts providing the services of a school nurse, HIPAA regulations issued in 2000 commented that an “educational institution that employs a school nurse is subject to [the] regulations as a health care provider if the school nurse or the school engaged in a HIPAA transaction.” This transaction occurs when a school nurse submits a claim electronically.

(2) Any personally identifiable health information contained in an “education record” under FERPA is subject to FERPA, not HIPAA.

Background

Health Insurance Portability and Accountability Act of 1996 (HIPAA)

The District’s group health plan is a Covered Entity under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and its implementing regulations, the Standards for the Privacy of Individually Identifiable Information. In order to comply with HIPAA and its related regulations, the District has implemented the following HIPAA Privacy Policy:

The HIPAA Privacy Rule

HIPAA required the federal government to adopt national standards for ***electronic health care transactions***. At the same time, Congress recognized that advances in electronic technology could erode the privacy of health information and determined there was a need for national privacy standards. As a result HIPAA included provisions which mandated the adoption of federal privacy standards for individually identifiable health information.

The standards found in the Privacy Rule are designed to protect and guard against the misuse of individually identifiable health information, with particular concern regarding employers using an employee’s (or dependent’s) health information from the group health plan to make adverse

employment-related decisions. The Privacy Rule states that verbal, written, or electronic information that can be used to connect a person's name or identity with medical, treatment, or health history information is Protected Health Information (PHI) under the HIPAA Privacy Rule.

Under the HIPAA Privacy Rule:

1. Individuals have a right to access and copy their health record to the extent allowed by HIPAA.
2. Individuals have the right to request an amendment to their health record. The plan may deny an individual's request under certain circumstances specified in the HIPAA Privacy Rule.
3. Individuals have the right to an accounting of disclosures of their health record for reasons other than treatment, payment, or healthcare operations.
4. PHI, including health, medical, and claims records, can be used and disclosed without authorization for specific, limited purposes (treatment, payment, or operations of the group health plan). A valid authorization from the individual must be provided for use or disclosure for other than those purposes.
5. Safeguards are required to protect the privacy of health information.
6. Covered entities are required to issue a notice of privacy practices to their enrollees.
7. Violators are held accountable with civil and criminal penalties for improper use or disclosure of PHI.

Compliance

The Business Manager has been designated Privacy Officer. The Privacy Officer will oversee all ongoing activities related to the development, implementation, maintenance of, and adherence to the District's policies and procedures covering the privacy of and access to patient health information in compliance with HIPAA, other applicable federal and state laws, and the District's privacy practices.

As required for a Covered Entity under HIPAA, the plan has developed these internal privacy policies and procedures to assure that PHI is protected and that access to and use and disclosure of PHI are restricted in a manner consistent with HIPAA's privacy protections. The policies and procedures recognize routine and recurring disclosures for treatment, payment, and healthcare operations and include physical, electronic, and procedural safeguards to protect PHI. The procedures include safeguards for sending PHI via mail or fax, receiving PHI for plan purposes, and workstation safeguards and procedures for securing and retaining PHI received by the plan. Plan participants are entitled to receive a copy of the plan's policies and procedures upon

request.

Designating a limited number of privacy contacts allows the District to control who is receiving PHI from the contract claims payor for plan operations purposes. The contract claims payor will provide only the minimum PHI necessary for the stated purpose and, as required under the Privacy Rule, will provide PHI only to individuals with a legitimate need to know for plan operations purposes.

The District has distributed a notice of privacy practices to plan participants. The notice informs plan participants of their rights and the District's privacy practices related to the use and disclosure of PHI. A copy of this notice may be obtained by contacting the Privacy Officer.

The District has reviewed how PHI is used and disclosed by the plan and has limited disclosure of that information to employees who have a legitimate need to know or possess the PHI for healthcare operations and functions. The District will make reasonable efforts to use de-identified information whenever possible in the operations of the plan and will only use the minimum PHI necessary for the stated purpose.

Some of the District's employees need access to PHI in order to properly perform the functions of their jobs. The District has identified these employees and has given them training in the important aspects of the HIPAA Privacy Rule, the privacy policy, and procedures. New employees who will have access to PHI will receive training on the HIPAA Privacy Rule and related policies and procedures as soon as reasonably possible after they are employed. Employees who improperly use or disclose PHI or misuse their access to that information may be subject to discipline, as deemed appropriate.

In the event the group health plan must disclose PHI in the course of performing necessary plan operations functions or as required by law or a governmental agency, the District has developed a system to record those disclosures and requests for disclosures. An individual may request a list of disclosures of his or her PHI made by the plan for other than treatment or claims payment purposes. All requests for an accounting of PHI disclosures must be made in writing, and the plan may impose fees for the cost of production of this information. Requests will be responded to within sixty (60) days. If the plan is not able to provide the requested information within sixty (60) days, a written notice of delay will be sent to the requesting individual, with the reasons for the delay and an estimated time for response.

In order to comply with the new privacy regulations, the plan has implemented compliant communication procedures. Except for its use in legitimate healthcare operations, written permission will be required in order for the District to disclose PHI to or discuss it with a third party.

The HIPAA Privacy Rule prohibits the District from disclosing medical information without the patient's written permission other than for treatment, payment, or healthcare operations purposes. An authorization signed by the patient and designating specified individuals to whom the District may disclose specified medical information must be on file, before the plan can discuss a patient's medical information with a third party (such as a spouse, parent, group health plan representative, or other individual).

The District has taken the following steps to ensure PHI is safeguarded:

- The District has implemented policies and procedures to designate who has and who does not have authorized access to PHI.
- Documents containing PHI are kept in a restricted/locked area.
- Computer files with PHI are password protected and have firewalls making unauthorized access difficult.
- Copies of PHI will be destroyed when information is no longer needed, unless it is required by law to be retained for a specified period of time.
- The District will act promptly to take reasonable measures to mitigate any harmful effects known to the group health plan, due to a use or disclosure of PHI in violation of the plan's policies, procedures, or requirements of the HIPAA Privacy Rule.
- The District will appropriately discipline employees who violate the District's group health plan's policies, procedures, or the HIPAA Privacy Rule, up to and including termination of employment if warranted by the circumstances.

The District has received signed assurances from the plan's business associates that they understand the HIPAA Privacy Rule, applicable regulations, and the Privacy Policy and will safeguard PHI just as the plan would.

The contract claims payor and certain other entities outside the group health plan require access on occasion to PHI, if they are business associates of the group health plan and in that role need to use, exchange, or disclose PHI from the group health plan. The plan requires these entities to sign an agreement stating they understand HIPAA's privacy requirements and will abide by those rules just as the group health plan does, to protect the PHI to which they have access. For example the plan engages a certified public accountant to audit the plan annually and to make sure payments are made in compliance with the Plan Document. In order for the CPA to complete an audit, the auditor reviews a sample of the claims for accuracy.

The District will ensure health information will not be used in making employment and compensation decisions. The HIPAA Privacy Rule and other applicable laws expressly prohibit

an employer from making adverse employment decisions (demotions, terminations, etc.) based on health information received from the group health plan. To the extent possible, the District has separated the plan operations functions from the employment functions and has safeguards in place to prevent PHI from the plan from going to or being used by an employee's supervisor, manager, or superior to make employment-related decisions.

Complaints

If an employee believes their privacy rights have been violated, they may file a written complaint with the Privacy Officer. No retaliation will occur against the employee for filing a complaint.

Goals

Because educational programs are dependent on adequate funding and the proper management of those funds, District goals can best be attained through efficient fiscal management. As trustee of local, state, and federal funds allocated for use in public education, the Board shall fulfill its responsibility to see that funds are used to achieve the intended purposes.

Because of resource limitations, fiscal concerns often overshadow the educational program. Recognizing this, the District must take specific action to ensure that education remains primary. This concept shall be incorporated into Board operations and into all aspects of District management and operation.

The Board seeks to achieve the following goals in the District's fiscal management:

1. Engage in advance planning, with staff and community involvement, to develop budgets which will achieve the greatest educational returns in relation to dollars expended.
2. Establish levels of funding which shall provide superior education for District students.
3. Provide timely and appropriate information to staff who have fiscal responsibilities.
4. Establish efficient procedures in all areas of fiscal management.

Budget Adjustments

When any budgeted fund line item is in excess of the amount required, the Board may transfer any of the excess appropriation to another line item(s) within the same fund.

The Board authorizes the administration to transfer line items within the same budgeted fund to adjust line item overdrafts or to meet special line item needs. Line item budget transfers to adjust line item overdrafts are at the discretion of the administrators.

Total budget expenditures for each fund as adopted in the final budget shall constitute the appropriations of the District for the ensuing fiscal year. The Board will be limited in the incurring of expenditures to the total of such appropriations.

With timely notice of a public meeting, trustees, by majority vote of those present, may declare by resolution that a budget amendment (in addition to the final budget) is necessary. Budget amendments are authorized for specified reasons by § 20-9-161, MCA. The resolution must state the facts constituting the need for the budget amendment, the funds affected by the budget amendment, the anticipated source of financing, the estimated amount of money required to finance the budget amendment, and the time and place the trustees will meet for the purpose of considering and adopting the budget amendment for the current school fiscal year.

The meeting to adopt a budget amendment will be open and will provide opportunity for any taxpayer to appear and be heard. Budget procedures will be consistent with statutory requirements. Authorization and Control

The Superintendent is authorized to direct expenditures and purchases within limits of the detailed annual budget for the school year. The Board must approve purchase of capital outlay items, when the aggregate total of a requisition exceeds \$2,500, except the Superintendent shall have the authority to make capital outlay purchases without advance approval when necessary to protect the interests of the District or the health and safety of staff or students. The Superintendent will establish requisition and purchase order procedures to control and maintain proper accounting of expenditure of funds. Staff who obligate the District without proper authorization may be held personally responsible for payment of such obligations.

Bids and Contracts

Whenever it is in the interest of the District, the District will execute a contract for any building furnishing, repairing, purchasing or other work for the benefit of the District. If the sum of the contract or work exceeds Eighty Thousand Dollars (\$80,000), the District will call for formal bids by issuing public notice as specified in statute. Specifications will be prepared and made available to all vendors interested in submitting a bid. The contract shall be awarded to the lowest responsible bidder, except that the trustees may reject any or all bids as per § 18-4-307, MCA as stated below in the legal reference. The Board, in making a determination as to which vendor is the lowest responsible bidder, will take into consideration not only the amount of each bid, but will also consider the skill, ability, and integrity of a vendor to do faithful, conscientious work and to promptly fulfill the contract according to its letter and spirit. Bidding requirements do not apply to a registered professional engineer, surveyor, real estate appraiser, or registered architect; a physician, dentist, pharmacist, or other medical, dental, or health care provider; an attorney; a consulting actuary; a private investigator licensed by any jurisdiction; a claims adjuster; or an accountant licensed under Title 37, Chapter 50.

Advertisement for bid must be made once each week for two (2) consecutive weeks, and a second (2nd) publication must be made not less than five (5) nor more than twelve (12) days before consideration of bids.

The Superintendent will establish bidding and contract-awarding procedures. Bid procedures will be waived only as specified in statute. Any contract required to be let for bid shall contain language to the following effect:

In making a determination as to which vendor is the lowest responsible bidder, if any, the District will take into consideration not only the pecuniary ability of a vendor to perform the contract, but will also consider the skill, ability, and integrity of a vendor to do faithful, conscientious work and promptly fulfill the contract according to its letter and spirit. References must be provided and will be contacted. The District further reserves the right to contact others with whom a vendor has conducted business, in addition to those listed as references, in determining whether a vendor is the lowest responsible bidder. Additional information and/or inquiries into a vendor's skill, ability, and integrity are set forth in the bid specifications.

Cooperative Purchasing

The District may enter into cooperative purchasing contracts with one or more districts for procurement of supplies or services. A district participating in a cooperative purchasing group may purchase supplies and services through the group without complying with the provisions of 20-9-204(3), MCA if the cooperative purchasing group has a publicly available master list of items available with pricing included and provides an opportunity at least twice yearly for any vendor, including a Montana vendor, to compete, based on a lowest responsible bidder standard, for inclusion of the vendor's supplies and services on the cooperative purchasing group's master list.

Advertising in Schools/Revenue Enhancement

Revenue enhancement through a variety of District-wide and District-approved marketing activities, including but not limited to advertising, corporate sponsorship, signage in or on District facilities, is a Board-approved venture. The Board may approve such opportunities subject to certain restrictions in keeping with the community standards of good taste.

Advertising will model and promote positive values for District students through proactive educational messages and not be simply traditional advertising of a product. Preferred advertising includes messages encouraging student achievement and establishment of high standards of personal conduct.

All sponsorship contracts will allow the District to terminate the contract on at least an annual basis, if it is determined that it will have an adverse impact on implementation of curriculum or the educational experience of students.

The revenue derived should:

- Enhance student achievement;
- Assist in maintenance of existing District athletic and activity programs; and
- Provide scholarships for students participating in athletic, academic, and activity programs, who demonstrate financial need and merit.

Appropriate opportunities for marketing activities include but are not limited to:

1. Fixed signage.
2. Banners.
3. District-level publications.
4. Television and radio broadcasts.
5. Athletic facilities, including stadiums, high school baseball fields, and high school gymnasiums.
6. District-level projects.
7. Expanded usage of facilities beyond traditional uses (i.e., concerts, rallies, etc.).
8. The interior and exterior of a limited number of District buses, if the advertising is associated with student art selected by the District. The only advertising information allowed will note sponsorship of the student art by the participant. Maintenance for these buses will include but not exceed normal maintenance costs.
9. Individual school publications (when not in conflict with current contracts).

Advertising will not be allowed in classrooms, other than corporate-sponsored curriculum materials approved subject to Board policy.

The following restrictions will be in place when seeking revenue enhancement. Revenue enhancement activities will not:

1. Promote hostility, disorder, or violence;
2. Attack ethnic, racial, or religious groups;
3. Discriminate, demean, harass, or ridicule any person or group of persons on the basis of gender;
4. Be libelous;
5. Inhibit the functioning of the school and/or District;
6. Promote, favor, or oppose the candidacy of any candidate for election, adoption of any bond/budget issues, or any public question submitted at any general, county, municipal, or school election;
7. Be obscene or pornographic, as defined by prevailing community standards throughout the District;
8. Promote the use of drugs, alcohol, tobacco, firearms, or certain products that create community concerns;
9. Promote any religious or political organization;
10. Use any District or school logo without prior approval.

Users must take proper care of District credit cards and take all reasonable precautions against damage, loss, or theft. Any damage, loss, or theft must immediately be reported to the business office and to the appropriate financial institution. Failure to take proper care of credit cards or failure to report damage, loss, or theft may subject the employee to financial liability.

Users must submit detailed documentation, including itemized receipts for commodities, services, travel, and/or other actual and necessary expenses which have been incurred in connection with school-related business for which the procurement card has been used.

The Superintendent shall establish regulations governing the issuance and use of procurement cards. Each cardholder shall be apprised of the procedures governing the use of the procurement card, and a copy of this policy and accompanying regulations shall be given to each cardholder.

Electronic Signatures

“Electronic signature” means an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

Electronic signatures or digital signatures can take many forms and can be created using many different types of technology. For the purpose of this policy an electronic signature means any electronic identifier intended by the person using it to have the same force and effect as a manual signature.

District Use of Electronic Signatures

When not practical or possible to have an approved individual physically sign a document, and not otherwise prohibited by applicable laws, electronic signatures may satisfy the requirement of a written signature when transacting business with and/or for the District and/or with parents/guardians when the authenticity and reliability of such electronic signature(s) meets the provisions of this policy. In such instances, the electronic signature shall have the full force and effect of a manual signature.

In order to qualify for acceptance of an electronic signature the following additional requirements are applicable:

1. The electronic signature identifies the individual signing the document by his/her name and title;
2. The identity of the individual signing the document with an electronic signature is capable of being validated through the use of an audit trail;
3. The electronic signature, as well as the documents to which it is affixed, cannot be altered once the electronic signature is affixed. If the document needs to be altered, a new electronic signature must be obtained; and
4. The electronic signature conforms to all other provisions of this policy.

The District shall maintain District electronically signed records in a manner consistent with the District’s document retention policies yet also capable of accurate and complete reproduction of the electronic records and signatures in their original form. Such retention should include a process whereby the District can verify the attribution of a signature to a specific individual, detect changes or errors in the information contained in the record submitted electronically and protect and prevent access and/or manipulation or use access/use by an unauthorized person.

The District shall maintain a hardcopy of the actual signature of any District employee authorized to provide an electronic signature in connection with school board business.

Abuse of the electronic signature protocols by any District employee serves as grounds for disciplinary action up to and including termination.

Parent/Student Use of Electronic Signatures

With regard to documentation received by the District with an electronic signature from a parent/legal guardian, so long as the following provisions are met, the District may receive and accept such electronic signature as an original document:

1. Such communication with signature, of its face, appears to be authentic and unique to the person using such signature;
2. The District is unaware of any specific individualized reason to believe that the signature has been forged;
3. The District is unaware of any specific reason to believe the document has been altered subsequent to the electronic signature; and
4. The signature is capable of verification.

The District's Superintendent or designee may, at his or her discretion, request that an original of the electronic communication, signed manually by hand, be forwarded to the District in a timely manner.

District personnel may periodically audit the authenticity of such signature via a security procedure including such acts as making follow-up inquiry to the individual/entity who has submitted such electronic signature.

Should it be discovered that a student has falsified a parent's electronic signature on an official District document, the student may be subjected to discipline and the Administrators of the District are authorized, at their discretion, to thereafter only accept manual signatures associated with any submitted school document.

The District may provide transportation to and from school for a student who:

1. Resides three (3) or more miles, over the shortest practical route, from the nearest operating public elementary or public high school;
2. Is a student with a disability, whose IEP identifies transportation as a related service; or
3. Has another compelling and legally sufficient reason to receive transportation services.

The District may elect to reimburse the parent or guardian of a student for individually transporting any eligible student.

The District may provide transportation by school bus or other vehicle or through individual transportation such as paying the parent or guardian for individually transporting the student. The Board may pay board and room reimbursements, provide supervised correspondence study, or provide supervised home study. The Board may authorize children attending an approved private school to ride a school bus, provided that space is available and a fee to cover the per-seat cost for such transportation is collected. The District may transport and charge for an ineligible public school student, provided the parent or guardian pays a proportionate share of transportation services. Fees collected for transportation of ineligible students shall be deposited in the transportation fund. Transportation issues that cannot be resolved by the trustees may be appealed to the county transportation committee.

Homeless students shall be transported in accordance with the McKinney Homeless Assistance Act and state law.

In-Town Busing

In-town busing is defined as the busing of students within three (3) miles of their school. In-town busing is a privilege the District can discontinue at any time. The Superintendent will establish guidelines under which a student may request in-town busing.

Children in Foster Care

The Superintendent will appoint a Point of Contact (POC) to coordinate activities relating to the District's provisions of services to children placed in foster care, including transportation services. The Superintendent, or designee, will inform the Department of Health and Human Services who is the POC for the District. The District will collaborate with the Department of Health and Human Services when transportation is required to maintain children placed in foster care in a school of origin outside their usual attendance area or District when in the best interest of the student. Under the supervision of the Superintendent/designee, the POC will invite appropriate District officials, the Department of Health and Human Services POC, and officials from other districts to consider how such transportation is to be arranged and funded in a cost-effective manner.

If there are additional costs to be incurred in providing transportation to maintain a student in the school of origin, the District will provide transportation to such school if:
The Department agrees to reimburse the District for the cost of such transportation;
The District agrees to pay for the cost of such transportation; or
The District and the Department agree to share the cost of such transportation.

Definitions

“Foster Care” means 24-hour care for children placed away from their parents, guardians, or person exercising custodial control or supervision and for whom the Department has placement care and responsibility.

“School of origin” means the school in which a child is enrolled at the time of placement in foster care.

While “Best Interest” is not defined in ESSA, that determination shall take into account all relevant factors, including consideration of the appropriateness of the current educational setting, and the proximity to the school in which the child is enrolled at the time of foster care placement.

Contracting for Transportation Services

If the Board enters into a contract for transportation services, the contractor shall operate such equipment in accordance with District policy and the rules and regulations of the Board of Public Education. The contract shall be in effect for not more than five (5) years. Before entering into the first (1st) such contract, the District shall determine that the cost of contracting for the ensuing term will not exceed projected costs of operating its own system. Before any transportation contract is awarded to a private party or contractor, the trustees shall:

1. Secure bids by advertising for a twenty-one-(21)-day period (three (3) consecutive weeks); or
2. Negotiate a new contract with the current contractor, provided the new contract does not exceed by more than twelve percent (12%) per year the basic costs of the previous contract.

No money shall be expended, unless a contract with a private carrier has been executed. The Board Chairperson will sign such contracts on behalf of the District.

The District reserves the right to own, operate, and to choose with respect to any other form of transportation, whether it be regular school, co-curricular, extracurricular, or District business programs, the means of transportation which best fits District needs at that particular time, as determined by the Board.

Bus Routes and Schedules

The Superintendent's designee is responsible for scheduling bus transportation, including determination of routes and bus stops. Such routes are subject to approval of the county transportation committee. The purpose of bus scheduling and routing is to achieve maximum service with a minimum fleet of buses consistent with providing safe and reasonably equal service to all bus students.

In order to operate the transportation system as safely and efficiently as possible, the following factors shall be considered in establishing bus routes:

1. A school bus route shall be established with due consideration of the sum total of local conditions affecting the safety, economic soundness, and convenience of its operation, including road conditions, condition of bridges and culverts, hazardous crossings, presence of railroad tracks and arterial highways, extreme weather conditions and variations, length of route, number of families and children to be serviced, availability of turnaround points, capacity of bus, and related factors.
2. The District may extend a bus route across another transportation service area, if it is necessary in order to provide transportation to students in the District's own transportation service area. A district may not transport students from outside its transportation service area.
3. No school child attending an elementary school shall be required to ride the school bus under average road conditions more than one (1) hour without consent of the child's parent or guardian.
4. School bus drivers are encouraged to make recommendations in regard to establishing or changing routes.
5. Parents should be referred to the Superintendent for any request of change in routes, stops, or schedules.

The Board reserves the right to change, alter, add, or delete any route at any time such changes are deemed in the best interest of the District, subject to approval by the county transportation committee.

Bus Stops

Buses should stop only at designated places approved by school authorities. Exceptions should be made only in cases of emergency and inclement weather conditions.

Bus stops shall be chosen with safety in mind. Points shall be selected where motorists approaching from either direction will have a clear view of the bus for a distance of at least three hundred (300) to five hundred (500) feet.

School loading and unloading zones are to be established and marked to provide safe and orderly loading and unloading of students. The principal of each building is responsible for the conduct of students waiting in loading zones.

Delay in Schedule

The driver is to notify the administration of a delay in schedule. The administration will notify parents on routes and radio stations, if necessary.

Responsibilities - Students

Students must realize that safety is based on group conduct. Talk should be in conversational tones at all times. There should be no shouting or loud talking which may distract the bus driver. There should be no shouting at passersby. Students should instantly obey any command or suggestions from the driver and/or his/her assistants.

Responsibilities - Parents

The interest and assistance of each parent is a valued asset to the transportation program. Parents' efforts toward making each bus trip a safe and pleasant experience are requested and appreciated. The following suggestions are only three of the many ways parents can assist:

1. Ensure that students are at the bus stop in sufficient time to efficiently meet the bus.
2. Properly prepare children for weather conditions.
3. Encourage school bus safety at home. Caution children regarding safe behavior and conduct while riding the school bus.

Safety

The Superintendent will develop written rules establishing procedures for bus safety and emergency exit drills and for student conduct while riding buses.

If the bus and driver are present, the driver is responsible for the safety of his/her passengers, particularly for those who must cross a roadway prior to loading or after leaving the bus. Except in emergencies, no bus driver shall order or allow a student to board or disembark at other than his/her assigned stop unless so authorized by the Superintendent. In order to assure the safety of

all, the bus driver may hold students accountable for their conduct during the course of transportation and may recommend corrective action against a student. Bus drivers are expressly prohibited from using corporal punishment.

The bus driver is responsible for the use of the warning and stop signaling systems and the consequent protection of his/her passengers. Failure to use the system constitutes negligence on the part of the driver.

Inclement Weather

The Board recognizes the unpredictability and resulting dangers associated with weather in Montana. In the interest of safety and operational efficiency, the Superintendent is empowered to make decisions as to emergency operation of buses, cancellation of bus routes, and closing of school, in accordance with his or her best judgment. The Board may develop guidelines in cooperation with the Superintendent to assist the Superintendent in making such decisions.

NOTE: To receive full state/county reimbursement, budgets must have enough funds to cover the costs of any changes to the route.

NOTE: The county transportation committee has authority to establish transportation service areas, should circumstances and/or geography (demographics) warrant.

Transportation of Students With Disabilities

Transportation shall be provided as a related service, when a student with a disability requires special transportation in order to benefit from special education or to have access to an appropriate education placement. Transportation is defined as:

- (a) Travel to and from school and between schools;
- (b) Travel in and around school buildings or to those activities that are a regular part of the student's instructional program;
- (c) Specialized equipment (such as special or adapted buses, lifts, and ramps) if required to provide special transportation for a student with disabilities.

The Evaluation Team that develops the disabled student's Individualized Education Program will determine, on an individual basis, when a student with a disability requires this related service. Such recommendations must be specified on the student's IEP. Only those children with disabilities who qualify for transportation as a related service under the provisions of the IDEA shall be entitled to special transportation. All other children with disabilities in the District have access to the District's regular transportation system under policies and procedures applicable to all District students. Utilizing the District's regular transportation service shall be viewed as a "least restrictive environment."

Mode of Transportation

One of the District's buses will be the preferred mode of transportation. Exceptions may be made in situations where buses are prohibited from entering certain subdivisions due to inadequate turning space, or when distance from school may seriously impact bus scheduling. In such situations other arrangements, such as an individual transportation contract, may be arranged with parents. Such voluntary agreement will stipulate in writing the terms of reimbursement.

The Board recognizes that safety and health standards should be incorporated into all aspects of the operation of the District. Rules for safety and prevention of accidents shall be posted in compliance with the Montana Safety Culture Act and the Montana Safety Act. Injuries and accidents shall be reported to the District office.

The board of trustees has identified the following local hazards that exist within the boundaries of its school district:

[Fire, Earthquake, Avalanche, High Winds, Tornadoes, Intruders, Firearms, etc.]

All teachers shall discuss safety drill procedures with their class at the beginning of each year and shall have them posted in a conspicuous place next to the exit door. Drills must be held at different hours of the day or evening to avoid distinction between drills and actual disasters. A record shall be kept of all fire drills.

The trustees shall review the school safety or emergency operations plan periodically and update the plan as determined necessary by the trustees based on changing circumstances pertaining to school safety. Once the trustees have made the certification to the office of public instruction, the trustees may transfer funds pursuant to Section 2, 20-1-401, MCA to make improvements to school safety and security.

The Superintendent shall develop safety and health standards which comply with the Montana Safety Culture Act. **[Optional]**: The Superintendent shall ensure District employees are provided equipment, tools, and devices designed to ensure a safe and health workplace in accordance with this policy. Failure to use the provided equipment in a suitable or timely manner may be considered a violation of District policy. If a staff member requires equipment that is not available, an employee may submit a request to the administration in accordance with established District practice.

To ensure a safe school setting and to comply with regulations governing schools in Montana, the following safety measures shall be implemented in the District:

- (a) Janitorial and other storage areas that contain toxic or hazardous materials must be kept locked between periods of use. Custodial closets, boiler rooms, and other areas where hazardous or poisonous compounds are stored must be inaccessible to students.
- (b) All cleaning compounds and other toxic chemicals not stored in the product container or package in which it was obtained must be stored in a labeled container that clearly identifies the product by name.
- (c) Chemicals must be stored as specified by the chemical's Safety Data Sheet.
- (d) The school and school site must be free of objects or conditions which create unreasonable or unnecessary dangers to health or safety.
- (e) First aid kits and AEDs must be provided and stored in accessible locations that are easily identifiable to staff and trained personnel.
- (f) Playground and school yards must be inspected every month by the facility manager or other school personnel and the inspection must be recorded and records kept on the school site. Inspections must be conducted using a playground safety checklist approved by DPHHS.
- (g) Playground inspection results must be made available for review by the local health authority or DPHHS upon request.
- (h) Periodic maintenance and repair must be performed on playground equipment according to the manufacturer's specifications. Repairs, not including the leveling of fall protection material, must be documented.
- (i) Playground equipment must be maintained in a safe condition.

Memorials

The School Board recognizes that the death of a student, member of the staff, or community members is deeply felt by the school community. As places designed primarily to support learning, school sites should not serve as the main venue for permanent memorials for students, staff, or community members.

Permanent memorials for deceased students, staff, or community members shall be limited in form to perpetual awards or scholarships. [Contributions may be made to a general scholarship fund established by the district memorializing a student, staff member, or member of the school community.] [Memorial scholarships may be accepted and awarded under criteria approved by the administration in honor of persons who have special significance to the students, district and community. All such offers will be submitted to the Superintendent with pertinent information concerning the purpose of the memorial scholarship. Funds will be administered by the District.] Items may be accepted by the district in memory of an individual or event with approval by the Superintendent. The Superintendent will consider any maintenance costs to the district of such gifts. Items received become the property of the district and will be used for the purpose for which they were donated.

Any permanent memorials in existence before this policy was adopted can only be removed by a vote of the Board of Trustees.

The Board recognizes the use of district property for memorial services is generally inappropriate. Any such request will be considered in accordance with Board Policy 4330 and 4330P.

This program may include alternatives for sharing the risk between the District and an insurance carrier and through self-insurance plans.

Privately Owned Property

The District will not assume responsibility for maintenance, repair, or replacement of any privately owned property brought to a school or to a District function, unless the use or presence of such property has been specifically requested in writing by the administration.

Operation and Maintenance of District Facilities

The District seeks to maintain and operate facilities in a safe and healthful condition. The facilities manager, in cooperation with principals, fire chief, and county sanitarian, shall annually inspect plant and facilities or as necessary. The facilities manager shall develop a program to maintain the District physical plant by way of a continuous program of repair, maintenance, and reconditioning. Budget recommendations shall be made each year to meet these needs and any such needs arising from an emergency.

The facilities manager shall formulate and implement energy conservation measures. Principals and staff are encouraged to exercise other cost-saving procedures in order to conserve District resources in their buildings.

The Board recognizes the importance the physical plant plays in enhancing the instructional program. The Board shall develop a program to maintain and/or upgrade the buildings and grounds of the District. Facilities represent a long term investment of the District. The functional utility of such facilities can be increased with a regular maintenance program monitored by staff.

The Board further recognizes the importance of planning in order to provide the anticipated facility needs of the future. The District will review demographic factors, as changes make such reviews necessary. When the Board considers major remodeling or building of a facility, it shall endeavor to seek facility expertise in all affected program areas, as well as comments from faculty, students, and community.

Superintendent shall see that all construction projects comply with the requirements for accessibility for individuals with disabilities and comparability between genders. The architect shall be responsible for ensuring compliance with state and federal laws, including access for individuals with disabilities and requirements for gender equity.

Inspections

The District shall permit representatives of DPHHS or local health authority to enter any school at any reasonable time for the purpose of making inspections to determine compliance with applicable regulations. DPHHS or local health authority may determine that special circumstances or local conditions warrant inspections with greater or less frequency. Upon receiving a complaint, the local health authority may determine if more inspections are necessary.

Inspections of school facilities shall be done using forms approved by the DPHHS. Inspection records shall be kept on file at the school for at least three years from the time of inspection. Following each inspection, representatives of the DPHHS or local health authority shall give the

school administration a copy of an inspection report which notes any deficiencies and sets a time schedule for compliance. The report shall document deficiencies.

The District shall comply with the Building and Fire Safety Codes administered by the State Building Codes Division and the State Fire Marshal or by local building officials.

Laundry Facilities

Laundries operated in conjunction with or utilized by the District shall be provided with:

- (a) a mechanical washer and hot air tumble dryer. Manual washing and line drying of towels and other laundry items is prohibited. Dryers shall be properly vented to prevent maintenance problems and buildup of moisture.
- (b) a hot water supply system capable of supplying water at a temperature of 120°F to the washer during all periods of use.
- (c) sufficient separation between the area used for sorting and storing soiled laundry and the area used for folding and storing clean laundry to prevent the possibility of cross-contamination.
- (d) separate carts for transporting soiled and clean laundry.
- (e) handwashing facilities including sink, soap, and disposable towels. A soak sink may double as a handwashing sink.

Towels and other laundry items shall be machine washed at a minimum temperature of 120°F for a minimum time of ten minutes and dried to greater or equal to 130°F for ten minutes in a hot air tumble dryer.

Solid Waste and Recycling

In order to ensure that solid waste, including recycling material, is safely stored and disposed of, the School District shall:

- (a) store all solid waste between collections in containers which have lids, are corrosion-resistant, and are constructed to minimize pest attraction and harborage;
- (b) clean all solid waste containers with sufficient frequency to maintain them in a condition which minimizes pest attraction;
- (c) for exterior containers other than dumpsters or compactors, utilize stands which prevent the containers from being tipped, protect them from deterioration, and allow easy cleaning below and around them. Further, dumpsters or compactors shall be located on or above a smooth surface of non-absorbent material, such as concrete or asphalt, that is maintained in clean and good condition;
- (d) transport, or utilize a private or municipal hauler to transport, the solid waste at least weekly to a landfill site approved by the DEQ in a covered vehicle or covered

containers.

Physical Requirements

The School District shall comply with the following physical requirements:

- (a) Floors, walls, and ceilings in toilet, locker, and shower rooms, laundries, janitorial closets, and similar rooms subject to large amounts of moisture shall be maintained in a smooth and non-absorbent condition. Non-absorbent, non- skid floor matting may be used where appropriate to prevent injury.
- (b) Adequate coat/jacket and book storage for each student shall be provided;
- (c) Livestock and poultry shall be located more than 50 feet from food service areas, offices, or classrooms except those offices and classrooms associated with animal husbandry activities or other demonstrations as approved by the school administration. Lead Renovation

In accordance with the requirements of the Environmental Protection Agency (EPA), the District has this Lead Renovation Policy that is designed to recognize, control and mitigate lead hazards at all District owned facilities and grounds.

The Lead-based paint renovation, repair and painting program (RRP) is a federal regulatory program affecting contractors, property managers, and others who disturb painted surfaces. It applies to child-occupied facilities such as schools and day-care centers built prior to 1978.

“Renovation” is broadly defined as any activity that disturbs painted surfaces and includes most repair, remodeling, and maintenance activities, including window replacement.

The District has implemented this policy to identify, inspect, control, maintain and improve the handling of lead related issues across the district facilities and grounds. In an effort to reduce potential hazards, the District through training has put together maintenance programs that will not only better protect the environment, but the students and employees of the District as well.

The District’s Lead Renovation Policy shall apply too not only employees of the maintenance department but to outside contractors as well. No outside painting contractor will be permitted to work for the District after April 22, 2010 unless they can show proof of training relative to lead renovation or maintenance from an accredited training institution.

Information Distribution Requirements

No more than 60 days before beginning renovation activities in any school facility of the District, the company performing the renovation must:

1. Provide the Superintendent with EPA pamphlet titled *Renovate Right: Important Lead Hazard Information for Families, Child Care Providers and Schools*.
2. Obtain, from the District, a written acknowledgement that the District has received the pamphlet.
3. Provide the parents and guardians of children using the facility with the pamphlet and information describing the general nature and locations of the renovation and the anticipated completion date by complying with one of the following:
 - (i) Mail or hand-deliver the pamphlet and the renovation information to each parent or guardian of a child using the child-occupied facility. The School District will also include information about how parents and guardians may choose to receive the pamphlet via email in a consent and enrollment form.
 - (ii) While the renovation is ongoing, post informational signs describing the general nature and locations of the renovation and the anticipated completion date. These signs must be posted in areas where they can be seen by the parents or guardians of the children frequenting the child-occupied facility. The signs must

be accompanied by a posted copy of the pamphlet or information on how interested parents or guardians can review a copy of the pamphlet or obtain a copy from the renovation firm at no cost to the parents or guardians.

4. The renovation company must prepare, sign, and date a statement describing the steps performed to notify all parents and guardians of the intended renovation activities and to provide the pamphlet.

Recordkeeping Requirements *

All documents must be retained for three (3) years following the completion of a renovation.

- Records that must be retained include:
- Reports certifying that lead-based paint is not present.
- Records relating to the distribution of the lead pamphlet.
- Documentation of compliance with the requirements of the Lead-Based Paint Renovation, Repair, and Painting Program.

**Note: The MTSBA recommends that districts follow the same record retention schedule as they do for Asbestos abatement (forever).*

Service Animals

For the purposes of this policy, state law defines a service animal as a dog or any other animal that is individually trained to do work or perform tasks for the benefit of an individual with a disability. Federal law definition of a disability includes a physical, sensory, psychiatric, intellectual, or other mental disability.

The District shall permit the use of a miniature horse by an individual with a disability, according to the assessments factors as outlined in Policy 8425P, if the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability.

The Scobey School District will permit the use of service animals by an individual with a disability according to state and federal regulations. The School District will honor requests for service animals in accordance with the applicable Section 504 or Special Education policy adopted by the Board of Trustees. The work or tasks performed by a service animal must be directly related to the handler's disability.

Examples of work or tasks performed by the service animal to accommodate an identified disability include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing nonviolent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition.

The District may ask an individual with a disability to remove a service animal from the premises if:

- The animal is out of control and the animal's handler does not take effective action to control it; or
- The animal is not housebroken

The District is not responsible for the care or supervision of the service animal.

Individuals with disabilities shall be permitted to be accompanied by their service animals in all areas of the District's facilities where members of the public, participants in services, programs or activities, or invitees, as relevant, are allowed to go.

Service Animal Allowance Procedure

The School District will honor requests for service animals by students or staff in accordance with the applicable Section 504 or Special Education policy adopted by the Board of Trustees. The following procedures have been developed which will help guide the administration when a request for the use of a service animal has been presented by an individual with a disability.

Inquiries: The administration shall not ask about the nature or extent of a person's disability, but may make two inquiries to determine whether an animal qualifies as a service animal. The administration may ask if the animal is required because of a disability and what work or task the animal has been trained to perform. The administration shall not require documentation, such as proof that the animal has been certified, trained, or licensed as a service animal. Generally, the administration may not make these inquiries about a service animal when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability (e.g., the dog is observed guiding an individual who is blind or has low vision, pulling a person's wheelchair, or providing assistance with stability or balance to an individual with an observable mobility disability).

Exclusions: The administration may ask the individual to remove the service animal from the premises if the animal is out of control and the handler does not take effective action to control it, or if the animal is not housebroken. If the administration properly excludes the service animal, it shall give the individual the opportunity to participate in the service, program, or activity without having the service animal on the premises.

Surcharges: The administration shall not ask or require the individual to pay a surcharge, even if people who are accompanied by pets are required to pay fees, or to comply with other requirements generally not applicable to people without pets. If the District normally charges individuals for the damage they cause, the individual may be charged for damage caused by his or her service animal.

Miniature horses assessment factors: In determining whether reasonable modifications can be made to allow a miniature horse into a specific facility, the District shall consider:

- The type, size, and weight of the miniature horse
- Whether the miniature horse is housebroken, and
- Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

Records Management

The District will retain, in a manner consistent with applicable law and the state's *Rules for Disposition of Local Government Records*, such records as are required by law or regulations to be created and/or maintained, and such other records as are related to students, school personnel, and the operations of the schools.

For the purpose of this policy, "records" are all documentary materials, regardless of media or characteristics, made or received and maintained by the school unit in transaction of its business. Records include email and other digital communications sent and received.

Records may be created, received, and stored in multiple formats, including but not limited to print, microfiche, audio and videotapes, and various digital forms (on hard drives, computer disks and CDs, servers, flash drives, etc.).

The Superintendent will be responsible for developing and implementing a records management program for the cataloging, maintenance, storage, retrieval, and disposition of school records. The Superintendent will also be responsible for developing guidelines to assist school employees in understanding the kinds of information that must be saved and those which can be disposed of or deleted. The Superintendent may delegate records-management responsibilities to other school personnel at his/her discretion to facilitate implementation of this policy.

All personnel records made or kept by an employer, including, but not necessarily limited to, application forms and other records related to hiring, promotion, demotion, transfer, layoff or termination, rates of pay or other terms of compensation and selection for training or apprenticeship, shall be preserved for 2 years from the date the record is made or from the date of the personnel action involved, whichever occurs later.

Student records must be permanently kept, and employment records must be kept for 10 years after termination.

Litigation Holds for Electronic Stored Information (ESI)

The School District will have an ESI Team. The ESI Team is a designated group of individuals who implement and monitor litigation holds, a directive not to destroy ESI that might be relevant to a pending or imminent legal proceeding. The ESI Team will include a designated school administrator, an attorney, and a member from the Technology Department. In the case of a

litigation hold, the ESI Team shall direct employees and the Technology Department, as necessary, to suspend the normal retention procedure for all related records.

Inspections of ESI

Any requests for ESI records should be made in writing and will be reviewed by the Superintendent or designee, in consultation with an attorney if needed, and released in accordance with Montana public records law.

Delegated Authority

The Board delegates to the Superintendent or designees the right to implement and enforce additional procedures or directives relating to ESI retention consistent with this policy, as needed.

5. Each time an AED is used for an individual in cardiac arrest, require that an emergency medical service is summoned to provide assistance as soon as possible and that the AED use is reported to the supervising physician or the person designated by the physician and to the District as required by the written plan;
6. Before allowing any use of an AED, provide the following to all licensed emergency services and any public safety answering point or emergency dispatch center providing services to the area where the AED is located:
 - a. A copy of the plan prepared pursuant to this section; and
 - b. Written notice, in a format prescribed by the DPHHS rules, stating:
 - i. That an AED program has been established by the District;
 - ii. Where the AED is located; and
 - iii. How the use of the AED is to be coordinated with the local emergency medical service system.

Liability Limitations

An individual who provides emergency care or treatment by using an AED in compliance with this policy and an individual providing cardiopulmonary resuscitation to an individual upon whom an AED is or may be used are immune from civil liability for a personal injury that results from that care or treatment.

An individual who provides emergency care or treatment by using an AED in compliance with this policy and an individual providing cardiopulmonary resuscitation to an individual upon whom an AED is or may be used are immune from civil liability as a result of any act or failure to act in providing or arranging further medical treatment for the individual upon whom the AED was used, unless the individual using the AED or the person providing CPR, as applicable, acts with gross negligence or with willful or wanton disregard for the care of the person upon whom the AED is or may be used.

The following individuals or entities are immune from civil liability for any personal injury that results from an act or omission that does not amount to willful or wanton misconduct or gross negligence, if applicable provisions of this part have been met by the individual or entity:

EDUCATIONAL AUTHORIZATION AFFIDAVIT

Scobey K-12 School District

The completion and signing of the affidavit before a notary public are sufficient to authorize educational enrollment and services and school-related medical care for the named child. Please print clearly.

The child named below lives in my home, and I am eighteen (18) years of age or older.

Name of child: _____

Child's date of birth: _____

My name (caretaker relative): _____

My date and year of birth: _____

My home address: _____

My relationship to the child: _____

(The caretaker relative must be an individual related by blood, marriage, or adoption by another individual to the child whose care is undertaken by the caretaker relative, but who is not a parent, foster parent, stepparent, or legal guardian of the child.)

I hereby certify that this affidavit is not being used for the purpose of circumventing school residency laws, to take advantage of a particular academic program or athletic activity, or for an otherwise unlawful purpose.

- ☐ The child was subject to formal disciplinary action, including suspension or expulsion, at the child's previous school. The school may either implement the previous school district's disciplinary action without further due process or hold a hearing and determine whether the student's conduct in the previous school district merits denial of enrollment. If the district decides to enroll the child, then the school may require the child to comply with a behavior contract as a condition of enrollment.

Check the following if true (all must be checked for this affidavit to apply):

- ☐ A parent of the child identified above has left the child with me and has expressed no definite time period when the parent will return for the child.
- ☐ The child is now residing with me on a full-time basis.
- ☐ No adequate provision, such as appointment of a legal custodian or guardian or execution of a notarized power of attorney, has been made for enrollment of the child in school, other educational services, or educationally related medical services.

DO NOT SIGN THIS FORM IF ANY OF THE ABOVE STATEMENTS ARE INCORRECT, OR YOU WILL BE COMMITTING A CRIME PUNISHABLE BY A FINE, IMPRISONMENT, OR BOTH.

I declare under penalty of false swearing under the laws of Montana that the foregoing is true and correct.

Medical contraindications for immunizations are determined by the most recent General Recommendations of the Advisory Committee on Immunization Practices (ACIP), U.S. Department of Health and Human Services, published in the Centers for Disease Control and Prevention's publication, the Morbidity and Mortality Weekly Report.

A **contraindication** is a condition in a recipient that increases the risk for a serious adverse reaction. A vaccine will not be administered when a contraindication exists.

A **precaution** is a condition in a recipient that might increase the risk for a serious adverse reaction or that might compromise the ability of the vaccine to produce immunity. Under normal conditions, vaccinations should be deferred when a precaution is present.
